**Minimum S.H. Required for Degree      120**

The Bachelor of Science in Chemistry requires a minimum of 120 semester hours. ECU requires a minimum 2.0 overall GPA and a minimum 2.0 major GPA for graduation.

<sup>1</sup>Students enrolling at ECU must fulfill the writing across the curriculum requirement prior to graduation. To do so, each student must complete a minimum of 12 semester hours of writing intensive (WI) courses, including ENGL 1100 and ENGL 2201; at least 3 semester hours of WI courses in the major; and any other 3 semester hours WI course of the student's choice.

<sup>2</sup>Students who have successfully completed HEA 110 since the Fall 2016 term will earn ECU credit for both HLTH 1000 (2 hours) and KINE 1000 (1 hour). Students who completed HEA 110 prior to the Fall 2016 term and who have not also taken PED 110 will be responsible for meeting the Health-Related Physical Activity Competency component of the ECU General Education Program to meet degree requirements.

<sup>3</sup>Students enrolling at ECU are required to complete two three-hour diversity courses: one course with a domestic diversity (DD) focus and one with a global diversity (GD) focus. Courses that transfer to ECU as equivalent to an ECU course that is approved for diversity credit receive diversity credit. Transfer courses that are not equivalent to existing ECU diversity courses may be approved for diversity credit by the General Education and Instructional Effectiveness Committee. For a list of ECU courses that carry the DD and GD designation, visit the ECU catalog: <https://catalog.ecu.edu>

<sup>4</sup>Choose a minimum of 3 s.h. from the following: BIOL 4890; CHEM 4517, 4522, 4550, 5760, 5993. If the elective hours selected includes CHEM 4517 or CHEM 5993, then lab elective requirements have been fulfilled. If the elective hours selected included CHEM 4522, then select at minimum 1 s.h. from the following; if the elective hours selected above includes BIOL 4890 or CHEM 4550 or CHEM 5760, then select at minimum 2 s.h. from the following: BIOL 4891, CHEM 2301, 2771, 3301, 4515, 4516; PHYS 4700, 4701.

*This plan reflects the degree program's requirements published in the 2018-2019 university catalog. All guides are meant as an example of how a degree can be completed. Course availability, prior credit, course prerequisites, major requirements, and student needs must be considered in developing an individual academic pathway.*

<b>Key:</b>
<b>UGETC</b> - Universal General Education Transfer Component courses
<b>CAA GEN ED</b> - Additional General Education Hours (AA requires 13-14 hours; AS requires 11 hours)
<b>Pre-Major/Elective</b> - Courses classified as pre-major, electives, or general education courses within the CAA, of which ACA 122 is required
