Minimum S.H. Required for Degree 120

*Denotes CMGT classes that must be taken in the semester they are listed in order to graduate in 4 years.

**Completes business minor, but not required. Business Minor requires 129 s.h.

The construction management program is accredited by the American Council for Construction Education.

Construction Management Transfer Option

The construction management option requires 43 s.h. of credit. **Applicable to technical degree transfer students only.** Students who hold an associate degree of applied science from an approved technical program must transfer courses and take courses at ECU that meet the competencies of the construction management core. Students may be admitted directly to the upper division upon completion of MATH 1065 and PHYS 1250, PHYS 1251 (or equivalent) within one academic year. Students must complete at ECU a minimum of 39 s.h. credit, of the 78 s.h. required major credit hours. Required courses for AAS Transfer Option: CMGT 2700, 2701, 3010, 3500, 4000, 4010, 4200, 4300, 4320, 4340, 4380, 4400

[Seeking advising from a Technology Systems Academic Advisor is strongly encouraged as soon as the student is accepted to ECU. Visit the ECU CET advising website for more information.](#)
 Students who complete foundation curriculum at the community college through a North Carolina Comprehensive Articulation Agreement AA or AS degree may be required to take additional courses to maintain full-time status. Additional courses taken to maintain full-time status may result in a 50% tuition surcharge, which occurs after the student has completed 140 s.h. For more information about this, please contact an academic advisor or the Office of the Registrar.

All guides are meant as an example of how a degree can be completed. However, individual plans will be developed for each student in consultation with the academic advisor. Course availability, prior credit, course prerequisites, major requirements, and student needs must be considered in developing the individual academic pathway.
