This catalog is effective with the beginning of the academic year. All provisions, regulations, degree programs, course listings, courses designated as writing-intensive, and time of offering, etc., in effect when this catalog went to press are subject to revision by the appropriate governing bodies of East Carolina University.

Course Pre and Corequisite Key: P if prerequisite; C if corequisite; P/C if prerequisite or corequisite. When P, C, or P/C is preceded by R, it is recommended but not required.

Distance Education: The **DE** and **DE-P** icons indicate programs that are offered (entirely or partially) through distance education.

Degree Requirements: The courses listed as degree requirements in section 8 may have prerequisites or corequisites beyond those that are listed in section 8. See section 9 for complete course description, including prerequisites and corequisites.

Foundations Curriculum Course Credit Key: Some courses that carry foundations curriculum credit are identified in the course listing in section 9, using the following notation; however, there may be other courses that also carry foundations curriculum credit. Courses in a student's major prefix area may not count toward his or her foundations curriculum requirements.

FC:EN = English	FC:HU = Humanities
FC:EX = Exercise and Sport Science	FC:MA = Mathematics
FC:FA = Fine Arts	FC:SC = Science
FC:HL = Health	FC:SO = Social Science

Semester of Course Offering Key: The semester in which courses are anticipated to be offered is designated in sections 8 and 9 as follows: (F) fall, (S) spring, (SS) summer. If a year is specified, the course is not offered every year but will be offered in the semester and year indicated. OY indicates that the course is offered regularly during odd-numbered years; EY indicates that the course is offered regularly during even-numbered years.

Writing-intensive Course Key: Courses in sections 8 and 9 of this catalog are designated with (WI) if all sections of the course are writing intensive and (WI*) if only selected sections of the course are designated as writing intensive.

Mailing Lists: House Bill 13 of the General Assembly of North Carolina has made mandatory the following requirement concerning mailing lists: "The reviewed, updated, and corrected mailing lists shall be comprised only of those persons and organizations who, within the previous twelve months, have either requested that they be included in such a mailing list or have renewed a request that they be so included." Therefore, institutions, organizations, counselors, libraries, etc., desiring a copy of the catalog or bulletin must make a specific request each year. Address the request to the Office of Admissions, 106 Whichard, East Carolina University, Greenville, NC 27858-4353.

Welcome To **EAST CAROLINA UNIVERSITY**

On July 2, 1908, former governor Thomas Jordan Jarvis, considered to be the father of East Carolina University, made the following remark as he broke ground for a teachers training school where Jarvis Residence Hall now stands:

"We can never begin to calculate the value it will be to North Carolina."

The teachers college, chartered by the North Carolina General Assembly on March 8, 1907, as a two-year normal school, opened its first regular session on October 5, 1909, with 174 men and women students enrolled. The first graduating class received diplomas on June 6, 1911. The years that followed revealed the accuracy of Jarvis' statement.

Since its inception in 1907, East Carolina has evolved from a teachers training school to a national research university. The student population has grown from 147 to over 25,000. The campus now includes more than 160 buildings in four locations: the central campus, health sciences, athletics, and west research campus. The university's academic programs are housed in ten colleges and professional schools, including the Brody School of Medicine at East Carolina University.

East Carolina University has become the institution that was envisioned by its early leaders, fulfilling its motto, "to serve." Today's leadership continues to build upon the foundation laid by Robert H. Wright, the first president of the university:

We will give to the rising generation the purest inheritance of the nation and better preparation than has ever been given to a preceding generation. This school is an expression of that determination; it was built by the people, for the people, and may it ever remain with the people, as a servant of the people.

In North Carolina, all public educational institutions that grant baccalaureate degrees are part of The University of North Carolina. Of the sixteen constituent institutions of the multicampus state university, East Carolina University is the third largest. The University of North Carolina includes Appalachian State University, East Carolina University, Elizabeth City State University, Fayetteville State University, North Carolina Agricultural and Technical State University, North Carolina Central University, North Carolina School of the Arts, North Carolina State University, the University of North Carolina at Asheville, the University of North Carolina at Chapel Hill, the University of North Carolina at Charlotte, the University of North Carolina at Greensboro, the University of North Carolina at Pembroke, the University of North Carolina at Wilmington, Western Carolina University, and Winston-Salem State University. The North Carolina School of Science and Mathematics, a residential high school for gifted students, is an affiliated school of The University of North Carolina.

OUR MISSION

East Carolina University, a constituent institution of The University of North Carolina, is a public doctoral university committed to meeting the educational needs of North Carolina and the mid-Atlantic region. It offers baccalaureate, master's, specialist, and doctoral degrees in the liberal arts, sciences, and professional fields, including medicine. The university is dedicated to educational excellence, responsible stewardship of the public trust, and academic freedom. ECU values the contributions of a diverse community, supports shared governance, and guarantees equality of opportunity.

The university's motto is "serve," meaning "to serve." The university seeks to meet that obligation through the interrelated components of its mission: service through education, research and creative activity, and leadership and partnership.

The educational mission is to provide students with a rich, distinctive undergraduate and graduate educational experience. The university is committed to developing each learner's ability to discover, evaluate, and communicate knowledge; to make informed decisions; and to recognize a decision's ethical dimensions. The university also is committed to imparting a sense of citizenship and personal responsibility, fostering lifelong learning, and nurturing an understanding of the interdependencies of people and their environments.

ECU's research mission serves to advance knowledge, to encourage creative activity, to solve significant human problems, and to provide the foundation for professional practice through the support of basic and applied research. The university is committed to integrating research and creative activities in the educational experiences of students. It also is committed to enriching culture and being a leader in innovative research applications.

GENERAL INFORMATION

The service mission of East Carolina University, as an institution with a tradition of strong regional ties and public outreach, is to provide leadership and to engage in partnerships supporting public education, health care and human services, cultural activities, and regional development.

ACADEMIC INTEGRITY POLICY

Academic integrity is expected of every East Carolina University student. Academically violating the Honor Code consists of the following: cheating – the giving or receiving of any unauthorized aid or assistance or the giving or receiving of unfair advantage on any form of academic work; plagiarism – copying the language, structure, ideas, and/or thoughts of another and adopting those as one's original work; falsification – statement of untruth, either verbal or written, regarding any circumstances relating to academic work; and attempting any act which if completed would constitute an academic integrity violation as defined above. Procedures governing academic integrity violations are described in the *East Carolina University Student Handbook* and in the *Faculty Manual*.

CAMPUS AND BUILDINGS

The main campus encompasses over 400 acres in an urban setting within the city of Greenville and is convenient to both the downtown area and shopping centers. The campus is a pleasing mixture of architectural styles. The five million square feet of academic, research, and residence facilities have modern appointments and are well equipped. The Health Sciences Campus, located on 70 acres, houses the Brody School of Medicine and is the hub of the university's health sciences program. The west research campus has over 450 acres and is the home for several research and graduate programs.

In the past ten years, the university has spent \$356 million for capital improvements. Joyner Library houses over one million volumes; student services have been enhanced by the addition of Todd Dining Facility, West End Dining, and the Student Recreation Center. The health services complex has been expanded by the additions of the Warren Life Sciences Building, the Nursing, Allied Health, and Health Sciences Library Building, and the East Carolina Heart Institute; the athletic complex has grown with the expansion of Dowdy Ficklen Stadium to a capacity of 45,000 seats and the addition of a state of the art strength and conditioning center, the Murphy Center. Major renovations have been completed on Jarvis Residence Hall, Jones Residence Hall, Student Health Services, and the Wright Place. The new 288 bed College Hill residence hall project brought suite style residence accommodations. The university continues to focus resources on a comprehensive program to incorporate new technology into classroom and lab facilities. The university is completing a six-year capital expansion that will exceed \$200 million. In 2003, the university completed construction of the Science and Technology Building comprised of 270,000 gross square feet of classrooms and labs. In 2006 the Nursing, Allied Health, Health Sciences Library Building at 305,000 square feet became the second largest building ever constructed on campus. In 2008, the Carol G. Belk Building renovation was completed and reopened for classroom, laboratory, and office space use. Campus beautification continues to be a priority with goal of preserving and enhancing the charming character of the campus.

A map of the university campuses with corresponding building key may be found inside the back cover of this publication. The building key for class schedules may be found following the index of this catalog.

CAMPUS LIBRARIES

J. Y. JOYNER LIBRARY

The main campus library at East Carolina University is Joyner Library, a facility where students can study alone or in groups, check out books and DVDs, read journals and magazines, use computers, and get help using library materials and databases. The library contains 1.4 million books, more than 2.5 million pieces of microform, and thousands of periodicals. In addition, all students registered at East Carolina University, regardless of location, have access to the library's subscription-based electronic

GENERAL INFORMATION

resources. Students can use these resources to find journal articles, read newspapers, and check out e-books without leaving their home or dorm room. Access is provided through the library's website at www.lib.ecu.edu. Student status is verified by Pirate ID and password. In addition, the online Joyner Library catalog can be searched from any location.

The Circulation Desk is one of the first things patrons see when entering Joyner Library from the plaza. At the desk services include, but are not limited to, the checking in or out of library materials, receiving help from library staff with locating items, and the answering of questions about the academic research library system and its services. Your ECU One Card is all you need to check out materials and to access the variety of services offered. Adjoining the Circulation Desk is the Reserve Reading Room. Our Reserve Collection holds tests, books, and movies placed on reserve by professors for their students to checkout for use inside the library. Another very popular service we provide for ECU students, faculty, and staff is the Pull & Hold service. Accessed through the Interlibrary Loan Department's ILLiad system, this service provides patrons with the ability to request materials that are checked in, have them pulled by our staff, and then held at the Circulation Desk for pick-up. There is a staff member on duty the entire time the library is open so feel free to stop by for any assistance.

The Digital Learning Center (DLC) is a general purpose computer lab located on the first floor of Joyner Library. It offers 120 computer stations, including six stations equipped with scanners. The DLC also offers in-library laptop checkout to East Carolina University students. The laptops are equipped with the same programs as the lab computers and include a wireless card for Wi-Fi Internet access. If you would like to use the large LCD and plasma screens located in several of the library's group study rooms to display images from your laptop, the DLC offers remotes, adapters, and instructional guides for check out to ECU students. Video cameras are also available for checkout to ECU faculty, staff, students and area educators.

Joyner Library is a selective depository for U.S. government publications. It provides access to government documents in many formats, including print, CD-ROM, microform and web. The Government Documents collection also includes web guides, international documents and more than 100,000 maps.

Interlibrary Loan (ILL) provides ECU students, faculty, and staff with access to materials not available from Joyner Library. A world-wide network of thousands of libraries can often provide photocopies within days and loans within one to two weeks at no cost to you. Distance education patrons living outside of Pitt County can also have materials from Joyner scanned or shipped directly to their home or business at no direct cost. The ILL office also makes Joyner's collections available to public schools throughout Eastern North Carolina and to libraries around the world. All requests may be submitted using the online ILLiad system. Visit the ILL webpage for more information and to access ILLiad: <http://www.ecu.edu/cs-lib/accesssrv/ill/index.cfm>. ILL staff members are happy to demonstrate ILLiad and explain the ILL process.

Reference Services offers personal assistance to members of the ECU community (both on-campus and distance learners) who need help with their research and course assignments. Assistance is provided at the reference desk, by telephone and instant messaging, and via the Ask a Librarian e-mail service. Members of the Reference staff help users identify relevant print and online sources, learn to use these sources, formulate search strategies, find statistical data, and much more. The Reference Services collection includes high-quality print and online reference materials and databases.

One of the most inviting areas of the library is the Verona Joyner Langford North Carolina Collection. The department collects, preserves, provides access to and actively promotes the use of printed and non-print materials pertaining to the state. Holdings include books, broadsides, clipping and vertical files, maps, microforms, periodicals and state documents, for which the library is a full depository. The collection emphasizes the history of eastern North Carolina. The department's Snow L. and B.W.C. Roberts Collection includes more than 1,200 works of fiction set in North Carolina and dating from 1720. A number of these books and scores of historical works from the North Carolina Collection have been digitized for the Eastern North Carolina Digital Library.

The Special Collections Department is a major historical research facility. It contains a wide variety of rare and valuable manuscript, archival and published collections, with strengths in the areas of maritime and North Carolina history. A closed stacks non-circulating facility, it ranks among the five largest such collections in North Carolina. Among its major subdivisions are the East Carolina Manuscript Collection, University Archives, the Rare Book Collection, Map Collection, Hoover Collection on International Communism, and the James H. and Virginia Schlobin Literature of the Fantastic Collection. The collections are open to students, faculty, staff, and the general public. However, all researchers must register, provide current and valid photographic identification, and agree to abide by collection rules to obtain access to collections. The Special Collections Department Search Room is located on the 4th floor of Joyner library. For more information and for access to online finding aids researchers should visit the Special Collections Department website.

The Teaching Resources Center (TRC) serves as a resource for students enrolled in the teacher education program at East Carolina University and for educators in eastern North Carolina. The mission of the Teaching Resources Center is to facilitate teaching and learning initiatives by providing resources and services to educators at all levels. The TRC service desk provides directional assistance supported by educational reference librarians. The following resources are available in the center: NC adopted K-12 textbooks, supplementary K-12 textbooks, textbook correlations, Kraus Curriculum Development Library, bibliographies, guides, audiovisual materials, online resources, K-12 reference materials, easy books, big books, juvenile/young adult fiction, nonfiction and biographies. A unique and special service located in the TRC is the Enhancing Teachers' Classrooms (ETC) room. Designed to assist in creating and producing quality lesson units, the room houses two laminators, two Ellison die cut centers with several hundred die cuts, an artwaxer, a light box, a binding machine, several paper cutters, a Badge-A-Minit button maker and cutter, office supplies and computer workstations with educational software installations and resources. Additionally, the Ronnie Barnes African American Resource Center is housed in the TRC.

The Music Library is located in the A.J. Fletcher Music Center and is Joyner Library's only branch. As such, it offers the same services as Joyner: reference assistance, bibliographic instruction, interlibrary loan, and card-operated photocopiers and printers. Microform reading/printing services are provided free of charge. The collection consists of more than 80,000 books, music scores, periodicals, software, and sound and video recordings representative of all types and periods of music. A thirteen station technology lab with PCs and playback equipment for CDs, DVDs, DAT, LPs, videocassettes, mini-discs, CD-ROMs, laser discs, and audiocassettes is available for use by library patrons.

Joyner Library is open extensive hours each week, with 24-hour access during exam periods. Hours are posted on the main entrance of the building. Special hours are posted for holidays and semester breaks. The library maintains a recording of current operating hours that may be obtained by telephoning 252-328-4285. Hours are also posted on the website at www.ecu.edu/cs-lib/hours.cfm.

WILLIAM E. LAUPUS HEALTH SCIENCES LIBRARY

The William E. Laupus Health Sciences Library is located on ECU's West Campus in the Health Sciences Building. Laupus Library supports the education, research, and patient care responsibilities of the Health Sciences Division.

The four floors of the 72,000 square foot state-of-the-art library have been designed as space for study, research, communication, collaboration, and educational support. The library's wireless environment enables users to search the library's wide array of electronic resources and access full text information. A book collection of over 49,619 volumes and 719 print journal titles, and 92,363 bound journal volumes, along with visual programs and anatomical models is available to the university community. An Information Commons service concept encompasses reference floor computers for searching the literature and producing research papers, a computer lab with curriculum-based software, a computer classroom, two Collaborative Resource Centers for producing high end presentations and group projects, a Multimedia Development Center for editing lectures and teleconferencing capabilities for students and faculty.

The Information Services Department offers reference services including one-on-one consultations to complement library skills classes and library orientations. Laupus Library has a History of Medicine collection of historical books and artifacts that focus on the history of health care in eastern North Carolina. Detailed descriptions of the library's services and collections can be found at <http://www.ecu.edu/laupuslibrary>.

Both Joyner Library and the William E. Laupus Health Sciences Library resources are available through the VirtualLibrary@ECU.

COMMUNITY OUTREACH SERVICES

CHILD DEVELOPMENT LABORATORY

The Child Development Laboratory (CDL), located in the Department of Child Development and Family Relations in the Rivers Building, serves as a model teacher training and research facility for students and faculty. Accredited by the National Association for the Education of Young Children and licensed by the State of North Carolina as a five-star child care center, the CDL maintains high standards in developmentally appropriate programming for preschool children. The CDL provides high-quality educational services (mornings only) to infants, toddlers, and young children and their families while serving as a training site for students in birth through kindergarten teacher education. Equipped with observation rooms and audio-visual recording equipment, the CDL also functions as a site for student and faculty research. Requests for information should be made to the director, ECU Child Development Laboratory, Department of Child Development and Family Relations, College of Human Ecology, East Carolina University, Greenville, NC 27858-4353; telephone 252-328-6926.

GENERAL INFORMATION

CHILDREN'S DEVELOPMENTAL SERVICES AGENCY

Children's Developmental Services Agency (CDSA) is located in the Malene Irons Building. It was formerly named the Developmental Evaluation Clinic (DEC), and was established in 1964 to provide interdisciplinary evaluations of developmentally disabled children. In July 2004, there was a statewide merger of DEC's with the Early Intervention Program (Infant-Toddler Program) from the mental health system. CDSA is one of a statewide network of eighteen regional agencies that provide interdisciplinary early intervention services through the North Carolina Infant-Toddler Program. The CDSA is the local lead agency for the Infant-Toddler Program (ITP), a federally mandated program (Part C of the Individuals with Disabilities Act [IDEA]) serving children (ages birth to three years) with or at risk for developmental disabilities and their families. Lead agency responsibilities include the oversight of the administration of the Infant-Toddler Program; ensuring that evaluation, case management; and intervention services are available within a multi-county catchment area and that children eligible for the program receive recommended services, either through a network of enrolled early intervention service providers, or directly from the CDSA.

The CDSA is the single portal of entry for birth to three referrals to the Infant-Toddler Program (ITP) and has primary responsibility for providing multi- and inter-disciplinary developmental evaluation, determination of eligibility for the program, service coordination for eligible children, and consultation and technical assistance to service providers, and other professionals providing recommended intervention services for eligible children and families.

Clinical areas of expertise include social work, psychology, occupational therapy, physical therapy, speech/language pathology, nursing, and nutrition. Medical services are also provided by the Department of Pediatrics. The CDSA is involved in training individuals in each of these areas. The program is funded by the North Carolina Department of Health and Human Services.

Requests for further information should be directed to: Children's Developmental Services Agency, East Carolina University, Irons Building, Greenville, NC 27858-4353; telephone 252-737-1177.

FAMILY THERAPY CLINIC

The Family Therapy Clinic provides a full range of therapeutic services to individuals, couples, families and larger systems while serving as a training site for students in the master's degree program in marriage and family therapy and doctoral degree program in medical family therapy. The Code of Ethics of the American Association for Marriage and Family Therapy regarding confidentiality and the professional practice of marriage and family therapy is rigorously adhered to by all clinic therapists.

Located at 612 East Tenth Street, adjacent to campus, the Family Therapy Clinic is equipped to facilitate observation and supervision and is open twelve months a year. Charges for services at the Family Therapy Clinic are adjusted according to family income. No family is denied services because of an inability to pay. Referrals and requests for information should be made to the director, Family Therapy Clinic, Department of Child Development and Family Relations, College of Human Ecology, East Carolina University, Greenville, NC 27858-4353; telephone 252-737-1415.

OFFICE OF MILITARY PROGRAMS

The East Carolina University Office of Military Programs provides outreach services to the military installations of North Carolina by delivering courses and degree programs to the Armed Forces community. Memoranda of agreement with the various bases outline the topics, course offerings, and delivery methods of campus-wide programs to the military family.

The Office of Military Programs comprises the Department of Aerospace Studies (US Air Force ROTC) and the Department of Military Sciences (US Army ROTC). Aerospace studies offers a cognate minor for professional officer course for the United States Air Force, and military science offers the professional military education (PME) requirements for the United States Army.

OFFICE OF ECONOMIC DEVELOPMENT

The Office of Economic Development meets strategic regional needs through research, education, and outreach to foster economic growth and improve the quality of life for North Carolinians. OED engages current competencies of the universities to meet existing regional needs and drive investment decisions focused on emerging opportunities. Specifically, OED fosters the convergence of research and outreach to achieve immediate local impacts and pursue economic transformation across the region and beyond.

REVOLVING EDUCATION AROUND PARTNERSHIPS (REAP)

REAP is a training component of the special education area, College of Education. The program currently serves Pitt County children aged three and four. REAP, established in 1969, provides field placement and internship services for various disciplines on the university campus and community colleges in the area. REAP is located in the Malene Irons Building on the south campus. All referrals and information inquiries should be made to the director, REAP, Malene Irons Building, East Carolina University, Greenville, NC 27858-4353; telephone 252-328-6186.

SPEECH-LANGUAGE AND HEARING CLINIC

The purpose of the East Carolina University Speech-Language and Hearing Clinic is twofold. First, it is a clinical training facility for graduate students who are preparing to become speech-language pathologists or audiologists. To accomplish this, graduate students participate in outpatient diagnostic, treatment, and consultative services throughout the academic school year and during the summer session. During these activities, students are under the direct supervision of fully licensed and certified faculty in the Department of Communication Sciences and Disorders. Second, the clinic is a service facility for the university students and the surrounding communities in eastern North Carolina. Outpatient diagnostic, treatment, and consultant services are offered for all types of speech, language, and hearing disorders, including dialect and foreign accent reduction services. Speech, language, and hearing screening is also provided to all teacher education students prior to their matriculation to the upper-division level of study.

In addition to the above, the Scottish Rite Childhood Language Disorders Program is also a part of the ECU Speech-Language and Hearing Clinic. This program is funded by the NC Scottish Rite Foundation. Services provided include complete diagnostic services for children with language disorders, language learning disabilities, and reading disorders.

The East Carolina University Speech-Language and Hearing Clinic maintains a close liaison with the university's Disability Support Services, providing in-depth diagnostic services for university students in the areas of language proficiency, ability to learn a foreign language, language learning disability, reading/writing learning disabilities, memory deficiency, and other learning deficiencies. The clinic is located in the Belk Building Annex (College of Allied Health Sciences) on Charles Boulevard. Appointments can be made by calling the clinic at 252-328-4405.

TREATMENT AND EDUCATION OF AUTISTIC AND RELATED COMMUNICATION HANDICAPPED CHILDREN (TEACCH)

TEACCH was established by the 1972 General Assembly as a statewide program within the Department of Psychiatry at the University of North Carolina-Chapel Hill Medical School. The Greenville TEACCH Center is in close proximity to the East Carolina University campus. The program works closely with the Children's Developmental Services Agency and other allied departments at East Carolina University. The center provides a specialized service in the diagnosis and treatment of autism spectrum disorders. The program also provides consultation and training throughout a twenty-seven-county area of northeastern North Carolina. One of the program's goals is to equip professionals and parents with strategies designed to enhance the skills and abilities of each individual with autism. The hope of this agency is to allow persons with autism to be accepted and to reach their maximum potential as members of the community. The program serves children, adolescents, adults, and their families.

Students in medicine, psychology, special education, child development and family relations, social work, occupational therapy, and similar departments regularly participate in observation and training. Faculty and staff from the center provide lectures, internships, and practicum experiences as well as volunteer possibilities for students. In collaboration with the Department of Special Education, TEACCH provides joint training for the recipient of the Scott Denton Fellowship. Inquiries should be sent to Dr. John M. Dougherty, Director, Greenville TEACCH Center, South Hall Professional Center, 108-D West Fire Tower Road, Winterville, NC 28590; telephone 252-830-3300; FAX 252-830-3322.

DIVISION OF CONTINUING STUDIES

The Division of Continuing Studies serves as a bridge between the student at a distance and the academic and administrative units of the university. The division respects and understands the unique demands of the lifelong learner and is committed to assuring quality accessible programs and services. The division supports the university in maintaining its leadership role in the areas of distance and technology enhanced learning both in our region and beyond. The educational and economic development of the citizens of its service area is a focal point for the division. The division partners with the academic and administrative

GENERAL INFORMATION

units of the university and the North Carolina Community College System to meet the needs of the education, healthcare, technology, business, industry and military communities. The division conducts its activities in partnership with all units of the university and encompasses Summer School, Distance and Extension Education, Continuing Professional Education, The Testing Center, Summer Study Abroad and Military Outreach to service members and their families.

The Division of Continuing Studies extends educational opportunities to the people of North Carolina through distance education as well as by administering the university's summer school. In order to fulfill the needs of a widely diversified group of students, credit courses, undergraduate degree completion programs, and graduate degrees are offered online via the Internet. To meet other needs of the service area, college-level noncredit courses, seminars, and workshops in special areas are also offered as an integral part of continuing studies. Section 8 of this catalog, Undergraduate and Graduate Degrees, Minors, and Certificates lists programs that are offered online. A list of distance education programs and courses may also be accessed at www.options.ecu.edu.

Academic regulations and policies, university calendars, and student services described in this catalog are applicable to all students, except where otherwise indicated. The online distance education information site, www.options.ecu.edu, includes information on e-mail, the Blackboard, e-Education platform, information technology policies, academic, administrative services, and library services.

From admission to graduation, a system of student support services is available to assist all distance education students. Students have contact via email, phone or fax with faculty and staff in key university offices that can offer assistance, answer questions, and provide direction. Contact the student services staff of the Division of Continuing Studies for assistance by emailing dcs@ecu.edu or calling 1-800-398-9275. Division offices are located in Self-Help Center, 301 Evans Street.

DIVISION OF UNIVERSITY ADVANCEMENT

The Division of University Advancement, consisting of alumni relations, university development, and university marketing, is responsible for advancing the mission of East Carolina through building positive relationships with external and internal constituents to lead to philanthropic support. The vice chancellor for university advancement leads the division in activities that build the status and prestige of the university and create an environment for philanthropy.

INFORMATION TECHNOLOGY AND COMPUTING SERVICES

Information Technology and Computing Services (ITCS) works diligently to provide ECU students, faculty, staff, and alumni with the best possible information technology services and support. Please visit the ITCS Web site at <http://www.ecu.edu/itcs> for the most up-to-date information regarding new technology services and resources available to the ECU community. There you will also find guidelines and policies that will impact your computing activity at ECU.

The IT Help Desk (<http://help.ecu.edu>) offers technical assistance to ECU students, including software support, answers to general technology-related questions, getting connected to the university network and more.

IT Help Desk:

Regular Hours: Mon-Fri, 8:00am-5:00pm

After-Hours Student Support: Sun-Thurs, 24x7; Fri-Sat, 8:00am-8:00pm

Phone Support: 252-328-9866; Toll Free: 1-800-340-7081

Students can access their e-mail by logging into ECU's Web-based Piratemail, <http://piratemail.ecu.edu>, with their PirateID and passphrase. Piratemail uses the anti-spam tool, MailMarshal, to help keep your inbox free of unwanted junk mail. You will receive a daily MailMarshal Message Digest that provides a summary of all e-mail tagged as spam. The digest contains links that you can click to release messages. Through MailMarshal (<http://spammarshal.ecu.edu>), you also have the option of adding e-mail addresses to "safe" and "blocked" lists.

One of your first stops on the ECU Web site should be <http://pirateid.ecu.edu>, where you can register your PirateID so that you can securely change your own passphrase when necessary. You will be asked to enter an alternative e-mail address (like a Hotmail or Yahoo! account) where you can receive notifications in case you are unable to access your Piratemail account, and select three security questions to which you provide answers you can remember. If you forget your ECU ID, your unique identification number at ECU, you can also look it up at <http://pirateid.ecu.edu>.

ECU's OneStop web portal (<http://onestop.ecu.edu>) enables students to review financial aid information, register for courses, and look up grades. You can also look up your ECU ID on the "Tools" page within OneStop.

A number of ECU's academic programs require or recommend that their students have access to a computer in order to complete coursework. Students are NOT REQUIRED to purchase a specific computer brand, although they may benefit greatly from purchasing one of the recommended models from the preferred vendors through the ECU Dowdy Student Stores. For more information, visit <http://www.ecu.edu/ace>.

The ACE program works with hardware and software companies to provide you discount pricing on computers, software and peripherals that can be purchased through the ECU Dowdy Student Stores. The ACE Student Computer Support Center – Austin 101, Main Campus and Laupus Library, Room 3536, Health Sciences Campus – provides technical assistance to students with ACE and non-ACE laptops. For ECU students not enrolled in a requiring program, purchase of a computer is OPTIONAL; however, any student can take advantage of the special pricing and support. For more information, visit <http://www.ecu.edu/ace>.

Students can visit one of approximately one hundred computer labs located across campus to complete coursework, conduct research, or check e-mail. These computer labs are all networked and offer both Macintosh and Windows™-based computers. Internet access is also provided through wireless connectivity on campus.

Every student with an active e-mail account has a personal ECU Web site directory with 50 megabytes of space. Your directory name is the same as your PirateID, so the Web address for your personal Web site will be <http://personal.ecu.edu/yourPirateID>. If you're interested in learning a program like Adobe Dreamweaver to create your personal Web site, you can complete training modules, free of charge, through ECU's online anytime learning program. Visit the ITCS Web site at <http://www.ecu.edu/itcs> for more information on enrolling in the program, and to access tutorials on transferring files to your Web site directory.

ITCS also provides networked storage space – referred to as Piratedrive – for every student with an active e-mail account. Students can store up to 50 megabytes of digital files on their Piratedrive. You can access your Piratedrive by logging into the INTRA domain with your PirateID and passphrase and clicking on "My Computer". You will notice another drive letter designated as "U:". This U drive is your Piratedrive and will be available to you from any Windows computer logged into the INTRA domain (including in campus computer labs), and through OneStop.

The Pirate IT Essentials computing newspaper, printed annually and distributed campus wide, is a comprehensive publication that provides details on ITCS resources available to the university community. Additionally, a monthly *ECU Technology Digest* with valuable information on software updates, training opportunities, and current and future technology projects impacting the university is e-mailed to all students. To minimize service disruptions, *ITCS Notifications* is e-mailed weekly to inform the campus community of Piratemail, Blackboard, and OneStop downtimes. To access archived ITCS publications, visit the ITCS Web site at <http://www.ecu.edu/itcs> and click "News" in the horizontal menu bar.

OAK RIDGE ASSOCIATED UNIVERSITIES

Oak Ridge Associated Universities (ORAU) is a consortium of ninety-eight doctoral-granting academic institutions and a contractor for the US Department of Energy (DOE) located in Oak Ridge, Tennessee. ORAU works with its member institutions to help their students and faculty gain access to federal research facilities throughout the country; to keep its members informed about opportunities for fellowship, scholarship, and research appointments; and to organize research alliances among its members. ECU has been a member since 1992.

Through the Oak Ridge Institute for Science and Education (ORISE), the DOE facility that ORAU operates, undergraduates, graduates, and postgraduates as well as faculty enjoy access to a multitude of opportunities for study and research. Students can participate in programs covering a wide variety of disciplines, including business, earth sciences, epidemiology, engineering, physics, geological sciences, pharmacology, ocean sciences, biomedical sciences, nuclear chemistry, and mathematics. Appointment and program length range from one month to four years. A comprehensive listing of ORAU programs and other opportunities, their disciplines, and details on locations and benefits can be found in the ORISE Catalog of Education and Training Programs, which is available at <http://www.ornl.gov/orise/educ.htm> or by calling the contact below.

ORAU's Office of Partnership Development seeks opportunities for partnerships and alliances among ORAU's members, private industry, and major federal facilities. Activities include faculty development programs such as the Ralph E. Powe Junior Faculty Enhancement Awards, the Visiting Industrial Scholars Program, consortium research funding initiatives, faculty research, and support programs as well as services to chief research officers.

GENERAL INFORMATION

For more information about ORAU and its programs, contact:

John C. Sutherland, Chairman, Department of Physics

ORAU Councilor for East Carolina University

OFFICE OF EQUAL OPPORTUNITY AND EQUITY

East Carolina University is committed to enriching the lives of students, faculty and staff by providing a diverse academic community where the exchange of ideas, knowledge and perspectives is an active part of living and learning. The Office of Equal Opportunity and Equity (EOE) has been established to provide centralized leadership to East Carolina University's efforts to ensure compliance and equity in all programming, employment and educational opportunity.

The Office of Equal Opportunity and Equity administers the Equal Employment Opportunity, Discrimination, ADA, Title IX, Sexual Harassment, and Affirmative Action policies. Advertising for employee vacancies and search processes are administered through this office to ensure compliance with EPA and SPA policies and procedures. Other personnel actions are monitored by the office to prevent issues of inequity. Web-based and face-to-face equity and diversity training is available.

Taffye Benson Clayton is the Assistant to the Provost and University Equity Officer and oversees institutional educational and compliance matters regarding equity, access and opportunity

OFFICE OF NEWS AND COMMUNICATIONS SERVICES

The ECU Office of News and Communications Services, also known as the News Bureau, tells the ECU story through the mass media and its own publications. The office, located in the historic Howard House on East Fifth Street, strives to increase the public's knowledge, understanding, appreciation, and support of the university and its work by providing reports on ECU events, activities, research, teaching, service, policies, and people—students, faculty, staff, and administrators.

In addition to assisting media representatives in the preparation of stories about ECU, the office publishes a monthly faculty-staff newsletter, *Pieces of Eight*, and produces an annual magazine that reports research and creative activity at the university. The office operates a hometown news service that reports students' achievements, including academic honors, recitals, internships, art shows, and graduations, to their hometown newspapers.

SPONSORED JOURNALS AND PUBLICATIONS

The *Children's Folklore Review*, sponsored by the East Carolina University Department of English, is the official publication of the Children's Folklore Section (CFS) of the American Folklore Society. *The Review*, published twice a year for CFS members throughout the United States and in over a dozen foreign countries, contains information and articles of interest to scholars working with children and their lore.

The *North Carolina Literary Review* is published annually by the Department of English and the North Carolina Literary and Historical Association. NCLR publishes poetry, fiction, and nonfiction prose by and interviews with North Carolina writers and articles and essays about North Carolina literature, history, and culture.

Tar River Poetry, an international journal of poetry and reviews, is published twice a year (fall and spring) under the auspices of the Department of English.

STUDENT STORES

Dowdy Student Stores, owned and operated by East Carolina University for the convenience of the university community, stocks books, school supplies, computers, and other educational tools for students on campus, as well as those taking distance education classes. Dowdy Student Stores also carry an extensive line of imprinted ECU apparel, gifts, jewelry, and various accessories.

Additional services include a Textbook Reservation Program, which allows students the first opportunity to purchase used textbooks and saves time at the beginning of fall and spring semesters, and a Bookstore Account tied to the ECU I Card, which allows students to place funds in an account, including but not limited to deferred financial aid funds, for purchases in the bookstore. Dowdy Student Stores also operate a Book Buyback Program at the end of each term for students to sell

textbooks. Dowdy Student Stores contributes profits to scholarship programs and is among the top donors to the General Scholarship Fund.

Online textbook ordering and other information are available through the Dowdy Student Stores website (www.studentstores.ecu.edu) or by phone (252-328-6731 or toll-free 1-877-499-TEXT).

UNIVERSITY POLICIES

See appendix for information on East Carolina University's substance abuse and racial and ethnic harassment policies as well as information on affirmative action, EEO, nondiscrimination, and sexual harassment prevention policies.

ALUMNI RELATIONS

The Alumni Association of East Carolina University was organized in June, 1912 by the classes of 1911 and 1912. The Alumni Association's mission is to inform, involve and serve members of the ECU family throughout their lifelong relationship with the University.

Further information concerning programs, services, and memberships may be obtained online at www.PirateAlumni.com or by contacting the Office of Alumni Relations, Taylor-Slaughter Alumni Center, East Carolina University, Greenville, NC 27858-4353, or by visiting the Alumni Center located at the corner of Fifth and Biltmore Streets.

UNIVERSITY DEVELOPMENT

University development is comprised of the following functions: major gifts, fundraising, corporate and foundation relations, annual giving, advancement services, planned giving, and donor relations and scholarships. These functions report directly to the vice chancellor for university advancement, whose responsibilities include the organization and direction of programs and volunteers for the purpose of seeking private gift support for all university academic programs.

UNIVERSITY MARKETING

University marketing is responsible for developing, maintaining, and promoting a consistent university message and image, and supporting the university's strategic objectives through research, planning, and production.

VISION

Student Life will be recognized for creating an exemplary learning environment that leads to student success.

MISSION

Student Life supports the academic mission of the university by providing programs and services that inspire the holistic growth and development of students, preparing them to enter the global community as responsible, contributing citizens.

Students enrolled in East Carolina University are expected to uphold, at all times, standards of academic integrity and personal behavior that will reflect credit upon themselves, their families, and East Carolina University. Students are also expected to behave with propriety, and to respect the rights and privileges of others. They are expected to abide by the laws of the city, state, and nation, and by all rules and regulations of East Carolina University. Failure to do so may result in sanctions or separation from the university.

Registration at the university implies the student's acceptance of the published academic regulations and all other rules found in any official publication or announcement. University rules and regulations apply to all students. Conduct regulations, including the academic integrity policy, are described in the *East Carolina University Student Handbook* (www.ecu.edu/studentlife/scr).

STUDENT HANDBOOK

The *East Carolina University Student Handbook* is available online at www.ecu.edu/studenthandbook. The handbook includes information on University policies and procedures including drug and weapon policies, the student code of conduct, the judicial system process, and bylaws of the Student Government Association.

Also included are the university sexual harassment, discrimination, conflict of interest policies, and the student grievance procedures involving equal opportunity complaints.

A copy of *Safety and You*, the university publication that includes crime statistics in compliance with federal regulations, is also in the handbook.

STUDENT LIFE SERVICES

Student Life services and programs include Campus Living, Dining Services, and Student Transit; Campus Recreation and Wellness; Dean of Students Office, Center for Counseling and Student Development, Student Health Service including Health and Nutrition Education, Disability Support Services, Office of the Victim Advocate, Office of Student Rights and Responsibilities, The Center for Off-Campus and Community Living including Student Neighborhood Relations and Off-Campus Housing and Special Programs; Mendenhall Student Center including University Unions/Student Experiences, Student Union Programming Board, MSC Event Planning and Conference Services, MSC Recreation, and Student Media; Cultural Opportunities including Central Ticket Office, Cultural Awareness, and the Arts; Student Involvement; Student Organization Center including Greek Life, Student Government Association, SGA Student Legal Services and Campus Ministers Association; Office of Intercultural Student Affairs including Ledonia Wright Cultural Center; the Career Center; Divisional Marketing; and the Police Department.

