MAT 263 will be accepted as a substitute for MATH 1066. Students are recommended to complete this at the community college before transferring to ECU.

Visit the [College of Business Advising website](#) for updated information on approved transfer courses and prerequisites.

All guides are meant as an example of how a degree can be completed. However, individual plans will be developed for each student in consultation with the academic advisor. Course availability, prior credit, course prerequisites, major requirements, and student needs must be considered in developing the individual academic pathway.
