Minimum S.H. Required for Degree 120

The Bachelor of Science in Environmental Health requires a minimum of 120 semester hours. ECU requires a minimum 2.0 overall GPA and a minimum 2.0 major GPA for graduation. A minimum GPA of 2.0 in all 1000 level basic science and math courses, completion of a minimum of 30 s.h. with a cumulative GPA of 2.0 and completion of EHST 2110 are required to declare as an environmental health major. Environmental health majors must pass all environmental health courses with a minimum grade of C-. A student earning a D in any of these courses must petition the environmental health faculty for probationary continuation.

¹Students enrolling at ECU must fulfill the writing across the curriculum requirement prior to graduation. To do so, each student must complete a minimum of 12 semester hours of writing intensive (WI) courses, including ENGL 1100 and ENGL 2201; at least 3 semester hours of WI courses in the major; and any other 3 semester hours WI course of the student's choice.

²Students who have successfully completed HEA 110 since the Fall 2016 term will earn ECU credit for both HLTH 1000 (2 hours) and KINE 1000 (1 hour). Students who completed HEA 110 prior to the Fall 2016 term and who have not also taken PED 110 will be responsible for meeting the Health-Related Physical Activity Competency component of the ECU General Education Program to meet degree requirements.

NOTE: Completion of a 3 s.h. Global Diversity course and a 3 s.h. Domestic Diversity course are requirements of all ECU degrees. These courses can coincide with other General Education or Major courses. A list of all courses approved to meet the Global and Domestic Diversity requirement can be found in the University catalog: <http://catalog.ecu.edu>, click on the "Courses" link.

³Select 18 s.h. from the following courses: EHST 3060, 3200/3201, 3350/3351, 3370/3371, 3600, 3700/3701, 4300/4301, 4350/4351, 5001, 5800/5801.

⁴Select 6 s.h. from the following courses: BIOL 1060, BIOL 2250; GEOG 2410; GEOG 3220 or GEOL 1700; MIS 2223

This plan reflects the degree program's requirements published in the 2019-2020 university catalog. All guides are meant as an example of how a degree can be completed. Course availability, prior credit, course prerequisites, major requirements, and student needs must be considered in developing an individual academic pathway.