CAMPUS LIVING AND DINING

HOUSING

Campus Living is committed to offering personal and affordable services, supporting the academic mission of the university, and providing opportunities for individual growth within a comfortable caring environment. The ECU campus provides a supportive atmosphere in which a student can explore new academic ideas and social experiences. Campus Living means meeting new people, some of whom will become good friends for life; living in an environment conducive to studying, where academic assistance is readily available; and taking advantage of numerous benefits, such as proximity to classes and campus activities, neighborhood, and lifestyle options that suit ones' personality.

A variety of living and dining options are available for students to choose from. ECU has both suite style and traditional residence halls located in three neighborhoods on campus. College Hill, Central, and West neighborhoods offer the convenience of living

near classrooms, the library, recreational facilities, campus activities, and campus facilities. The university currently maintains fifteen residence halls that over 5,500 students call home. Residence hall amenities include cable, high speed internet, free online music services, laundry, and a wide range of educational and social programs, at no additional cost.

Information regarding university housing is available at Campus Living, Office Suite 100, Jones Residence Hall. Detailed information is available through Campus Living; 252-ECU-HOME (328-4663); or the ECU home page at www.ecu.edu/campusliving.

CAMPUS DINING

Students have enough to worry about on campus: classes, studying, work and extracurricular activities. They shouldn't have to stress about eating too. ECU Campus Dining is a reliable and affordable option for students that offers state-of-the-art dining halls, food courts, snack bars, coffee bars and convenience stores on both main and health sciences campuses. With hours of operation from 6:30 a.m. to 2:30 a.m. (actual hours will vary, depending on location), students can purchase meals and snacks from such locations as Subway®, Chick-fil-A®, Sbarro®, Blimpie® and Einstein Brothers Bagels®.

ECU Campus Dining provides students flexibility and variety in their meal plans. Students can choose their plan using Campus Dining's online Meal Plan Wizard, and when they do so, they will also be automatically enrolled in the Jam Rewards program (more information is available at www.jamrewards.com). All meal plans are based upon a set number of meals per week, and include Pirate Bucks, both of which are redeemed by swiping the student's OneCard, at any Campus Dining location.

STUDENT TRANSIT

The East Carolina University Student Transit Authority (ECUSTA) is committed to providing safe, reliable and efficient transit services to students, staff, faculty and visitors, via an extensive network of bus routes offering timely service to, from, and around the campus community, parking lots, off-campus housing, and several shopping/service areas during the academic year. SafeRide, a point to point van service, operates in the evening hours to supplement the bus system by providing a safe means of transportation to locations not served by bus routes. ECUSTA is funded by student activity fees, so there is no charge to ride. Visit www.transit.ecu.edu or call 252-328-4724 for information regarding routes, hours of operation, charter services and employment as a student driver.

CAMPUS RECREATION AND WELLNESS

The Department of Campus Recreation & Wellness is located in the Student Recreation Center and provides a broad and diverse program of recreational and wellness-oriented activities to all students, faculty, and staff. Campus Recreation & Wellness strives to enhance positive recreation and wellness lifestyles of the university community and to foster a lifelong commitment to learning skills associated with physical, emotional, and mental well-being. To receive more information on these programs, telephone 252-328-6387 or visit the web site at www.ecu.edu/crw. Recreational opportunities are available in the following program areas:

Adventure: The adventure program offers both single-day and multi-day trips every semester, such as sea kayaking, rock climbing, backpacking, whitewater rafting, caving, and surfing. The adventure program also provides workshops on a variety of outdoor skills, such as outdoor cooking, kayak roll sessions, and trip preparation. Outdoor equipment can be rented at the Adventure Center in the Student Recreation Center.

Aquatics: The aquatics program provides group and private swimming lessons for adults and children as well as training and certification in community first aid and safety, CPR for the professional rescuer, and lifeguard training.

ARISE: An adapted recreation program provides opportunities in recreational activities for individuals with permanent or temporary disabilities. ARISE offers adapted wheelchair basketball, wheelchair rugby, hand cycling, rock climbing, and a number of unique special events. In addition, ARISE will assist in providing reasonable accommodations to allow participation in all other program offerings of the department.

Campus Wellness: Campus wellness assists students and faculty/staff in making healthy lifestyle decisions by learning knowledge and skills necessary to achieve optimal health for personal and academic success. Campus wellness is a resource for the ECU community providing health and wellness education through individual consultation, outreach programming, awareness events, and health resources. Health education professionals are also available to answer questions about health-related matters, to

work out individualized plans to enhance health, and to make referrals. A resource library of books, brochures, CD's, videos, and models are available for loan.

Club Sports: The club sports program combines recreational opportunities with instruction and competition in a variety of sports-related activities. Clubs are developed and organized by students, with administrative and financial support provided by Campus Recreation and Wellness. Participants have the opportunity to develop leadership skills as they become involved in the day-to-day operation and management of their club. Active clubs include the following:

Badminton	Scuba/Diving
Men's Baseball	Skiing/Snowboarding
Basketball (Men & Women)	Soccer (Men & Women)
Billards	Women's Softball
Equestrian	Swimming
Fencing	Tennis (Men & Women)
Field Hockey	Women's Volleyball
Figure Skating	Water Ski/Wakeboarding
Frisbee (Men & Women)	Martial Arts
Golf	Budo Taijutsu
Men's Ice Hockey	Isshinryu
Lacrosse (Men & Women)	Tae Kwon Do
Rugby (Men & Women)	Tai Chi

Fitness: The fitness program provides quality personal training, group fitness classes, seminars, workshops, and lifestyle enhancement classes designed to provide education about a variety of healthy lifestyle options. Personal trainers are nationally certified and can provide new exercise techniques and motivation. Group fitness classes are offered in a variety of class formats, including cycling, kickboxing, step, multi-impact, aqua, and muscle strengthening. Lifetime Activity Programs include yoga, tai chi, shag dancing, ballroom dancing, and self-defense.

Intramural Sports: Intramural Sports offers a wide variety of competitive and recreational opportunities encompassing team, individual/dual, and special event activities for both men and women. Participation is open to all currently enrolled students and presently employed faculty and staff. Individuals or teams wishing to participate in an intramural sport need to attend the registration meeting for their selected sport. Registration meeting dates and times are published on line and in a calendar available at the Student Recreation Center.

Team Training and Leadership: The team training and leadership program utilizes the challenge course, a number of initiative games, and the 50-foot Alpine Tower to help individuals and groups develop and hone numerous skills including leadership and communication.

Volunteers: Volunteers are a critical work force within many areas of CRW. Whether you are looking to complete volunteer hours for a course, seeking to accumulate service hours, or just want to help, there are a number of opportunities to get involved in a setting that is recreational and fun.

Student Employment: Campus Recreation and Wellness employs over two hundred students annually. Jobs are available in all program areas, and an application is available online. Campus Recreation and Wellness also offers several graduate assistantships and internships.

CAMPUS RECREATION AND WELLNESS FACILITIES

The Department of Campus Recreation and Wellness manages a number of outstanding facilities that are available for use by students and other members of the ECU community.

Student Recreation Center: The 150,000 square foot Student Recreation Center, located next to Mendenhall Student Center, houses six multi-sports courts, one squash and six racquetball courts, a twenty-seven foot climbing wall, a one-seventh mile track, indoor/outdoor pool with lounging area, Center Court juice bar, three exercise studios, 10,000 square foot cardiovascular and weight training area, and outdoor adventure center, as well as locker rooms and administrative offices. Currently enrolled students who have paid activity fees are automatically members of the Student Recreation Center, and may use it by presenting a valid ECU One Card. Distance education students, faculty, staff, ECU alumni, spouses of ECU faculty,

SECTION 1: STUDENT LIFE

staff, and alumni, and student spouses are eligible to purchase memberships to the Student Recreation Center. Guest and dependent day passes are also available for purchase. Dependents/guests are admitted for free on Saturdays, up to three per ID, and when accompanied by a member.

“Fitness Pointe” Weight Room: Housed in Jones Residence Hall this 1,900 square foot cardiovascular and weight training fitness facility is conveniently located for students who live on College Hill Drive.

Blount Recreational Sports Complex: This outdoor field complex, located off of Charles Boulevard behind the Belk Building, has eighteen acres of sport fields for flag football, soccer, softball, and club sports activities. These fields are used for intramural and club sports and can be reserved for use by campus groups with advance notice.

Team Training Center: Located in a wooded area adjacent to the Blount Recreational Sports Complex, this Challenge Course facility includes a variety of low elements that are used to facilitate groups through initiative games and team building exercises. The 50-foot Alpine Tower provides a variety of high element challenges. Numerous campus and community groups complete courses that can be individually tailored to meet the specific objectives of their organization.

Frisbee Golf Course: The eighteen-hole Frisbee Disc Golf Course is located adjacent to the ECU Baseball/Softball field complex, off of Charles Boulevard. No reservations are needed to use the course. Frisbee discs may be checked out from the customer services desk at the Student Recreation Center.

North Recreational Complex: In fall 2008, Phase I of a 129-acre multi-sport field complex and park, will open for use. Phase I includes development of approximately sixty-five acres to include eight lighted multi-sport activity fields, a six acre lake, field house and separate maintenance facility, roads and parking, and suitable landscaping.

Wellness Center: The Wellness Center is available to all students, faculty, and staff free of charge, and is located on the second floor of the Student Recreation Center. Operated by Campus Wellness Education Leaders (CWELs), the center offers materials to check out, such as books and videos, free health screenings, educational packets, nutrition diet analysis and more.

DEAN OF STUDENTS OFFICE

The Dean of Students Office at East Carolina University is the central campus resource for addressing and responding to student issues and concerns. Staff within the dean's office often serves as liaisons between students, faculty, staff and administrators. The dean's office provides assistance to students, and family members who are navigating their way through various campus procedures. Staff in the dean's office often helps develop, articulate, disseminate and enforce university rules, regulations, and policies.

The Dean of Students Office works directly with students to help solve problems, to assist in individual and group crisis management, and to advocate for students when appropriate. Students are encouraged to visit staff in the Dean's Office to discuss ideas, personal issues, or general concerns about student life at East Carolina University.

By connecting with other university departments and offices, the office supports the needs of students and student communities and identifies resources to respond to those needs.

The Dean of Students Office administratively oversees the following areas: Center for Counseling & Student Development, Center for Off-Campus and Community Living Disability Support Services, Office of Student Rights & Responsibilities, Office of Victim Services and Student Health Services.

Committed to teaching civic engagement, the Dean of Students Office cultivates a caring environment that values personal and academic integrity, respect for all people, and responsible citizenship that holds students accountable for their behavior. In collaboration with the university, the Dean of Students' staff is invested in serving students in a safe and healthy environment. Students are encouraged to call 252-328-9297 for an appointment or to consult with the dean's staff. The web page may be accessed at www.ecu.edu/studentlife/dos.

THE CENTER FOR COUNSELING AND STUDENT DEVELOPMENT

The Center for Counseling and Student Development helps students make the most of their opportunities for personal and academic development while enrolled in the university. The center offers counseling in the following areas: personal/adjustment issues, academic, career, and alcohol and other drug abuse. Psychiatry services are also offered through the office. In addition to individual counseling, group sessions are conducted for those students who wish to focus on various problems or personal concerns that arise from the stress of university life and interpersonal relations. The center's staff provides educational outreach programs and workshops on a wide variety of subjects to the campus community. When necessary, tests and inventories are used to help students ascertain their areas of interest and/or to gain insight into their personal adjustment. Enrolled students are entitled to the services provided by the center free of charge.

The Center for Counseling and Student Development is open Monday through Friday 8 a.m. - 5 p.m. Students are encouraged to call 252-328-6661 for an appointment or to consult about emergency services. The web page can be accessed at: www.ecu.edu/cs-studentlife/counselingcenter.

STUDENT HEALTH SERVICE

The Student Health Service (SHS) provides individualized high quality health care and nutrition education for currently enrolled, fee-paying, ECU students. The outpatient clinic provides health care through appointments for students' convenience and through an urgent care clinic during operating hours. Services include, but are not limited to, routine health care (illness, accidents, physicals, wellness, etc) mental health, massage therapy, sports medicine, health and wellness education, pharmacy, laboratory, x-ray, allergy vaccine clinic, self-care medication clinic, health insurance and more. An after-hours nurse line is available to students twenty-four hours a day, seven days a week including holidays and weekends, to assist students in making medical decisions. The nurse will assess the needs, provide self-care instructions when appropriate, and provide phone numbers to local urgent care facilities as needed. Students may access this line by calling the main number (252-328-6841) and following the prompts in the recorded message.

The Student Health Service does not issue official university excuses for illness or injury. If requested, at the time of service, the Student Health Service will confirm in writing that the student received medical care on that date. If a faculty member needs additional information regarding visit dates or the nature and/or scope of illness or injury, the student must authorize release of the information by signing a release of information form at the Student Health Service.

The telephone numbers for the Student Health Services are as follows: main switchboard 252-328-6841; pharmacy 252-328-6841, ext. 608.

HEALTH AND NUTRITION EDUCATION

The Health and Nutrition Education department assists students in making healthy lifestyle decisions by learning knowledge and skills necessary to achieve optimal health for personal and academic success. Health and Nutrition Education is a resource for students, providing health and nutrition education through individual consultation, outreach programming, awareness events, and health resources. Health and Nutrition Education professionals are also available to answer questions students have about health-related matters, to work out individualized plans to enhance health and to make referrals. A resource library of books, brochures, CDs and videos, and models are available for loan. Registered dietitians are available for nutrition consultation with students, as well as for nutritional programs and presentations.

The Health and Nutrition Education department is located in the Student Health Service Building. For more information, call 252-328-6794 or visit our website. www.ecu.edu/wellnessed.

DISABILITY SUPPORT SERVICES

The Department for Disability Support Services works in collaboration with faculty, staff, and departments throughout the university to fulfill the institution's commitment to accessibility. Services and accommodations are designed to meet the individual needs of all students and encompass all aspects of university life. The staff assists students with freshman and transfer transition issues, academic accommodations, academic counseling, and referrals for attendant care and mobility training. Additional program information is available by telephone at 252-737-1016 and online at www.ecu.edu/dss.

SECTION 1: STUDENT LIFE

OFFICE OF THE VICTIM ADVOCATE

The Office of the Victim Advocate at East Carolina University is a one-stop resource to receive advocacy and support services. The program has a number of goals, and offers programs and services to address the special challenges students encounter related to their personal safety. One goal is to educate students year-round in classrooms, residence halls, student groups about their rights should they become a victim of a crime on- and off-campus. Another goal is to continuously improve East Carolina's preventative rape education, and to promote responsible choices concerning healthy relationships. Throughout the year, students will assist the victim advocates' office in raising awareness about other social issues, by hosting several activities such as "Take Back the Night" and Sexual Assault Awareness Week for a "Campus Free of Sexual Assault". These goals are a way to empower students to make the right decisions when they are faced with options that could have a lasting effect on them.

STUDENT RIGHTS AND RESPONSIBILITIES

This office works to promote personal and academic integrity and a safe learning environment for all East Carolina University students, faculty, and staff. The office administers the Student Code of Conduct, which defines behaviors that are inappropriate for ECU students. The code applies to behavior both on- and off-campus, and can be found on the office web page. Students accused of violating the Code of Conduct begin the resolution process by meeting with the departmental staff. Additional information about Student Rights and Responsibilities may be obtained by calling 252-328-6824 or visiting www.ecu.edu/studentlife/scr.

THE CENTER FOR OFF-CAMPUS AND COMMUNITY LIVING

The Center for Off-Campus and Community Living addresses the unique needs of East Carolina University students who live off-campus, whether they reside in a house within walking distance of campus, live in an apartment complex, or commute to campus.

The Center for Off-Campus and Community Living promotes and encourages a diverse environment that supports the personal and academic development of students. We empower students to become model citizens of the university, their community or neighborhood, and of Greenville.

STUDENT NEIGHBORHOOD RELATIONS

The office of Student Neighborhood Relations works to enhance the quality of life for students and their neighbors in the city of Greenville. This office is an advocate for the university's off-campus population. This office serves to facilitate between students, the city, law enforcement, university officials, landlords, and permanent residents. By educating and empowering students on good citizenship and having these students taking personal responsibility for their actions, students can become active community members that promote safe, clean, and healthy neighborhoods within our university area.

Working closely with students, neighborhood associations, and landlords, the Student Neighborhood Relations Facilitator is an advocate for the students. The primary focus of this office is educating students on aspects of becoming an ideal citizen of their community. The Facilitator works to resolve town and gown issues and helps create viable solutions to various forms of conflict. Some of this education covers topics on city ordinances, zoning, safety, how to have a responsible party off-campus, and how to be a good neighbor. Contact 252-328-2847 or www.ecu.edu/studentlife/offcampus for more information.

OFF-CAMPUS HOUSING AND SPECIAL PROGRAMS

The office of Off-Campus Housing works to enhance the quality of living for students around East Carolina University. This office assists students with leases and landlords, and promotes healthy, clean and safe living environments. This office can provide students with landlord/tenant rights and responsibilities. This office has a database of available housing, from which students can easily search for suitable off-campus living. Students who seek to live in houses/apartments off-campus or just want to find out more information about off-campus housing options may contact this office at 252-328-2847, or go to www.ecu.edu/offcampushousing.

The office also provides programs for commuter students and adults re-entering college, by providing information about available campus, community, and regional programs and services. These programs provide opportunities for adult and

commuter students to interact socially with students in similar circumstances and to feel more connected to campus life. The office sponsors an off-campus living fair during the fall semester and provides off-campus housing information on its web site. For additional information regarding special programs for adult and commuter students, contact 252-328-2847.

MENDENHALL STUDENT CENTER

Mendenhall Student Center is East Carolina University's Student Union. The 120,000 square-foot facility provides meeting rooms, lounges, study areas, a coffee kiosk, an 800-seat theater, a bowling alley, a billiards area, and the Central Ticket Office. Offices for the University Unions/Student Experiences, Student Union, Cultural Outreach, MSC Recreation, the Student Government Association and other student government organizations, Greek Life, and the Office of Student Rights and Responsibilities are all located in the Mendenhall Student Center.

UNIVERSITY UNIONS/STUDENT EXPERIENCES

The Department of University Unions/Student Experiences offers a wide variety of programs, services, and facilities dedicated to enhancing the quality of life for the campus community. The department is housed, for the most part, in Mendenhall Student Center. The Department of University Unions/Student Experiences encompasses Greek Life, Student Activities, Student Organization Center, Student Involvement, Student Leadership, Student Government Association, Graduate Student Association, Student Legal Services, Student Union Programming Board, Student Media, MSC Recreation, the Office of Cultural Outreach and Co-Curricular Programming, Event Planning & Conference Services, the Central Ticket Office, and Wright Auditorium. Through a broad range of co-curricular, cultural, educational, developmental, recreational, and social programs, the department complements the academic programs of the university by providing programs which enhance the educational and cultural experience of students, by providing facilities which serve as laboratories where theoretical and experiential experiences are integrated, and through guidance by a professional staff that assists students to further develop their intellectual capabilities, creative abilities, leadership potential, and citizenship skills. The Department of University Unions/Student Experiences seems to serve all constituents of the university as a unifying force in the life of East Carolina University, cultivating enduring regard for and loyalty to the university.

CO-CURRICULAR PROGRAMS

The primary work of the office is to enhance student learning and contribute to student success by supporting faculty with creative, curriculum-driven programs, resources, and events that occur outside of the classroom. In addition to supporting academic objectives, co-curricular experiences can inspire a range of outcomes that include: encouraging critical thinking; expanding student awareness of practices and beliefs of various cultural groups; fostering meaningful interaction between faculty and students beyond the classroom; stimulating students to reflect upon long held personal beliefs and consider the possibilities of alternate viewpoints; experimental learning; developing awareness of the responsibility of civic engagement and global citizenship; and practicing leadership.

MSC EVENT PLANNING & CONFERENCE SERVICES

The Event Planning Office is available to help plan meetings or events and to reserve any necessary space in Mendenhall Student Center and Wright Auditorium. Mendenhall Student Center's facilities are available for student organization, university department, and general public use.

MSC RECREATION

MSC Recreation, located on the lower level of MSC, features the Outer Limitz and the Pirate Underground/Billiards. Outer Limitz has eight regulation bowling lanes equipped with automatic scoring and bumpers. Pirate Underground/Billiards has nine nine-foot pool tables, three butterfly table tennis tables, electronic and board games. MSC Recreation sponsors bowling and billiards leagues, Playstation tournaments, and ACUI qualifying tournaments for regional competitors. Recognized student organizations, clubs, campus departments, and student groups can reserve these areas.

STUDENT MEDIA

The East Carolinian, the university's student newspaper, is published three times weekly by the students. It carries university and alumni news, and is designed to furnish an outlet for student expression on all matters pertaining to student educational and social development. The paper is available online at <http://www.theeastcarolinian.com>.

SECTION 1: STUDENT LIFE

Expressions, a periodic magazine, is published by the students. It includes campus news, much of which is of particular interest to minority students. *Expressions* may be accessed at www.expressions.ecu.edu.

The Rebel is the university literary magazine published by the students.

WZMB-FM is the student radio station offering news and a variety of musical programs of interest to all segments of the university community.

The Buccaneer is the university official yearbook. Student staff work year-round to produce a historical document of university life.

CULTURAL OPPORTUNITIES

CENTRAL TICKET OFFICE

Located on the main floor of Mendenhall Student Center, the Central Ticket Office provides tickets to a variety of campus wide programs and events, including programs by the Student Union Programming Board, Ledonia Wright Cultural Center, S. Rudolph Alexander Performing Arts Series, Travel-Adventure Film Series, Family Fare Series, Arts Smart Series, School of Music, School of Theatre and Dance, Family Weekend, rentals for Wright Auditorium, Student Organization programs, and more. Tickets to home games for football and basketball are also distributed at the Central Ticket Office. Students are required to present an ECU One Card to secure complimentary and discount tickets.

CULTURAL AWARENESS

Presenting programs that emphasize minority cultures and interests is the responsibility of the Student Union Programming Board Cultural Awareness Committee. The committee annually sponsors minority films, a Jewish and International Festival, a Black Arts Festival, and handicapped awareness week programs.

THE ARTS

S. Rudolph Alexander Performing Arts Series

Culture isn't only about experiments in a Petri dish or a strand of pearls. Rather, culture is about having the opportunity to attend concerts by some of the greatest artists and performers that the world has to offer. The ECU S. Rudolph Alexander Performing Arts Series presents an annual season of nine of the world's best performers and performances of classical, opera, modern dance, ballet, Broadway, jazz, and more, in Wright Auditorium at modest prices. A component of the College of Fine Arts & Communication, the series has served the university and regional community for more than forty years with cultural arts programming. The series also offers dynamic pre-show dinner/panel programs to help audiences learn more about the performances and the performers. For those who desire an extended opportunity to be involved, the series offers graduate assistantships, marketing internships, and office assistantships.

Family Fare Series/Arts Smart Series

Dedicated to providing culturally-enriching programs for young audiences, the Family Fare Series offers wholesome, curriculum-related plays and concerts for family audiences on Saturday afternoons at Wright Auditorium. Arts Smart, a companion program, offers these performances to school children ages K-6, who are bused to campus from twenty-one eastern NC counties.

STUDENT INVOLVEMENT

CENTER FOR STUDENT LEADERSHIP AND CIVIC ENGAGEMENT

The vision of the Center for Student Leadership and Civic Engagement (CSLCE) is to provide students with meaningful experiences that foster leadership practices and civic engagement through supporting related research, pedagogical strategies and co-curricular opportunities that transform and empower students.

GREEK LIFE

The Office of Greek Life works with fraternities and sororities that are members of the National Panhellenic Association, the National Pan-Hellenic Conference, and the Interfraternity Council. The office promotes diversity, life-long learning, friendship, and service – recognizing that sorority and fraternity membership is enhanced through the development of leadership, networking, and ethical decision-making and career-life skills. The office coordinates new member recruitment and assists members with academic, risk management, and social activities.

STUDENT ORGANIZATION CENTER

The Student Organization Center offers a wide variety of programs, service and resources designed to assist and support student organizations and develop leadership skills among students. These skills will not only help students become successful student leaders at ECU, but can also help them stand out in their professional careers. The Student Organization Center offers opportunities to become an active member of the ECU community while filling resumes with great experiences. Student organizations are listed in the organization directory, which may be found at: <http://www.at.ecu.edu/org/>.

STUDENT UNION PROGRAMMING BOARD

Student volunteers organize and present programs that complement academics. Students are encouraged to volunteer to serve on the following committees:

Barefoot: Develops events and programs for this day-long celebration of spring.

Films: Selects blockbuster Hollywood hits and presents them free to students in Hendrix Theater.

Popular Entertainment Committee: Presents programs by artists from the world of jazz, folk, rhythm and blues, rock, and popular entertainment.

Spectrum: Presents programs of high interest and high entertainment value, including: lecturers, hypnotists, mimes, and comedians.

Visual Arts: Presents art exhibits in the Mendenhall Gallery and sponsors the annual ILLUMINA Student Art Competition.

Cultural Awareness: Brings diverse offerings of music, arts, speakers, and exhibits from around the world, including minority films, the International Festival, the Black Arts Festival, and Handicapped Awareness Week programs.

Marketing: Publicizes and promotes Student Union Programming events.

Annual New York Adventure: Arranges bus trips for students, faculty, and staff to the Big Apple during the Thanksgiving break.

STUDENT GOVERNMENT ASSOCIATION

All East Carolina University students are members of the Student Government Association (SGA), the official representative governing body for students. SGA has three branches: executive, legislative and judicial. Together, they provide an official voice for expressing student opinion within the campus, to the University of North Carolina, and at local, state, and national levels.

Executive Branch: The executive branch of SGA consists of the student body president, vice president, treasurer, and secretary. All four of the executive officers are elected annually by a majority of those voting in the student body elections. The executive branch represents the student body in working with the faculty, administration, official guests, and students from other schools. The president of SGA serves as an ex-officio trustee.

Legislative Branch: The legislative branch of SGA, also known as the Student Senate, a collective group of ECU students who strive to enhance the student experience at East Carolina University by serving as a forum for student views and by protecting the rights and privileges of the student body. The senate, with the approval of the executive branch, distributes

SECTION 1: STUDENT LIFE

student fees to registered campus organizations, which allows students to engage in programming, attend relevant conferences and conventions, and sponsor recreational and service activities.

Judicial Branch: Student members of the Judicial Boards hear cases arising out of alleged violations of the Student Code of Conduct. The Student Attorney General also rules on SGA constitutional issues.

SGA STUDENT LEGAL SERVICES

A student who is facing legal situations may contact Student Legal Services, which is funded by SGA to answer legal questions and give legal advice. There is no charge to the student for this service. The attorney will not represent the student, but may refer to another attorney. Call the SGA office, 252-328-4726, for a confidential referral.

CAMPUS MINISTERS ASSOCIATION

This interfaith organization promotes moral values and service to others, and assists in personal and faith development. It serves as a bridge between the campus and the community, and sponsors interfaith activities. The association maintains a Prayer Request Box, located at the Wright Place. Student religious organizations represent diverse religious faiths.

OFFICE OF INTERCULTURAL STUDENT AFFAIRS

The mission of the Office of Intercultural Student Affairs is to assist in creating an environment that is supportive and conducive to meeting the educational, intellectual, and social needs of multiethnic students on the East Carolina University campus. This is achieved through efforts such as freshman outreach activities, social justice programming, leadership development opportunities for student organizations, and by providing administrative assistance to student organizations. Additionally, the director is involved in campus retention and community recruitment initiatives and participates in research to enhance those areas. For additional information, call 252-328-4350 or visit www.ecu.edu/studentlife/icsa/.

LEDONIA WRIGHT CULTURAL CENTER

The Ledonia Wright Cultural Center conducts activities that parallel the University's mission to increase awareness and promote cultural understanding.

The staff of the center works in conjunction with university departments and colleges to produce co-curricular support programs and assist with orientation, transition, retention, and graduation activities. The center also helps promote the principles of cultural competence among the entire university.

The cultural center is the hub of East Carolina University's multicultural activity. Resources at the center include: a reading room/library computer labs, tutorial services, space for meetings, tours, and an art gallery.

The multicultural programming sponsored by the cultural center includes several ongoing programs and observances such as Heritage Month Celebrations, Hate Out Week, Academic/Service Awards, LWCC Day, Diversity Forums, Cultural Excursions, and other special recognitions.

The cultural center hosts receptions and provides reserved gathering space for students, staff, and faculty. A kitchen and other lounge spaces are available for students to relax between classes. For more information, please contact Ledonia Wright Cultural Center at 252-328-6495 or visit www.ecu.edu/lwcc.

CAREER CENTER

The Career Center provides workshops, programs, services and opportunities for students that facilitate career exploration, practical work experience, and professional development. Comprehensive technology and resources enable the Career Center to provide quality offerings in a variety of delivery methods to coincide with your needs. You can develop a resume and have it critiqued, participate in a mock interview, engage your peers at an etiquette dinner, and attend the largest career fairs in the state.

The Career Center is located at 701 E. 5th Street (corner of 5th & Jarvis) or online at www.ecu.edu/e3careers. The Career Center is open Monday-Friday 8 a.m. - 5 p.m. and can be reached at 252-328-6050.

STUDENT AFFAIRS MARKETING

The Student Affairs Marketing Department is focused on providing out-of-the-box thinking to improve communications that promote programs and services offered by Student Affairs. A team-oriented, proactive advertising agency creative concept is utilized to develop and deliver all multi-media aspects of client needs and marketing objectives.

POLICE DEPARTMENT

The East Carolina University Police Department is responsible for maintaining a safe and pleasant environment in which to live and learn. The department is made up of three divisions: Operations Division, Professional Standards Division, and the Support Services Division. Officers with the department are charged with the responsibility of protecting life and property, detecting crime on campus, and providing essential services to the university community. Concerned with the protection of life and property, the officers enforce both the laws of the state of North Carolina and the regulations of the university.

The East Carolina University Police Department is a full-service police organization that operates twenty-four hours a day, 365 days a year. The department consists of sixty-two certified officers, fifteen auxiliary officers, twenty-five to thirty student patrol officers, twelve telecommunicators and seven full-time support service personnel.

Each member of the university community is responsible for campus safety. To assist in this endeavor, the Campus Safety Section of the Operations Division promotes a safe environment through prevention, awareness and educational programs. The department collaborates with the Center for Off-Campus and Community Living in promoting a healthy and safe environment for students living off-campus.

Information about crime prevention and criminal activity on the ECU campus, streets and sidewalks adjacent to campus and in non-campus properties controlled by recognized student organizations is available at www.ecu.edu/police. That site provides crime statistics for the previous three years and information about the security of campus facilities, including residence halls; crime prevention information; information about services and counseling for victims of violence, including sexual assault and domestic violations, and the substance abuse policy; and a link to information about registered sex offenders.

The department non-emergency telephone number is 252-328-6787. A 911 call placed from any campus telephone will reach the ECU Police Department.

GENERAL INFORMATION

East Carolina University is an equal educational opportunity institution; and, in keeping with this policy, the university makes no distinction in the admission of students, or in any other of its activities, on the basis of race, color, gender, sexual orientation, creed, disability, age, or national origin.

All students who are seeking college credit, whether or not they are working toward a degree, must gain admission to the university. Unless otherwise specified, undergraduate students are admitted to the university by the director of admissions. The completed application, with required evidence of eligibility, should be submitted to the Office of Undergraduate Admissions as soon as possible. Applicants should contact the Office of Undergraduate Admissions to determine deadline dates for each academic term.

- Admission to the university does not guarantee admission to individual programs. Individual program admission requirements are described in the specific academic sections.
- Post-baccalaureate students seeking a second undergraduate degree should apply to the Office of Undergraduate Admissions.
- Post-baccalaureate students seeking a graduate degree or nondegree credit only should apply to the Graduate School. This includes students with four year degrees who want to take undergraduate courses as prerequisites to graduate admission application.

The university seeks to admit undergraduate students who show evidence of being able to succeed in and benefit from academic programs of the rigor offered. The admission decision is based on those criteria indicative of performance and potential as listed below. The chancellor or his designee may admit students whose special talents indicate success in programs requiring those talents. In addition to the above, the Board of Trustees has authorized the Admissions and Retention Policies Committee, at its discretion, to require a personal interview and/or any test deemed advisable.

Although a satisfactory health certificate is not required for university admission, it is required for on-campus enrollment.

Applicants who have registered in other colleges, universities, or technical institutes (whether or not they earned credit or wish to transfer credit) are required to submit official transcripts of all previous college attendance to the Office of Undergraduate Admissions.

All official records must be forwarded from the institution previously attended and must be on file in the admissions office before a student can be admitted. Falsification of the application or any academic records will result in dismissal from East Carolina University.

Transcripts will be evaluated on the basis of East Carolina University requirements, not those of any institutions previously attended. If a transfer student meets all admission requirements, full credit will be awarded for all transfer courses passed with a grade of C or better and for which East Carolina University has equivalent courses. To have a transcript evaluated, the student must have on file in the Office of Undergraduate Admissions an application for undergraduate admission, the \$60 application fee, and an official transcript from each school previously attended.

Any record submitted for evaluation may be totally or partially disallowed according to East Carolina University policies and regional accrediting association regulations. East Carolina University routinely accepts credit from institutions accredited by regional accrediting associations. Validating examinations may be required in any or all subjects and will be required for work completed at institutions not accredited by regional associations, if the student wishes to establish such credit. All transfer students must earn a minimum of one-half the hours of credit required for graduation through enrollment in a regionally-accredited senior college; a minimum of 30 s.h. and one-half of the hours in the major must be completed through enrollment at ECU.

In exceptional cases, students may secure the equivalent of transfer credit by passing previously arranged special examinations in subjects in which they have systematically acquired knowledge under conditions which did not permit their earning transferable credit. Freshmen whose high school records and/or pre-entrance tests show unusual achievement and promise in a subject may take special examinations to receive college credit. (See Advanced Placement, below.) Limits on the number of semester

SECTION 2: ADMISSION AND READMISSION

hours of credit earned by special examination may be imposed by schools or departments. Credit earned by examination may not be used to reduce minimum residency requirements.

Grades transferred from another institution are not considered in computing the GPA at East Carolina University, except in the case of seniors graduating with degrees with distinction.

ADMISSION REQUIREMENTS

FRESHMEN

Admission requirements for freshmen are listed below:

1. Certificate of graduation (or its equivalent) from an accredited secondary school and a satisfactory scholastic record.
2. Twenty-one acceptable units of secondary school credit, including in English, four course units emphasizing grammar, composition, and literature; in mathematics, four course units including algebra I, algebra II, geometry and a higher level mathematics course for which algebra II is a prerequisite (fourth unit of mathematics is required of students graduating high school in 2006 and later); in science, three course units, including at least one unit in a life or biological science (for example, biology), at least one unit in a physical science (for example, physical science, chemistry, physics), and at least one laboratory course; in foreign language, two course units in same language (two units in foreign language is required of students graduating high school in 2004 and later); and in social studies, two course units, including one unit in US history.

East Carolina University recommends that prospective students complete at least one course unit in the arts. Admission to the university does not guarantee admission to individual programs; individual program admission requirements are described in the specific academic sections.

3. Satisfactory scores on the Scholastic Aptitude Test of the College Entrance Examination Board (College Board.com/ACT.com, P.O. Box 592, Princeton, New Jersey 08540, or P.O. Box 1025, Berkeley, California 94701) or American College Test Assessment (American College Testing Program, P.O. Box 168, Iowa City, Iowa 52240). Applications for either of these examinations are available on line and in each high school. Official scores should be sent to the Office of Undergraduate Admissions, East Carolina University.
4. A nondeductible, nonrefundable application fee of \$60.

ADDITIONAL ADMISSION REQUIREMENTS FOR STUDENTS ENTERING THE SUCCEED SOONER PROGRAMS

Beginning Summer 2003, East Carolina University initiated a suite of programs designed for outstanding students who wish to move quickly toward completion of their undergraduate education. These new programs provide specialized advising, priority registration, program enrollment as well as opportunities to learn about postbaccalaureate study. Succeed Sooner Programs include the following: Degree in Three, MD in 7, and Integrated and Accelerated Bachelor's to Master's. Students accepted into these programs generally meet the following minimum criteria and may, therefore, be eligible for the Honors Program. (See Section 7.):

1. High School cumulative GPA of 3.5 (on 4.0 scale)
2. SAT of 1200 math/verbal
3. High school rank in the top 10 percent of the senior class

Degree in Three will consider for admission students whose high school standing falls slightly below the criteria listed above but whose high school counselors have nominated them for acceptance into the programs. Students who are accepted to Succeed Sooner Programs in this way are accepted probationally into the Honors Program and must meet program continuation requirements. Letters of nomination should be sent to East Carolina University, Degree in Three Program, 2535 Old Cafeteria Complex, Greenville, NC 27858-4353. Information about admission to the Integrated and Accelerated Bachelors to Masters programs is available online at www.ecu.edu/succeedsooner, and in the graduate catalog.

TRANSFER STUDENTS

General Transfer

General admission requirements for transfer students are listed below:

1. Official transcript(s) from each college, technical institute, or university previously attended showing the following:
 - a. A 2.0 grade point average (GPA) on all transferable hours attempted. (Some professional schools may require a GPA which is higher than that required by the university for admission to their programs.)
 - b. Honorable dismissal and eligibility to return to the college or university at which last matriculated. (Attendance only at summer school or evening school does not apply.)
 - c. Students with 30 or more transferable hours from a regionally accredited institution are not required to provide a high school transcript or general educational development tests (GED) certificate.
2. Nondeductible, nonrefundable application fee of \$60.

Admission to the university does not guarantee admission to individual programs. Individual program admission requirements are described in the specific academic sections.

