Minimum S.H. Required for Degree 125

The health fitness specialist program provides competencies and knowledge for students to develop and conduct health and fitness programs in commercial, corporate, clinical and community settings, and is endorsed by the National Strength and Conditioning Association. A minimum cumulative 2.0 GPA is required for admission as well as successful completion of the majors' fitness test. Students must have nine semester hours of writing intensive credit from Foundations Curriculum. A minimum grade of C- (1.7) in all KINE courses is required to complete the degree.

¹Elective courses may have prerequisites.

²Students must pass a fitness test to declare this major.

All guides are meant as an example of how a degree can be completed. However, individual plans will be developed for each student in consultation with the academic advisor. Course availability, prior credit, course prerequisites, major requirements, and student needs must be considered in developing the individual academic pathway.
