Minimum S.H. Required for Degree 128

¹The lab for this course is not required for the ECU degree. The NCCCS course equivalent will transfer 3 s.h., which will fulfill the ECU course, and 1 s.h. for the lab, which will fulfill an ECU elective for this degree.

<u>For information about NC teacher licensure requirements see Licensure.</u>

<u>Contact the ECU College of Education for specific information about completing an education degree program.</u>

All guides are meant as an example of how a degree can be completed. However, individual plans will be developed for each student in consultation with the academic advisor. Course availability, prior credit, course prerequisites, major requirements, and student needs must be considered in developing the individual academic pathway.

²Students should plan to take the PRAXIS exam during summer before Junior Year or Fall Junior Year at the latest.