It is the student's responsibility to request that all transcripts and other records be forwarded to the admissions office.

NOTE: Transfer students must meet the University of North Carolina subject matter admission requirements by completing high school courses as stated above, or by completing 6 degree-creditable semester hours each in English, mathematics, science, foreign language, and social sciences at a regionally-accredited institution other than East Carolina University. Those graduating from high school in 2004 must also have 6 hours of foreign language to satisfy the MCR requirements. (See Admission Requirements, Freshmen.) In addition, those who present fewer than 30 s.h. (45 q.h.) of transferable credits with a minimum GPA of 2.0 must have satisfactory high school grades and test scores to qualify as freshmen.

Transfer with Associate Degree

Admission of transfer students with an associate degree is based on the following criteria.

1. The applicant must have earned the associate of arts, associate of science, or associate of fine arts degree with a cumulative 2.0 GPA or higher.
2. The applicant must have earned the degree from a regionally-accredited institution.
3. The applicant must have earned a minimum of 16 s.h. or 23 q.h. at the institution conferring the degree.

NONTRADITIONAL STUDENTS

Individuals who are at least twenty-four years of age (nontraditional students) or individuals whose high school class graduated three or more years prior to the expected date of entry and who meet UNC minimum course requirements may be permitted to enroll in the university under a performance-based admission policy that specifies retention stipulations provided they meet one of the following conditions. (See General Transfer, Note, above.) The student must

1. have had no previous college experience or
2. have had previous college experience but have not been matriculated within the past one year and are eligible to return to the previous institution but do not meet all stated university admission requirements or
3. have had previous college experience, are not eligible to return to the previous institution, and have not been matriculated at the collegiate level for at least three years prior to the expected date of entry.

Individuals enrolled as degree-seeking students under the performance-based admission policy must achieve a minimum cumulative GPA of 2.2 and meet all retention stipulations by the end of the semester in which the twenty-eighth semester hour of degree creditable work is attempted. Failure either to meet the GPA requirement or to satisfy the retention stipulations will result in the student's being ineligible to continue enrollment at ECU. (See Section 5, Academic Regulations, Readmission.)

Students enrolling under this policy must comply with all university policies regarding the payment of tuition and fees and must comply with NC state law concerning health and immunization.

An individual enrolled under the performance-based admission policy may not declare a major, compete in intercollegiate athletics, or participate in student exchange programs until all retention stipulations specified in his or her admission letter have been satisfied.

SECTION 2: ADMISSION AND READMISSION

INTERNATIONAL STUDENTS

East Carolina University actively seeks to attract international students into its undergraduate and graduate programs. The presence of these students, with their varied geographic and educational backgrounds, helps promote international goodwill and understanding in North Carolina, and provides an opportunity for other university students to further their knowledge and appreciation of the cultures of many lands.

The Office of International Affairs serves as a clearinghouse for the admission of international students. Academic assessments, financial evaluations, and immigration issues as well as admissions are handled through this office.

Admissions requirements for international freshman and undergraduate transfer students are:

1. Graduation from a secondary school and submission of academic records and an official English translation. Transfer students must submit secondary and higher education transcripts and an official English translation.
2. Non-native speakers of English are required to provide an evidence of English proficiency by submitting one of the following:
 - TOEFL score of minimum 500 (paper-based), 173 (computer-based) or 61 (Internet-based).
 - IELTS score of 5.5 or higher
 - SAT I Critical Reading or ACT Combined English/Writing scores
 - Applicants who have completed at least 24 credit hours at a U.S. institution of higher education and received a grade of B or better for an academic English writing/composition course will be exempt from the English proficiency requirement.
3. Completion of an Application for International Undergraduate Admission, which can be mailed, downloaded from, or submitted online at <http://www.ecu.edu/cs-acad/intlaffairs/apply.cfm>.
4. Nondeductible, nonrefundable application fee of \$60.

In order to have an I-20 (Certificate of Eligibility for Nonimmigrant (F-1) Student status issued, international students are also required to submit the Confidential Financial Information Form together with documents showing that they have sufficient financial resources to fund their education in the US.

International students interested in applying may do so through inquiries to the Office of International Affairs, East Carolina University, International House, 306 East 9th Street, Greenville, NC 27858-4353, USA. International admissions information is available at <http://www.international.ecu.edu> or by e-mail, intlprgm@ecu.edu.

The Office of International Affairs also assists ECU students from other countries with the many matters that are of particular concern to them during their stay in the United States. Inquiries may be directed to the Office of International Affairs, International Student Advisor, East Carolina University, Greenville, NC 27858-4353.

A student from a country other than the United States may apply to the chairperson of the Department of Foreign Languages and Literatures for a departmental certificate of American studies for foreign students. In order to qualify for this certificate, a student must pass a minimum of 14 s.h. of graduate or undergraduate course work with a minimum grade of C. A certificate with distinction shall be awarded to a student who completes a program of 20 s.h. of which at least 14 s.h. are passed with a minimum grade of B.

VETERANS AND CHILDREN OF DECEASED AND DISABLED VETERANS

Veterans and children of deceased and disabled veterans must meet regular admission requirements. They should make preliminary application for any educational benefits due them directly to East Carolina University or to the nearest regional Office of the Veterans Administration well in advance of the desired admission date so that the necessary details and documents may be obtained. (See Expenses and Financial Assistance section.)

POSTBACCALAUREATE STUDENTS SEEKING A SECOND BACCALAUREATE DEGREE OR NONDEGREE CREDIT

Students holding a baccalaureate degree and seeking only nondegree credit should apply to the Office of the Graduate School. Students holding a baccalaureate degree and applying for admission to pursue a second baccalaureate degree should apply to the Office of Undergraduate Admissions. (See freshman or transfer admission requirements, above, or www.ecu.edu/admissions.)

NONDEGREE STUDENTS

Individuals may be allowed to enroll in the university on a space-available basis as nondegree, auditing, or visiting students if they qualify under one of the categories listed below. The students will register with the Office of the Registrar.

Nondegree

Many individuals desire to take courses for reasons such as certification, needs arising from the workplace, and self-satisfaction. Often such plans do not include working toward a baccalaureate degree. Individuals who have not earned a baccalaureate degree and who desire to participate in this program should contact the Office of Admissions for additional information. Individuals who have earned a baccalaureate degree who wish to enroll as nondegree students should contact the Graduate School for a nondegree graduate application and additional instructions.

Individuals enrolled as nondegree undergraduate students can apply no more than 28 s.h. earned in this status toward an undergraduate degree upon admission to East Carolina University. However, nondegree enrollees may not use those hours to satisfy UNC minimum admission requirements for admission to East Carolina University but may transfer them to another institution.

Auditors

Auditing a course consists of attendance at classes and listening but taking no part in the class. An auditor is not responsible for any assignments, nor is he or she allowed to take any tests or examinations. However, in order to have the audited course recorded on the official transcript, a student must attend classes regularly. An auditor may not enroll in a participation course (art classes, laboratories, etc.). Under no circumstances will a grade be assigned, evaluations be made, or performance reports be issued on a student auditing a course. Auditing a course or part of a course is contingent upon the approval of the instructor and the appropriate departmental chairperson or school/college dean. Students may not register to audit a course until the last day of the drop/add period. Persons who wish to attend university classes without earning credit must be admitted to the university before seeking approval to audit any course. The applicants shall then complete the prescribed procedure for registering through the Office of the Registrar and pay the audit fee to the cashier's office before attendance in classes is permitted.

Students regularly enrolled in the university wishing to audit course(s) must initiate the approval process with their advisor. A student may audit no more than two courses in any semester.

Visitors

Students attending another accredited college or university may desire to attend East Carolina University for a limited period of time and then return to their original institutions. Such applicants must complete a visitor's application and have the dean or other appropriate official at the parent institution verify that the applicant is in good standing. This official should specify the courses to be taken at East Carolina University. The student should enroll in only specified courses and then only if the required prerequisite courses or their equivalents have been completed. Enrollment as a visitor will be limited to no more than 28 s.h. earned at East Carolina University. Credit earned as a visiting student cannot be used to establish eligibility for admission to East Carolina University, but up to 28 s.h. earned at East Carolina University may be applied after the student has been admitted.

Summer Session

The university offers two schedules of summer classes for both on-campus and distance education instruction: one eleven-week session, and two five-week terms. Please see the calendars in the preface of this catalog or individual program schedules for dates. (See Nondegree and Visitors, above.)

1. For those working toward a degree from East Carolina University, all of the admission requirements must be met. (See freshman or transfer admission requirements, above, or www.ecu.edu/admissions.)
2. For any visiting student, a statement must be presented from the dean or registrar of the college or university at which the student is enrolled, verifying good standing and recommending the courses to be taken. (See Nondegree and Visitors, above.)
3. Students holding a baccalaureate degree and seeking only nondegree credit should apply to the Graduate School.

SECTION 2: ADMISSION AND READMISSION

THE GRADUATE SCHOOL

All questions concerning graduate work, including admission and transfer requirements, should be directed to the dean of the Graduate School. Also, see the graduate catalog.

DUAL UNDERGRADUATE AND GRADUATE ENROLLMENT

Senior undergraduate students may be admitted as nondegree graduate students and enroll for 9 s.h. of graduate credit. The student must have the approval of his or her undergraduate advisor and the graduate program offering the course. The Dual Undergraduate/Graduate Enrollment Form and eligibility criteria may be accessed at www.ecu.edu/gradschool/ecuhtm_files/facinfo.htm.

ADVANCED PLACEMENT

Applicants who present acceptable grades on advanced placement examinations of the College Entrance Examination Board will be given credit or advanced placement in the appropriate subject matter areas. Applicants who complete an international baccalaureate may receive some college credit. Additional information on acceptable examinations and required scores is available in the Office of Admissions.

Credit may also be given for acceptable performance in the appropriate subject matter areas on both the general examination and subject examinations of the College Level Examination Program and Defense Activity Nontraditional Education Support. Additional information concerning required scores and acceptable tests is available in the Office of Admissions.

Transfer students should submit an official copy of advanced placement and CLEP scores to the Office of Admissions with the application.

PLACEMENT TESTING

Placement tests are given in mathematics, foreign language, and chemistry. However, placement tests will not be administered, nor will placement credit be awarded, in any of the three academic areas in which the student has earned any college credit. Credit earned through placement testing is awarded without grade and without quality points, and no fee is exacted for such credit. (See below.) The student should strive for a high score on placement tests because the resulting reduction in the number of credits to be earned to satisfy minimum requirements for graduation and the time made available for elective courses justify the effort. Tests are scheduled during the summer orientation program and at certain other times as determined by the department concerned. Distance education students may be required to visit the campus to take placement tests. Information pertinent to each area is included in the sections immediately following.

English

Entering freshmen who present a grade of 3 on the College Entrance Examination Board (CEEB) Advanced Placement Examination (language and composition or literature and composition) receive 3 s.h. credit and enroll in ENGL 1200 to complete the composition requirement. Students with scores of 4 or 5 receive 6 s.h. credit and have completed the composition requirement. Honors students who do not take the CEEB Advanced Placement Examination or who present a grade below 3 may enroll in honors sections of ENGL 1100. Quality points will be granted only for those students who complete ENGL 1100 and/or 1200 through regular class attendance.

Foreign Language

To determine the university level of foreign language study at which students may most profitably continue the language(s) they took in high school, a placement test should be taken by all students who have only high school credit in foreign language(s) and wish to earn college level credit at ECU. (See Placement Testing, above.)

Students exercising the option to take the foreign language placement test may enroll in a course one level lower than the placement indication without departmental approval or one level higher with permission of the chairperson of the Department of Foreign Languages and Literatures either during drop/add or by the fifth day of class. After successful completion of the course, students will, upon request, receive bypass credit for the course(s) sequentially preceding the one completed. This policy is to be applied to all students regardless of the date of their entry to the university.

Students who take the placement test may also receive bypass credit for language levels 1001 through 1004, but only upon satisfactory completion of validating procedures administered on this campus, as follows:

1. Upon completion of level 1002 with a passing grade, students will receive bypass credit for level 1001.
2. Upon completion of level 1003 with a passing grade, students will receive bypass credit for levels 1001 and 1002.
3. Upon completion of level 1004 with a passing grade, students will receive bypass credit for levels 1001, 1002, and 1003.
4. Upon completion of a course above level 1004 with a passing grade, students will receive credit for levels 1001, 1002, 1003, and 1004.

Entering students who plan to continue language study are strongly advised to do so as soon as possible after admission to the university. Any questions concerning placement and bypass credit should be directed to the chairperson of the Department of Foreign Languages and Literatures.

Students who do not wish to take the placement test in the language they choose to study must enroll in level 1001. Please note, however, that a placement test is required for enrollment in all lower-level Spanish courses including level 1001. Students with college bypass credit in a particular foreign language from another institution are not eligible to take the placement test in that language. Students who wish to study a different language from the one studied in high school may earn credit beginning with level 1001.

Foreign students are not eligible to take the placement test in their native language and receive bypass credit for basic elementary and intermediate level courses in that language. They are encouraged to take advanced courses in their native language; however, they should see the chairperson of the Department of Foreign Languages and Literatures before enrolling.

Mathematics

Students who score 540 or better on the math SAT may be placed into MATH 1065 or 1066, all of which count toward the foundations curriculum mathematics requirement. MATH 1050, which also counts toward the foundations curriculum mathematics requirement, does not require a minimum SAT score. Students without the minimum SAT score will be placed into MATH 1065 or higher based on their score on the mathematics placement test. A student who earns a higher score on the math SAT or has taken AP calculus in high school can be placed into a higher level course with the consent of the department.

READMISSION

REGULAR READMISSION

Any student not enrolled for one or more semesters on the main campus of the university must apply for readmission. Applications for readmission and submission deadlines are available from the Office of Undergraduate Admissions. Readmission to the university does not guarantee readmission to individual academic programs.

TRANSFER READMISSION

Students who have been enrolled at another college or university since their last enrollment at East Carolina University must submit to the Office of Undergraduate Admissions official transcripts indicating that a minimum cumulative C average (2.0 on a 4.0 scale) has been earned on all transferable courses attempted. In order to ensure processing, applicants should submit readmission applications according to the deadline provided by the admissions office. Transfer credit will be evaluated in accordance with established university policy. (See Transfer Credit.)

SECTION 2: ADMISSION AND READMISSION

NONTRADITIONAL STUDENT READMISSION

Nontraditional students admitted under the Performance-Based Admission Policy who fail either to meet the GPA requirement or to satisfy the retention stipulations may not continue enrollment at East Carolina University except under the following conditions:

1. Students may attend summer school at East Carolina University to satisfy retention stipulations.
2. Students may be readmitted under the provisions of the Special Readmission (Forgiveness) Policy to resume progress toward satisfying retention stipulations.
3. Students may be readmitted after completing at an accredited college or university 30 s.h. or 45 q.h. of transferable work with a minimum grade of C on all transferable work.

Duplicate credit will not be granted under any circumstances. In all cases the stipulations specified at the time of initial admission must be satisfied.

FOLLOWING SUSPENSION

See section on academic regulations, academic eligibility standards, for policies on readmission following suspension and the Special Readmission Policy.

GENERAL INFORMATION

Because of the early publication of this catalog, the tuition and fee schedule is omitted. The current university schedule of tuition and fees can be obtained from the cashier's office, the admissions office, or <http://www.ecu.edu/cs-admin/financialserv/cashier/tufee.htm>.

It is estimated that the average student who is a North Carolina resident incurs necessary expenses of approximately \$13,000 for room, meals, tuition, and fees during an academic year of two semesters. The costs of meals and textbooks may vary considerably, according to individual requirements. The university operates food service facilities in six locations throughout the campus. Meals are available either under a meal plan or by individual selections at moderate prices. A cost of approximately \$1,380 per semester for meals is an estimate. Students are required to purchase their textbooks. For their convenience, the university owns and operates the Student Stores, located on the ground floor of the Wright Building, where all necessary books and supplies may be purchased. The cost of books will vary with the different curricula; \$500-\$750 per two semesters is a reasonable estimate.

RESIDENCE STATUS FOR TUITION PURPOSES

The basis for determining the appropriate tuition charge rests upon whether a student is a resident or a nonresident for tuition purposes. Each student must make a statement as to the length of his or her residence in North Carolina, with assessment by the institution of that statement to be conditioned by the following:

Residence. To qualify as a resident for tuition purposes, a person must become a legal resident and remain a legal resident for at least twelve months immediately prior to classification. Thus, there is a distinction between legal residence and residence for tuition purposes. Furthermore, twelve months' legal residence means more than simple abode in North Carolina. In particular it means maintaining a domicile (permanent home of indefinite duration) as opposed to "maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education." The burden of establishing facts which justify classification of a student as a resident entitled to in-state tuition rates is on the applicant for such classification, who must show his or her entitlement by the preponderance (the greater part) of the residuary information.

Initiative. Being classified a resident for tuition purposes is contingent on the student's seeking such status and providing all information that the institution may require in making the determination.

Parents' Domicile. If an individual, irrespective of age, has living parent(s) or court-appointed guardian of the person, the domicile of such parent(s) or guardian is, prima facie, the domicile of the individual; but this prima facie evidence of the individual's domicile may or may not be sustained by other information. Further, nondomiciliary status of parents is not deemed prima facie evidence of the applicant child's status if the applicant has lived (though not necessarily legally resided) in North Carolina for the five years preceding enrollment or re-registration.

Effect of Marriage. Marriage alone does not prevent a person from becoming or continuing to be a resident for tuition purposes, nor does marriage in any circumstances insure that a person will become or continue to be a resident for tuition purposes. Marriage and the legal residence of one's spouse are, however, relevant information in determining residuary intent. Furthermore, if both a husband and his wife are legal residents of North Carolina and if one of them has been a legal resident longer than the other, then the longer duration may be claimed by either spouse in meeting the twelve-month requirement for in-state tuition status.

Military Personnel. A North Carolinian who serves outside the state in the armed forces does not lose North Carolina domicile simply by reason of such service. And students from the military may prove establishment of residence by reference, as in other cases, to residuary acts accompanied by residuary intent. In addition, a separate North Carolina statute affords tuition rate benefits to certain military personnel and their dependents even though not qualifying for the in-state tuition rate by reason of twelve months legal residence in North Carolina. Members of the armed services, while stationed in and concurrently living in North Carolina, may be charged the in-state tuition rate. A dependent relative of a service member stationed in North Carolina is eligible to be charged the in-state tuition rate while the dependent relative is living in North Carolina with the service member and if the dependent relative has met any requirement of the Selective Service System applicable to the dependent relative. These tuition benefits may be enjoyed only if the applicable requirements for admission have been met; these benefits alone do not provide the basis for receiving those derivative benefits under the provisions of the residence classification statute reviewed elsewhere in this summary.

SECTION 3: EXPENSES AND FINANCIAL ASSISTANCE

Grace Period. If a person (1) has been a bona fide legal resident of the required duration, (2) has consequently been classified a resident for tuition purposes, and (3) has subsequently lost North Carolina legal residence while enrolled at a public institution of higher education, that person may continue to enjoy the in-state tuition rate for a grace period of twelve months measured from the date on which North Carolina legal residence was lost. If the twelve months period ends during an academic term for which the person is enrolled at a state institution of higher education, the grace period extends, in addition, to the end of that term. The fact of marriage to one who continues domicile outside North Carolina does not by itself cause loss of legal residence, marking the beginning of the grace period.

Minors. Minors (persons under eighteen years of age) usually have the domicile of their parents, but certain special cases are recognized by the residence classification statute in determining residence for tuition purposes.

- a. If a minor's parents live apart, the minor's domicile is deemed to be North Carolina for the time period(s) that either parent, as a North Carolina legal resident, may claim and does claim the minor as a tax dependent, even if other law or judicial act assigns the minor's domicile outside North Carolina. A minor thus deemed to be a legal resident will not, upon achieving majority before enrolling at an institution of higher education, lose North Carolina legal residence if that person:
 - (1) upon becoming an adult "acts, to the extent that the person's degree of actual emancipation permits, in a manner consistent with bona fide legal residence in North Carolina" and
 - (2) "begins enrollment at an institution of higher education not later than the fall academic term following completion of education prerequisite to admission at such institution."
- b. If a minor has lived for five or more consecutive years with relatives (other than parents) who are domiciled in North Carolina and if the relatives have functioned during this time as if they were personal guardians, the minor will be deemed a resident for tuition purposes for an enrolled term commencing immediately after at least five years in which these circumstances have existed. If under this consideration a minor is deemed to be a resident for tuition purposes immediately prior to his or her eighteenth birthday, that person on achieving majority will be deemed a legal resident of North Carolina of at least twelve months' duration. This provision acts to confer in-state tuition status even in the face of other provisions of law to the contrary; however, a person deemed a resident of twelve months' duration pursuant to this provision continues to be a legal resident of the state only so long as he or she does not abandon North Carolina domicile.

Lost But Regained Domicile. If a student ceases enrollment at or graduates from an institution of higher education while classified a resident for tuition purposes and then both abandons and reacquires North Carolina domicile within a twelve month period, that person, if he or she continues to maintain the reacquired domicile into re-enrollment at an institution of higher education, may re-enroll at the in-state tuition rate without having to meet the usual twelve-month durational requirement. However, any one person may receive the benefit of this provision only once.

Change of Status. A student admitted to initial enrollment in an institution (or permitted to re-enroll following an absence from the institutional program which involved a formal withdrawal from enrollment) must be classified by the admitting institution either as a resident or as a nonresident for tuition purposes prior to actual enrollment. A residence status classification once assigned (and finalized pursuant to any appeal properly taken) may be changed thereafter (with corresponding change in billing rates) only at intervals corresponding with the established primary divisions of the academic year.

Transfer Students. When a student transfers from one North Carolina public institution of higher education to another, he or she is treated as a new student by the institution to which he or she is transferring, and must be assigned an initial residence status classification for tuition purposes.

Regulations on Residency: the *Manual*. University regulations concerning the classification of students by residence, for purposes of applicable tuition differentials, are set forth in detail in *A Manual to Assist the Public Higher Education Institutions of North Carolina in the Matter of Student Residence Classification for Tuition Purposes*. Each enrolled student is responsible for knowing the contents of that *Manual*, which is the controlling administrative statement of policy on this subject. Copies of the *Manual* are available on request at the undergraduate admissions office, the registrar's office, and the Joyner and Health Sciences Libraries. The *Manual* is also available online in the residency section of the registrar's home page: <http://www.ecu.edu/registrar/>.

Deadline for Application. Newly admitted or readmitted undergraduate students applying for the in-state rate for tuition should complete the *Application for In-State Residence and Tuition* and return it to the undergraduate admissions office at least three weeks prior to registration day for the term for which they seek in-state tuition. Continuing undergraduate students who seek to have their residency status changed to in-state should complete the *Application* and return it to the registrar's office at least three weeks prior to registration day for the term for which they seek in-state tuition. Students seeking a military waiver of out-of-state tuition should complete the *Application for a Military Waiver* and return it to the registrar's office at least three weeks prior to registration day for the term for which they seek the waiver.

EXPENSES

ENROLLMENT DEPOSIT

Applicants who are admitted as undergraduate students are required to remit a nonrefundable deposit of \$100 to signify their intention to enroll. All enrolling applicants will receive credit for the \$100 deposit toward their tuition and fees.

Applicants who are accepted for admission to East Carolina University for the fall semester must deposit the \$100 with the university cashier by May 1, or shortly after admission; applicants who are admitted for the spring semester must remit the deposit by November 15. The approval for admission will be tentative until the deposit and all required final academic records are received and reviewed to ensure that admission standards have been met. If the deposit is not received by the deadline, the applicant's acceptance will be continued only if space in the university is available.

FEE PAYMENT SCHEDULE

Returning students or those admitted and registering before the collection of fees begins for the fall or spring semesters will be subject to a late payment fee if tuition and fees are not paid by a published deadline, which usually precedes registration day by about two weeks. The academic calendars include the published deadlines and can be accessed online at www.ecu.edu/fsonline/fscalend.htm.

Students will be charged tuition and fees.

Tuition and fees are subject to revision by The UNC Board of Governors and/or the ECU Board of Trustees, who reserve the right to revise them at any time found necessary or advisable and without prior notice.

No person is allowed to attend class or receive class instruction without being properly registered either for credit or for audit.

See bulletins for summer session and continuing studies fees.

TUITION SURCHARGE

The tuition surcharge of 25 percent applies to all undergraduates seeking a baccalaureate degree at ECU under conditions described below. Credit hours to be included in the total include the following:

1. all regular session degree-creditable courses taken at ECU, including repeated courses, failed courses, and those dropped after the last date to add a course; and
2. all transfer credit hours accepted by ECU (except those taken at another UNC institution through summer school or through degree-credit extension).

Credit hours to be excluded are those earned through: 1) The College Board's AP and CLEP programs or alternative programs; 2) institutional advanced placement, course validation, or any similar procedures for awarding course credit; and 3) a summer session or degree-credit extension division of ECU [distance education].

The credit-hour threshold for imposing the surcharge depends upon the number of hours required to earn the degree. For students earning a first baccalaureate degree in a program that requires no more than 128 s.h., the surcharge is applied to all hours in excess of 140 s.h. For students earning a first baccalaureate degree in a board-approved program that requires more than 128 s.h., the surcharge is applied to all hours that exceed 110 percent of the hours required for the degree. Examples of such programs include those that have been officially designated by the Board of Governors as five-year programs, programs

SECTION 3: EXPENSES AND FINANCIAL ASSISTANCE

involving double majors, and combined bachelor's/master's degree programs. For students earning a baccalaureate degree other than their first, the surcharge shall be applied to all hours that exceed 110 percent of the minimum additional hours needed to earn the additional baccalaureate degree.

Exemption: *The surcharge will not be imposed on undergraduates who complete a first four-year baccalaureate degree program in eight or fewer regular term semesters or the equivalent or a five-year program taken in ten or fewer regular term semesters or the equivalent.*

INDEBTEDNESS TO THE UNIVERSITY AND RETURNED CHECKS

No degree, diploma, or certificate will be granted or transcript of credits furnished a student until all financial obligations to the university, other than secured student loans, have been paid. A student may not be permitted to register, to attend classes, or to take final examinations after the due date of any unpaid obligations.

A charge will be imposed by the Office of the Cashier, Student Stores, and other university offices for returned checks. They will also subject the maker to legal action and may jeopardize the privilege of cashing checks on campus.

REFUND POLICY

REFUNDING OF TUITION AND FEES

It is to the financial advantage of all students withdrawing, dropping to part-time status, or dropping to a lower block of credit hours, to do so as early in the semester/session as possible. The official withdrawal policy may be found in the academic regulations section of this catalog. Refunds for tuition and required fees (excluding room and board charges which are determined by contractual agreement) will be made as follows for students who withdraw or drop to a lower block of credit hours:

- Through the first week of classes (five class days starting the first official day of classes for the university) tuition and required fees will be refunded at 100 percent minus a \$25 nonrefundable processing fee.
- The second week of classes (six to ten consecutive class days) tuition and required fees will be refunded at 75 percent minus the processing fee.
- The third week of classes (eleven to fifteen consecutive class days) tuition and required fees will be refunded at 50 percent minus the processing fee.
- The fourth week of classes (sixteen to twenty consecutive class days) tuition and required fees will be refunded at 25 percent minus the processing fee.
- Beginning with the fifth week of classes (twenty-first consecutive class day) refunds will not be considered.

If the student wishes to appeal, the process must be initiated in writing to the Tuition Refund Appeals Committee and the written appeal can be submitted to either the Office of the Registrar or the Cashier's Office.

All refunds are subject to the above noted time limitations and will be based on the difference between the amount paid and the charge for the block of hours for which the student is officially registered.

POLICY EXCEPTIONS

There will be no refunds for special course fees after the first five class days of each semester.

A separate and extended refund policy exists for first-time federal Title IV financial aid recipients. Refer to financial aid materials or contact the Office of Student Financial Aid.

To officially withdraw from the university, a student must give written notice to the Center for Academic Services.

Any refunds that a student is entitled to shall first be applied to outstanding financial obligations owed the university.

SUMMER SESSIONS

The refund period for withdrawal or reduction in course load is limited to the first week of classes (five class days starting with the first official day of classes for the university). During this period, 100 percent of the tuition and fees will be refunded minus a \$25 registration/processing charge.

FINANCIAL ASSISTANCE

TUITION WAIVER FOR PERSONS AT LEAST 65 YEARS OF AGE

Persons 65 years of age and older, who meet the requirements for the in-state rate of tuition and the university requirements for admission, can have their tuition and fees waived provided space is available in the course being sought.

VETERANS ADMINISTRATION EDUCATIONAL PAYMENTS

The Offices of Veterans Administration (VA) and Social Security require a minimum course load of 12 s.h. of required courses per semester (except summer session) for payment of full-time benefits to veterans and eligible dependents.

East Carolina University is approved for a student to take up to 56 s.h. of foundations curriculum courses. After a student receives the 56 s.h., he or she must declare a major either officially or unofficially for the VA. The 56 s.h. will include transfer credits and credits earned on campus.

After the student declares a major, benefits will be paid only for courses listed in the catalog under that degree/major program. Substitutions are allowed when the major chairperson gives written approval prior to the student's taking the course.

Students declared academically ineligible will be required to remove their probation before educational benefits can be recertified to the VA.

Students may be eligible for an additional allowance under a work-study program. The work-study program allows students to perform work for the VA in return for an hourly wage. They may perform outreach services under the supervision of a VA employee, prepare and process VA paperwork, work in a VA medical facility, or other approved activities. Students must be enrolled at three-quarter or full-time rate.

Students may be eligible to receive a special allowance for individual tutoring if they enter school at one half-time or more. To qualify, students must have a deficiency in a subject, making the tutoring necessary. There is no entitlement charged for tutorial assistance.

Further information is available at the campus veterans affairs office.

UNC CAMPUS SCHOLARSHIPS

The UNC Campus Scholarship program is awarded on financial need and merit to incoming freshmen who are North Carolina residents. The \$1,500 scholarship award is designed to assist in the diversification of the university's undergraduate student body to include the presence of first generation college students, students from disadvantaged socio-economics backgrounds, and traditionally underrepresented populations on our campus.

NATIONAL/INTERNATIONAL FELLOWSHIPS AND SCHOLARSHIPS

East Carolina University maintains an Office of National/International Fellowships and Scholarships to familiarize students with the competitive national and international fellowships and scholarships available to selected students intent on pursuing graduate work. These fellowships and scholarships, for the most part, are for terms long enough to ensure completion of the master's degree, but in some cases they allow for work on the doctoral degree. Among the fellowships and scholarships coordinated by this office are the Barry M. Goldwater Scholarship, the Marshall Scholarships, the Rhodes Scholarships, the Fulbright Grants, and the Harry S. Truman Scholarships (undergraduate only). Interested students should contact the director, Honors Program, D-107 Brewster Building; 252-328-6373.

OFFICE OF STUDENT FINANCIAL AID

Through the use of federal and state funds as well as contributions from its many friends and alumni, East Carolina University makes every effort to assist students in the continuation of their education. The staff of the university Office of Student Financial Aid assists students in obtaining funds from the source best suited to the individual's need.

Three main types of financial assistance are available to qualified students: gift aid, consisting of grants and scholarships; long-term educational loans; and part-time employment. Students classified as nondegree auditors, special students, or visitors are not eligible for financial aid.

SECTION 3: EXPENSES AND FINANCIAL ASSISTANCE

Because the primary aim of the financial aid programs is to provide assistance to students who, without aid, would be unable to continue their education, most of the funds are awarded on the basis of financial need. However, in its efforts to strive for excellence, the university offers assistance to some talented students based on merit rather than need.

The university participates in federal programs which provide funds on the basis of financial need as follows:

Federal Pell Grant	Federal Work-Study Program
Federal Supplemental Educational Opportunity Grant	Federal Stafford Loan Program
Federal Parent Loan Program	Nursing Student Loan
Federal Perkins Loan	

Information pertaining to the application process, types of aid available, and academic requirements may be obtained from the East Carolina University Office of Student Financial Aid and at www.ecu.edu/financial. Students should contact appropriate deans or departmental chairpersons of intended major areas concerning scholarships that are available in those disciplines.

East Carolina University offers academic programs through traditional on-campus class attendance as well as by distance education classes offered via the Internet and at other locations. Courses are offered in fall and spring semesters, each comprising fourteen weeks plus an additional week at the close of each semester for exams. Both traditional and nontraditional students may be enrolled in on-campus and/or distance education classes. (See www.ecu.edu)

Summer classes are offered for both on-campus and distance education instruction. There are two summer session schedule formats: one eleven-week session, and two five-week terms. Schedules for fall and spring semesters as well as summer school are located in the front of this catalog and are also available at www.ecu.edu. Students entering the university only for a summer session(s) must meet all admission requirements or be approved visitors from another institution. See Section 2, Admission and Readmission, or contact the Office of Admissions, www.ecu.edu/admissions, for further information. Graduate students should consult the Graduate School.

ACADEMIC INTEGRITY

Academic integrity is expected of every East Carolina University student.

Academic violation of the Honor Code consists of the following: cheating, the giving or receiving of any unauthorized aid or assistance, or the giving or receiving of unfair advantage on any form of academic work; plagiarism, copying the language, structure, ideas, and/or thoughts of another and adopting those as one's original work; falsification, statement of untruth, either verbal or written, regarding any circumstances relating to academic work; and attempting any act which if completed would constitute an academic integrity violation as defined above. Procedures governing academic integrity violations are described in the *East Carolina University Student Handbook* and in the *Faculty Manual*.

No student may drop the involved course or withdraw from the university prior to resolving an academic integrity charge.

ACADEMIC ADVISEMENT

To assist campus and distance education students in their academic programs, the university has established in each college, school, and department a system of academic advising, whereby the student is assigned to a faculty member or a professional advisor who serves as his or her advisor. The advisor helps to plan the student's academic program, particularly during registration periods; keeps a record of his or her progress; and is available throughout the year for additional advising. To obtain the name of their assigned advisor, students should go to ECU OneStop (www.onestop.ecu.edu), and click on Banner Self Service.

Advisors will make every attempt to give effective guidance to students in academic matters and to refer students to those qualified to help them in other matters. The responsibility for meeting all academic requirements for a selected program rests with the student; however in addition to his or her advisor, the student may obtain help from the chairperson of the major department or the dean of the college or school.

Upon admission to the university, students are advised in the appropriate areas as follows:

- On-campus freshmen and sophomore students are advised in the General College, unless otherwise specified below, until a major is declared. (See General College, below.) Students admitted directly into a degree program are advised in that unit. (Consult academic unit.) Students admitted under the nontraditional student admissions policy will be advised by General College advisors until they have satisfied both the stipulations of their letter of admission and the requirements for admission to their major.
- Distance education students are advised by a faculty member and/or professional advisor in the major program.

GENERAL COLLEGE

The General College, administered by the Director of Academic Services, functions to advise undergraduate students until they are eligible for admission to a degree program. It affords an opportunity for students to explore various disciplines before becoming committed formally to any major. Students who enter with a definite career decision will be encouraged to take courses in the area of their interests and will be assigned an advisor in that area.

Students who have not chosen a major are advised through the Academic Advising and Support Center. Students can locate their advisor at via Banner Self Service.

SECTION 4: ACADEMIC ADVISEMENT, PROGRESSION, AND SUPPORT

Although a General College student may decide on a major before the end of the sophomore year, that decision will not be registered formally until requirements for transfer into the proposed major have been met. After the student has made the decision, he or she may take some of the introductory courses in the major without making the formal declaration of major. Nevertheless, a student in the General College must give primary attention to fulfilling foundations curriculum requirements.

It should be noted that it is the responsibility of the student to take the courses that are required for the chosen degree. In some programs, particularly those in the sciences and the allied health professions, the student should begin the appropriate science course sequences early in the program. Failure to follow the suggested curriculum may necessitate continuance of course work beyond four years.

During the period that the student is assigned to the General College, the university rule that a student adopt the catalog that is current whenever he or she changes his or her program does not apply. (See Section 5, Academic Regulations.) Except for the requirements for admission to certain programs, the catalog that was current at the time the student entered the General College will apply when he or she leaves the General College and declares a major unless (1) the student elects a later catalog by contacting his or her academic advisor, (2) the student changes his or her program after initial transfer from the General College, or (3) accreditation requirements for the university have been changed.

Degree In Three Program

Students admitted through the Succeed Sooner Degree in Three Program begin during the second summer term before their freshman year. They meet with special advisors in person or via telephone prior to the summer term. During the term, students review and customize their program of study with their academic advisor/mentor. In subsequent semesters, the advisors provide ongoing advising services, including use of the priority registration system. The advisors ensure that students are enrolled in appropriate classes in a timely manner in order to maintain the three-year completion schedule. Degree in Three Program advisors also provide advice on the graduate admission process. (See also Section 7.)

MD in 7 Program

Students who meet the criteria for admittance into the MD in 7 initiative and indicate they wish to pursue a pre-medical undergraduate program are encouraged to indicate their interest via the web site, www.ecu.edu/succeedsooner. Students participating in this initiative will meet with their academic advisor who will help them to tailor their programs and to follow application procedures. Students also will be expected to gain undergraduate experience in research, community and college service, and leadership.

STUDENT PROGRESSION

As students matriculate, they are classified by semester hours of credit as freshman, sophomore, junior, and senior. Students who entered through the General College will choose a major as they near completion of the foundations curriculum requirements or meet the requirements as specified in a selected degree program. Students admitted under the nontraditional student admissions policy may not declare a major until they have met published stipulations.

CLASSIFICATION OF STUDENTS

In a regular semester, a student who registers for 12 or more semester hours is classified as full time. A student registered for less than 12 semester hours is classified as part-time. In order to graduate in eight semesters of attendance, a student in a typical degree program (120-128 s.h.) must average 15-16 semester hours (s.h.) of credit per semester. Students will be classified as to class standing as follows:

1-29 semester hours credit: Freshman
30-59 semester hours credit: Sophomore

60-89 semester hours credit: Junior
90 or more semester hours credit: Senior

Students must meet grade (quality) point requirements to be eligible for readmission for a succeeding semester at East Carolina University. (See Academic Eligibility Standards, below.)

