Minimum Credit Hours Required for Graduation: 120

The Bachelor of Science in Speech and Hearing Sciences requires a minimum of 120 semester hours. ECU requires a minimum 2.0 overall GPA and a minimum 2.0 major GPA for graduation. Admission to the university does not assure admission to the program. In order to be considered for admission to the program, the student must have a minimum cumulative 3.0 GPA and must have completed CSDI 2100 with a minimum grade of B (3.0), and be interviewed prior to formal admission into the program. These requirements are generally completed by the end of spring semester of the sophomore year. Majors must maintain a cumulative 3.2 GPA for all required CSDI courses. A major earning a D (1.0) in any CSDI course must petition the Department of Communication Sciences and Disorders for probationary continuation and will be required to repeat the course.

Additional information and application for admission can be obtained from [Department of Communication Sciences & Disorders](#)

NOTE: Completion of a 3 s.h. Global Diversity course and a 3 s.h. Domestic Diversity course are requirements of all ECU degrees. These courses can coincide with other General Education or Major courses. A list of all courses approved to meet the Global and Domestic Diversity requirement can be found in the University catalog: <http://catalog.ecu.edu>, click on the "Courses" link.

This plan reflects the degree program's requirements published in the 2021-2022 university catalog. All guides are meant as an example of how a degree can be completed. Course availability, prior credit, course prerequisites, major requirements, and student needs must be considered in developing an individual academic pathway. Following the Baccalaureate Degree Plan does not guarantee admission to ECU or guarantee an AA or BS degree will be conferred. Students should seek academic advising to determine the best course of study to meet educational goals and degree requirements.
