Minimum Credit Hours Required for Graduation:

120

The Bachelor of Science in Interior Design requires a minimum of 120 semester hours. ECU requires a minimum 2.0 overall GPA and a minimum 2.0 major GPA for graduation. Students can declare the interior design major upon completion of IDSN 1081, IDSN 1180, IDSN 1181, IDSN 1200, and IDSN 1500, with a C (2.0) or higher; a cumulative GPA of at least 2.5; and an acceptable level of proficiency in studio work as shown in the portfolio review. Throughout the program, students must make a C (2.0) or better in all IDSN major courses. Portfolio Review: Upon completion of IDSN foundation courses, students submit portfolios which contain representative work from IDSN 1081, IDSN 1181, and IDSN 1500. This work is evaluated by the interior design faculty, who recommend whether students are prepared to enter the professional-level interior design courses. Students who do not meet the level of proficiency needed for the professional-level courses have the opportunity to resubmit a portfolio a maximum of two additional times. Meeting the minimum standards does not guarantee entry into the professional level. Admission to professional-level courses is competitive and limited.

NOTE: Completion of a 3 s.h. Global Diversity course and a 3 s.h. Domestic Diversity course are requirements of all ECU degrees. These courses can coincide with other General Education or Major courses. A list of all courses approved to meet the Global and Domestic Diversity requirement can be found in the University catalog: <http://catalog.ecu.edu>, click on the "Courses" link.

This plan reflects the degree program's requirements published in the 2020-2021 university catalog. All guides are meant as an example of how a degree can be completed. Course availability, prior credit, course prerequisites, major requirements, and student needs must be considered in developing an individual academic pathway. Following the Baccalaureate Degree Plan does not guarantee admission to ECU or guarantee an AS or BS degree will be conferred. Students should seek academic advising to determine the best course of study to meet educational goals and degree requirements.