LIBERAL ARTS FOUNDATIONS PROGRAM

The Liberal Arts Foundations program consists of the freshman- and sophomore-level courses that satisfy the requirements in foundations curriculum for baccalaureate degrees. In some majors, notably music, art, and the sciences, sequence course work which must be taken in the freshman and sophomore years requires that some Liberal Arts Foundations requirements be postponed until the junior year. Suggested course sequences and other advising information may be found on the web at www.ecu.edu/advising.

The Goals of the Liberal Arts Foundations Curriculum

The overarching goal of the Liberal Arts Foundations curriculum is to provide students with the fundamental knowledge and abilities essential to their living worthwhile lives both private and public. The curriculum is based on the faculty's belief that the best way to prepare students for living worthwhile lives is to provide them with a solid foundation in the core disciplines in the liberal arts (the humanities, arts, basic sciences, and basic social sciences), in conjunction with a multidisciplinary education in the specific areas of health promotion and physical activity and mastery of writing and mathematics competencies. The foundations curriculum provides a common, unified knowledge and skills base to students who will major in different subjects and who come from diverse cultural backgrounds. Foundations courses give students the shared knowledge and abilities necessary to integrate their foundational education with their major. Taken from the perspective of students' personal, private interests, this foundation and its integration with specialized learning in the students' majors enables students to live broadly informed, responsible, worthwhile lives. From the public perspective, this integration is essential to good citizenship in an increasingly global yet culturally diverse and conflicted world.

Fundamental Goal Areas

The foundations curriculum is divided into four basic, core disciplinary areas (humanities, arts, basic sciences, basic social sciences), one multidisciplinary area in health promotion and physical activity, and two areas of competence: writing and mathematics.

All foundations courses in the core liberal arts disciplines must meet the three fundamental goals of a foundational liberal arts education:

Students must learn the subject matter of one or more of the disciplines in each of the four core areas (humanities, arts, basic sciences, and basic social sciences).

Students must learn the fundamental concepts and research methods utilized in one or more of the disciplines in each core area.

Students must learn the relevance of scholarship in the discipline and in its core area to the student's overall education.

All courses in the required multidisciplinary area (health promotion and physical activity) and competency areas (writing and mathematics) must meet the goals specific to each of these areas.

Goals for the humanities, arts, sciences, social sciences, health promotion and physical activity, writing, and mathematics are available at <http://www.ecu.edu/cs-acad/fsonline/as/liberalartsfoundation.cfm>.

Courses that Carry Foundations Curriculum (FC) Credit

Many courses that carry foundations curriculum credit are identified in the course listings using the FC designation; however, there may be other courses that also carry foundations curriculum credit. Many majors have specific foundation course requirements (see listing in section 8). Students should check their intended degree requirements prior to selecting foundation courses. For example, some majors may require specific science, math, social science, etc. courses. Courses in the student's major prefix area may not count toward foundations curriculum requirements.

SECTION 4: ACADEMIC ADVISEMENT, PROGRESSION, AND SUPPORT

English I 100, I 200 (FC:EN).....6 s.h.	Mathematics (FC:MA)3 s.h.
Health (FC:HL) and Exercise and Sport Science (FC:EX)3 s.h.	Three hours of mathematics at least equivalent to MATE 1067 or MATH 1050 (not for students preparing to teach) or 1065 or 1066
(Select at least one course in each area.)	or
Humanities and Fine Arts (FC:HU) (FC:FA)..... 10 s.h.	three hours of logic at least equivalent to PHIL 1500 (If logic is used to satisfy this requirement, it may not be used to satisfy the humanities requirement for the baccalaureate degree.)
(Humanities and fine arts majors must meet the humanities and fine arts requirement outside their major field.) Select at least one course in humanities and one course in fine arts from the following areas:	Science (FC:SC).....8 s.h.
Humanities (FC:HU)	(Science majors must meet the science requirement outside their major field.) At least one course must require laboratory work. Select one or more courses from the following departments:
Literature (English or American)	Biology
Literature in a foreign language or in translation	Chemistry
(See Departments of English and Foreign Languages and Literatures. Foreign languages 1001-1004 will not meet this requirement.)	Geology
Philosophy	Physics
Selected Linguistics Courses	Social Sciences (FC:SO)..... 12 s.h.
Fine Arts (FC:FA)	(Social science majors must meet the social science requirement outside their major field.) Select courses from at least three of the following areas:
Art	Anthropology
Dance	Communication
Music	Economics
Speech	Geography
Theatre Arts	History
	Political Science
	Psychology
	Sociology

Certain honors and interdisciplinary courses may also be used to satisfy foundations curriculum requirements. For courses used to meet the foundations curriculum requirements. (see section 9)

DECLARATION OR CHANGE OF MAJOR AND MINOR

A student who desires to declare or change his or her program of study involving transfer from one college, school, or department of the university to another should

- 1. obtain his or her advising folder from the current advisor;
- 2. deliver the advising folder to the new advisor and have the academic record reviewed in the receiving department or advising center;
- 3. the receiving department will have major/minor recorded in the database and a new advisor will be assigned.

DECLARING A MAJOR

To declare (to be admitted to) a major, a student must complete the admission requirements for the program and complete the formal admission process as specified by the program. Students may choose to earn a baccalaureate degree, two baccalaureate degrees simultaneously (dual degree), or a double major. Students who hold a baccalaureate degree and wish to pursue a second undergraduate degree will follow the requirements for a dual or second major, below. (See Academic Requirements for Degrees and Minors, below.)

ACADEMIC REQUIREMENTS FOR DEGREES AND MINORS

A student assigned to the General College is eligible for transfer from the General College to other schools and departments, in accordance with requirements specified in the following paragraphs. Students should also consult the departmental listings for requirements in addition to the basic pattern and for additional courses that are required in the freshman and sophomore years.

Student athletes and pre-health/pre-law students are assigned to academic advisors in their majors. Athletics and the Academic Enrichment Center (see Academic Support Services) continue to provide monitoring and support in helping these students to meet their program requirements.

ADMISSION TO THE THOMAS HARRIOT COLLEGE OF ARTS AND SCIENCES

Admission to departments in the Thomas Harriot College of Arts and Sciences is possible when the following conditions are met: the student will have no more than 10 s.h. of foundations curriculum requirements remaining at the end of the semester in which admission is requested; the student has at least a C average in introductory courses in the proposed major field; the student is not on academic probation; and the student has met additional requirements of the academic unit.

ADMISSION TO PROFESSIONAL SCHOOLS

Requirements for admission or readmission to professional schools is found in Section 8. Admission to professional schools is not guaranteed by admission to the university or by completion of the foundations curriculum. Students should contact the professional school of their choice to obtain additional information and application deadlines.

DECLARING A MINOR

If a degree program requires a minor, the minor must be identified at the time the student declares his or her major and must be approved by the major chairperson or dean or his or her designee. All BA degrees require a minor unless the degree requirements include a concentration and/or specified cognates. (See Academic Requirements for Degrees and Minors, below.)

ACADEMIC REQUIREMENTS FOR DEGREES AND MINORS

BACCALAUREATE DEGREE REQUIREMENTS

The bachelor's degree may be conferred by the university upon the student's application when the student has earned the minimum number of semester hours of credit required for the degree by the major department or school, has met the foundations curriculum requirements, and has fulfilled all requirements of the major/minor program. (See department, school, and college listings. Also see following paragraphs for additional requirements.)

The university does not award degrees solely because a student successfully completed the required courses. Violations of the student code of conduct, including both academic and nonacademic violations, may result in a degree not being awarded. For example, when the student has disciplinary charges pending, the degree may be withheld or the awarding of the degree may be delayed.

A degree from East Carolina University comprises a minimum of 120 s.h. A minimum of 30 s.h. and at least one-half of the total hours required in the major discipline must be completed through enrollment in East Carolina University. The required resident study does not need to be accomplished in consecutive semesters. One-half of the minimum semester hours required in the student's program must be earned through enrollment in a regionally-accredited senior college.

DOUBLE MAJOR REQUIREMENTS

The double major comprises a primary major and a secondary major. The student desiring to double major will be advised in the department offering the primary major. However, the chairperson, director, or dean of the unit offering the secondary major also must review the requirements for the second major and sign the senior summary sheet. The double major may count any number of hours from the primary major toward the secondary major of the double major. The number of hours applicable toward a second major should not be limited.

SECTION 4: ACADEMIC ADVISEMENT, PROGRESSION, AND SUPPORT

If the primary major is part of a non-BA degree program and the secondary major is identified in the curriculum for the BA degree, neither additional foundations curriculum requirements for the BA degree nor a foreign language requirement will apply. Courses taken to meet foundations curriculum requirements may be used to satisfy requirements for the secondary major or a minor, except where prohibited, but not for the primary major. (See specific major requirements for restrictions.) Double major students, however, are not required to complete additional writing-intensive course work.

ADDITIONAL REQUIREMENTS FOR ALL DEGREES

Writing Intensive Requirement

Students enrolling at East Carolina University must fulfill the writing across the curriculum requirement prior to graduation. To do so, each student must complete a minimum of 12 s.h. of writing intensive courses, typically including ENGL 1100, 1200; at least one 3 s.h. writing intensive course in the major; and any other 3 s.h. writing intensive course of the student's choice. Students entering the university with transfer credit for ENGL 1200 have satisfied the foundations curriculum requirement in the area of English. Such students are still required to complete a total of 12 hours of credit in writing intensive courses. All second degree students will be required to complete at least 3 s.h. of writing intensive course work in the major. Writing intensive courses/sections of courses are identified each semester in the course schedule listing and will be designated WI on the student's transcript. A complete listing of courses approved as writing intensive may be found at the University Writing Program web site, www.ecu.edu/writing. A course will transfer into ECU as WI under two conditions. The course must either be a writing intensive course in a writing across the curriculum program at the university or college where it was taken, and/or the course must have the words "writing" or "communication" (e.g., "Writing for Business and Industry" or "Business Communications") in the course title. Courses meeting either of these two criteria will be accepted as WI, and count as writing intensive for ECU degree requirements.

Cultural Diversity Requirement

Each academic unit will ensure that its majors complete at least one course which exposes them to cultural diversity. Courses which meet this requirement will be designated by the respective unit.

Cognate and Professional Course Requirements

Many baccalaureate programs have requirements in addition to course work in foundations curriculum, in the major field, and in the minor field. These additional requirements may be labeled cognate courses or professional courses required for teacher certification (see requirements for degree in section 8). Cognates, minor courses, and courses used for the second major may be used to satisfy foundations curriculum requirements, except where prohibited. Professional courses required for teacher certification may not be used to satisfy foundations curriculum requirements.

ADDITIONAL REQUIREMENTS FOR BA DEGREE

All candidates for the BA degree must complete a foreign language through level 1004 as part of their degree requirements. The number of required credits for a major shall not be fewer than 30 s.h. or more than 36 s.h. A candidate for the BA degree must declare a minor if required. Some BA degrees require a concentration and/or specified cognates instead of a minor. However, a BA degree may require a minor and a concentration and/or specified cognates. The number of required credits for a minor shall not be fewer than 24 s.h. or more than 30 s.h.

SPECIAL REQUIREMENTS FOR BS DEGREE FOR STUDENTS PREPARING TO TEACH

A minimum GPA of 2.5 is required for admission to and retention in the teacher education program. Additionally, PRAXIS I or SAT or ACT scores and computer competency requirements must be met. Students will complete a senior-year portfolio, which includes a technology product. To qualify for a North Carolina teacher license, the student must complete the following: a history course; a literature course; MATE 1067 or MATH 1065 or 1066; PSYC 1000; and PSYC 3206 for secondary and K-12 programs. All teacher education majors should consult their advisors to select appropriate courses which may be required as cognates in their academic discipline. MATH 1050 is not accepted.

East Carolina University requires academic concentrations for all majors in elementary education, middle grades education, business and marketing education, health education, and physical education. Academic concentration requirements are listed in the College of Education subsection. Students should consult their departmental advisor for specific information about this component of their program.

Professional credits for majors in elementary education, middle grades, secondary education, business and marketing education, and special education are listed in Section 8, College of Education: Requirements for Students Preparing to Teach. For majors in secondary education, birth through kindergarten, and K-12 programs, see BS degree curricula for students preparing to teach under appropriate department or school. Minors are required in some fields but not in others. Students should check the major requirements presented in the department and school listings to determine if a minor is required in a particular field.

MINOR REQUIREMENTS

Major, minor, cognate, core curriculum, and/or certification requirements are presented in the department and school listings. If the degree program requires a minor, the minor must be identified at the time the student declares his or her major and must be approved by the major chairperson or dean or his or her designee. A minor shall be 24-30 s.h. of credit. All BA degrees require a minor, unless the degree requirements include a concentration and/or specified cognates; however, some BA degrees may require a concentration or cognates in addition to a minor.

DUAL OR SECOND DEGREE REQUIREMENTS

A student may choose to earn simultaneously two degrees (e.g., BA and BS or BS and BFA, etc.). To satisfy the requirements for dual baccalaureate degrees at East Carolina University, the student must complete the requirements for one baccalaureate degree program and also complete a minimum of an additional 30 s.h. through course enrollment at ECU for the other degree. The student will be advised by both departments and a separate senior summary completed by each.

Foundations curriculum requirements for one degree may be used to satisfy the foundations curriculum requirements for the other degree, however, the required foundations curriculum courses for the second degree must be met. All other degree requirements, including a foreign language, must be met and may not be waived. All dual degree students will be required to complete at least 3 s.h. of writing intensive course work in each major. Students who wish to satisfy the requirements for a BS degree in teacher education may use the same major for both degrees provided the university offers a teacher certification program in that major.

A student who currently holds a baccalaureate degree may enroll in a second baccalaureate degree program. The student must meet the curriculum requirements for the second undergraduate degree in the catalog under which he or she enters or in some subsequent catalog, and must complete a minimum of 30 s.h. in enrollment at ECU. No student will be permitted to complete the second degree under a catalog issued more than three years prior to the date of completion of the second degree.

In evaluating curriculum requirements for the second undergraduate degree, the academic unit offering the second degree will determine whether foundations curriculum requirements from the first undergraduate degree satisfy foundations curriculum requirements for the second degree. However, any foreign language requirements for the second degree must be fully met and may not be waived. All second degree students will be required to complete at least 3 s.h. of writing intensive course work in the major.

A student pursuing a second undergraduate degree must maintain a minimum 2.0 GPA. In determining the GPA, only attempted hours toward the second degree will be counted. Grade points earned in the first degree will not apply in determination of academic eligibility while a student is enrolled for a second degree. However, the GPAs from the first and second undergraduate degrees will be used in the consideration of a degree with distinction.

GRADUATION REQUIREMENTS

Every student should confer with his or her academic advisor and/or the major department/school administrator or designee about program and degree requirements. At least two semesters prior to graduation, each student must, in consultation with the unit administrator or designee, complete a graduation requirements review in consultation with their advisor and complete the application for graduation that is available in the Office of the Registrar and departmental offices. Students and advisors may review their graduation requirements at any time via Banner Self Service's Degree Evaluation (<https://onestop.ecu.edu>).

All requirements must be met by the official graduation date of East Carolina University. A student may expect to be allowed to obtain a degree in accordance with the requirements set forth in the regulations in force when he or she enters the university or under subsequent regulations published while he or she is a student. However, a student is restricted in choice to the requirements of one specific catalog. Undergraduate students who enter the university under the regulations

SECTION 4: ACADEMIC ADVISEMENT, PROGRESSION, AND SUPPORT

of a catalog have a period of five years, inclusive and continuous, in which to claim the degree requirements of that catalog. Students pursuing a second undergraduate degree must select a catalog issued no more than three years prior to completion of the second degree program.

In order to graduate, all students must have earned a minimum cumulative GPA of 2.0 and a GPA of 2.0 in the major. If a student completes required courses in his or her major and takes other courses in that field as electives, these additional courses as well as cognate courses will be counted in computing the major GPA. Grades made on courses taken at other colleges and universities will not be considered except in the calculation of graduation with honors, but official transcripts must be on file in the Office of the Registrar.

DEGREES WITH DISTINCTION

Based on all work attempted at all higher education institutions throughout the students' academic career and without regard to institutional practices which substitute or "forgive" grades, three levels of distinction are granted to graduating undergraduate students as follows:

"Summa Cum Laude" for a cumulative average of 3.90

"Magna Cum Laude" for a cumulative average of 3.60

"Cum Laude" for a cumulative average of 3.50

FIRST UNDERGRADUATE DEGREE

Degrees with distinction are granted to transfer students under the following conditions.

1. The student must complete through enrollment in East Carolina University at least one-half the minimum number of hours required for the degree.
2. The student must have the required average on all work taken through enrollment in East Carolina University.
3. The student must have a cumulative average that meets the requirements for the appropriate degree with distinction on all work attempted (all ECU and transfer work, including courses where the grade replacement policy has been applied). If transfer work includes grades of D or F, those grades will be included in the calculation for degrees of distinction.

SECOND UNDERGRADUATE DEGREE

Second undergraduate degrees with distinction are awarded under the following conditions.

1. The student must complete a minimum of 30 s.h. through enrollment in East Carolina University.
2. The student must have a minimum GPA of 3.5 on course work for the second degree and a cumulative average that meets the requirement for the degree with distinction on all course work attempted for the first degree as well as for the second degree.
3. If transfer work includes grades of D or F, those grades will be included in the calculation for degrees of distinction.

ACADEMIC SUPPORT SERVICES

ACADEMIC ADVISING AND SUPPORT CENTER

The Academic Advising and Support Center assists students through academic referral and workshops for students on warning or probation. The office staff can provide information on academic policies and procedures and information about academic support programs provided in academic units and other areas. Students may visit the center or access the center's web site at www.ecu.edu/advising.

CENTER FOR ACADEMIC ENRICHMENT AND ALLIED HEALTH

The Center for Academic Enrichment and Allied Health assists students in achieving academic success. The center provides programs and individual meetings about majors and career exploration and academic skill development. Services are also available to students striving to achieve academic goals beyond the undergraduate level. Pre-health and Pre-law students are encouraged to visit the center to learn about professional schools, prepare for standardized tests, attend special workshops, and receive individual assistance. Students may access the center's website at www.ecu.edu/advising.

FIRST YEAR CENTER

NEW STUDENT ORIENTATION

As part of the First Year Center, the New Student Orientation Program assists students and family members with the transition to the university. With the assistance of departments within the university community, the office provides academic and student life information for all new students and family.

The purpose of orientation is to inform students about the academic requirements of the university and to prepare them for the transition into the university classroom. During orientation, students may take placement tests in mathematics and chemistry so that they may register for the appropriate levels in these areas. Students will also meet with an advisor and register for classes. In addition, orientation provides the opportunity for family and students to become knowledgeable about student life programs offered at East Carolina University. Participants will become acquainted with faculty, staff, student leaders, and other new students and family members.

The First Year Center continues to aid students in the transition to ECU through programs such as the Freshman Seminar (COAD1000 class), Transfer Services, Academic Difficulty reports, and more. For more information about the First Year Center or orientation, telephone 252-328-4173, or access the web page at www.ecu.edu/fyc.

FRESHMAN SEMINAR

The First Year Center, through the College of Education, offers COAD 1000, Student Development and Learning in Higher Education to first year students. The course meets twice weekly and helps students transition to college life. While in the course, students focus on the development of academic skills, learning processes, and career decision-making skills. Students who successfully complete the course earn 1 s.h. of graduation credit.

UNIVERSITY WRITING CENTER

The University Writing Center provides support for all writing assignments in the university except for those in ENGL 1100 and 1200, which are supported by assistance offered by the Department of English's First-Year Writing Studio. The hub of the University Writing Center is in 2318 Old Cafeteria Complex, however, satellite locations are offered across campus wherever writing intensive courses are taught. Students are encouraged to visit any site of the University Writing Center at least twenty-four hours before an assignment is due to discuss a piece of writing with a trained writing consultant. Students may access additional resources, including the online writing lab for students enrolled in distance education courses, through the University Writing program web site, www.ecu.edu/writing.

CAREER CENTER

Our mission is to assist and guide all students in their career quest. We will provide a safe harbor for students to explore career options while identifying skills, experience internships, cooperative education, and part-time positions, and engage with the rest of their lives.

The Career Center provides programs and services to assist students with the transition from academic endeavors to the world of work by preparing students for life after graduation. We offer services which include classroom presentations, workshops and seminars on career-related subjects, assistance with resume writing and interviewing, and opportunities for co-op positions and internships. Each academic college has a career staff member assigned as a liaison to provide service to the students and faculty in that college.

The Career Center staff communicate with students and employers, and post part-time on- and off-campus jobs, internships/co-ops, and full-time, post graduation jobs through a dynamic system called eRecruiting. Students upload their resume to the system and employers post positions in eRecruiting.

The Career Center is open Monday through Friday 8 a.m. to 5 p.m. For more information, access the Career Center online at www.ecu.edu/e3careers, telephone 252-328-6050, or visit 701 East Fifth Street.

TESTING CENTER

The Testing Center, operated by the Office of Institutional Planning, Research, and Effectiveness administers several national testing programs, including the PRAXIS, American College Testing (ACT), College-Level Examination Program (CLEP), Law School Admission Test (LSAT), Medical College Admission Test (MCAT), Miller Analogies Test (MAT), Pharmacy College Admission Test (PCAT), Scholastic Assessment Tests (SAT), and Test of Spoken English (TSL). Local, state, and national licensing and certification examinations are administered by the office. Upon request, the office will administer individually arranged exams such as correspondence tests for other colleges and employer personnel examinations. The Testing Center does not administer exams for ECU's distance education courses. Further information is available from the Testing Center, D-102 Brewster; telephone 252-328-6811.

THE CATALOG

This version of East Carolina University's undergraduate catalog was published prior to the end of spring semester. As a result, curricular revisions and university regulations may have been officially approved after the date of publication.

For up-to-date information, consult the undergraduate online version of the university's catalog. It is the official catalog and can be found at <http://www.ecu.edu/cs-acad/ugcat/>. There are two versions of the online catalog that students can reference. The HTML version allows the user easy navigation and indicates up-to-date curricular revisions. The PDF version is an exact replica of the printed undergraduate catalog.

The university's undergraduate catalogs are for informational purposes only, and do not constitute a contractual agreement between a student and East Carolina University. The university reserves the right to make changes in curricula, degree requirements, course offerings, or academic regulations at any time when, in the judgment of the faculty, the Chancellor, or the Board of Trustees, such changes are in the best interest of the students and the university.

East Carolina University is committed to equality of educational opportunity and does not discriminate against applicants, students, or employees based on race, color, national origin, religion, gender, age, creed, sexual orientation, or disability. East Carolina University is an equal opportunity/affirmative action employer that accommodates the needs of individuals with disabilities.

Ordinarily, a student may expect to earn a degree in accordance with the requirements of the curriculum described in the official catalog in effect when he or she first entered the university or in any subsequent catalog published while he or she is a student, but the faculty of the university reserves the right to make changes in curricula and in regulations at any time when in its judgment such changes are for the best interest of the students and of the university. No student pursuing his or her first baccalaureate degree or double major will be permitted to graduate under a catalog issued more than five years prior to the date of his or her graduation. No student pursuing a second baccalaureate degree will be permitted to graduate under a catalog issued more than three years prior to the date of his or her graduation.

Students should refer to the requirements of their respective college, school, or department for information about their programs of study and confer with their advisors whenever problems arise. The student is expected to follow the program outlined as closely as possible, particularly in the first two years when satisfying basic degree requirements and prerequisites for advance standing. Students may not be admitted to or change to a specified degree program before the degree program requirements have been published in the official catalog.

Some courses listed in sections 8 and 9 indicate an anticipated semester of offering; however, because of faculty availability and other constraints, there is no guarantee that courses will be offered at the specified times. Students should consult their advisor and departments concerning availability issues. While foundations curriculum credit is indicated for some courses, foundations curriculum credit may also be available for other courses. Contact the associate vice chancellor for academic services for clarification. Courses in a student's major prefix area may not count toward his or her foundations curriculum requirements of a catalog later than the one in effect at the time of his or her original.

CHANGING CATALOGS

If a student elects to meet the requirements of a catalog later than the one in effect at the time of his or her original entrance, he or she must meet all requirements of the selected catalog. A student who changes degree program or major will be expected to meet all of the requirements of the new program of the catalog in force at the time of the change, except for students who do not declare a major upon entrance and who may meet the requirements of the catalog in effect at the time of their entrance to East Carolina University.

During the period that the student is assigned to the General College, the university rule that a student adopt the catalog that is current whenever he or she changes his or her program does not apply. Except for the requirements for admission to certain programs, the catalog that was current at the time the student entered the General College will apply when he or she leaves the General College and declares a major unless (1) the student elects a later catalog, (2) the student changes his or her program after initial transfer from the General College, or (3) accreditation requirements for the university have been changed.

SECTION 5: ACADEMIC REGULATIONS

Academic advisors will offer guidance to students in academic matters and refer students to those qualified to help them in other matters. The final responsibility for meeting all academic requirements for a selected program rests, however, with the student. The vice chancellor for academic affairs has authority on all established curricular matters.

OFFICIAL ANNOUNCEMENTS

The university maintains approximately 100 official bulletin boards at key locations on campus and also maintains an official bulletin board on the ECU home page on the Internet. Through consecutively numbered official announcements, academic departments and other divisions of the university communicate essential and timely information to students; it is the responsibility of the student to read and know the contents of those announcements which affect his or her program.

CLASS ATTENDANCE AND PARTICIPATION REGULATIONS

Students are expected to attend punctually all lecture and laboratory sessions and field experiences and to participate in course assignments and activities as described in the course syllabus. Absences are counted from the first class meeting, and, at the discretion of the instructor, absences because of late registration may not be automatically excused.

Each instructor shall determine the class attendance policy for each of his or her courses, as long as the instructor's policy does not conflict with university policy as described herein. The instructor's attendance policy, along with other course requirements, will be presented to the class, preferably in writing, at the first class meeting. Faculty may include class attendance as criteria in determining a student's final grade in the course. If class attendance is to affect a student's grade, then a written statement to that effect must be part of the course syllabus.

Excused absences should not lower a student's course grade, provided that the student, in a manner determined by the instructor, is able to make up the work that has been missed and is maintaining satisfactory progress in the course. If a student anticipates that he or she may miss more than 10% of class meeting time as a result of university-excused absences, the student is required to discuss this matter with the instructor at the beginning of the semester.

Instructors are expected to honor valid university excuses for student absences, and to provide reasonable and equitable means for students to make up work missed as a result of those absences. Student experiences that cannot be made up should be discussed at the onset of the courses to ensure that continued enrollment is feasible while there is still the opportunity to drop the course within the schedule change period. Instructors may require that students provide reasonable advanced notice of a university-excused absence, when possible. It is the student's responsibility to obtain verification of a university-excused absence by contacting the Dean of Students or his or her designee. Requests for university-excused absences should be submitted, whenever possible, to the Dean of Students or his or her designee at least a week prior to the scheduled absence. Requests submitted after the fact will be disapproved unless circumstances made prior approval impossible.

The death of an immediate family member or student participation in religious holidays may be considered an excused absence under university policy. Should such a circumstance occur, and the faculty member desires verification, the student should contact the Dean of Students or his or her designee for a university-excused absence and provide documentation of the particulars.

The Student Health Service does not issue official written excuses for illness or injury except in the case of a final examination when a grade of incomplete (I) is requested by the student. Upon student request, however, the Student Health Service will confirm that the student has received medical care.

The Dean of Students or his or her designee may authorize university-excused absences for the following activities:

1. Participation in authorized activities as an official representative of the university (i.e., sporting events, delegate to regional or national meetings or conferences, participation in and necessary travel to and from university-sponsored performances);
2. Participation in other activities deemed by the Dean of Students or his or her designee to warrant an excused absence.

Any student who feels that he or she has been treated unfairly concerning absences or has been misinformed by the faculty member regarding that instructor's absence policy shall have the right to appeal through the appropriate dean.

POLICY ON DISRUPTIVE ACADEMIC BEHAVIOR

East Carolina University is committed to providing each student with a rich, distinctive educational experience. To this end, students who do not follow reasonable standards of behavior in the classroom, or other academic setting, may be removed from the course by the instructor following appropriate notice. Students removed from a course under this policy will receive a grade of "drop" according to university policy, and are eligible for a tuition refund as specified in the current tuition refund policy.

COURSES SELECTION OF COURSES

Since most undergraduate degrees require 126 semester hours (s.h.), a student must average approximately 16 s.h. per semester to graduate in four years. Students are encouraged to be mindful of this recommended course load when developing class schedules.

An undergraduate student is not permitted to select courses more than one classification level above the student's own classification.

- 0000 - 1000 Freshman
- 2000 Sophomore
- 3000 Junior
- 4000 Senior

There are occasions, however, on which exceptions to this regulation may be deemed desirable and necessary by the student's advisor and/or dean. Under these circumstances, a student will be allowed to register for courses two or more levels above the student's classification if the registration or schedule change form contains the initials of the advisor and/or dean written on the line with the course that is involved in the regulation.

Five-thousand-level (5000-5999) courses are graduate courses. Undergraduate students may be admitted to five-thousand-level courses if they have completed the stated prerequisite(s) or with the written permission of the instructor, chairperson of the department, the director of the school, or the dean of the college in which the course is offered.

Only students who have been admitted to pursue graduate work on a degree or nondegree basis will be permitted to enroll in courses numbered 6000 or above. A senior within 6 s.h. of graduation who has been admitted to a graduate degree program may take a 6000-level course while completing undergraduate degree requirements but only for graduate credit.

Prerequisites are stated as integral parts of various programs, entrance requirements for degree programs, and sequential progression into subject matter. Students are not allowed to enroll in courses for which they have not met the prerequisites except by approval of the chair of the department or his/her designee.

Elective courses in any curriculum may be taken from any field and are decided upon in consultation with the advisor.

COURSE LOAD

To improve graduation rates, the North Carolina General Assembly (Senate Bill 27, Section 89(a), 1993 Session Laws) mandated that the "Board of Governors shall require constituent institutions to set a goal of increasing to 15 the average number of credit hours per term taken by full-time undergraduates."

The minimum number of semester hours required for a baccalaureate degree at East Carolina University is 120; most degrees typically require 126 s.h. or fewer. (Any exceptions are indicated in the degree requirements listed in the undergraduate catalog.) Students who satisfactorily complete an average of 15-16 credit hours per semester should be able to obtain their degrees in four years or eight semesters. Some factors which may extend an individual student's time for completion of a degree are averaging fewer than 15-16 credit hours per semester, repeating courses, failing to meet course prerequisites, changing majors, taking unnecessary or inappropriate courses, withdrawing from school, dropping or failing courses, adding minors or double majors, and becoming academically ineligible to continue enrollment. Participation in internships, practica, cooperative education, and study abroad programs may or may not extend the number of semesters for graduation.

SECTION 5: ACADEMIC REGULATIONS

Fall and Spring Semesters

A student may take 18 s.h. of credit per semester without restrictions. With the approval of the advisor and the chairperson, director, or dean, a student who has earned a cumulative grade point average of 3.0 in all work may take 19 or 20 s.h. per semester. The approval for extra-hour load must be signed on the registration form by the advisor, chairperson, director, or dean concerned. A student desiring to enroll for more than 20 s.h. must secure, in addition to the above signatures, approval from the Center for Academic Services.

In the semester or summer term of graduation, a student with a minimum grade point average (GPA) of 2.0 may take extra hours with the approval of the advisor, chairperson, director, or dean and the associate vice chancellor for academic services or his/her designee.

Summer Terms

A student may take 7 s.h. each summer term or a maximum of 14 s.h. without restrictions. With the written approval of the Center for Academic Services, a student who has earned a cumulative grade point average of 3.0 in all work may take extra hours.

COURSE SUBSTITUTIONS

Only under unavoidable and exceptional circumstances will substitution for or exemption from the prescribed curricula be permitted. If it becomes necessary to request deviation from the prescribed course of study, the student should consult the dean of the college, director of the school, or the chairperson of the department of the student's major. The dean, director, or departmental chairperson will petition by letter to the registrar for substitutions or exceptions sought and will state the reasons for the change. Students transferring from other colleges who desire to substitute courses taken elsewhere for courses prescribed at the university should follow this procedure.

Any deviations from the applicable published degree requirements must have the approval of the appropriate departmental chairperson, school director, or college dean and the Center for Academic Services, as appropriate.

COURSE REPETITION

Only under extenuating circumstances will a student be allowed to repeat a course in which he or she has earned a grade of C and then only with the written approval of the appropriate departmental chairperson, school director, or college dean and the Center for Academic Services, as appropriate. A student who repeats a course he or she has passed in order to raise the grade will receive the original grade, hours attempted, hours earned, and grade points. The student will also receive the raised grade, hours attempted, and grade points. The raised grade, or last grade, stands. A grade of F as the raised grade will result in the loss of the original hours and grade points; a student receiving an F as the raised grade must repeat the course if credit is required for graduation. A student who repeats a course he or she has failed will receive the failure (hours attempted and no grade points) and the raised grade with hours attempted, hours earned, and grade points.

INDEPENDENT STUDY COURSES

Independent study is defined as any program of study without direct instruction in a classroom setting (excluding internships). It may include directed readings, special topics courses, or independent study of an existing course. The use of independent study should be limited to two occasions: when a student wishes to pursue a topic of study which is not available in an approved course or when a course is needed to satisfy graduation requirements but the course is not being offered in a timely manner to satisfy those requirements. Independent study and correspondence credits may not exceed 15 percent of the total hours required for the degree. Credit earned through independent study cannot be used to reduce the minimum residence requirement.

All independent study courses should be set up as a part of the departmental schedule of courses for the respective term. Independent study sections of normally offered courses should be appropriately noted by the section number.

REGISTRATION AND SCHEDULE CHANGES

To be admitted officially, a student must apply, be accepted, and receive a letter of acceptance. Orientation programs are provided in the summer and immediately before each semester to assist new students in enrolling in the university. All new

students are strongly encouraged to attend orientation. To register, new students must meet with their academic advisor to secure their registration PIN, before they can register via Banner Self Service. Web registration for continuing and re-admitted students requires a registration PIN, which is obtained from the advisor, and required for registration via Banner Self Service. To complete the process and be officially registered and entered on the class roll, a student must pay fees to the cashier's office. No person will be admitted to any class unless officially registered either for audit or for credit. Students are expected to complete registration (including the payment of all required fees) on the dates prescribed in the university calendar.

Students who register during the early registration period are required to pay their fees and secure their official schedules during the stipulated period prior to registration day. Students who fail to pay fees by this date will have their schedules canceled.

EARLY REGISTRATION

Early registration is a time designated each semester for currently enrolled or readmitted students to meet with their advisors to review their records and plan their courses for the upcoming semester. The student will complete a registration schedule form and have it approved by the advisor. The student will then enter the schedule via Banner Self Service at the appropriate registration window. (New freshmen and transfers entering fall and spring semesters, and summer terms, register after completion of the appropriate orientation session.)

DROPPING AND ADDING COURSES

During Schedule Change Period

During the first five days of classes (Mondays through Fridays) of the fall and spring semesters, a student may drop or add a course or courses to his or her schedule. The student should discuss schedule changes with his or her advisor prior to making the changes via the web. On the day following the five-day schedule change period, a student may make final additions to his or her schedule. See below for instructions on requesting schedule changes after the scheduled change period.

During the summer, the schedule change period is limited to the first two days of classes each term. On the day following the two-day schedule change period, a student may make final additions to his or her schedule in accordance with the policies outlined above for the regular semesters. Course drops during this drop/add period do not count against a student's course drop allocation. (See course Drop Allocations, below.)

After Schedule Change Period

During the first 40 percent of the regularly scheduled class meetings of a course (including the meeting for the final examination), a student may, at his or her own option, drop the course. After consultation with his or her advisor, the student secures the signature of the advisor on the schedule change form and takes it to the Office of the Registrar for processing. For regular semester-length courses, the drop period is limited to the first thirty days of classes of the semester. For five-week block courses or regular summer term courses, the drop period is limited to the first ten days of classes for the semester or summer term. The same 40 percent drop-period rule applies to block courses of other lengths as well. It is the student's responsibility to consult official university bulletin boards, documents, and/or the web to determine the appropriate drop period for such block courses. Ordinarily, a student may drop up to four courses or a smaller prorated number in pursuit of a university degree. (See Course Drop Allocations, below.) Extenuating circumstances, however, can warrant consideration for drop by exception, as explained below.

Students may petition the Student Academic Appellate Committee through the Center for Academic Services for drops by exception (drops after the 40 percent drop period, drops beyond student's allotted number, and drops not counted against the allotted number). Poor performance in course work; missed deadlines; change of major; or a course grade's adverse effect on the student's grade point average, probationary standing, or other eligibility is not in itself a sufficient basis for exception. Requests for exceptions will not be considered after the last regularly scheduled class meeting prior to the final examination for the course(s) in question except where earlier requests could not have been expected. Petitions for drops by exception will typically be granted only for medical or counseling reasons related to the course(s) to be dropped and will be considered by Student Health Services or the Center for Counseling and Student Development, respectively, upon receipt of appropriate documentation. Students whose petitions for drops by exception are denied by Student Health Services, the Center for Counseling and Student Development, or the Office of the Registrar may appeal the decision to the Student Academic Appellate Committee.

Course Drop Allocations

In pursuit of a degree at East Carolina University, a student may drop up to four courses (outside the schedule change period). Students may use these drops between the schedule change period and the last day to drop term-length courses without a grade. Drops not used roll forward to the following term. The number of course drops is prorated on the student's credit hours (both ECU and transferred) at the time of implementation or the student's initial matriculation as follows:

First Undergraduate Degree

0-29 s.h. of credit-4 course drops	60-89 s.h. of credit-2 course drops
30-59 s.h. of credit-3 course drops	90 or more s.h. of credit-1 course drop

Second Undergraduate Degree

A student who needs no more than	31-59 s.h. of credit-2 course drops
30 s.h. of credit-1 course drop	60 or more s.h.-3 course drops

COURSE CREDITS

The university operates on the semester plan. The fall and spring semesters are each approximately fourteen weeks in length plus one week for exams at the close of each semester. The summer session is offered in two formats: two five-week terms and one eleven-week session. Credit hours to be earned in each course are noted for each course listed.

