Students who complete foundation curriculum at the community college through a North Carolina Comprehensive Articulation Agreement AA or AS degree may be required to take additional courses to maintain full-time status. Additional courses taken to maintain full-time status may result in a 50% tuition surcharge, which occurs after the student has completed 140 s.h. For more information about this, please contact an academic advisor or the Office of the Registrar.

All guides are meant as an example of how a degree can be completed. However, individual plans will be developed for each student in consultation with the academic advisor. Course availability, prior credit, course prerequisites, major requirements, and student needs must be considered in developing the individual academic pathway.
