Minimum S.H. Required for Degree 126

Credit toward a computer science major will not be given for any CSCI course with a grade less than C (2.0) being used to satisfy the requirements specified in the core. All 12 hours of foreign language must be from same language.

Seeking advising from a Technology Systems Academic Advisor is strongly encouraged as soon as the student is accepted to ECU. Visit the ECU CET advising website for more information.

All guides are meant as an example of how a degree can be completed. However, individual plans will be developed for each student in consultation with the academic advisor. Course availability, prior credit, course prerequisites, major requirements, and student needs must be considered in developing the individual academic pathway.

East Carolina University 1 Updated: 8/20/15

<sup>&</sup>lt;sup>1</sup>MATH 1065 (MAT 171) is a prerequisite to CSCI 2310/2311. Students must take MATH 1065, an equivalent or a higher level math course to enroll in CSCI 2310/23111.