Courses offered in nontraditional formats, e.g., concentrated or abbreviated time periods, must be designed to ensure an opportunity for preparation, reflection, and analysis concerning the subject matter. At least one calendar week of reflection and analysis should be provided to students for each semester hour of undergraduate credit awarded. Credit will not be allowed for courses which substantially duplicate courses already completed.

CREDIT BY EXAMINATION

Students currently or formerly enrolled in the university may obtain credit by examination for a course in which they have had no class attendance or semester standing provided the course has been determined by the offering department or school to be an appropriate class for credit without attendance. Permission to take the examination must be obtained in advance from the college dean, school director, or departmental chairperson in which the course is offered and must be approved by the Office of the Registrar. Examinations are not permitted in courses in which a student has previously been enrolled as a regular student or as an auditor. (No person is allowed to attend class or receive class instruction without being properly registered either for credit or for audit.) Distance education students may be required to come to campus to take the examination. The applicant must pay to the university cashier in advance of the examination a fee of \$10 per semester hour; this fee is not refundable. The petition, receipted by the university cashier, must be shown to the instructor conducting the examination. The instructor administers and reports the results of the examination to the Office of the Registrar within one week of the date of approval. Credits earned under this regulation are recorded with the grade achieved on the examination. Credit earned by examination may not be used to reduce the minimum residence requirement.

CREDIT BY TRANSFER

Upon Admission

A student transferring to the university from another college or university will have transcripts evaluated by the Office of Admissions during the admissions process. Credit will be awarded for all transferable courses for which a grade of C or better was earned. Students are allowed to request an evaluation of transfer courses by consulting with their academic advisor. This evaluation will then be reviewed by the student's academic unit. It is only upon the review by the academic unit that the student will know what additional courses are necessary to meet degree requirements. All courses and grades transferred become a part of the student's transcript. Although transfer grades are not counted in a student's ECU GPA, courses in which the student received a grade of D or F will be used in the calculation of the GPA for degrees with distinction.

Students who have satisfactorily completed basic military training may receive credit for the exercise and sport science and/or health courses required for foundations curriculum upon submitting a DD-214 or DD-295 to the Office of the Registrar; Veteran's Affairs. Students who have completed service schools while on active duty with the military may request an evaluation through the Office of Admissions. Credit will be awarded in accordance with the American Council on Education

recommendations provided that the credit recommended is at the baccalaureate level; is applicable to the foundations curriculum requirements, to the student's declared major field of study, or to the elective hours prescribed within the student's designated program of study; and is comparable to courses offered at East Carolina University.

While Enrolled in East Carolina University

Approval must be granted in writing by the student's dean, director, or departmental chairperson and the Center for Academic Services prior to enrollment for transfer of any course taken at any other institution. An official transcript must be submitted to the Office of the Registrar immediately upon completion of the course(s). Only courses in which the student earns a C or better will be accepted in transfer. Permission is limited to 18 s.h. credit per semester or 7 s.h. credit per summer term. For purposes of this policy, correspondence courses are distinguished from distance education courses.

- Approval will not be granted if the student has less than a cumulative GPA of 2.0 at East Carolina.
- Approval will not be granted if the student is ineligible to return to the university because of disciplinary action.
- Approval will not be granted for courses in which credit has been previously earned.
- Approval will not be granted for correspondence courses in the student's major field.
- Approval will not be granted for correspondence courses beyond 15 percent of the total hours required for graduation. (See Independent Study)

With specific authorization as indicated below, approval may be granted in the following instances:

- If the student has been previously enrolled in a comparable course, specific approval must be granted by the chairperson of the department offering the course and the Center for Academic Services.
- If the student has attained junior standing and wishes to attend a two-year institution, specific approval must be granted by the Center for Academic Services.
- If the student has previously completed 60 s.h. or more at a two-year institution, specific approval must be granted by the Center for Academic Services prior to permitting the transfer of additional credit from a two-year institution.
- If the student wishes to be enrolled concurrently at ECU and in correspondence courses, extension courses, or courses at another institution, both the academic unit and the Center for Academic Services must grant specific approval.

CREDIT TO RESTORE ACADEMIC ELIGIBILITY

Students who have a GPA of less than 2.0 or who are academically ineligible to return to East Carolina University must complete at an accredited institution 30 semester hours or 45 quarter hours of transferable work and maintain a minimum grade of C on all transferable work in order for the credit to be acceptable in transfer to East Carolina University. Please note that transfer credits may affect the student's retention GPA requirements. Although credit may be allowed for courses the equivalent of which the student was previously enrolled in at East Carolina University, duplicate credit will not be granted under any circumstances. For additional regulations applying to transfer credit, see Section 2, Admission and Readmission.

EXAMINATIONS AND QUIZZES

FINAL EXAMINATIONS

Final examinations will be held at the close of each term in all courses. There will be no departure from the printed schedule of examinations. Changes for individual emergencies of a serious nature will be made only with the approval of the instructor, the student's major chairperson, director, or dean. The departmental chairperson, school director, or the college dean will, if a serious emergency is believed to exist, forward a written request to the Office of the Registrar, setting forth the nature of the emergency. A student who is absent from an examination without an excuse may be given a grade of F in the course. The instructor may issue an incomplete (I) in the case of a student absent from the final examination who has presented a satisfactory excuse or an official university excuse from the Dean of Students or his/her designee.

INTERMEDIATE TESTS AND QUIZZES

Students who are absent from intermediate tests and quizzes with an excuse acceptable to the instructor or an official university excuse from the Dean of Students or his/her designee will be given a makeup test or an excuse from taking the test at the discretion of the instructor.

SECTION 5: ACADEMIC REGULATIONS

RE-EXAMINATIONS

Re-examination for the purpose of removing a failure is permitted only in the case of graduating seniors who are in their last term before their scheduled commencement and who are passing the course at the time the final examination is given. Only one re-examination per course is permissible.

A grade change resulting from re-examination must be on file in the Office of the Registrar one week after the originally scheduled examination.

GRADING SYSTEM

GRADE POINTS AND GRADE POINT AVERAGE

A grade (quality) point system based on all hours attempted at East Carolina University is used to calculate student scholarship. The following grade symbols are currently in use for all undergraduate courses: A-excellent, B-good, C-average, D-barely passed, F-failed (Course must be repeated to secure credit.), I-incomplete, N-audited. A grade of I is given for a deficiency in quantity, not quality, of work.

Grade points are computed by multiplying the number of semester-hour credits by four for courses in which a grade of A is earned, by three for a grade of B, by two for a grade of C, by one for a grade of D. No grade points are given for a grade of F, but hours attempted are recorded for each attempt of a given course. (See Grade Replacement Policy, below.) The GPA is obtained by dividing the total number of grade points earned by the total number of semester hours attempted.

CHANCELLOR'S LIST, DEAN'S LIST, AND HONOR ROLL

Each semester, outstanding scholarship is recognized in the following manner:

The Chancellor's List is composed of the names of all full-time undergraduates who make four grade (quality) points per credit hour (4.0) on all work taken with no incomplete grades.

The Dean's List is composed of the names of all full-time undergraduates who make at least three and one-half grade (quality) points per credit hour (3.5) on all work taken with no grade below C and no incomplete grades.

The Honor Roll is composed of the names of full-time undergraduates who make at least three grade (quality) points per credit hour (3.0) on all work taken with no grade below C and no incomplete grades.

GRADE APPEALS

A student wishing to contest a course grade should first attempt to resolve the matter with the instructor who determined the grade. The student may appeal the instructor's decision by submitting a written appeal to the instructor's departmental chairperson, school director, or college dean not later than the last day for undergraduate students to drop semester-length courses during the next regular semester. The instructor's chairperson, director, or dean, as appropriate, shall review the student's request with the faculty member and either concur with the grade or request that the faculty member reassess the grade. The final decision shall rest with the faculty member responsible for the course grade.

CHANGE OF GRADE

A change in grade, other than I (incomplete), for any reason, must be made within one year from the date the original grade was received.

REMOVAL OF INCOMPLETES

A grade of I must be removed during the next semester (not counting summer session) in which the student is enrolled in the university or it automatically becomes a failure. The instructor will set a time for the removal of the incomplete, in no case later than three weeks prior to the end of the semester. Instructors must submit the proper removal of incomplete form to the Office of the Registrar at least two weeks prior to the end of the semester. If the student does not return to school, the I must be removed within one year, or it automatically becomes an F. An incomplete may not be removed by repeating the course. If a student enrolls in a course in which he or she has an incomplete, the I will automatically become an F. No student will be allowed to graduate with an incomplete on his or her record.

GRADE REPLACEMENT POLICY

A student is permitted to use the Grade Replacement Policy a maximum of three times for courses below 3000 in which he or she has earned a grade of D or F. For example, a student may replace a grade in three different courses or may replace a single course grade a maximum of three times or a combination thereof not to exceed the limits of the policy. Approval to use the policy will not be given if a student wishes to repeat a course after he or she has successfully completed an advanced course covering the same or similar material, for example, a course in the same academic discipline for which the repeated course is a prerequisite.

To replace a grade, the student should request a grade replacement on the grade replacement form, register for the course during the registration period, and submit the form to the Office of the Registrar. For the student to implement the policy, the form should be submitted no later than the last day of classes of the semester in which the student retakes the course. Although the original grade will not be used in determining the GPA of the student, the original grade will remain on the student's permanent academic record and will be included in the calculation for consideration for honors. The replacement grade, or last grade, stands. Students receiving an F on the replacement grade must repeat the course if credit is required for graduation. In the event that the original grade was a D, no additional credit hours will be awarded. The grade replacement policy does not apply to courses taken prior to fall 1994.

ACADEMIC ELIGIBILITY STANDARDS

Retention requirements are based on hours attempted at East Carolina University and/or transfer hours from another institution. The minimum academic requirements to avoid probation and/or suspension are as follows:

1-29 attempted hours and/or transfer hours, 1.6 GPA	75 or more attempted and/or transfer hours, 2.0 GPA
30-59 attempted hours and/or transfer hours, 1.8 GPA	Second undergraduate degree, 2.0 GPA
60-74 attempted hours and/or transfer hours, 1.9 GPA	

A student who possesses a baccalaureate degree and who is working toward a second baccalaureate degree must maintain a minimum cumulative GPA of 2.0 on all work attempted on the second baccalaureate degree. Certain academic programs require a GPA greater than 2.0 for admission. (See specific major requirements.) Please note that Academic Eligibility and Satisfactory Academic Progress for Financial Aid are not the same. Please contact Student Financial Aid for more information about Satisfactory Academic Progress for continuation of receipt of student financial aid at East Carolina University (<http://www.ecu.edu/financial/>).

ACADEMIC STANDING CODES

Grade point calculations are made and the report is posted to the web. Grades are mailed to the student at the end of each semester and each summer term upon written request (for each semester/term) from the student and are mailed to all students in academic difficulty. The report indicates the following academic standing codes as appropriate:

1. Removed from Academic Probation
2. Academic Warning: This code indicates that the student is not performing at an acceptable level for progression toward graduation. (Warning is assigned to students whose cumulative grade point average is less than 2.0 [required for graduation] but meets the minimum GPA required for his or her retention period.)
3. Academic Probation: This code indicates that the student has not met the required academic standards. If the deficiency is not removed by the end of the next semester of enrollment, the student will be suspended unless, during the semester of probation, the student earns a 2.5 or higher GPA on 12 or more attempted hours or the student's cumulative GPA results in a deficit of 5 or fewer quality points from the total required by the retention period and the number of attempted hours. Letter designations (A, B, C, D) following the probation number 3 indicate a probation period after a suspension.
4. A. Academic Suspension: This code indicates the first time that the student's scholastic performance has not met the requirements necessary to continue enrollment. The student is suspended for one semester followed by readmission on probation.
B. Academic Suspension: This code indicates the status of a student who has become academically ineligible for a second time. A student becoming ineligible a second time will be suspended for one academic year (two consecutive semesters).

SECTION 5: ACADEMIC REGULATIONS

C. Academic Suspension: This code indicates the status of a student who has become academically ineligible for a third time. If a third suspension occurs, the student will be readmitted only by successful appeal to the Student Academic Appellate Committee.

D. Nontraditional Student Suspension: This code indicates the status of a student who has become academically ineligible because of failure to satisfy retention stipulations within the limits established by the Performance-Based Admission Policy. For readmission options available to students in this status, see Special Readmission (Forgiveness) Policy under Readmission, below.

Students on probation or suspended from the university are encouraged to attend summer school at East Carolina University in order to progress toward good academic standing.

WARNING AND PROBATION

A student will be placed on academic warning if his or her cumulative GPA is less than 2.00 but meets the minimum GPA required for his or her retention period.

A student will be placed on academic probation if he or she does not meet the current academic eligibility standards. Students on probation are required to meet with their advisor and attend an academic review session conducted by the Academic Advising and Support Center or his or her academic unit prior to registration for the next academic term (fall or spring).

A student will remain on academic warning or probation until the required GPA is obtained or the student is suspended.

SUSPENSION

The student who fails to meet the required GPA while on probation will be suspended from the university unless the student

- earns at least a 2.5 GPA on a minimum of 12 attempted hours in the current probationary semester or two summer terms,
- earns quality points on attempted hours during the current probationary semester or two summer terms such that his or her cumulative quality points result in a deficit of no more than 5 quality points from the total quality points required for the retention period and the hours attempted, or
- is readmitted by the Student Academic Appellate Committee following submission of an appeal to that committee.

Appeals Of Suspension

A student who wishes to appeal his or her suspension must appeal in writing to the Student Academic Appellate Committee. The appeal form or letter must be received in the Office of the Registrar by 5:00 p.m. according to the following schedule:

- Appeals for fall semester: Examination day of the second summer term
- Appeals for spring semester: Last day for examinations for fall semester

The appeal should contain the following:

- rationale for the appeal;
- documentation of personal, family, or medical problems

Continuing students who have served a portion of their suspension and who wish exemption from the remainder may submit a letter of appeal. This letter must be received according to the deadlines stated in the previous paragraph. The Student Academic Appellate Committee normally will not approve appeals from ineligible students unless they are based on personal or family problems of an extreme nature or on evidence of substantial academic improvement.

In considering appeals for readmission for the fall semester, the committee normally expects students to attend summer school to demonstrate academic improvement. A successful appeal of academic suspension does not also grant an appeal to Student Financial Aid Satisfactory Academic Progress standards. Please contact Student Financial Aid for more information (<http://www.ecu.edu/financial/>).

READMISSION**Following Suspension**

Following an initial suspension of one semester and readmission to the university on academic probation, the student who fails to meet the required GPA while on probation will be suspended from the university for two semesters unless he or she earns at least a 2.5 GPA on a minimum of 12 attempted hours in the current probationary semester or two summer terms, has a total quality point deficit of 5 or fewer for the retention period and hours attempted, or is readmitted by the Student Academic Appellate Committee.

Following the second suspension and readmission to the university on academic probation, the student who fails to meet the required GPA will be suspended from the university for an indefinite period of time, not less than three academic years, unless he or she earns at least a cumulative GPA of 2.5 on a minimum of 12 attempted hours in the current probationary semester or two summer terms, has a total quality point deficit of 5 or fewer for the retention period and hours attempted, meets the required GPA by attending summer school at ECU, or is readmitted by the Student Academic Appellate Committee.

A student may remove academic deficiencies only by attending East Carolina University. Quality points do not transfer.

Special Readmission (Forgiveness) Policy

East Carolina University students who have been out of school for a minimum of three consecutive academic years (six semesters, summer sessions excluded) may request special readmission. Such requests must be submitted in writing according to application deadline dates as specified above.

Students who have been enrolled at another college or university since their last enrollment at East Carolina University must submit to the Office of Admissions official transcripts indicating that a minimum cumulative C average (2.0 on a 4.0 scale) has been earned in all transferable courses attempted. No transfer credit will be awarded for courses taken at any institution of higher education during the initial three consecutive academic years. For courses taken in subsequent years, only those in which the student received a grade of C or better will be accepted for transfer credit at ECU. The sole exception is that students may attend ECU during summer sessions for credit.

Subsequent GPAs of students readmitted under this policy will be computed without inclusion of previous course work in which a grade below C was received; credit toward graduation will not be allowed for such course work. However, this work will be included in calculations for consideration for degrees with distinction.

A student may be readmitted under the Forgiveness Policy only one time. Those readmitted under this policy are on academic probation for the first 19 s.h. of attempted course work. At the end of the term in which the nineteenth semester hour is attempted, a minimum cumulative C average must have been earned at East Carolina University on all course work attempted since readmission under forgiveness. Failure to meet this stipulation will result in the student's being ineligible, except for summer school, until such time as the C average is obtained.

OFFICIAL WITHDRAWAL FROM AN ACADEMIC TERM

Students desiring to withdraw officially from the university should apply for withdrawal to the Center for Academic Services after meeting with their academic advisor. After the student has obtained the signatures of the various officials designated on the form, the student must submit the form to the Center for Academic Services for final approval. Distance education students should notify the Office of Student Services in the Division of Continuing Studies. Students withdrawing for medical/counseling reasons should complete the procedure within thirty days after the last class attendance. All other students withdrawing should complete this procedure immediately after the last class attendance. After classes have ended, no withdrawal, except in the case of severe medical emergency, can be filed.

During the first 40 percent of regularly scheduled class meetings, a student may withdraw from school without receiving grades for courses in which he or she is enrolled. After 40 percent of regularly scheduled class meetings, a student withdrawing from school shall receive a grade of F for all classes which he or she is failing at the time unless a determination is made by the Student Academic Appellate Committee that the failures were caused by circumstances beyond the student's control.

STUDENT EDUCATIONAL RECORDS

POLICY ON POSTING GRADES

As soon as they are determined at the end of each semester or summer term, grades are posted electronically. Students may secure their grades via Banner Self Service (www.onestop.ecu.edu, then click on the Banner Self Service link) using their Pirate ID and password. In compliance with the Family Educational Rights and Privacy Act, faculty are not allowed to post grades by Social Security Number or any other personally identifiable characteristic. Upon receipt of a written request each semester or term to the Office of the Registrar, a report of grades is sent to the student at his or her permanent home address. Questions about final examination grades should be directed to the instructor who determined the grade.

TRANSCRIPTS OF RECORDS

Requests for transcripts of a student's record should be addressed in writing or in person with a photo ID to the Office of the Registrar. For each copy, there is a fee of \$5. A transcript will not be issued for a student who is financially indebted to the university.

PRIVACY OF STUDENT EDUCATIONAL RECORDS POLICY

The university policy for the administration of student educational records is in accordance with the provisions of the Family Educational Rights and Privacy Act, also known as the Buckley Amendment or FERPA. This policy provides that the student has a right of access to student educational records maintained by the university or any department or unit within the university. The policy also protects the confidentiality of personally identifiable information in student records. A copy of the university policy dealing with the privacy of student educational records is maintained in each professional school and academic department within the university. Each member of the faculty should be thoroughly familiar with this policy and comply with its provisions.

ACCESS TO STUDENT EDUCATIONAL RECORDS

In compliance with the Family Educational Rights and Privacy Act of 1974, it is the policy of the university that students have the following rights in regard to official educational records maintained by the university.

1. Each student has the right to inspect and review any and all official educational records, files, and data maintained by the university and directly related to the student and not related to other students.
2. The university will comply with the request from a student to review his or her records within a reasonable time, but in any event not more than forty-five days after the request is made. Any inquiry pertaining to student records should be directed to the Office of the Registrar.
3. A student who believes that his or her educational records contain inaccuracies or misleading information or that his or her right of privacy is violated on the basis of information contained in such records has the right to a hearing to challenge such information and to have it removed from his or her record or to include in the record his or her own statement of explanation. Any complaint pertaining to student records should be made directly to the Office of the University Attorney, telephone 252-328-6940.
4. The university will not release any information from student records to anyone (except those agencies noted in item below) without the prior written consent of the student. The consent must specify the records or information to be released, the reasons for the release, and the identity of the recipient of the records.
5. Legitimate educational interest is a demonstrated "need to know" by those officials of an institution who act in the student's educational interest. They include: faculty, administration, clerical and professional employees, and other persons who need student record information for the effective functioning of their office or position. The following criteria shall be taken into account in determining the legitimacy of a University official's access to student's records:
 - a. The official must seek the information within the context of the responsibilities that he or she has been assigned.
 - b. The information sought must be used within the context of official University business and not for purposes extraneous to the official's area of responsibility to the University.

6. Information from the student's records may be released without the written consent of the student in the following situations:
 - a. in compliance with a court order or subpoena;
 - b. requests from school officials who have a legitimate educational interest in the information (a school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position including law enforcement unit personnel and health staff);
 - c. requests from other departments or educational agencies who have legitimate educational interest in the information, including persons or companies with whom the University has contracted (such as an attorney, auditor, collection agent, or The National Student Clearinghouse);
 - d. requests from officials of other colleges or universities at which the student intends to enroll provided the student is furnished with a copy, if he or she so desires, so that he or she may have an opportunity to challenge the contents of the record;
 - e. requests from authorized representatives of the US Comptroller General or the administrative head of a federal educational agency in connection with an order or evaluation of federally supported educational programs;
 - f. requests in connection with a student's application for receipt of financial aid;
 - g. requests from parents of a dependent student as defined in Section 152 of the Internal Revenue Code of 1954; or
 - h. requests from appropriate persons in connection with an emergency if the knowledge of such information is necessary to protect the health or safety of the student or other persons.

A student has the right to file a complaint at any time with the US Department of Education. However, it is expected that the student normally would exhaust the available administrative remedies for relief according to the university grievance procedures before filing such a complaint.

CHANGE OF NAME AND ADDRESS

It is the obligation of every student to notify the Office of the Registrar of any change in name or address in writing. Students may also change their address via Banner Self Service (www.onestop.ecu.edu, then click on the Banner Self Service link) using their Pirate ID and passphrase. Failure to do so can cause serious delay in communication with the student.

RELEASE OF DIRECTORY INFORMATION

The university routinely makes available in an annually updated printed directory and in an online directory certain information about its students. This policy is for the convenience of students, parents, other members of the university community, and the general public. In compliance with the Family Educational Rights and Privacy Act of 1974, the university will continue this policy of releasing directory information, including the following: the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institute attended by the student. If any student does not wish this directory information released without prior consent, the student must notify the Office of the Registrar in writing within seven days after registration day of the current term of enrollment.

ONLINE DISTANCE EDUCATION

East Carolina University has been a leader in distance education in North Carolina for sixty years. In the years since the inception of its first distance education program, the university has expanded both its offerings as well as the areas that it serves. ECU recognized the potential of online learning early, and was one of the first universities in the nation to develop and offer a degree entirely over the Internet. Since then, ECU has worked to offer more than sixty degrees and certificate programs online, in fields such as education, business, health care, and technology, among others.

East Carolina University's online distance education degree programs allow students to access their coursework twenty-four hours a day, seven days a week. Online courses are taught by the same faculty that teach on-campus courses, and the level of coursework, required readings, and examinations are the same for online courses as there are for their on-campus counterparts. Programs are designed with the student in mind, and the instruction is focused on active participation and academic success.

DISTANCE EDUCATION STUDENTS

Online learning is ideal for a number of people, particularly those that are concerned about balancing the rigors of an academic workload with full-time employment or family obligations. East Carolina University offers a number of its degree and certificate programs online, making them accessible to individuals who might otherwise have difficulty with pursuing additional education.

In addition to increased skill and comfort with technology and online delivery of information, a distance education student also strengthens their self-discipline, organization, and time management skills. The format is ideal for allowing students independence in pursuit of their education, while simultaneously providing the guidance and mentorship that are traditionally associated with on-campus instruction. Though convenience and flexibility are emphasized with distance education coursework, the same amount of effort and participation are required from both student and instructor as are required for face-to-face courses.

Online courses are typically delivered using course management systems such as Blackboard, Moodle, or Sakai. These formats have been selected due to their ease of use for both student and instructor, and they have been used extensively for delivery of distance education coursework. In an online course, students and instructors communicate via text-based discussion forums, where students can access their coursework as well as read and respond to information presented by the instructor. Some courses include real-time electronic discussions that take place at a scheduled time, with students engaging their peers and instructor in conversation about course material.

Assignments and homework are submitted electronically via e-mail or the class web site, usually on a weekly basis, with all necessary materials made available via folders within the course management system. When administered electronically, examinations are taken by students during a prescribed timeframe, using a proctor when necessary.

As with on-campus sections, information such as syllabus and schedule of assignments are made available to students within the first few days of the semester for online courses.

Up-to-date listings of distance education course offerings by semester, as well as instructions for how to search for a particular course, are available at the Division of Continuing Studies' website: <http://www.ecu.edu/cs-acad/options/courseinstructions.cfm>. Tuition information for residents and non-residents are available at the division's web site, with current rates provided for undergraduate and graduate credits: <http://www.ecu.edu/cs-acad/options/cost.cfm>.

Full-time campus students that elect to add distance education course(s) to their schedule will incur additional tuition and fees for such coursework, in addition to their regular on-campus tuition. Graduate rates will apply to those students that are admitted to East Carolina University as non-degree seeking graduate students or those students that are pursuing graduate degrees or certificates of advanced study.

SCHOLAR PROGRAMS

EC SCHOLARS

In keeping with the core values of the University Honors Program, the mission of the EC Scholars Program is to enhance the university experience and foster intellectual curiosity, personal leadership and an appreciation of diversity through a program of academic, leadership, service, and social/cultural endeavors centered around a dynamic and student-focused living, learning community.

Purpose

The merit scholarships designated as the EC Scholar awards were established in 1998 to attract to East Carolina University those entering students possessing the greatest potential to become scholars and leaders. EC Scholars must maintain high program standards and continually demonstrate academic excellence and commitment, integrity and dedication. The EC Scholars Program fosters students' growth as the brightest of ECU's future alumni and community leaders.

The support of various donors makes the EC Scholars Program possible. It is through their vision and encouragement that we are able to attract the best and brightest to East Carolina University.

Process

The application for the EC Scholars Program is due January 1. Potential candidates are sent the follow-up application packets which are collected by the end of January and are reviewed by a committee. In February, the top forty-five to fifty applicants and their parents are invited to campus for Scholars Weekend. Over the course of this weekend, teams composed of ECU faculty and administrators, donors, high school guidance counselors and current EC Scholars interview the applicants. Included among the finalists are four Early Assurance Awards (to the Brody School of Medicine) and up to four Alternates. Twenty scholars are selected, each receiving an award totaling up to \$40,000 awarded over eight semesters. In addition, as a study abroad experience is required as part of the program, each student receives a stipend of \$5,000 to help with related expenses.

Program

In keeping with the Program's commitment to a comprehensive learning experience, all first-year EC Scholars are required to live in the designated Honors/International residence hall and participate in the University Honors Program, successfully meeting and completing the requirements for graduation with University Honors.

Students must also enroll in certain required honors seminars that include an academic service learning component. EC scholars live in the honors/international residence hall during their first year where they will participate in leadership development and diversity appreciation programs.

For more information on EC Scholars, contact the program director, D-107 Brewster Building, or telephone 252-328-6373.

THE UNIVERSITY HONORS PROGRAM

The East Carolina University Honors Program is an exceptional, residential educational experience designed for academically motivated students to provide the academic challenge, support and attention of a smaller college with the opportunities of a large comprehensive university. All first-year honors students are required to live in designated housing together with EC Scholars, International Student Scholars and The North Carolina Teaching Fellows and Maynard Scholars to facilitate an educational experience rich in cultural diversity. The Program engages students in research, service and cultural appreciation through the Passport Program and through the many opportunities offered to our students. Honors students have access to research assistantships, scholarships, cultural events, community engagement, leadership development and participation in several Honors Program student organizations and program governance.

To be invited to join, students must be either an incoming freshman with at least a 3.5 unweighted GPA and a score of at least 1200 on the Scholastic Aptitude Test (SAT), or a current ECU student with a cumulative GPA of at least 3.3. Students may complete the program and graduate with either Foundations Curriculum Honors or University Honors.

In order to graduate with Foundations Curriculum Honors, students must complete twenty-four semester hours of honors coursework with a minimum 3.3 grade point average.

SECTION 7: SCHOLAR, LEADERSHIP, AND INTERNATIONAL PROGRAMS

In order to graduate with University Honors, a student must complete thirty semester hours of honors courses, including an independent upper-level project in their major (such as a thesis, a portfolio, a field experience, or co-teaching), with a minimum 3.5 grade point average.

All students in the Honors Program must complete at least one course (usually HLTH 1050) at ECU that incorporates Academic Service Learning.

The program offers honors sections of many regular introductory courses each semester (in such disciplines as English, history, anthropology, and psychology) and special, often interdisciplinary, honors seminars designed to meet foundations curriculum requirements. Many of these seminars are team-taught. In the HNRS course listing, general categories of the seminars are included; the precise topics and semesters in which the seminars are offered will be determined by honors student requests and faculty proposals. Students may take seminars with the same number twice for credit, if the topics are different. All honors seminars except the laboratory carry writing intensive credit.

The Honors Program also comprises the Office of National/International Fellowships and Scholarships, which familiarizes students with competitive national and international fellowships and scholarships available to selected students intent on pursuing graduate work.

For further information, e-mail the director at honors@ecu.edu or telephone 252-328-6373. The Honors Program is a member of the National Collegiate Honors Council and its regional and state affiliates and participates in national honors exchange programs.

UNDERGRADUATE RESEARCH

ECU, in keeping with its commitment to excellence in undergraduate education, has reaffirmed its priority of undergraduate research. Towards this end, the Office of Undergraduate Research was created. The director and the Committee on Undergraduate Research establish guidelines and award grants to eligible undergraduates who are engaged in research projects under the supervision of faculty. The Office is also charged with coordinating the annual Undergraduate Research and Creative Activities Symposium and offering student research workshops.

The Office of Undergraduate Research also proudly houses the peer-reviewed undergraduate research journal, *Explorations: The Undergraduate Research and Creative Activities Journal for the State of North Carolina*. This journal, created in conjunction with the innovative annual State of North Carolina Undergraduate Research and Creative Activities Symposium, features exceptional work of undergraduates from across the state and invites submissions from students at all two- and four-year colleges and universities within North Carolina. The inaugural issue and submission information may be viewed at www.explorationsjournal.com.

For further information about *Explorations* or any of the unique and exciting undergraduate research opportunities, students should contact the director, D-107 Brewster Building, or telephone 252-328-6373. ECU is a member of the UNC-Consortium of Undergraduate Research and the Council of Undergraduate Research.

NORTH CAROLINA NURSE SCHOLARS

The North Carolina Nurse Scholars Program was established in 1989 by the North Carolina General Assembly. The program provides college scholarship loans for outstanding high school graduates and other persons interested in pursuing higher education to become registered nurses. Recipients are chosen on the basis of academic performance, evidence of leadership and extracurricular participation, and the promise of service as a registered nurse in North Carolina. Awards can be made to full-time pre-nursing freshman; full-time pre-nursing sophomores; junior nursing students, who are nontraditional baccalaureate nursing students; community college transfers enrolling as juniors; other juniors in a baccalaureate nursing program; and to RNs enrolled full-time in a baccalaureate degree in nursing completion program. A scholarship recipient is required to practice in North Carolina as a full-time registered nurse for a full year for each year of scholarship assistance received.

Interested students may contact the College Foundation of North Carolina web site at www.cfnc.org, or contact the College of Nursing at 252-744-6477 or their high school guidance counselor. Applications are due February 15 of each year.

NORTH CAROLINA TEACHING FELLOWS

The North Carolina Teaching Fellows Program, the most ambitious teacher recruitment program in the nation and one of the most prestigious scholarship awards in North Carolina, provides a \$26,000 scholarship to 500 outstanding high school seniors interested in teaching. ECU accepts 45 teaching fellows in each class. Teaching fellows participate in academic seminars, leadership development opportunities, professional internships, and social and cultural experiences. Throughout the four years, ECU Teaching Fellows also work as tutors, travel, participate in the Honors Program, perform service work, plan recruitment initiatives, and serve on various committees.

Teaching Fellows are licensed in the following areas: birth-kindergarten, elementary education (K-6), middle grades education (6-9), secondary education (9-12), and K-12 (art, dance, theatre, music, exercise and sport science). Following graduation from college, the student agrees to teach for four years in one of North Carolina's public schools, charter schools, or government schools.

High school students interested in becoming North Carolina Teaching Fellows should consult their high school guidance counselor. Applications are to be submitted in early fall of the senior year of high school. For further information on application deadlines, or more program information, access www.coe.ecu.edu/teachfel.org, or telephone the ECU Teaching Fellows Office at 252-328-4126.

Maynard Scholarship Program

James and Connie Maynard and the College of Education established the Maynard Scholarship at ECU on May 31, 2006. This four year \$20,000 scholarship is awarded to ten outstanding high school seniors each year. The scholarship is modeled after the NC Teaching Fellows Scholarship and as such, recipients will be expected to teach in a public, charter or government school for four years in one of the stated counties following graduation. Individuals have up to seven years to complete this requirement. The Maynard Scholarship is administered from the ECU NC Teaching Fellows Office.

SUCCEED SOONER PROGRAMS

DEGREE IN THREE PROGRAM

The Degree In Three Program provides high caliber, highly motivated students the opportunity to finish their undergraduate degree in three years. This degree option is particularly appropriate for entering freshman who have recently graduated from high school with AP (Advanced Placement), IB (International Baccalaureate), and/or dual-enrollment credit. In general, program students have decided on a major and plan to attend graduate or professional school immediately following graduation, or desire to get an early start on their careers. This university-student partnership guarantees participation in the ECU Honors Program with full or probationary status. (See section 2 for admission requirements and Honors Program eligibility.) Program students are assigned an advisor who ensures that they get the classes they need in order to maintain the specified three-year program completion schedule. Students begin the program during the five-week second term of the summer school. During this term, they meet with their academic advisor to customize their program of study, earn 6-7 s.h. credit toward their baccalaureate degree, learn more about graduate and other advanced program admission requirements, and become familiar with the university and other students in the program. Special housing is available during this beginning summer term.

Most Degree In Three students will enroll in classes year-round. The typical three-year student will take 15-18 s.h. each fall and spring semester and 6-12 s.h. for three summers (two, five-week terms each summer). AP, IB, and dual enrollment credits received at point of admission reduce required summer attendance. Students should understand that finishing their degree in three years may involve less variety in choosing foundations curriculum and elective course work. For more information about the Degree In Three Program, access the web site at www.ecu.edu/threeyeardegree.

MD IN 7 PROGRAM

East Carolina University, in conjunction with The Brody School of Medicine (BSOM) at ECU, is pleased to offer a pre-med initiative that allows highly qualified students to complete both their undergraduate and medical degrees in seven years; this program is commonly referred to as the MD in 7. Under this plan, qualified ECU students may apply to BSOM at the end of their sophomore year. All four previous semesters must be completed at ECU and should include all prerequisite courses for medical school. (See advisor for list.) Accepted MD in 7 students are assured a place in the entering class of the Brody School of Medicine the following year if they successfully complete their junior year of undergraduate studies at ECU and

SECTION 7: SCHOLAR, LEADERSHIP, AND INTERNATIONAL PROGRAMS

fulfill all other requirements. Upon successful completion of the first year of medical studies, MD in 7 students are awarded their appropriate bachelor's degrees.

Admission to the MD in 7 program will be highly competitive. Eligible students must be North Carolina residents who have entered the University with an SAT score of 1200 (verbal and math) or greater (or an ACT score of at least 27) and completed their freshman and sophomore years at ECU with a prerequisite science and overall GPA of at least 3.5, along with a minimum GPA of 3.5 in the required prerequisite courses. Students with SAT scores of 1300 (verbal and math) or higher may not have to take the Medical College Admission Test (MCAT) to apply for the MD in 7 program. This decision is at the discretion of the medical school's admissions office. MD in 7 applicants with SAT scores of less than 1300 must take the MCAT and achieve a minimum score of 10 in all three numerically graded sections to be eligible to apply as an applicant. Four slots in each BSOM entering class will be available for MD in 7 students. These four will be selected from the eligible pool after review of their applications and interviews by the BSOM Admissions Committee. The BSOM Admissions Committee is not held to filling these four slots.

The BSOM Admissions Committee considers a number of variables in addition to indicators of intellectual ability in evaluation of applicants. Exposure to different fields of medicine, knowledge of medically-related issues and problems, altruism evidenced by community service, eventual career plans, and compatibility with the mission of BSOM are all important aspects that frequently determine the outcome of an individual's application. Also required are letters of recommendation from ECU faculty that can provide insight into a student's academic performance and personal qualifications for a career in medicine. Students should meet regularly with the ECU pre-medical advisors to discuss the process of application.

To fulfill the requirements for their undergraduate degrees, accepted MD in 7 students must have accumulated a minimum of 96 credits by the end of the junior year, including the majority of those required for the major and the minor as well as those needed to fulfill all distribution requirements for graduation. A portion of this 96-credit requirement may be satisfied by AP credits, but the 96-credit requirement must include the following minimum number of graded credits: biology, 8; chemistry, 8*; math, 3; and physics, 4. Please note that the minimum required graded credits are not sufficient to meet the prerequisites for medical school. Students must also maintain a cumulative GPA of at least 3.5 through the end of the junior year. (See the Succeed Sooner web site for more information.)

*Chemistry 2750, 2753 and Chemistry 2760, 2763 must be completed at ECU unless the student receives a special waiver for this requirement from the BSOM Admissions Committee.

EARLY ENTRY INTO ECU GRADUATE PROGRAMS

The Integrated Bachelor's/Master's Program and the Accelerated Master's Program provide two options for students to be admitted to graduate programs earlier in their undergraduate studies than usual. (Updated information about participating degree programs is available on the Succeed Sooner web site at www.ecu.edu/succeedsooner.)

In the Integrated Bachelor's/Master's Program, qualified undergraduate students may apply for graduate admission and enroll in up to 15 hours of graduate credit to count toward completion of both the bachelor's degree and the master's degree. Students choosing this program complete their undergraduate degree in the three-year program or in the traditional four-year program. For example, qualified students can integrate the bachelor's degree in exercise and sports science and the master's degree in physical therapy. Other combinations are available; students should discuss their goals with their advisors, the Graduate School, and/or the Degree in Three office. Students receive the undergraduate degree prior to or concurrent with completion of the master's degree.

In some structured integrated programs, students receive both degrees at the same time. One such integrated program is the BSA/MSA. Students designate the integrated degree upon admission and complete the combined bachelor's and master's program in five years, receiving both degrees upon graduation. Students cannot receive the BSA only; students opting out of the BSA/MSA program change to a BSBA degree. A combination BA is psychology and MSOT in Occupational Therapy was initiated in Fall 2004. Students in this program apply after 75 hours and must maintain the required GPA for continuation. After five years, students receive both degrees. Students can identify other combined programs by visiting the Succeed Sooner web site at www.ecu.edu/succeedsooner.

The Accelerated Master's Degree Program results in only one degree, the graduate degree. This program requires students

to commit in the first semester of their freshmen year to the study of the combined degree program. With satisfactory progress, the students complete their foundations curriculum and program core requirements and then may apply directly to the master's program. The first such program at East Carolina University is one of the options for earning the master's degree in occupational therapy (MSOT). In this program, for example, students enter the university through the health service management curriculum and occupational therapy option. Students must maintain a minimum 3.2 GPA to be eligible to apply to continue their graduate program. Upon completion of this five-year program, they earn only one degree, the MSOT. This program option reduces the total number of hours in the students' program. In the OT example, the accelerated program option reduces the program from approximately 196 semester hours (undergraduate degree plus graduate degree) to 162 semester hours (combined degree). The College of Nursing offers an accelerated program for transferring students with the RN. The RN/MSN results in one ECU degree: master of science in nursing (MSN). (See www.nursing.ecu.edu.)

INTERNATIONAL PROGRAMS

INTERNATIONAL AFFAIRS

East Carolina University views the creation of international awareness as an essential obligation of the contemporary university. It provides academic and co-curricular programming which allows students to attain the knowledge and skills to comprehend the world within a broad, flexible, and sensitive conceptual framework that takes into account the reality of interdependence among countries and of international structures. The university aims to produce liberally educated citizens of this and other countries capable of coping with the complexity and diversity of the world in which we live. The International House is located at 309 Ninth Street; telephone 252-328-4829.

International Admissions and Services

The Office of International Affairs coordinates ECU's international student recruitment and admissions program, working with its own staff and others within the university to expand the international representation within its degree-seeking student body. Additionally, the office offers all students and faculty a variety of opportunities to participate in international travel and learning experiences through summer-, semester-, or year-abroad programs. Fulbright and other scholarship or fellowship opportunities, teaching and research, or work experiences are a few of the activities addressed for students and faculty.

Students from countries other than the United States may apply to the chairperson of the Department of Foreign Languages and Literatures for a departmental certificate of American studies. (See Department of Foreign Languages and Literatures for requirements.)

Exchange Programs

In addition to its bilateral student exchanges with partner universities in fifteen countries, East Carolina University is a member of the UNC Exchange Program (UNC-EP) and the International Student Exchange Program (ISEP). As a result of these linkages, ECU students can spend a semester or full academic year studying on exchange at more than 200 institutions in 41 countries.

Studying abroad is available to students with strong foreign language skills as well as for students interested in sites where English is used as the primary language of instruction. These sites include such countries as Finland, Lithuania, Poland, Sweden, France, and the Netherlands. With proper planning, students may take courses in their major, minor or foundations curriculum without losing time toward graduation.

Studying abroad is affordable. Students studying on exchange through ECU, UNC-EP, or ISEP programs pay their tuition and fees to ECU and receive equivalent benefits at the host institution. Students may use their financial aid to pay for their exchange programs and they are encouraged to apply for a scholarship through the Rivers Endowment Fund, designed to support ECU students going on exchange.

Study abroad alumni gain a global perspective that can provide an advantage when applying to graduate schools or when applying for the first job. Admissions counselors and employers recognize that study abroad provides an opportunity to experience new cultures first hand and augment what students learn in the classroom.

SECTION 7: SCHOLAR, LEADERSHIP, AND INTERNATIONAL PROGRAMS

The Thomas W. and Izabel B. Rivers Endowment Fund

The endowment fund established by Thomas W. and Izabel B. Rivers promotes the internationalization of ECU through support for students to study abroad. Awards are made throughout the year, as decided by a faculty panel. Information and applications are available through the Office of International Affairs.

Additionally, International Affairs coordinates the Rivers Distinguished Chair of International Affairs program. It ensures that throughout each academic year outstanding scholars are in residence, assisting schools or departments as well as faculty in the internationalization process through teaching, research, and conferences.

INTERNATIONAL EXPERIENCES

Global Academic Initiatives

The Global Academic Initiatives program provides international experiences to students on the ECU campus through the use of real-time video, audio, and internet technologies. The global understanding course (ANTH 1050 and INTL 1050), is jointly taught with three other countries and is centered around topics ranging from family to cultural traditions to the meaning of life. In this foundation curriculum course, students are partnered with their colleagues from partner universities in 18 countries to explore these and other topics. ECU's global understanding project is the winner for the 2008 Andrew Heiskell Award for Innovative International Education, given by the Institute of International Education. The same video, audio, and other technologies are used in the International Lecture Exchanges, the International Course Exchanges, and the International Research Exchanges. These virtual exchanges are offered across the curriculum in a wide variety of courses and disciplines.

LEADERSHIP PROGRAMS

BB&T CENTER FOR LEADERSHIP DEVELOPMENT

The BB&T Center for Leadership Development advocates and facilitates the incorporation of leadership development as an important dimension of intellectual attention, inquiry and activity at East Carolina University and in higher education. Major emphasis is placed on the proposition that every university student is being prepared as a leader, and therefore being empowered as an agent of positive change in society.

The Center's mission is to serve as a catalyst for leadership development throughout the University. A major goal is to encourage and assist academic units and faculty to prepare students with leadership capacities to positively influence and impact their lives, their families, their communities and the larger society. That goal is pursued by providing opportunities for leadership-related projects, programs and initiatives through financial grants for leadership development agendas.

By encouraging and assisting units to embed leadership development components into courses and programs, the Center seeks to advance East Carolina University's extant service culture and its intention as a leadership development community.

Requests for further information should be addressed to the Director, BB&T Center for Leadership Development, 1100 Bate Building, East Carolina University, Greenville, NC 27858-4353; telephone 252-328-6190; beardenj@ecu.edu.

CENTER FOR LEADERSHIP AND CIVIC ENGAGEMENT

The Center for Student Leadership & Civic Engagement (CSLCE) is located in Mendenhall Student Center within the Department of Student Experiences/University Unions. The mission of the center is to foster leadership practices and civic engagement experiences that transform and empower students through pedagogy, research, and co-curricular experiences. The center provides a central location for student leadership experiences and opportunities that foster their leadership development.

The CSLCE operates under five core premises and a matrix of guiding principles which aligned with the university's strategic plan to "Distinguish itself by the ability to train and prepare leaders for our state and nation." The first and foundational premise is that *leadership is a continual process of understanding who you are and using that knowledge to positively influence yourself, others, and society*. Secondly the CLSCE is driven by the premise that *civic engagement is a powerful vehicle for developing students' leadership skills*. The third operating premise is that *leadership is a collaborative process*, and the fourth states that *leadership is value-based*. The final premise around which the center functions is that *all students (not just those in formal positions) have the ability to apply leadership practices to real life situations*.

Programs and activities will be designed to encourage development in three learning stages; they will Discover, Design, and then Deliver. Within each stage, students will explore three phases of leadership – Self, Others, and Society.

In the Discover phase, students start by recognizing the self--who they are, what they want, what they value, how they operate as individuals and as members of groups, and how they can contribute to the betterment of society.

During the Design phase, students develop a personal strategic vision and develop strategies for motivation and self-discipline. Plans for promotion and collaboration with others are made. In this stage, students personally respond to societal challenges.

The Deliver phase is structured to be transformative. At this point in their development, students will have the opportunity to transform themselves and society by performing service to the public.

The CSLCE offers students points of entry into leadership development activities throughout their collegiate career. The center serves as a clearinghouse for multiple programs and hosts the Elite Pirate, Leadership Challenge Institute, Emerging Leaders Program, Student Financial Literacy, Co-Curricular Student Profile, LeaderShape, and the Walter & Marie Williams Leadership Award Program to name a few. To find out more about our programs and initiatives, visit our website at <http://www.ecu.edu/cs-studentlife/universityunions/CSLCE.cfm> or feel free to give us a call at 252-737-2002.

UNC IN WASHINGTON PROGRAM

East Carolina University is one of fourteen UNC institutions partnering with the UNC in Washington Program, a prestigious internship and experience program sponsored by UNC-GA and implemented in Summer 2005. Each term (summer, fall, and spring) three students from ECU join approximately forty students from the other institutions to live and work in Washington, D.C. The program's primary goal is to provide an opportunity for upper-level students (juniors/seniors) from the University of North Carolina's constituent institutions to work and study in Washington, D.C. Participating students live in university-leased housing convenient to the capital, work in an internship for academic credit, and take the Washington Experience Seminar. To be eligible, students must be enrolled full-time at ECU as degree-seeking students with a B or higher grade point average.

Prior to the term, selected students are assisted by the site director in obtaining prestigious internship placements. (Students may apply as many as three terms in advance of the Washington semester and should do so if their internship placement requires security clearances.) During the term, students register through ECU's UNC in Washington Office for full-time schedules (9-12 hours in summer and 12-15 hours in fall and spring), including the internship of approximately 32 hours per week (6-12 s.h.); the Washington Experience Seminar (LDVP 3000, 3 s.h.); and an independent study or other course, if needed for full-time status. The seminar course includes a variety of topics and opportunities to learn about Washington and integrates leadership development across the topics. Internship placements include Washington-based organizations, such as the U.S. Congress, the U.S. executive branch, corporate headquarters, think tanks, interest groups, research and other institutes, and other placements where students can extend their knowledge in their major discipline, observe leaders in action, and develop/refine their own understanding of successful leadership. Among the ECU student internship locations are the Smithsonian, Supreme Court, Department of Defense, ABC News, National Education Association, American Bar Association, and NIH, as well as Senate and Congressional offices. All courses offered in the UNC in Washington Program are distance-education courses by permission of the program and department.

Interested students can visit the program web site at www.ecu.edu/aa/unc_washington. Requests for further information should be addressed to UNC in Washington, 2307 Old Cafeteria Complex, East Carolina University, Greenville, NC 27858-4353; telephone 252-328-1426.

DEGREE IN THREE PROGRAM AND MD in 7 PARTICIPATING PROGRAMS

ECU's Degree In Three Program provides high caliber, highly motivated students the opportunity to finish an undergraduate degree in three years. The program is particularly appropriate for students with AP (Advanced Placement), IB (International Baccalaureate), and/or dual-enrollment credit. (See appropriate sections of catalog for information on admission requirements and advisement as well as a description in section 7.) Degree programs participating in the Degree In Three Program are noted by an asterisk (*) in the undergraduate and graduate degree programs listing below. Consult the web site at www.ecu.edu/threeyeardegree for updates.

The MD in 7 Program allows superior students the opportunity to complete the undergraduate degree and MD in seven years. Seven degree programs are currently participating in this highly competitive program: biology, chemistry, environmental health, health education and promotion, prehealth professions option, neuroscience, physics, and applied physics.

PRE-PROFESSIONAL AND TWO-YEAR CURRICULA

Students desiring to enter the fields of dentistry, law, medicine, ministry, optometry, pharmacy, and veterinary medicine may take their pre-professional training at East Carolina University. The courses of study are based on the requirements of various professional schools and recommendations of national organizations qualified to represent their respective fields. Since there are minor differences in admission requirements, a student should know the requirements of the school he or she expects to attend. For further information, students should consult the appropriate advisors. Students interested in pre-medical, pre-dental, pre-optometry, pre-pharmacy, and pre-veterinary curricula should share their interest with their advisor, as well as contact the Center for Academic Enrichment and Allied Health, 2535 Old Cafeteria Complex.

MEDICAL HEALTH PROFESSIONS CURRICULUM

Philosophies of education and specific pre-medical and pre-dental course requirements vary among medical and dental schools, but all emphasize the sciences (mathematics, chemistry, biology, and physics), communication skills, social sciences, and the humanities. An understanding of concepts and a vocabulary in the sciences are mandatory, for medicine is based on principles stemming from these disciplines. Among American medical and dental schools, the most common requisites are physics, biology, general and organic chemistry, and English.

Most medical and dental schools recommend that students plan to obtain a four-year degree before initiating medical training. Students majoring in the sciences should try to obtain as broad a background in the social sciences and humanities as possible. Conversely, students majoring in a nonscience area should take more than the minimum science courses. Students wishing to attend medical or dental school should ascertain the requirements and recommendations of schools of their interest and select the specific courses required. The following specific courses are suggested as a part of, or in addition to, the requirements for the major: MATH 1065; BIOL 1100, 1101, 1200, 1201; CHEM 1150, 1151, 1160, 1161, 2750, 2753, 2760, 2763; PHYS 1250, 1260 or 2350, 2360; 1251, 1261.

In addition to the standard four-year, pre-professional bachelor's track for application to medical school, students may also choose to participate in the MD in 7 initiative. This is a highly competitive accelerated program that allows students to compete for a chance to earn both the bachelor's and the MD degree in seven years (3+4). If they are one of the limited number chosen for early admission to medical school, they will be awarded their undergraduate degree after the successful completion of their first year of medical studies.

Participating degree programs in the MD in 7 initiative include biology, biochemistry, chemistry, health education and promotion (pre-health professions options), environmental health, neuroscience, physics, and applied physics. A student would complete the pre-health curriculum as part of, or in addition to, the requirements from one of the above named programs of study and the foundations curriculum requirements.

Participation in the MD in 7 initiative will also involve first selection for shadowing opportunities and volunteer options in the medical arena as well as a strong academic base at the undergraduate level. Whether a student chooses to compete for early admission or to pursue the typical four-year undergraduate track, the MD in 7 initiative is dedicated to providing an excellent undergraduate course of study for highly talented students who wish to pursue a career in the medical profession. Please refer to section 7 of the catalog for a description of the MD in 7 initiative, including selection criteria.

PRE-LAW CURRICULUM

Students who intend to go to law school are encouraged to pursue an undergraduate education that prepares them to understand the world in which they live, to express themselves well, and to reason accurately and logically. Pre-law students are encouraged to choose an undergraduate degree program with courses they will enjoy and in which they will excel. Law school admission is highly competitive, and law schools favor students with high grade point averages and high Law School Admission Test (LSAT) scores. Pre-law students who are eligible to participate in the Honors Program may do so. Honors Program eligibility for entering freshman is a 3.5 GPA and 1200 SAT; for current students, eligibility is a 3.3 GPA.

For further information and/or assistance, contact the pre-law advisor at 252-328-2645 or visit online at www.ecu.edu/prelaw.

PRE-OPTOMETRY CURRICULUM

Three years of college to include the following courses: BIOL 1100, 1101, 1200, 1201, 3220, 3221; CHEM 1150, 1151, 1160, 1161, 2750, 2753, 2760, 2763; MATH 1065, 2121, 2122, 2228; PHYS 1250, 1251, 1260, 1261; and one psychology course. Other recommended courses include: BIOL 2140, 2141, 2150, 2151 and CHEM 2770, 2773.

SECTION 8: ACADEMIC PROGRAMS

PRE-PHARMACY CURRICULUM

Three years of college to include the following courses: BIOL 1100, 1101; BIOL 2110, 2111 or BIOL 3220, 3221 or BIOL 2130, 2131 or BIOL 2300; CHEM 1150, 1151; CHEM 1160, 1161; CHEM 2750, 2753; CHEM 2760, 2763; PHYS 1250, 1251; MATH 2119 or MATH 2121 or MATH 2171; foreign language through level 1003; recommended course: HIMA 3000. Further assistance can be obtained by consulting the pre-pharmacy advisor in the Department of Chemistry.

PRE-THEOLOGY CURRICULUM

Students interested in seminary or divinity school may consult with Dr. Calvin Mercer, director of religious studies, A-440 Brewster; telephone 252-328-4310; e-mail mercerc@ecu.edu; or visit the web site www.ecu.edu/religious. A religious studies minor is currently available. Students may pursue a bachelor's degree in multidisciplinary studies with a concentration in religious studies.

PRE-VETERINARY CURRICULUM

Three years of college to include the following courses: BIOL 1100, 1101, 1200, 1201, 2300, 3220, 3221; CHEM 1150, 1151, 1160, 1161, 2750, 2753, 2760, 2763, 2770, 2771; MATH 1065, 2121 or 2122 or PHIL 1500, MATH 2228; PHYS 1250, 1251, 1260, 1261; 3 s.h. of animal nutrition, 6 s.h. of compositional writing, public speaking or communications, and 6 s.h. of business courses.

INTERDISCIPLINARY MINORS

GERONTOLOGY MINOR

Carol Jenkins, Center on Aging, Associate Director for Educational Programs, 203 Rivers Building

The gerontology minor augments major fields of study with an overview of issues confronting elderly people and their service providers. In recognition that aging can be viewed from a variety of perspectives, courses from several academic programs are available. Special topics courses with aging as their primary content may be counted toward the minor. Inquiries should be directed to the associate director for educational programs. The minor requires **24 s.h.** of credit. A maximum of 6 s.h. may count toward foundations curriculum requirements and the gerontology minor.

- 1. Core 6 s.h.**
CDFR/GERO/SOCW 2400. Introduction to Gerontology (3) (F,S) (FC:SO)
GERO/SOCW 5400. Seminar in Aging Studies (3) (P: Consent of instructor)
- 2. Core electives (Choose a minimum of three.) 9-15 s.h.**

MULTIDISCIPLINARY MINOR

The multidisciplinary minor, designed for students who have interests not met by existing minors, requires **24 s.h.** credit, 9 s.h. of which must be above 2999. The theme-focused minor should normally comprise courses from three to five disciplines and should not reproduce existing disciplinary or other multidisciplinary minors. Courses should exclude the student's major. A declared major who is interested in the multidisciplinary minor and who has completed a minimum of 30 s.h. should discuss with his or her advisor the theme around which the minor will be developed and submit a written plan to the faculty member assigned by the student's major department to oversee the multidisciplinary minor and to that department's chair. (Please note that the Multidisciplinary Studies director is not involved with this minor; for multidisciplinary degrees, see below.) Criteria for the plan include thematic unity and coherence and clarity of educational objectives. The plan must be approved before the student has completed 80 s.h. and before submission of the senior summary, to which a copy of the approved plan will be attached. The student will complete the course of study under the supervision of his or her advisor.

DEPARTMENT OF AEROSPACE STUDIES (US AIR FORCE ROTC)

Lt. Col. Patricia Sergey, Professor of Aerospace Studies

Students may obtain consent of the chairperson of the Department of Aerospace Studies prior to enrolling in an aerospace studies course if prerequisites for the course have not been met.

Reserve Officer Training Programs

In 1948, the Board of Trustees of East Carolina University entered into an agreement with the Department of the Air Force to establish and maintain a US Air Force Reserve Officer Training Corps.

The Department of Aerospace Studies is an integral academic subdivision of East Carolina University and includes all US Air Force ROTC activities conducted at the institution as stipulated in the contract with the US Air Force. The purpose of the Department of Aerospace Studies is to prepare students, through a permanent program of instruction, to serve as commissioned officers in the US Air Force.

Aerospace Studies students have unique opportunities to participate in optional special activities including: Introductory Flight Training, Arnold Air Society, Silver Wings, Color Guard, Base Visits, and paintball and other morale activities. There are also a wide variety of optional professional development training programs available including: Operation Air Force; Pentagon Internship; Nurse Orientation; Army Airborne Training; Field Engineering and Research Lab; Combat Survival Training; Foreign Language Immersion; Medical Orientation; and Air Force Academy Freeball and Soaring.

Air Force ROTC is an educational opportunity designed to prepare men and women to become Air Force officers while completing an undergraduate, graduate, or other professional degree program. Air Force ROTC is designed to prepare students to assume positions of increasing responsibility and importance in the modern Air Force. There are two primary routes to an Air Force ROTC commission – three- and four-year programs. Please contact the Department of Aerospace Studies to learn more about limited opportunities to compete in a one- or two-year program.

Upon successful completion of their respective program and graduation, cadets will be commissioned second lieutenants in the US Air Force. The United States Air Force offers a wide variety of challenging professional opportunities. Just a few include: Pilot, Navigator, Maintenance, Missile Operations, Missile Maintenance, Research Engineering, Mathematics, Nuclear Physics, Computer Operations and Development, Law, Health Services, Physician, Nursing, and Management including Personnel, Intelligence, Communications and Electronics, Supply, Transportation, Finance, Security Forces, Information, Education, Munitions, Air Traffic Control and many, many more.

Students with prior military service or nursing, chemistry, biology, physics, computer science, mathematics candidates are highly encouraged to apply and ask about scholarship opportunities.

Some courses which carry foundations curriculum credit are identified using the following key: Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.

SECTION 8: ACADEMIC PROGRAMS

How to Apply for AFROTC

1. Students applying for the three- and four-year programs register for Air Force ROTC in the same manner and at the same time they register for other university courses.
2. Students interested in applying for other programs must contact the chairperson of the Department of Aerospace Studies. Generally, the student must have two academic years of study remaining after completion of the six-week field training course, either at the undergraduate or graduate level or a combination of the two.

Qualifications

A student must meet the following requirements before he or she can enroll in the Air Force ROTC:

General Military Course (GMC): Freshman, Sophomores, and Graduate Students with at least three semesters remaining.

1. Be enrolled as a full-time student at East Carolina University or be classified as a visiting student by the registrar.
2. Be a citizen of the United States.
3. Be at least fourteen years old.
4. Have no obvious disqualifying medical defects.
5. Inform the chairperson of the Department of Aerospace Studies if he or she is a former serviceman or servicewoman or has received previous military schooling (e.g., high school ROTC). The student may not be required to complete the entire general military course.
6. AFROTC physical fitness requirements must be met before attending field training.

The General Military Course (GMC) represents the first half of the program and it is taken during the Freshman and/or Sophomore (or graduate equivalent) year(s). This program allows students to participate in Air Force ROTC for up to two years with no commitment unless on an Air Force ROTC scholarship. As a GMC cadet, students will learn more about the Air Force and the historical development of airpower. The last half, called the Professional Officer Course is competitive and is taken during the Junior and Senior (or graduate equivalent) years. These courses cover leadership skills and national defense policy.

Professional Officer Course (POC): Juniors, Seniors and Graduate Students with at least two semesters remaining.

1. Complete the Air Force ROTC general military course during the freshman and sophomore years of college.
2. Successfully complete the Air Force Officer Qualification Test (AFOQT).
3. Meet the medical requirements for a commission.
4. Be selected upon the basis of all test scores and GPA by a selection board at ROTC headquarters, Maxwell Air Force Base, Alabama.
5. Successfully complete a four-week field training course at a US Air Force base (may be postponed under certain conditions).
6. Have approval from the chairperson of the Department of Aerospace Studies.
7. Be in good academic standing with the university.
8. Meet AFROTC physical fitness requirements.

The Professional Officer Course (POC) is highly competitive so students are encouraged to apply early. The leadership and national defense policy courses are the same as those offered the last of the three- and four-year programs.

AFROTC College Scholarship Program

Scholarships are available to students on a competitive basis and are awarded based on academic performance, SAT/ACT scores, physical fitness test, medical exam, a personal interview, and Air Force Officer Qualifying Test (AFOQT) scores. Scholarships pay for college tuition, books, lab fees, plus a monthly allowance. Many different types are available. Many scholarships are available in majors identified as critical by the US Air Force (typically in computer science, mathematics, and physics). Students interested in these scholarships should contact the Department of Aerospace Studies, 310 Wright Annex, East Carolina University, Greenville, NC 27858-4353. High school students should contact their guidance counselor

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9. (WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed. Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

for information and application forms or apply directly to HQ AFROTC/RRUC via www.afrotc.com. High school applications should be made prior to December 1 of the high school senior year.

Academic Status of Courses in Aerospace Studies

General Military Course (GMC). This program is primarily for cadets enrolled in the four-year program. There is no military obligation to students enrolled in the GMC who are not on scholarship. It requires four semesters for completion, for which 8 s.h. of credit will be allowed. AERO credits may be applied toward other degree requirements in the following manner, provided individual certification requirements are met.

Students may substitute all AERO semester hours earned for free electives.

Professional Officer Course (POC). This program is primarily for cadets who have met all qualifications. It requires four semesters for completion, for which 16 s.h. are allowed. Credits earned in this portion of the AERO curriculum may be applied toward other degree requirements as follows:

1. Students may substitute all AERO credits earned for free electives.
2. After AERO credits have been substituted for a minimum of one-half of the total number of free electives available to a student, he or she may substitute remaining credits for specific courses in his or her field of study upon approval of his or her advisor.
3. AERO courses may help satisfy the full-time student status requirements of the Veterans Administration (VA) for GI Bill Educational Benefits.

Cognate Minor for Professional Officer Course

The cognate minor for professional officer course requires **28 s.h.** of credit as follows:

- 1. Required 3000- and 4000-level AERO courses, professional officer course (not including laboratories)..... 12 s.h.**
- 2. Cognates (Choose a minimum of one from at least six of the following seven areas. The chairperson of the Department of Aerospace Studies may approve other courses from these areas.) 16 s.h.**
 - a. COMM 2410. Public Speaking (3) (F,S,SS) (FC:FA)
COMM 2420. Business and Professional Communication (3) (F,S,SS) (FC:FA)

SECTION 8: ACADEMIC PROGRAMS

DEPARTMENT OF MILITARY SCIENCE (US ARMY ROTC)

Lt. Col. Steven Delvaux, Professor of Military Science, 343A Rawl Building

Army Reserve Officer Training Corps Program

The Dept. of Military Science is an integral academic subdivision of the Office of Military Programs and offers unique instruction designed to apply the principles of leadership. Students are challenged early in their ROTC training to develop sound judgment, accept responsibility, learn basic managerial principles, and gain self-confidence.

The mission of the Department of Military Science is to train college men and women to become commissioned officers in the US Army, Army National Guard, and/or US Army Reserve. The US Army ROTC program consists of a two-year basic course (freshman and sophomore level) and a two-year advanced course (junior and senior level), which includes a 32-day summer camp prior to the final year. Service veterans are eligible for placement into the advanced course if they are classified as academic juniors. The basic course has no military obligation or commitment.

Upon successful completion of the ROTC program and graduation from college, the cadet will be commissioned as a second lieutenant and may serve on active duty or in either the US Army National Guard or the US Army Reserve. The university recognizes outstanding US Army ROTC students as Distinguished Military Graduates.

Required uniforms and military science texts for the Basic Course are provided by the federal government at no cost to the student. Elective credit is received for all courses. During the last two academic years of the program, cadets will receive \$350-500 per month.

Eligibility

All university students may enroll in the military science basic course without an obligation to the US Army. To be eligible for participation in the advanced course, an applicant must be enrolled as a full-time student at East Carolina University; be in good academic standing with the university; be physically qualified; must have satisfactorily completed the basic course or an equivalent; and must have a minimum of two years remaining as a full-time student at either the undergraduate or graduate level. In addition, applicants must be commissioned by their thirtieth birthday.

How to Apply for Army ROTC

Students applying for the four-year program must register for US Army ROTC in the same manner and at the same time as they register for other university courses. The courses are listed under Military Science (MLSC) in the course listing section of this catalog.

Students interested in applying for the two-year program must contact a US Army ROTC representative in 346 Rawl. The student must have at least two academic years of study remaining at the undergraduate or graduate level. Exceptions may be made.

Army ROTC College Scholarship Program

The Department of Military Science offers three- and two-year college scholarships for students enrolled at East Carolina University. Scholarships are offered in the amount of \$20,000 per year and include laboratory expenses, incidental fees, and \$450 per semester for books and supplies. Students also receive ten payments of \$250-500 a month in nontaxable pay during each annual period of the scholarships. To apply for a three- or two-year US Army ROTC scholarship, a student should contact the ECU US Army ROTC enrollment officer in 346 Rawl; telephone 252-328-4180. Four-year scholarships are available to incoming freshmen who apply during high school and who meet requirements.

Simultaneous Membership Program (SMP)

SMP allows students to be members of the US Army National Guard or the US Army Reserve and US Army ROTC at the same time. Students enlisted in the US Army National Guard and US Army Reserve may take advantage of this program and enroll directly into the advanced course. Advanced ROTC SMP students receive full in-state tuition and are paid approximately \$180 per month for one weekend of Army Reserve or National Guard training, plus \$3,500 - 4,000 a year

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9.
(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed.
Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year

subsistence allowance from the ROTC advanced course. In addition, they receive \$1,000 per year tuition assistance from the North Carolina National Guard. They serve as officer trainees in their guard or reserve units under the close supervision of a commissioned officer.

Professional Military Education (PME) Requirements

The professional education component, required for a commission, comprises a baccalaureate degree and at least one undergraduate history course. Students must also complete the Enhanced Skills Training Program (ESTP) within the Department of Military Science.

PURPOSE

A community of scholars dedicated to the intrinsic value of learning, the Thomas Harriot College of Arts and Sciences is the liberal arts college of East Carolina University. The college is a federation of departments in the traditional academic disciplines: the humanities; the natural sciences and mathematics; and the social sciences, including creative and professional programs, academic centers and institutes, and interdisciplinary programs allied to the liberal arts. College faculty are committed to excellence in teaching and advising, in research or creative productivity, and in professional service.

The college provides major and minor studies in the liberal arts at the undergraduate level and major studies at the master's and doctoral levels. In addition, as the university's cornerstone academic program, Harriot College provides the liberal arts foundations curriculum for all students. College courses introduce students to traditions of learning and inquiry, present them with information essential for performing societal and professional roles, and challenge them to examine the values which guide the organization and application of human knowledge. All courses are designed to develop students' thinking, writing, research, and mathematical skills and their lifelong commitment to continuing education.

In addition to its liberal arts programs, the college offers select professional certification programs related to its traditional academic disciplines. Students majoring in these programs learn the basic theories and practices in their fields while preparing themselves for leadership roles and careers.

The curricula of the college are constantly examined, updated, and enhanced. Consequently, in the spirit of the liberal arts, the more than 14,000 students enrolled annually in college courses have access to current ideas and information from professors whose learning never ceases.

CURRICULA

The Thomas Harriot College of Arts and Sciences offers the following degrees and academic programs:

Bachelor of Arts (BA) (See departments for subjects and areas.)

Bachelor of Science (BS) (See departments for subjects and areas.)

Bachelor of Science in Applied Physics (BSAP)

Preprofessional and Two-Year Curricula

The liberal arts foundation curriculum requirements for these programs are listed in Section 4, Academic Advisement, Progression, and Support. Requirements in the field of the student's major are listed below and subsequently by departments.

THOMAS HARRIOT COLLEGE OF ARTS AND SCIENCES INTERDISCIPLINARY PROGRAMS

AFRICAN AND AFRICAN AMERICAN STUDIES

David C. Dennard, Director, A-220 Brewster Building

BA in African and African American Studies

The major in African and African American studies is an interdisciplinary degree program housed in the Thomas Harriot College of Arts and Sciences. Its comparative focus and multidisciplinary emphasis complement many existing programs that seek to prepare undergraduate students for competitive careers and productive work in a global world of different cultures, political systems, and economic infrastructures. Students pursuing a degree in AAAS will develop a broad perspective on human values and ethnic diversity, as well as an understanding of the socio-political, religious, and historical evidence related

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9.

ASIAN STUDIES

John A. Tucker, Director, A-304 Brewster Building

The minor in Asian studies is an interdisciplinary program, offered through the Thomas Harriot College of Arts and Sciences, requiring a minimum of **24 s.h.** The minor offers courses from a range of disciplines, focusing on Asian civilizations and cultures. Students are encouraged to study available Asian languages and take advantage of appropriate study abroad opportunities. A maximum of 6 s.h. in Asia-related study abroad courses may be used to satisfy the minor. Semester hours that count toward the student's major may not count toward the Asian studies minor. Interdisciplinary programs of study will be coordinated by participating faculty advisors.

A concentration in Asian studies is available through the BA in multidisciplinary studies. Interested students should contact the director of Asian studies.

CLASSICAL STUDIES

John A. Stevens, Director, 3314 Bate Building

Multidisciplinary Studies Major

A multidisciplinary studies major with a focus in classics or classical civilization is available. Interested students should contact the director of classical studies.

Minor

The classical studies minor is an interdisciplinary program in the Thomas Harriot College of Arts and Sciences. The minimum requirement is **24 s.h.**, which includes required courses in history and either Latin or Greek. The program, with electives in archaeology, art, classical studies, English, foreign languages, history, philosophy, and religious studies, is designed to encourage students to study all aspects of the ancient civilizations of Greece and Rome. A maximum of 6 s.h. from each of the following may count toward the classical studies minor: courses used to satisfy the foundations curriculum requirements; LATN or GRK courses used to satisfy the foreign language requirement for the BA degree; directed readings in LATN or GRK; and study abroad programs approved by the director. Additional courses beyond those listed may be approved by the director if they significantly advance the student's understanding of classics. No semester hours counted toward the student's major may count toward the classical studies minor. In many cases, prerequisites for courses listed below will be waived by the constituent departments.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum. (FC:EN)=English; (FC:EX)=Exercise and Sport Science; (FC:FA)=Fine Arts; (FC:HL)=Health; (FC:HU)=Humanities; (FC:MA)=Mathematics; (FC:SC)=Science; (FC:SO)=Social Science

COASTAL AND MARINE STUDIES

Paul Gares, Director, A-224 Brewster Building

The coastal and marine studies minor requires a minimum of **24 s.h.** and is designed to provide students with an overview of coastal and marine resources. Considerable attention is devoted to the biological, physical, social, and historical aspects of coastal and marine resources. Whenever possible, information from North Carolina and other US coastal and marine environments is used to illustrate or emphasize important concepts. A maximum of 6 s.h. may be used to satisfy foundations curriculum requirements and requirements for the coastal and marine studies minor. A course may not count toward the student's major and the coastal and marine studies minor.

ETHNIC STUDIES

Ellen Arnold, Director, G-210B Old Cafeteria Building
Chandra Cerutti, Assistant Director, G-307 Old Cafeteria Building

Ethnic studies is an interdisciplinary program that uses cross-cultural comparative methods to explore the diverse histories and cultures of ethnic groups in the US, to examine the formation of identities and societies in local, national, and global contexts, and to analyze the social, cultural, and political sources of bias and discrimination.

The ethnic studies minor requires **24 s.h.** of credit. A maximum of 6 s.h. may be used to satisfy requirements for both foundations curriculum and the ethnic studies minor. A course may not count toward the student's major degree and the ethnic studies minor. Study programs abroad having the prior approval of the director will be accepted for no more than 6 s.h. of credit toward the minor. Additional courses will be accepted if they significantly further the student's understanding of ethnic studies. Departmental prerequisites may be waived in special cases by the department offering the course.

GREAT BOOKS

John A. Stevens, Director, 3314 Bate Building

The minor in great books requires a minimum of **24 s.h.** and is an interdisciplinary program housed within the Thomas Harriot College of Arts and Sciences consisting of seminars on themes in the humanities, natural and social sciences and the arts. The purpose of the great books seminar is to introduce students to a Socratic way of learning through dialogue. Students read original works analytically and advance positions which are put to the test by their colleagues and the instructor. The instructor acts to introduce and guide discussion, but more as a moderator than as a lecturer. Knowledge does not pass only from teacher to student through lecture; it is discovered together through dialogue. Requirements include a minimum of 9 s.h. of courses above the 2999 level. A course may not count toward the student's major and the great books minor. A major in great books is available through the BA/BS in Multidisciplinary Studies. See director for more details.

1. Core..... 9 s.h.

Choose 3 of the following:

GRBK 2000. Introduction to the Great Books (3) (FC:HU) (F)

Specialized Concentration:

With the advice and written approval of the coordinator and the coordinating committee of the international studies minor, a student may develop a topical course of studies (totaling 12 s.h.) around a specific theme in international studies. The following examples are suggestive of possible themes: international environmental problems, global communications, human rights issues, peace and world order studies, international trade/technology, population/demographic issues, international art, comparative religions, comparative literatures, comparative gender relations, language, and civilization.

LEADERSHIP STUDIES MINOR

The leadership studies minor is a multidisciplinary program designed to provides opportunities to study leaders and leadership concepts that are applicable to leadership in a variety of contexts. The leadership studies minor complements any academic major and provides formal learning experiences that can be supplemented by additional campus and community leadership experiences as part of the leadership development process. The minor requires a minimum of 24 s.h., and courses may not count simultaneously toward the student's major and the leadership studies minor.

MEDIEVAL AND RENAISSANCE STUDIES

Kevin N. Moll, Director, 313 Fletcher

Multidisciplinary Studies Major

A multidisciplinary major with an emphasis on Medieval and Renaissance studies is available. Interested students should contact the director of Medieval and Renaissance studies.

Minor

The Medieval and Renaissance studies requires **24 s.h.** credit. The interdisciplinary program offers two introductory courses and a senior/graduate-level seminar. In addition, the program includes courses from the following disciplines: art, history, English, foreign languages and literatures, music, political science, philosophy, and theatre. A maximum of 6 s.h. of courses taken to meet foundations curriculum requirements may also be used to satisfy the requirements of the Medieval and Renaissance studies minor, if their content justifies it. The student's program of study must be approved by the director of Medieval and Renaissance studies.

1. Core..... 6 s.h.

Choose 6 s.h. from the following courses (it is recommended that the third be taken as an elective):

MRST 2400. Introduction to Medieval Studies (3)

MRST 2500. Introduction to Renaissance Studies (3)

MRST 5000. Medieval and Renaissance Studies Seminar (3) (P: 3 s.h. in MRST or consent of director)

2. Electives (Choose from at least four of the areas of study listed below.) 18 s.h.

No more than 3 s.h. of course work in the student's major field of study will be accepted for credit toward the minor.

It is strongly recommended that 6 s.h. of applicable foreign language study be completed in conjunction with the minor (or major) if the student's major does not already incorporate such a requirement. Study programs abroad in Europe, having prior approval of the director, will be accepted for no more than 6 s.h. of credit toward the minor. With prior approval from the director, additional courses not listed below will be accepted if they significantly further the student's understanding of the Middle Ages or the Renaissance; prior approval by the director is required for additional courses. Departmental prerequisites may be waived in special cases. Students should contact the director and/or their major dept chair.

ART 2920. Art of the Middle Ages (3) (P: ART 1906, 1907, or consent of instructor)

MULTIDISCIPLINARY STUDIES

Calvin Mercer, Director, A-327 Brewster Building

Multidisciplinary studies is a university-wide program administered by the Thomas Harriot College of Arts and Sciences. The goals of the program are to foster multidisciplinary study among various schools and departments, enable motivated students to pursue degrees in specialized or new fields, and encourage undergraduates to pursue research interests while working closely with faculty. Honors are awarded to students who earn a 3.5 GPA in approved major courses. There are two multidisciplinary studies options.

The individual concentration is designed for the student (1) who has clear interests and objectives that overlap schools, departments, degrees, or concentrations; (2) whose interests and objectives cannot reasonably be met through existing majors, minors, and electives; and (3) whose program is not fashioned in order to bypass a requirement of an existing program. A course of study is developed by the student in consultation with faculty in the appropriate disciplines and the director of multidisciplinary studies. A formal proposal, including the list of faculty who will supervise the student, is submitted to the Multidisciplinary Studies Committee. To begin the process, interested students should contact the director of multidisciplinary studies for procedures and guidelines. The major must be approved early enough in one's academic career in order to have time to adhere to program guidelines. To declare a major, students must have completed 30 s.h. with a minimum cumulative 2.0 GPA and the student's proposal must be approved by the Multidisciplinary Studies Committee. Program requirements include MULT 3500 and 4999; students may not be enrolled in these courses without admission to the program.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.
 (FC:EN)=English; (FC:EX)=Exercise and Sport Science; (FC:FA)=Fine Arts; (FC:HL)=Health; (FC:HU)=Humanities; (FC:MA)=Mathematics;
 (FC:SC)=Science; (FC:SO)=Social Science

SECTION 8: ACADEMIC PROGRAMS

The structured concentrations are approved by the Multidisciplinary Studies Committee and are provided in areas where there has been clear evidence of significant student demand. For structured concentrations, students take a prearranged curriculum that is approved by a recognized academic committee with oversight in that disciplinary area. Requirements include the completion of interdisciplinary courses, comparable to MULT 3500 and 4999, which address interdisciplinary methods and topics. Current structured concentrations are: classics, neuroscience, and religious studies. Students interested in one of these programs should contact professors John Stevens, classics; Tuan Tran, neuroscience; or Calvin Mercer or Derek Maher, religious studies.

The nature of this program requires that the student be highly motivated and disciplined and that faculty advising the student be closely involved in the process from the proposal preparation stage through the completion of the program. The program is not a general studies degree and program guidelines prohibit approval into the program of students who have not developed a coherent and academically respectable course of study that meets program guidelines.

BA in Multidisciplinary Studies

Minimum degree requirement is **120 s.h.** of credit as follows:

- 1. Foundations curriculum requirements (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs.) 42 s.h.**
- 2. Foreign language through level 1004 12 s.h.**
- 3. Core..... 30 s.h.**

MULT 4999. Seminar in Multidisciplinary Studies (3) (WI) (P: MULT 3500; consent of program director) or comparable structured concentration course.
A minimum of 24 s.h. of approved courses in the major.
- 4. Minor or approved structured electives 24 s.h.**
- 5. A minimum of 24 s.h. from Sections 3 and 4 must be above 2999.**
- 6. Free electives to complete requirements for graduation.**

BS In Multidisciplinary Studies

Minimum degree requirement is **120 s.h.** of credit as follows:

- 1. Foundations curriculum requirements (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs.) 42 s.h.**
- 2. Core..... 42 s.h.**
MULT 3500. Research in Multidisciplinary Studies (3) (WI) (P: Admission to MULT; consent of program director) or comparable structured concentration course.
MULT 4999. Seminar in Multidisciplinary Studies (3) (WI) (P: MULT 3500; consent of program director) or comparable structured concentration course.
A minimum of 36 s.h. of approved courses in the major.
- 3. Minor or approved structured electives 24 s.h.**
- 4. A minimum of 24 s.h. from Sections 2 and 3 must be above 2999.**
- 5. Free electives to complete requirements for graduation.**

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9. (WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. NEUROSCIENCE STUDIES

Tuan Tran, Director, 209 Rawl Building

Multidisciplinary Studies Major

A multidisciplinary studies major with a focus in neuroscience is available. Interested students should contact the director of neuroscience studies.

Students pursuing a BS multidisciplinary major in neuroscience who are also participating in the MD/7 program must meet all the specified requirements for their major. In addition, the student will need to fulfill the pre-health concentration by taking BIOL 1100, 1101, 1200, 1201; PHYS 1250, 1251, 1260, 1261. If the student is accepted for admission to the Brody School of Medicine under the MD/7 program, the first year of medical studies will count toward fulfilling the remaining hours of electives as required for graduation.

Minor

The neuroscience minor is designed to provide students with an introduction to the study of neuroscience at the various structural and functional levels of analysis, including molecular, cellular, integrative, and behavioral. (Students interested in a neuroscience major should see multidisciplinary studies, described above, and contact the neuroscience program director.) The minor requires completion of core courses (20 s.h.), a laboratory course (2 or 3 s.h.), and an elective course (2-5 s.h.). In the event that courses required for the minor are also required for the student's major, neuroscience elective courses should be taken so that a minimum of 24 s.h. of unique neuroscience courses are completed for the minor. The major advisor should send a potential minor to the director for advising. The minimum requirements for the minor are **24 s.h.** as follows:

1. Core..... 20 s.h.

NORTH CAROLINA STUDIES

E. Thomson Shields, Director, 2112 Bate Building

The minor in North Carolina studies is an interdisciplinary program that requires **24 s.h.** credit. The minor provides students with a comprehensive natural and cultural history of North Carolina and a knowledge of the contemporary conditions and issues that history has created. The program requires an introductory course, a senior research seminar, a series of core courses, and electives drawn from the following disciplines: anthropology, biology, English, geography, geology, history, and political science. Courses taken to meet foundations curriculum requirements cannot be used to satisfy the requirements of the North Carolina studies minor. The student's minor program must be approved by the director of the North Carolina studies program.

RELIGIOUS STUDIES

Derek Maher, Co-Director, 235 Austin Building
Calvin Mercer, Co-Director, C-300 Brewster Building

Multidisciplinary Studies Major

A multidisciplinary studies major with a focus in religious studies is available. Interested students should contact the co-directors of religious studies.

Minor

Religious studies is a nonsectarian and interdisciplinary program designed to provide students with an understanding of religion as historical and cultural phenomena. Courses offered explore religion in its various dimensions – aesthetic, anthropological, ethical, historical, literary, philosophical, political, psychological, and sociological. The religious studies minor requires **24 s.h.** credit. The major advisor should send a potential minor to the director for advising. Requirements for the minor are listed below. A maximum of 6 s.h. may be used to satisfy foundations curriculum requirements and requirements for the religious studies minor. No course work in the student's major field of study will be accepted for credit toward the minor. Study-abroad programs having the prior approval of the director will be accepted for a maximum 6 s.h. of credit toward the minor. Additional courses beyond those listed below will be accepted if they significantly further the student's understanding of religion; prior approval by the director is required for additional courses. Departmental prerequisites may be waived in special cases by the department offering the course.

RUSSIAN STUDIES

Elena Konstantinovna Murenina, Director, 200 B Ragsdale Hall

The Russian studies minor is an interdisciplinary program offered through the Thomas Harriot College of Arts and Sciences. The minor requires a minimum of **24 s.h.** and is designed to provide students with a comprehensive knowledge of Russia from both historical and contemporary perspectives. Students pursuing the interdisciplinary Russian studies minor are strongly encouraged to study Russian language, as well as to take advantage of study abroad opportunities.

The interdisciplinary program includes an introductory course and senior level seminar in Russian studies. In addition, the Russian studies program offers lectures and seminars on literature, culture, film, history, political science, and economics. Other appropriate courses in humanities, social science, and fine arts with Russian studies content may be counted towards the minor in consultation with the program director. It is recommended that BA students take Russian language to satisfy their foreign language requirements. No more than 6 s.h. of course work in the student's major field of study will be accepted for credit toward the minor. The student's minor program must be approved by the Russian studies minor director.

A concentration in Russian studies is available through the BA/BS in multidisciplinary studies. Interested students should contact the director of Russian studies.

1. Core..... 6 s.h.

One of the following introductory courses (3 s.h.) is required:

RUSI 2001. Introduction to Russian Studies: Humanities (3) (FC:HU) or RUSI 2002. Introduction to Russian Studies: Social Science (3) (FC:SO) or RUSI 2003. Introduction to Russian Studies: Fine Arts (3) (FC:FA)

The following capstone course (3 s.h.) is required:

RUSI 4000. Senior Seminar in Russian Studies (3) (P: Consent of instructor or RUSI program director)

2. Electives 18 s.h.

Choose 9 s.h. from each of the two areas below in consultation with the Director. Note that one of the three HIST 3551, 3552, 3553 courses (3 s.h.) is required for fulfillment of the social science elective course sequence.

Humanities:

RUSS 2120. Introduction to Russian Culture (3) (FC:HU)

RUSS 2700. Special Topics in Russian Studies (3)

RUSS 3220. Nineteenth Century Russian Literature in Translation (3) (FC:HU) (P: RUSS 2120 or permission of instructor)

POLS 3235. East European Political Systems (3) (FC:SO)
POLS 3236. Russian Politics (3) (FC:SO)

A maximum of two of the following courses (6 s.h.) can be counted towards the minor electives; however, the Director must approve the course substitution.

- RUSI 3011, 3012. Field Study in Russia (3,6) (P: RUSS 1004 or consent of the director)
RUSI 3500. Selected Topics in Russian Studies (3) (P: Consent of instructor)
RUSI 3931,3932,3933. Directed Readings in Russian Studies (1,2,3) (P: Consent of instructor)

Other appropriate courses in humanities, social science, and fine arts may be substituted in consultation with RUSI program Director.

SECURITY STUDIES

Jalil Roshandel, Director, A-124 Brewster Building

The security studies minor is designed to provide an interdisciplinary overview of security-related issues, policies, and infrastructure that has developed in response to security challenges. The program is designed to accommodate students from a broad spectrum of degree programs within the university who have a desire to apply their majors to the growing security community, whether it be at local, state, and federal governments, or in the private or non-profit sectors.

The minor program, coordinated through the Thomas Harriot College of Arts and Science, requires **24 s.h.** credit.

WOMEN'S STUDIES

Cheryl Dudasik-Wiggs, Director, B-103 Brewster Building

BA in Women's Studies

The women's studies major is an interdisciplinary degree program that includes courses on women and gender offered by the women's studies program as well as through traditional disciplines and departments. The purpose of women's studies is to offer a contemporary as well as a historical perspective on women's contributions to selfhood, family, and society; identify, critically examine, and evaluate the assumptions made about women by tradition; and discover, acquire, and accumulate knowledge about women in order to empower understanding of their lives, their roles, and their humanity. Women's studies balances traditional Western cultural assumptions with international women's perspectives, including those of minorities, the disabled, and the economically deprived. The requirements for the major include an introductory women's studies course; electives chosen from the arts, humanities, natural and social sciences, and professional schools; and a core of women's studies courses, including a capstone experience of a senior seminar and internship or directed readings. Women's studies majors are encouraged to combine women's studies with another major. Minimum degree requirement is **126 s.h.** of credit as follows:

1. Foundations curriculum requirements (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs.) 42 s.h.

Women's Studies Minor

The minor in women's studies is an interdisciplinary academic program with courses designed to complement and enrich students' work in their major fields. To ensure flexibility in each student's **24 s.h.** program and thus assure the possibility of coordinating with the major, the women's studies minor comprises a 6 s.h. core, which includes a course that introduces the student to the discipline and a senior seminar which helps the student synthesize what she or he has learned, and 18 s.h. of electives. A course may not count toward the student's major degree and the women's studies minor.

One of the following two courses may be taken to fulfill the course requirement for a course above 2999 in cultural anthropology:
ANTH 3720. Writing Systems of the World (3) (F) (Same as ENGL 3720) (P: ENGL 1200)
ANTH 3770. Language Universals (3) (Same as ENGL 3770)

5. ANTH electives..... 6 s.h.

The following courses, including those listed above, may be taken as electives:

- ANTH 2760. Afro-Caribbean Language and Culture (3) (S) (Same as ENGL 2760) (P: ENGL 1200)
ANTH 3720. Writing Systems of the World (3) (F) (Same as ENGL 3720) (P: ENGL 1200)
ANTH 3770. Language Universals (3) (Same as ENGL 3770)

(ANTH 5010, 5175 may not count as ANTH electives.)

6. Minor and general electives to complete requirements for graduation.

Anthropology Minor

The minor in anthropology requires **24 s.h.** of credit as follows:

1. Core..... 12 s.h.

ANTH 1000. Introduction to Anthropology (3) (F,S,SS) (FC:SO)

Minimum of one course from each of the anthropology subfields listed in the BA degree, 4., above.

2. ANTH electives..... 12 s.h.

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9.
(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed.
Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year
P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

Certificate in Forensic Anthropology

The course of study for the certificate in forensic anthropology provides a basic understanding of skeletal biology and human osteology, procedures for the search and recovery of human remains, methods of individual identification from the human skeleton, time since death estimation, and manner of death. The student is also provided with knowledge of forensic anthropology for those interested in careers in applied, non-academic anthropology.

A minimum cumulate 2.5 GPA is required for admission. The student must maintain a 2.5 average in the certificate courses to receive the forensic anthropology certificate. The certificate requires **16 s.h.** of credit as follows:

1. Core..... 13 s.h.

ANTH 3077. Archeological Methods (3) (F) (P: ANTH 2000 or consent of instructor)
 ANTH 3026. Forensic Anthropology (3) (S) (P: ANTH 2015, 2016 or consent of instructor)
 ANTH 4400, 4401. Osteology (4,0) (S,OY) (P: ANTH 2015, 2016 or consent of instructor)
 JUST 3007. Criminal Investigations (3) (F) (P: JUST 1000 and consent of the Department of Criminal Justice)
 Substitute core courses may be approved by the Department of Anthropology.

2. Electives (Choose one from the following) 3 s.h.

JUST 3501. Criminal Procedure (3) (WI) (F,S) (P: JUST 1000 and consent of the Department of Criminal Justice)
 SOCI 3220. Deviant Behavior (3) (F,S,SS) (P: SOCI 2110)
 PSYC 4375. Abnormal Psychology (3) (F,S,SS) (P: PSYC 1000 or 1060)
 BIOL 2130. Survey of Human Physiology and Anatomy (4) (F,S,SS) (P: BIOL 1050, 1051 or 1100, 1101)
 CHEM 2650. Organic Chemistry for the Life Sciences (4) (F)
 Other electives may be approved by the Department of Anthropology.

Anthropology Honors Program

A student wishing to enter the honors program in anthropology must be a junior majoring in anthropology, have a minimum cumulative 3.0 GPA and a minimum 3.5 GPA in anthropology, and have completed a minimum of 20 s.h. in anthropology. (Exception may be made at the discretion of the dept chair.) A student in the honors program shall enroll, as part of his or her regular curriculum, in ANTH 4550 during the second semester of the junior year and ANTH 4451 in the senior year. Each honors student will carry out an extensive program of carefully supervised reading and research in one of the areas of anthropology.

DEPARTMENT OF BIOLOGY

Thomas McConnell, Interim Chairperson, BN-108 Howell Science Complex

Mary A. Farwell, Director of Undergraduate Studies, BN-108C Howell Science Complex

Admission Requirements

In order to declare a major in biology or biochemistry, a student must satisfy foundations curriculum requirements as stated in the catalog for transfer to departments in the Thomas Harriot College of Arts and Sciences and must have a minimum cumulative 2.0 GPA in all biology and chemistry courses below the 3000 level.

Core Curriculum

The core curriculum in biology is intended to give all biology majors a background in molecular biology, diversity, evolution, ecology, and genetics. BIOL 1100, 1101, 1200, 1201, 2250, 2251, 2300 constitute the core curriculum. A choice of electives permits a student to pursue in depth an area or areas of particular interest. Lecture courses having laboratory components that carry independent credit may or may not be required as corequisites (see appropriate catalog descriptions). Laboratory components carrying no credit are corequisites. All students must take a departmentally administered assessment examination before graduation. Scores from this examination will not be used in the calculation of GPA or for academic standing. Minimum degree requirement is **126 s.h.** of credit.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.
 (FC:EN)=English; (FC:EX)=Exercise and Sport Science; (FC:FA)=Fine Arts; (FC:HL)=Health; (FC:HU)=Humanities; (FC:MA)=Mathematics;
 (FC:SC)=Science; (FC:SO)=Social Science

BS in Biology, General

1. Foundations curriculum (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including those listed below.....42 s.h.

CHEM 1150, 1151. General Chemistry and Laboratory I (3,1) (F,S,SS) (FC:SC) (P: Chemistry placement test or passing grade in CHEM 0150; P/C: MATH 1065)

CHEM 1160, 1161. General Chemistry and Laboratory II (3,1) (F,S,SS) (FC:SC) (P: CHEM 1150, 1151; C for 1160: CHEM 1161; C for 1161: CHEM 1160; RC: MATH 1083 or 1085)

MATH 1065. College Algebra (3) (F,S,SS) (FC:MA) (P: Appropriate score on mathematics placement test)

2. Core.....15 s.h.

BIOL 1100, 1101. Principles of Biology and Laboratory I (3,1) (F,S,SS) (FC:SC) (P/C for 1101: BIOL 1100)

BIOL 1200, 1201. Principles of Biology and Laboratory II (3,1) (F,S,SS) (FC:SC) (P/C for 1201: BIOL 1200)

BIOL 2300. Principles of Genetics (3) (F,S,SS) (P: 2 BIOL courses)

3. Recommended electives.....25 s.h.

The following elective areas are recommended to guide students in choosing biology electives consistent with their academic goals. Students may concentrate in one of the specified areas, below, or choose a more general course of study. A maximum of 6 s.h. of BIOL 3550, 4504, 4514, 4550, 5995 may count toward biology electives without consent of dept. chair or director of undergraduate studies.

Ecology/Environmental Biology:

BIOL 3070, 3071. Survey of Plants and Fungi (4,0) (P: 3 s.h. of science with a lab)

BIOL 3230, 3231. Field Botany (4,0) (F,S,SS) (P: 3 s.h. of general biology with a lab)

BIOL 3240, 3241. Field Zoology (4,0) (F) (P: BIOL 1060 or 2250)

BIOL 3310, 3311. Cellular Physiology (4,0) (F,S,SS) (P: 1 organic CHEM or biochemistry course)

BIOL 3320. Principles of Animal Physiology (3) (F,S,SS) (P: 2000-level organic CHEM or biochemistry course)

BIOL 3321. Principles of Animal Physiology Laboratory (1) (C: BIOL 3320)

5. Research skills (Choose one area.)..... 8-9 s.h.

Students contemplating graduate school should consider admission requirements before selecting a research skills area.

- Foreign language through level 1003.
- Quantitative and Communication Skills (1 course each in scientific writing, statistics, and computer programming.)
Recommended courses:
ENGL 3820. Scientific Writing (3) (WI) (F,S,SS) (P: ENGL 1200) or ITEC 3290. Technical Writing (3) (WI) (F,S,SS) (P: ENGL 1200) or a course in scientific writing
MATH 2228. Elementary Statistical Methods I (3) (F,S,SS) (P: MATH 1065 or equivalent)
MIS 2223. Introduction to Computers (3) (F,S,SS) or CSCI 2510. Introduction to Computer Science I (3) (F,S,SS) (P: MATH 1065 or 1066) or ACCT 2401. Financial Accounting (3) (F,S,SS) (P: MATH 1065 or 1066 or 2119 or 2121 or 2171)
- Relevant cognate area—courses chosen to meet this requirement must be planned through consultation with a faculty advisor and approved in advance by the dept chair and the dept director of undergraduate studies.
- Recommended for microbiology and molecular biology/biotechnology:
CHEM 2250, 2251. Quantitative and Instrumental Analysis (3,2) (WI, WI) (F,S) (P: CHEM 1160, 1161; 1 organic CHEM course)
MIS 2223. Introduction to Computers (3) (F,S,SS) or CSCI 2510. Introduction to Computer Science I (3) (F,S,SS) (P: MATH 1065 or 1066)

6. Electives to complete requirements for graduation.

Biology Requirements for Students Participating in MD in 7 Initiative

Students pursuing a BS in biology who are also participating in the MD in 7 Program must meet all the specified core requirements for their major and cognate courses of MATH 2121; CHEM 2750, 2753, 2760, 2763; PHYS 1250, 1251, 1260, 1261. Students who complete these courses will also have fulfilled the pre-health concentration. In addition to the core requirements students will also complete 16 s.h. of biology electives at the undergraduate level. If the student is accepted for admission to the Brody School of Medicine under the MD in 7 Program, Doctoring I will count as Internship BIOL 5995 to be repeated once for 2 hours credit. ANAT 7210 will count in lieu of BIOL 5450, 5451. Medical Genetics will count in lieu of BIOL 4040 with all other medical school courses during the first year counting as the remaining 20 s.h. of electives as required for graduation.

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9.
(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed.
Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year
P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

BS in Biochemistry

Minimum degree requirement is **126 s.h.** of credit as follows:

1. Foundations curriculum (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including those listed below.....42 s.h.

CHEM 1150, 1151. General Chemistry and Laboratory I (3,1) (F,S,SS) (FC:SC) (P: Chemistry placement test or passing grade in CHEM 0150; P/C: MATH 1065)

Biology Minor

Minimum requirement for biology minor is **24 s.h.** of credit as follows:

I. Core..... 15 s.h.

BIOL 1100, 1101. Principles of Biology and Laboratory I (3,1) (F,S,SS) (FC:SC) (P/C for 1101: BIOL 1100)

BIOL 1200, 1201. Principles of Biology and Laboratory II (3,1) (F,S,SS) (FC:SC) (P/C for 1201: BIOL 1200)

BIOL 2250, 2251. Ecology and Ecology Laboratory (3,1) (F,S,SS)

BIOL 2300. Principles of Genetics (3) (F,S,SS) (P: 2 BIOL courses)

2. BIOL electives 9 s.h.

Minor programs consisting of course sequences in particular areas that include a minimum of 24 s.h. can be arranged with the approval of the biology undergraduate curriculum committee.

Biology Honors Program

Biology majors who maintain a minimum GPA of 3.5 may participate in the department's honors program. This program is designed for exceptional students wishing to use their creative abilities to pursue in-depth inquiries (research, co-teaching, field work, internships, etc.) into the biological sciences, the topic of inquiry being determined by the student in consultation with a faculty mentor/sponsor. Participation in the program is by mutual agreement between the student and the faculty mentor and requires enrollment in a minimum of 6 s.h. of credit selected from BIOL 3550, 4550, 4504, 4514, 5995. While grades will be awarded independently for each research/honors course in which the student enrolls, graduation with honors requires the student to submit the final product of activity for critical review by the departmental honors review board. (Students should note that no more than 6 s.h. of credit in honors or research courses may be counted for biology elective credit.)

DEPARTMENT OF CHEMISTRY

Rickey P. Hicks, Chair, 300 Science and Technology Building

Admission Requirements

Students enrolled at East Carolina University or transferring from other institutions who have a minimum 2.0 GPA and a minimum grade of C in CHEM 1150, 1151, 1160, 1161 and MATH 1065 may apply for admission as chemistry majors. Students who hold a baccalaureate degree qualify for admission to the chemistry degree program if they have completed comparable courses as described above with a minimum grade of C as part of their first degree.

BA in Chemistry

The BA program provides a flexible major designed to provide the student with a broad education in chemistry appropriate for further study in a wide range of fields, such as business, medicine, pharmacy, and law as well as careers dependent on a basic knowledge in chemistry. The BA in chemistry, in conjunction with two semesters of laboratory-based biology courses, satisfies the course requirements for application to most US medical schools. It is different than the BS degree in the required chemistry, math, and physics courses. Any of the required major courses or cognates, however, may be replaced by courses that cover the same topics at a more advanced level. For example, CHEM 3950, 3960 may be taken instead of CHEM 3850. It is the student's responsibility to ensure that the prerequisites for such courses have been met. Minimum degree requirement is **126 s.h.** of credit as follows:

I. Foundations curriculum (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including those listed below.....42 s.h.

MATH 1065. College Algebra (3) (F,S,SS) (FC:MA) (P: Appropriate score on mathematics placement test)

PHYS 1250, 1260. General Physics (3,3) (F,S,SS) (FC:SC) (P for 1250: MATH 1065 or 1066; P for 1260: PHYS 1250)

PHYS 1251, 1261. General Physics Laboratory (1,1) (F,S,SS) (FC:SC) (C for 1251: PHYS 1250 or 2350; C for 1261: 1260 or 2360)

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9.

5. Electives to complete requirements for graduation.**Chemistry Requirements for Students Participating in MD in 7 Initiative**

Students pursuing a BA in chemistry who are also participating in the MD in 7 Program must meet all the above-specified requirements for their major and the math cognate. In addition, the student will need to fulfill the pre-health concentration by taking BIOL 1100, 1101, 1200, 1201; PHYS 1250, 1251, 1260, 1261. If the student is accepted for admission to the Brody School of Medicine under the MD in 7 Program, the first year of medical studies will count toward fulfilling the remaining 28 s.h. of electives as required for graduation.

BS in Chemistry

The BS degree in chemistry is the appropriate program for students considering advanced degree programs in chemistry, biochemistry, and other related fields or a professional career in chemistry. Graduates of this program meet certification requirements of the American Chemical Society. Students are strongly encouraged to pursue undergraduate research with a faculty member. Up to 6 s.h. of undergraduate research may be applied toward degree requirements. Information regarding undergraduate research may be obtained from the director of undergraduate studies. Students completing the BS degree are encouraged to consider some of the following courses as electives: COMM 2410 or COMM 2420; ITEC 3290 or ENGL 3820; MATH 2228, 3256, 4331; CHEM 4515, 4516, 4517; advanced 5000-level courses in chemistry; and BIOL 5800 or 5810. Minimum degree requirement is **126 s.h.** of credit as follows:

I. Foundations curriculum (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including those listed below..... 42 s.h.

Chemistry Honors Program

The Department of Chemistry Honors Program provides an opportunity for outstanding chemistry majors to do intensive study and research in areas of special interest. A student desiring to enter the honors program must be a junior or senior majoring in chemistry and possess a minimum GPA of 3.2 in all courses taken at East Carolina University as well as in all chemistry and cognate courses. Before participating in the honors program, students must notify the director of undergraduate studies in chemistry and select a project supervisor from the chemistry faculty. Program participants are expected to select a topic of mutual interest to both the student and project supervisor, research the topic through the scientific literature, and then conduct independent research on the topic. Upon completion of the research, the student must submit a detailed written research report and make an oral presentation on the honors project. Course requirements: CHEM 4103; a minimum of 5 s.h. research and/or independent study from: CHEM 4505, 4506, 4507, 4515, 4516, 4517.

Bachelor of Science and Accelerated MS in Chemistry

Students working toward a BS degree in chemistry have the opportunity to earn an MS degree in two or three additional semesters of study. These students are encouraged to begin research projects as undergraduates and take advanced classes that can be used to waive some MS course requirements. As seniors they may be granted early admission to the MS program and would be eligible to receive paid teaching assistantships. To be enrolled in the MS program as a senior, a student must be within 6 s.h. credit of completing all undergraduate degree requirements. Applications to the MS program should be submitted during the first semester of the senior year and must include GRE scores.

DEPARTMENT OF ECONOMICS

Richard E. Ericson, Chairperson, A-428 Brewster Building

BA in Economics

Economics majors are required to earn a minimum grade of C in each of the following courses: ECON 2113, 2133, 3144, 3244. Minimum degree requirement is **120 s.h.** of credit as follows:

1. Foundations curriculum (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including those listed below..... 42 s.h.

MATH 1065. College Algebra (3) (F,S,SS) (FC:MA) (P: Appropriate score on mathematics placement test) or MATH 1066. Applied Mathematics for Decision Making (3) (F,S,SS) (FC:MA) (P: Appropriate score on mathematics placement test or approval of dept chair)

2. Foreign language through level 1004 12 s.h.

English Honors Program

The Department of English Honors Program provides an opportunity for outstanding English majors to do intensive research in areas of special interest. In order to qualify for the honors program, a student must have a minimum cumulative and major 3.0 GPA. Students participating in the honors program enroll in ENGL 4550 and 4555 in consecutive semesters of their senior year. After extensive reading on a topic of his or her choice and appropriate consultation with an advisor chosen from among the senior faculty members, the student submits a paper on a topic related to his or her reading and takes an oral examination covering the area of the research.

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9.
(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed.
Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year

Summer Program in England

The Department of English offers a summer program of study in London, England. Students may earn 6 s.h. credit toward graduation. Interested students should contact the director of undergraduate studies in English.

DEPARTMENT OF FOREIGN LANGUAGES AND LITERATURES

Frank Romer, Chairperson, 3324 Bate Building

French, German, or Hispanic studies majors who are interested in gaining work experience in business, industry, or government under the cooperative education program should see the department chair.

BA or BS in Foreign Languages, including Preparation for the Accelerated MBA Program

French, German, and Hispanic studies majors who are interested in careers in business may complete the BA or BS in foreign languages with a minor in business administration, and if qualified may complete the master of business administration in one additional year. (See Section 6, Undergraduate Studies, Bachelor's and Accelerated MBA Program.)

BA in French

Certificate in Spanish Translation

The certificate in Spanish translation provides a course of study that prepares the student in the special skills involved in the role of translator. The award of the certificate provides evidence of practical competence in translating written texts to or from Spanish; interpretation of spoken Spanish is not involved. There are four required translation courses that must be satisfactorily completed, following which students may take a demanding final proficiency examination. Satisfactory performance on the examination entitles the student to receive the certificate in translation. Those students whose performance is judged only adequate may receive credit for completing the course sequence, but will not be awarded the certificate. The certificate requires **12 s.h.** credit as follows:

- SPAN 3340. Introduction to Translation (3) (P: SPAN 3330 or consent of dept chair; RC: SPAN 3335)
- SPAN 4340. Intermediate Translation (3) (P: SPAN 3335, 3340; or consent of dept chair)
- SPAN 5340. Advanced Translation I (3) (P: SPAN 4340)
- SPAN 5940. Advanced Translation II (3) (P: SPAN 5340)

Foreign Language Placement Tests

Students who have previously studied French, German, Italian, Japanese, Latin, Russian, and Spanish should take the respective placement test in order to ensure that they continue their study at the appropriate level. Please note that a placement test is required for enrollment in all lower-level Spanish courses including level 1001. (See Section 2, Admission and Readmission, Placement Testing.) While it may be possible to satisfy the foreign language requirement by completing 12 s.h. of Italian or Japanese, no guarantee can be given that the necessary courses will be offered.

SECTION 8: ACADEMIC PROGRAMS

GEOG 490I. Senior Honors Thesis (3) (F,S) (P: GEOG 4900 with a grade of B or higher)

May choose any GEOG course listed that is not being counted toward the degree.

3. Concentration Area (Choose an additional 6 s.h. in either human or physical geography, as listed above. If concentration area is physical geography, a minimum of 3 s.h. must be above 3999)..... **6 s.h.**

4. Minor..... **24 s.h.**

Selected from aerospace, biology, business administration, computer science, economics, geology, industrial technology, information processing, leisure systems studies, military science, planning, public administration, statistics, or any other appropriate minor with consent of the dept chair.

5. Electives to complete requirements for graduation.

Geography Minor

Minimum requirement for the minor in geography is **24 s.h.** of credit as follows:

Minimum of one course from each of the geography categories listed in the BS in applied geography degree, 2., above

Minimum of 6 s.h. of GEOG electives above 2999

Geography Honors Program

The honors program in geography is designed for outstanding geography majors who wish additional challenge and recognition in pursuing scholarly work in a sub-field of geography. A student wishing to enter the honors program in geography must be a junior majoring in geography, have a minimum cumulative 3.0 GPA, have a minimum 3.3 GPA in geography, and have completed a minimum of 21 s.h. in geography. Exceptions to these requirements may be made at the discretion of the departmental chairperson. A student in the honors program is encouraged to enroll, as part of her/his regular curriculum, in GEOG 4900 during the second semester of the junior year, and GEOG 490I in the first semester of the senior year. Each honors student will carry out an extensive program of carefully supervised reading and research in one of the areas of geography, leading to the preparation of a senior honors thesis. To receive honors, a student must complete both GEOG 4900 and GEOG 490I with at least a B. Further details about the honors program are available in the departmental office, Brewster A-229.

Certificate in Atmospheric Science

1. Core..... **12 s.h.**

It is recommended that GEOG 3510 be taken prior to GEOG 3520 or GEOG 4550.

GEOG 3510. Physical Meteorology (3) (F) (P: GEOG 2200 or consent of instructor)

GEOG 3520. Dynamic Meteorology (3) (S) (P: GEOG 2200 or consent of instructor)

Certificate in Geographic Information Science

The course of study for the geographic information science (GIS) certificate provides theoretical and technological competencies that prepare students to develop and manage geographic information projects and to interpret and implement GIS as a decision support system. The program enhances basic and applied research capacity at the undergraduate level. A minimum cumulative 2.5 GPA is required for admission. The student must maintain a B average in the certificate courses to remain in the program and receive the GIS certificate. The certificate requires a minimum of **15 s.h.** as follows:

- 1. Core..... 9 s.h.**
 GEOG 3410. Fundamentals of GIS (3) (F,S) or PLAN 3051. Introduction to GIS in Planning (3) (F,S) (P: GEOG 3410 or consent of instructor)
 GEOG 3420. Remote Sensing of the Environment I (3) (F) (P: GEOG 3410 or equivalent)
 GEOG 3430. Geographic Information Systems I (3) (S) (P: GEOG 3410 or equivalent)
- 2. Electives (Choose from the following.)..... 6 s.h.**
 GEOG 3450. Introduction to the Global Positioning System (3) (S) (P: GEOG 3410 or equivalent)
 GEOG 3460. GIS Applications Programming (3) (F) (P: GEOG 3410; ASIP 2212 or CSCI 1610 or MIS 2223 or consent of instructor)
 GEOG 4410. Advanced Cartographic Design and Production (3) (F,S) (P: GEOG 3410 or equivalent)

6. Electives to complete degree requirements for graduation.

NOTE: Excluding foundations curriculum requirements, no one course may be used to fulfill two or more degree requirements.

Planning Minor

The planning minor requires 24 s.h. of credit as follows:

- I. Core 15 s.h.
 - PLAN 1900. Planning for the Human Environment (3) (F, S, SS)
 - PLAN 3020. Environmental Planning (3) (F)
 - PLAN 3021. Introduction to Planning Techniques (3) (F)
 - PLAN 3030 Urban and Regional Planning (3) (F)
 - PLAN 3032. Planning Legislation and Administration (3) (WI) (S)
- 2. Electives 9 s.h.

Bachelor’s and Accelerated MBA Program

Planning majors who are interested in careers in private or public sector management, may complete the BS in urban and regional planning, and if qualified, may complete the master of business administration in one additional year.

Certificate in Urban Design

This certificate provides students with specialized competencies in urban design and prepares them to engage effectively in professional practice in the public and the private sectors. The certificate is open to students pursuing an undergraduate degree at ECU. Students gain interdisciplinary knowledge regarding physical, environmental, and social planning issues that confront contemporary cities. The course of study for the certificate enhances the creative, visualization, and graphic abilities required for the design and planning professions. Students engage in real-world design projects that deal with adaptive reuse, streetscapes, urban regeneration, downtown revitalization, historic preservation, public squares, and smart community planning. To qualify for the award, students must maintain a minimum of 3.0 GPA in the certificate courses. The certificate requires a minimum of 15 s.h. of credit as follows:

- I. Core Courses:
 - PLAN 1900. Planning for the Human Environment (3) (F,S,SS)
 - PLAN 4003. Urban Form and Design (3) (S)
 - PLAN 4046. Planning and Design Studio (3) (F,S)

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9. (WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed. Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

2. Elective Courses (two courses from the following):

ART 4950. Twentieth-Century Architecture (3) P: ART 1906, 1907
 DESN 3030, 3031. Architectural Drafting (3,0) (F,S,SS) (P: DESN 2034 or IDSN 1281)
 GEOG 3004. Urban Geography (3) (F)
 IDSN 4750. Interior Design for Adaptive Reuse (3) (WI) (S) (P: IDSN 3600, 3700) (Formerly IDMR 4750)
 PLAN 3020. Environmental Planning (3) (F)
 PLAN 3051. Introduction to GIS in Planning (3) (F,S)
 PLAN 5985. Historic Preservation Planning (3)

DEPARTMENT OF GEOLOGICAL SCIENCES

Stephen J. Culver, Chairperson, 101 Graham Building

BS in Geology

Geology majors have the opportunity to specialize in one of three concentration areas: coastal and marine, environmental, or general geology. Minimum degree requirement is **126 s.h.** of credit as follows:

1. Foundations curriculum (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs.).....42 s.h.

2. Core.....39 s.h.

GEOL 1500. Dynamic Earth (3) (F,S,SS) (FC:SC) and GEOL 1501. Dynamic Earth Laboratory (1) (F,S,SS) (FC:SC); or GEOL 1550. Oceanography (4) (F,S) (FC:SC); or GEOL 1700. Environmental Geology (4) (F,S) (FC:SC)
 GEOL 1600. Earth and Life Through Time (4) (F,S) (FC:SC)
 GEOL 3050, 3051. Mineralogy and Petrology I (4,0) (F) (P: A 1000-level GEOL course; RP: CHEM 1150, 1151; GEOL 1500, 1501)
 GEOL 3150, 3151. Mineralogy and Petrology II (4,0) (S) (P: GEOL 3050, 3051; P/C: CHEM 1150, 1151)
 GEOL 3200, 3201. Introduction to Field Methods (2,0) (S) (P: GEOL 1600)
 GEOL 3300, 3301. Structural Geology (4,0) (F) (P: GEOL 3200, 3201)
 GEOL 4000. Summer Field Course in Geology (6) (SS) (P: GEOL 3050, 3051, 3300, 3301)
 GEOL 4010, 4011. Sedimentology (4,0) (WI) (F) (P: GEOL 1600, 3050, 3051)

3. Concentration areas (Choose one.).....7 s.h.

Coastal and Marine Geology (Choose 7 s.h. from the following):

GEOL 1550. Oceanography (4) (F,S) (FC:SC)
 GEOL 5300. Geology of Coastal Processes and Environments (3) (P: GEOL 1550, 4010, 4011; or consent of instructor)
 GEOL 5350. Marine Geology (3) (P: GEOL 1550, 4010, 4011; or consent of instructor)

Environmental Geology (Choose 7 s.h. from the following):

GEOL 1700. Environmental Geology (4) (F,S) (FC:SC)
 GEOL 5150. The Geologic Component of Environmental Science (3) (P: Introductory GEOL course or consent of instructor)
 GEOL 5450. Introduction to Aqueous Geochemistry (3) (P: CHEM 1150, 1151, 1160, 1161)
 GEOL 5710, 5711. Ground-Water Hydrology (3,0) (P: GEOL 1500, 1501; or consent of instructor)

General Geology:

Choose 7 s.h. from any combination of GEOL courses

4. Cognates.....28 s.h.

CHEM 1150, 1151. General Chemistry and Laboratory I (3,1) (F,S,SS) (FC:SC) (P: Chemistry placement test or passing grade in CHEM 0150; P/C: MATH 1065)
 CHEM 1160, 1161. General Chemistry and Laboratory I (3,1) (F,S,SS) (FC:SC) (P: CHEM 1150, 1151; C for 1160: CHEM 1161; C for 1161: CHEM 1160; RC: MATH 1083 or 1085)

SECTION 8: ACADEMIC PROGRAMS

MATH 1065. College Algebra (3) (F,S,SS) (FC:MA) (P: Appropriate score on mathematics placement test)

Choose 9 s.h. of approved courses in calculus, statistics, and/or computer applications

Choose 8 s.h. of approved BIOL, CHEM, and/or PHYS courses

5. Electives to complete requirements for graduation.

NOTE: Students who plan to pursue graduate degrees in geology should complete a year of physics and a year of calculus.

Geology Minor

Minimum requirement for minor is **24 s.h.** of GEOL courses. A minimum of 12 s.h. must be selected from courses numbered above 2999.

Geology Honors Program

A student desiring to enter the honors program in geology must satisfy the approved departmental criteria; junior standing with a minimum cumulative 3.0 GPA; completion of a minimum of 20 s.h. in geology; a minimum 3.0 GPA in geology courses with no grade below C. See GEOL 4550, 4551, Honors Thesis.

DEPARTMENT OF HISTORY

Gerald J. Prokopowicz, Acting Chairperson, A-315 Brewster Building

Students may choose between the BA in history and the BS in public history. Students may also minor in either program.

BA in History

Minimum degree requirement is **126 s.h.** of credit as follows:

- 1. Foundations curriculum (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs.).....42 s.h.**
- 2. Foreign language through level 1004 12 s.h.**
- 3. Core..... 36 s.h.**

History Honors Program

A student desiring to enter the honors program in history must be a second semester junior majoring in history; possess a minimum cumulative and major 3.0 GPA; and have a minimum of 20 s.h. in history (exceptions may be made at the discretion of the dept chair). Furthermore, a student engaged in the history honors program shall be enrolled as a part of the regular curriculum in HIST 4550 and 4551, starting the sequence the spring semester of the junior year and concluding at the end of the first semester of the senior year. Upon completion of the two courses, the student will receive 6 s.h. credit in advanced history.

Each honors scholar will carry out an extensive program of carefully supervised reading and research in one of nine areas of history: Colonial America; Nineteenth-Century America; Twentieth-Century America; Ancient and Medieval; Europe, 1500-1815; Europe, 1815 to Present; Asia; Latin America; Africa.

A history honors award is given annually to the history honors program student who completes and defends the most outstanding honors paper.

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9.

DEPARTMENT OF MATHEMATICS

Ronnie W. Smith, Acting Chairperson, 124 Austin Building

Admission Requirements

Students enrolled at East Carolina University or transferring from other institutions may be considered for admission to the Department of Mathematics as a mathematics major provided the following departmental requirements are met. To elect mathematics as a major, the student must have a minimum cumulative 2.0 GPA and a minimum grade of C in all mathematics courses taken below the 3000 level.

Readmission

Students previously admitted to the Department of Mathematics who have been out of school more than three academic years and students who were previously enrolled in the university but not admitted to the department must meet the requirements outlined in the section above.

Students applying for readmission to the university who were previously admitted to the Department of Mathematics and who have been out of school no more than three academic years must have a minimum 2.0 GPA to be eligible for readmission to the department.

Second Degree Students

Students who hold a baccalaureate degree qualify for admission to the Department of Mathematics upon admission to the university.

BA in Mathematics

Credit toward a mathematics major will not be given in any MATH course or in CSCI 2310, 2311 with a grade less than C. The degree offers two concentration areas: mathematics and statistics. The mathematics concentration requires a minor and the statistics concentration requires specified cognates in lieu of a minor. Minimum degree requirement is **126 s.h.** of credit as follows:

- 1. Foundations curriculum (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs.) 42 s.h.**
- 2. Foreign language through level 1004 12 s.h.**
- 3. Common core 30 s.h.**
 MATH 2171, 2172, 2173. Calculus I, II, III (4,4,4) (F,S,SS) (FC:MA) (P for 2171: minimum grade of C in any of MATH 1083, 1085, 2122; P for 2172: minimum grade of C or 2122 with consent of instructor; P for 2173: MATH 2172 with a minimum grade of C)
 MATH 2300. Transition to Advanced Mathematics (3) (P: MATH 2171)
 MATH 3256. Linear Algebra (3) (F,S,SS) (P: MATH 2172)
 MATH 3263. Introduction to Modern Algebra (3) (WI) (F,S) (P: MATH 2300, 3256)

Mathematics Honors Program

The mathematics honors program is open to students with exceptional mathematical ability who have completed MATH 2173. Acceptance in the program entitles the student to register for MATH 3550, 3551, 4550, 4551.

DEPARTMENT OF PHILOSOPHY

George Bailey, Chairperson, A-327 Brewster Building

BA in Philosophy

Minimum degree requirement is **120 s.h.** of credit as follows:

1. Foundations curriculum (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs.)..... 42 s.h.

2. Foreign language through level 1004 12 s.h.

3. Core..... 30 s.h.

Choose a minimum of 12 s.h. of PHIL above 2999

The department encourages majors to enroll in junior-senior courses as soon as they are eligible.

4. Minor and electives to complete requirements for graduation.

Philosophy Minor

The philosophy minor requires 24 s.h. credit. While there are no required courses, a minimum of 9 s.h. of the 24 s.h. must be above PHIL 2999.

Philosophy Honors Program

The purpose of junior-senior honors in philosophy is to encourage independent research and scholarship and to give students an opportunity to better prepare themselves for graduate study. Under the direction of one member of the department, a student enrolled in this program (PHIL 3550, 4550) carries on studies (as based on a reading list), prepares for a comprehensive examination at the end of the junior year, and writes a thesis during the first semester of the senior year. Students who have an interest in this program should come to the departmental office in A-327 Brewster Building for details.

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9.
(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed.
Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year
P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

DEPARTMENT OF PHYSICS

John Sutherland, Chairperson, N-209 Howell Science Complex

Proficiency Requirements

A minimum grade of C in PHYS 2350 and 2360 is required before a student may take any physics course for which PHYS 2360 is prerequisite.

BA in Physics

The BA is designed for students interested in employment in nontechnical fields or in graduate study in the social sciences, medicine, public health, business, and the humanities depending on elective choices. Minimum degree requirement is **126 s.h.** of credit as follows:

- 1. Foundations curriculum (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree programs), including those listed below 42 s.h.**
MATH 1065. College Algebra (3) (F,S,SS) (FC:MA) (P: Appropriate score on mathematics placement test) or equivalent
- 2. Foreign language through level 1004 12 s.h.**
- 3. Core..... 19 s.h.**
PHYS 125I, 126I. General Physics Laboratory (I,I) (F,S,SS) (FC:SC) (C for 125I: PHYS 1250 or 2350; C for 126I: PHYS 1260 or 2360)
PHYS 2350, 2360. University Physics (4,4) (FC:SC) (P for 2350: MATH 212I or 217I; P for 2360: PHYS 2350)

PHYS 4416. Modern Physics I (3) (F) (P: PHYS 2360)
PHYS 4417. Modern Physics II (3) (S) (P: PHYS 4416)
- 4. Cognates..... 15 s.h.**
MATH 1083. Introduction to Functions (3) (F,S,SS) (FC:MA) (P: MATH 1065 with a minimum grade of C)
MATH 217I, 2172, 2173. Calculus I, II, III (4,4,4) (F,S,SS) (FC:MA) (P for 217I: minimum grade of C in any of MATH 1083, 1085, 2122; P for 2172: MATH 217I with a minimum grade of C or 2122 with consent of instructor; P for 2173: MATH 2172 with a minimum grade of C)
- 5. Minor and electives to complete requirements for graduation.**

BS in Physics

The BS is a traditional physics program designed for students interested in graduate study in physics or engineering. Minimum degree requirement is **126 s.h.** of credit as follows:

- 1. Foundations curriculum (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including those listed below 42 s.h.**
CHEM 1150, 115I. General Chemistry and Laboratory I (3,I) (F,S,SS) (FC:SC) (P: Chemistry placement test or passing grade in CHEM 0150; P/C: MATH 1065)
CHEM 1160, 116I. General Chemistry and Laboratory II (3,I) (F,S,SS) (FC:SC) (P: CHEM 1150, 115I; C for 1160: CHEM 116I; C for 116I: CHEM 1160; RC: MATH 1083 or 1085)
MATH 1065. College Algebra (3) (F,S,SS) (FC:MA) (P: Appropriate score on mathematics placement test) or equivalent
- 2. Core..... 40 s.h.**
PHYS 125I, 126I. General Physics Laboratory (I,I) (F,S,SS) (FC:SC) (C for 125I: PHYS 1250 or 2350; C for 126I: PHYS 1260 or 2360)
PHYS 2350, 2360. University Physics (4,4) (FC:SC) (P for 2350: MATH 212I or 217I; P for 2360: PHYS 2350)

Physics Requirements for Students Participating in MD in 7 Initiative

Students pursuing a BA or BSAP in physics who are also participating in the MD in 7 Program must meet all the above-specified requirements for their major and the math cognate. It should also be noted that students coming in under the MD in 7 Program in physics will need to have obtained prior credit for MATH 1065, 1085. In addition, the student will need to fulfill the prehealth concentration by taking BIOL 1100, 1101, 1200, 1201; CHEM 1150, 1151, 1160, 1161, 2750, 2751, 2760,

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9.
(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed.
Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year
P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

2763. If the student is accepted for admission to the Brody School of Medicine under the MD in 7 Program, the first year of medical studies will count toward fulfilling the remaining 28 s.h. of electives as required for graduation.

Physics Minor

Minimum requirement for physics minor is **24 s.h.** credit as follows:

- 1. Core..... 10 s.h.**
 PHYS 125I, 126I. General Physics Laboratory (I,I) (F,S,SS) (FC:SC) (C for 125I: PHYS 1250 or 2350; C for 126I: PHYS 1260 or 2260)
 PHYS 2350, 2360. University Physics (4,4) (FC:SC) (P for 2350: MATH 212I or 217I; P for 2360: PHYS 2350)
- 2. PHYS electives above 2999..... 14 s.h.**

Bachelor of Science and Accelerated MS in Physics

Students working toward a BS degree in physics have the opportunity to earn an MS degree in two or three additional semesters of study. These students are encouraged to begin research projects as undergraduates and take advanced classes that can be used to waive some MS course requirements. As seniors they may be granted early admission to the MS program and would be eligible to receive paid teaching assistantships. To be enrolled in the MS program as a senior, students must be within 6 s.h. credit of completing all undergraduate degree requirements. Applications to the MS program should be submitted during the first semester of the senior year and must include GRE scores.

Political Science Honors Program

Participation in the honors program is by invitation only and is limited to seniors who have obtained a minimum cumulative 3.5 GPA. A minimum grade of B on POLS 4551 is a prerequisite for admission to POLS 4552. Students completing both segments of the program with a minimum grade of B earn the recognition honors in political science on their academic records and are regarded as the most accomplished scholars among all political science majors.

DEPARTMENT OF PSYCHOLOGY

Kathleen A. Row, Chairperson, 115 Rawl Building

BA in Psychology

In order to declare a major in psychology, an undergraduate must have a minimum cumulative GPA of 2.0 and at least a grade of "C" in PSYC 1000 or 1060. A faculty advisor will be assigned to each student to aid in planning an overall program. A student desiring to minor in psychology should consult the major department faculty advisor or the director of undergraduate studies of the Department of Psychology to determine the most appropriate sequence of courses for the minor. Undergraduate students majoring in psychology are encouraged to minor in biology, business, chemistry, child development and family relations, mathematics, philosophy, or sociology or to take a composite minor approved by the faculty advisor and chairperson. Minimum degree requirement is **126 s.h.** of credit as follows:

1. Foundations curriculum (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including those listed below.....42 s.h.

MATH 1065. College Algebra (3) (F,S,SS) (FC:MA) (P: Appropriate score on mathematics placement test)

2. Foreign language through level 1004 12 s.h.

3. Core.....35 s.h.

PSYC 1000. Introductory Psychology (3) (F,S,SS) (FC:SO) or PSYC 1060. Honors Introduction to Psychology (3) (F,S) (FC:SO) Minimum grade of "C" required.

Psychology Honors Program

In order to enter the honors program in psychology, a student must be a second semester junior majoring in psychology; must have completed a minimum of 80 s.h. with a minimum cumulative 3.0 GPA; must have completed at least 20 s.h. in psychology with at least a B in PSYC 2101, 2210 and with a minimum 3.5 GPA in psychology. After admission to the honors program by the director of undergraduate studies in psychology, the student will take PSYC 4601 during the second semester of the junior year and PSYC 4602 the first semester of the senior year. This sequence will satisfy the requirement for a capstone course and will qualify the student for honors in psychology if at least a B is earned in each course.

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9. (Wl)=Writing Intensive; (Wl*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed. Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

Integrated Undergraduate/Graduate Degree Program in Psychology and Occupational Therapy

The integrated Undergraduate/Graduate Degree Program in Psychology and Occupational Therapy provides a means by which highly qualified undergraduate students may complete both a BA degree in psychology and the professional master's degree in occupational therapy in five years. Students must be approved by both participating departments and must apply to the graduate school as an integrated undergraduate/graduate student after 75 credits of undergraduate work is completed; permission to pursue the integrated degree program does not guarantee admission to the Graduate School. Incoming students must meet requirements for the honors program and must maintain a cumulative grade point average (GPA) of 3.5/4.0 at East Carolina University. Students who complete the program will receive an undergraduate degree in psychology upon completing all required courses, typically at the end of the first year of the graduate occupational therapy program. Interested students should consult the current ECU Graduate School catalog and the Department of Occupational Therapy for additional information.

The total number of hours for undergraduate and graduate programs combined is 181 credits. Fifteen semester credits of graduate courses count towards both the undergraduate and graduate degree. Required courses include: foreign language (12 credits), general education courses, including ANTH 1000 or 2200; BIOL 1050, 1051, 2140, 2141, 2150, 2151; CHEM 1120; HIMA 3000; PHIL 1110, 1175, 1500; PHIL 1180 or 2275; OCCT 3000, 6000, 6001, 6002, 6003, 6004, 6005, 6006, 6007, 6008, 6009, 6080, 6100, 6150, 6200, 6250, 6300, 6350, 6400, 6450, 6455, 6500, 6550, 6600, 6650, 7000; OCCT 6660 or BIOS 6022; PSYC major courses, including PSYC 1000, 2210, 3206, 3226, 3311, 4000, 4375, 12 s.h. PSYC electives; SOCI 2110.

BA Psychology/Master of Arts in Teaching in Elementary Education

This provides an opportunity for students to earn a Bachelor of Arts (BA) degree in psychology through the Harriot College of Arts and Sciences along with a Master of Arts in Teaching (MAT) degree and teacher certification in elementary education through the College of Education. Students can complete the BA/MAT in five years or less. Students who are completing the BA degree over four years may make an application to the program during their junior year or the fall semester of the senior year. Students who are seeking admission to the program while completing the accelerated three-year BA program in psychology should apply when they complete approximately 75 hours of coursework. Interested students should consult the ECU Graduate catalog and the MAT program coordinator in the College of Education for more information.

Sociology Minor

Minimum requirement for sociology minor is **24 s.h.** credit as follows:

1. Core..... 6 s.h.

SOCI 2110. Introduction to Sociology (3) (F,S,SS) (FC:SO)

SOCI 4337. Principles of Sociology (3) (S)

2. SOCI electives 18 s.h.

Sociology minors are encouraged to consult with the Department of Sociology when registering for SOCI electives.

Sociology Honors Program

The honors program in sociology is designed for outstanding sociology majors who wish additional challenge and recognition in pursuing scholarly or service work in an area of sociology. Students in the program enroll in SOCI 4550, 4551 in consecutive semesters. In consultation with the student, the departmental chairperson will appoint a faculty advisor and two faculty reviewers to comprise an honors committee that will approve, supervise, and evaluate the work of the student. Under the guidance of this committee, the student will undertake extensive reading, research, or service activities resulting in the writing of an honors paper. The honors paper will be presented to, and orally defended before, the honors committee. To qualify for the program, a student must be a senior, have the approval of the dept chair, and have a minimum cumulative and major 3.5 GPA.

COLLEGE OF ALLIED HEALTH SCIENCES

Stephen W. Thomas, Dean

Admission

Admission to the university does not guarantee admission to the College of Allied Health Sciences. Students applying for admission to the professional programs of this school must have completed the application process as specified by the departments prior to the date set by the respective departments. Inquiries should be directed to the chairperson of the individual departments, College of Allied Health Sciences.

Curricula

The College of Allied Health Sciences offers BS degree programs in clinical laboratory science, health information management, health services management, rehabilitation services, and speech and hearing sciences; minors in alcohol and drug studies, clinical microbiology, clinical chemistry and hematology, hematology and immunohematology (blood bank), clinical laboratory science generalist, speech and hearing sciences, and health informatics; MS program in rehabilitation counseling, occupational therapy, vocational evaluation, speech-language and auditory pathology, substance abuse counseling, and physician assistant studies; a DPT in physical therapy; a PhD in communication sciences and disorders, and a PhD in rehabilitation counseling and administration. (See graduate catalog for graduate degrees.)

DEPARTMENT OF BIostatISTICS

Paul W. Vos, Chairperson, 252-744-6040

DEPARTMENT OF CLINICAL LABORATORY SCIENCE

Richard Bamberg, Chairperson, 252-744-6060

BS in Clinical Laboratory Science

A minimum cumulative 2.0 GPA in biology and chemistry courses is required for admission into the professional phase of the curriculum. Majors must maintain a minimum 2.0 GPA in all clinical laboratory science (CLSC) courses during the professional phase of the curriculum. A student earning a D in any of the CLSC courses must petition the Department of Clinical Laboratory Science for probationary continuation. Minimum degree requirement is **131 s.h.** of credit as follows:

I. Foundations curriculum requirements (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including those listed below 42 s.h.

CHEM 1150, 1151. General Chemistry and Laboratory I (3,1) (F,S,SS) (FC:SC) (P: Chemistry placement test or passing grade in CHEM 0150; P/C: MATH 1065)

CHEM 1160, 1161. General Chemistry and Laboratory II (3,1) (F,S,SS) (FC:SC) (P: CHEM 1150, 1151; C for 1160: CHEM 1161; C for 1161: CHEM 1160; RC: MATH 1083 or 1085)

MATH 1065. College Algebra (3) (F,S,SS) (FC:MA) (P: Appropriate score on mathematics placement test)

Recommended:

PSYC 1000. Introductory Psychology (3) (F,S,SS) (FC:SO)

PSYC 2101. Psychological Statistics (4) (F,S,SS) (FC:SO) (P: MATH 1065 or MATH 1066)

2. Core..... 67 s.h.

CLSC 3410. Hematology I (3) (F) (P: CLSC major)

CLSC 3411. Hematology I Laboratory (1) (F) (P: CLSC major; C: CLSC 3410)

CLSC 3420. Hematology II (3) (S) (P: CLSC major; CLSC 3410, 3411; or consent of instructor)

CLSC 3421. Hematology II Laboratory (1) (S) (P: CLSC major; CLSC 3410, 3411; or consent of instructor)

*Students must complete CLSC 4801, 4802 to satisfy the 3 s.h. requirement of writing intensive courses in the major.

**Affiliated hospitals for CLSC 4992, 4993, 4994, 4997 include Cape Fear Valley Medical Center; Fayetteville; Craven Regional Medical Center; New Bern; Lenoir Memorial Hospital, Kinston; Nash Health Care System, Rocky Mount; Pitt County Memorial Hospital, Greenville; Wayne Memorial Hospital, Goldsboro; Wilson Medical Center; Wilson; and Federal Medical Center at the Federal Correction Complex, Butner, NC.

DEPARTMENT OF CLINICAL LABORATORY SCIENCE MINORS

The Department of Clinical Laboratory Science offers four minors in specific disciplines within the field of clinical laboratory science. Contact the Department of Clinical Laboratory Science for advice on choosing an appropriate minor for your career goals. The clinical microbiology, clinical chemistry and hematology, and the hematology and immunohematology minors carry national certification eligibility and employment options within large hospital and reference laboratories, while the clinical laboratory science generalist minor does not provide certification eligibility or employment options but is intended to provide pre-medical students with a knowledge base in the use of laboratory tests for patient diagnosis and disease management. All minors except the clinical laboratory science generalist minor require formal admission by the department. As student laboratory space is limited, minors are admitted after CLSC majors (see CLSC website for details). Any student pursuing a minor in the department, must meet all foundation curriculum and cognate course requirements as required for CLSC majors.

Clinical Chemistry and Hematology Minor

A minor in clinical chemistry and hematology requires **30 s.h.** as follows:

- CLSC 3410, 3411. Hematology I Lecture and Laboratory (3,1)) (F)
CLSC 3420, 3421. Hematology II Lecture and Laboratory (3,1) (S) (P: CLSC 3410, 3411)
CLSC 3430. Clinical Immunology (2) (F) (P: Consent of instructor)
CLSC 3440, 3441. Clinical Microscopy and Serology Lecture and Laboratory (2,1) (SS) (P: CLSC 3430)
CLSC 4430, 4431. Clinical Chemistry I Lecture and Laboratory (2,1) (F) (P: 4 CHEM courses; 1 statistics course; consent of instructor)
CLSC 4440, 4441. Clinical Chemistry II Lecture and Laboratory (4,2) (S) (P: CLSC 4430, 4431; or consent of instructor)
CLSC 4992. Clinical Education–Hematology, Coagulation, Urinalysis (4) (F, S) (P: CLSC 3420, 3421; consent of instructor)
CLSC 4993. Clinical Education–Chemistry (4) (F,S)(P: CLSC 4440, 4441)

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9.
(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed.
Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year
P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

Clinical Laboratory Science Generalist Minor

A minor in clinical laboratory science generalist requires **24 s.h.** as follows:

- CLSC 3430. Clinical Immunology (2) (F) (P: Consent of instructor)
- 22 s.h. of CLSC lecture or independent study courses chosen from:
CLSC 3410, 3420, 4001, 4002, 4003, 4430, 4440, 4460, 4470, 4480, 4500, 4803

Clinical Microbiology Minor

A minor in clinical microbiology requires **27 s.h.** as follows:

- CLSC 3430. Clinical Immunology (2) (F) (P: Consent of instructor)
- CLSC 3440, 3441. Clinical Microscopy and Serology Lecture and Laboratory (2,1) (SS) (P: CLSC 3430)
- CLSC 4460, 4461. Clinical Microbiology I (4, 2) (F) (P: BIOL 2110, 2111; or 3220, 3221)
- CLSC 4470, 4770. Clinical Microbiology II (3,2) (S) (P: CLSC 4460, 4461; or consent of instructor)
- CLSC 4480, 4481. Clinical Microbiology III (2,1) (SS) (P: CLSC 4470, 4471, or consent of instructor)
- CLSC 4491. Molecular Diagnostics in Clinical Laboratory Science I (1) (F) (P: Consent of instructor)
- CLSC 4492. Molecular Diagnostics in Clinical Laboratory Science II (1) (S)
- CLSC 4803. Introduction to Clinical Laboratory Information Systems (2) (S) (P: CLSC major or consent of instructor)
- CLSC 4997. Clinical Education-Microbiology (4) (F,S) (P: CLSC 4470, 4471; consent of instructor)

Hematology and Immunohematology Minor

A minor in hematology and immunohematology requires **27 s.h.** as follows:

- CLSC 3410, 3411. Hematology I Lecture and Laboratory (3,1) (F)
- CLSC 3420, 3421. Hematology II Lecture and Laboratory (3,1) (S) (P: CLSC 3410, 3411)
- CLSC 3430. Clinical Immunology (2) (F) (P: Consent of instructor)
- CLSC 3440, 3441. Clinical Microscopy and Serology Lecture and Laboratory (2,1) (SS) (P: CLSC 3430)
- CLSC 4210, 4211. Immunohematology Lecture and Laboratory (3,1) (SS) (P: Consent of instructor)
- CLSC 4803. Introduction to Clinical Laboratory Information Systems (2) (S) (P: CLSC major or consent of instructor)
- CLSC 4992. Clinical Education-Hematology, Coagulation, Urinalysis (4) (F,S) (P: CLSC 3420, 3421; consent of instructor)
- CLSC 4994. Clinical Education-Blood Bank and Serology (4) (F,S) (P: CLSC 4210, 4211; consent of instructor)

DEPARTMENT OF COMMUNICATION SCIENCES AND DISORDERS

Gregg D. Givens, Chairperson, 252-744-6080

BS in Speech and Hearing Sciences

The undergraduate program emphasizes the normal processes of speech, hearing, and language and allows the student to explore other academic areas of interest. Since in most states the master's degree is the minimum level of preparation for persons seeking professional careers in this field, the BS degree does not qualify the student to work professionally but is designed to prepare the student for graduate studies. Admission to the university does not assure admission to the program. Students are initially admitted to the General College. In order to be considered for admission to the program, the student must have a minimum cumulative 2.5 GPA and must have completed CSDI 2100 with a minimum grade of B. The student must also be interviewed prior to formal admission into the program. These requirements are generally completed by the end of spring semester of the sophomore year. Majors must maintain a cumulative 2.5 GPA and a 2.5 GPA for all required CSDI courses. All CSDI courses must be passed with a minimum grade of C. A major earning a D in any CSDI course must petition the Department of Communication Sciences and Disorders for probationary continuation and will be required to repeat the course. Minimum degree requirement is **121 s.h.** of credit as follows:

SECTION 8: ACADEMIC PROGRAMS

Speech and Hearing Sciences Minor

A minor in speech and hearing sciences is designed to provide the student with an overview of the nature of human communication, including its origin, development, and processes. The director of undergraduate studies of the Department of Communication Sciences and Disorders should be consulted for the schedule plan of the minor. The minor requires **24 s.h.** as follows:

- CSDI 2100. Introduction to Communication Disorders (3) (F,S)
CSDI 3010. Phonetics (3) (F)
CSDI 3020. Language Development (3) (F)

Admission to the BS in health services management program requires a minimum cumulative GPA of 2.5 and an application. Applications should be submitted when the student is nearing completion of foundations curriculum requirements. Undergraduate students interested in pursuing master's level professional degrees in allied health disciplines are encouraged to seek academic advisement as freshmen. Majors must earn a minimum grade of C in all core, cognate, and required courses. A student earning a D in any of these courses must petition the Department of Health Services and Information Management for probationary continuation and may be required to repeat the course. Minimum degree requirement is **126 s.h.** of credit as follows:

Martha Chapin, Director, Undergraduate Rehabilitation Services, 252-744-6291

BS in Rehabilitation Services

Admission to the BS in rehabilitation services program requires a minimum cumulative 2.5 GPA and an application. Program admission is competitive and admission to the university and/or achieving a minimum 2.5 GPA does not guarantee admission to the rehabilitation services degree program. Applications should be submitted when the student is nearing completion of 42 s.h. A student may only apply for admission twice. Additional information and application for admission can be obtained from the Department of Rehabilitation Studies. Undergraduate students majoring in rehabilitation services are encouraged to minor in an established area consistent with individual academic and career goals or to take a composite minor of structured

COLLEGE OF BUSINESS

Frederick Niswander, Dean, 3119 Bate Building
Stanley G. Eakins, Associate Dean
Richard L. Kerns, Associate Dean for Computer Services
Len Rhodes, Assistant Dean for Graduate Studies

The College of Business provides an environment where students, faculty, and business professionals can pursue the acquisition of applied and theoretical knowledge relevant to the operation of profit and nonprofit organizations. The college, which consists of five departments, offers the BSBA degrees in finance, management, management accounting, management information systems, and marketing; the five-year BSA/MSA and a stand-alone MSA program in professional accounting; and the MBA degree. The college also offers a tax option in the professional accounting program as well as health care and apparel textiles options in the MBA program. Graduates are expected to be prepared to be managers and analysts in large and small organizations that operate on both a profit and nonprofit basis. In addition, the faculty is engaged in the expansion of knowledge through research. The college supports the business practitioner through the Division of Professional Programs, Bureau of Business Research, Small Business Institute, and applied research projects in both graduate and undergraduate classes. The college supports primary and secondary education in the state through its Center for Economic Education.

Accreditation

The undergraduate and master's business programs are accredited by AACSB International. Since the primary objective of accreditation and the College of Business is to foster high quality in education for business administration and management, most of the school's resources are dedicated to its degree programs. Consequently, non-business majors will not be permitted to enroll in more than 30 s.h. of undergraduate course credit offered by the College of Business.

Admission

Upon admission to the university, students may declare a major in business administration. Students must declare a concentration before taking upper-level business courses. Students may declare concentrations in accounting, finance, management, marketing and supply chain management, or management information systems. To declare a concentration, students must meet the following requirements:

1. Completion of a minimum of 45 s.h.
2. Cumulative GPA of 2.5 on 4.0 scale.
3. Completion of courses listed below or equivalent course work with a minimum grade of C in each and a 2.5 average over the eight courses: ACCT 2401, 2521; ECON 2113, 2133; FINA 2244; MATH 1066, 2283; MIS 2223.

Students who desire to pursue the BSA/MSA or BSBA degree must have declared a concentration before they enroll in 4000-level business courses. Preference in registration will be given to majors with a minimum 2.5 GPA. Students who have not declared a concentration may take a maximum of 30 s.h. total of 2000- and 3000-level business courses. However, special permission from the accounting chairperson is required for 3000-level accounting courses for students who have not declared a concentration in accounting.

The admission of a student seeking a second undergraduate degree in the College of Business must be approved by the chairperson of the department in which the student will concentrate. At the time of such approval, the chair will also approve the specific courses which will lead to the receipt of the second degree.

Readmission

Students applying for readmission to the university who were previously enrolled in the College of Business and who have been out of school no more than three academic years must have a minimum GPA of 2.0 to be eligible for readmission to the College of Business.

Students previously enrolled in the College of Business who have been out of school more than three academic years and students who were previously enrolled in the university but not in the College of Business must meet the requirements for admission outlined in the section above.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.
(FC:EN)=English; (FC:EX)=Exercise and Sport Science; (FC:FA)=Fine Arts; (FC:HL)=Health; (FC:HU)=Humanities; (FC:MA)=Mathematics;
(FC:SC)=Science; (FC:SO)=Social Science

SECTION 8: ACADEMIC PROGRAMS

Transfer Credit for Upper-Level Courses

The College of Business will not accept for credit upper-level courses (numbered 3000 and 4000 at East Carolina University) taken at a junior or community college. The department chair will determine the applicability of upper-level courses taken at senior colleges in meeting the BSBA degree requirements. No course may count as a College of Business concentration requirement and also count as fulfilling the business core requirements of the College of Business.

DEPARTMENT OF ACCOUNTING

Don Schisler, Chairperson, 3208 Bate Building

BSBA in Management Accounting

The BSBA in management accounting is intended for students who aspire to enter the accounting profession in the private and public sector (e.g., governmental, internal audit, and managerial accounting positions). It is not intended to prepare students for professional certification as a certified public accountant. If professional certification as a certified public accountant is desired, then students should refer to the requirements for the BSA/MSA degree program. Students pursuing the BSBA in management accounting must earn a minimum grade of C in accounting courses to satisfy any upper-level accounting course prerequisites. Also, to graduate, students must earn a minimum grade of C and a minimum cumulative GPA of 2.0 in all 3000- and 4000-level accounting courses taken. BSA/MSA (Five-Year, Combined Degree Program in Accounting)

The master of science in accounting provides academic preparation for professional careers in accounting. Students who successfully complete all program requirements are jointly awarded the BSA and MSA degrees at the end of five years of study.

Students who have been admitted to both the College of Business and the Department of Accounting may apply for admission to the BSA/MSA program during their sixth semester. Acceptance decisions are made after completion of 90 s.h. and are based on academic performance appropriate for graduate studies, score on the Graduate Management Admissions Test (GMAT), letters of recommendation, and other relevant information. Admission to the graduate program is a prerequisite to enrollment in any graduate course.

Applications for direct admission into the MSA program are invited from students with undergraduate degrees in accounting and from students with degrees in areas other than accounting. Required courses and other program requirements for each applicant must be individually determined. Minimum degree requirement for the combined program is **150 s.h.** of credit as follows:

The Department of Accounting will not accept for credit upper-level courses (those numbered 3000 or above at ECU) taken at a junior college or community college. The department chairperson will determine on an individual basis the extent to which upper-level courses taken at senior colleges may be used to meet degree requirements at East Carolina University.

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9.
(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed.
Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year
P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P,C, or P/C

All other East Carolina University Graduate School and College of Business requirements must be followed. **Students not completing the entire curriculum will be required to meet the BSBA requirements in order to receive a bachelor's degree. The BSA degree may not be awarded separately from the MSA.**

DEPARTMENT OF MANAGEMENT INFORMATION SYSTEMS

Richard Hauser, Interim Chairperson, 3410 Bate Building

BSBA in Management Information Systems

The Department of Management Information Systems offers a BSBA in management information systems with a concentration in management information systems, providing students with a strong technical background on which to build interpersonal and problem-solving skills. The department also participates in the electronic commerce concentration offered through the Department of Marketing and Supply Chain Management in the College of Business. The concentration in electronic commerce is an interdisciplinary concentration offered cooperatively between the Departments of Marketing and Supply Chain Management and Management Information Systems. Minimum degree requirement is **120 s.h.** of credit as follows:

SECTION 8: ACADEMIC PROGRAMS

DEPARTMENT OF MARKETING AND SUPPLY CHAIN MANAGEMENT

Kenneth Anselmi, Chairperson, 3414 Bate Building

BSBA in Marketing

The Department of Marketing and Supply Chain Management offers a BSBA in marketing with concentrations in marketing, operations and supply chain management, and electronic commerce. Marketing and Supply Chain Management programs are concerned with the creation and delivery of value to customers and organizations. Marketing focuses on developing an understanding of customers and markets, creating products and services based on that understanding, and communicating and delivering the value added. Supply Chain Management focuses on the sourcing, operations, and logistics of products and services. Both areas of study involve the management of relationships. A marketing concentration prepares students for management careers in advertising, sales, research, distribution, product planning, and international marketing. Supply Chain Management graduates pursue career choices as managers of purchasing, inventory, logistics, operations, quality, and supply chains. The electronic commerce concentration prepares students for careers in web-based marketing and customer service. Minimum degree requirement is **120 s.h.** of credit as follows:

Bachelor's and Accelerated MBA Program

Students in fields other than business who are interested in careers in private or public sector management may complete the BA or BS and, if qualified, may complete the master of business administration in one additional year. The typical MBA program requires two years, or 60 s.h., beyond the four-year bachelor's degree. However, the accelerated program allows the student to meet up to 27 s.h. of the MBA by waivers, on a course-by-course basis, if the equivalent undergraduate courses are completed with a grade of A or B. The remaining 33 s.h. of the MBA may then be completed in two semesters and a summer session (two summer terms).

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.
(FC:EN)=English; (FC:EX)=Exercise and Sport Science; (FC:FA)=Fine Arts; (FC:HL)=Health; (FC:HU)=Humanities; (FC:MA)=Mathematics;
(FC:SC)=Science; (FC:SO)=Social Science

SECTION 8: ACADEMIC PROGRAMS

As part of the foundations curriculum requirements, minor field, concentration, and electives, the student will prepare for the accelerated MBA program by completing the following courses with a grade of A or B: ACCT 2401*, 2521*; COMM 2420; ECON 2113*, 2133; ENGL 3880; FINA 2244*, 3724*; MGMT 3202*, 3352; MIS 2223*, 3063; MKTG 3832*; MATH 1066, 2283*. Completion of the courses marked with an asterisk (*) will qualify students for a minor in business administration as part of the undergraduate degree. Students in programs which require ENGL 3820; ITEC 3290; MATH 2119, 2122, or 2172; and MATH 2228 may substitute these courses for the comparable courses above. Students who are unable to complete the entire program should consult their advisor or the assistant dean of graduate programs in the College of Business for the most appropriate combination of courses.

There is a separate entry process for admission to the MBA program. Students must consult the assistant dean for graduate programs in the College of Business at the beginning of their senior year about the entry requirements.

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9. (WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed. Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year

COLLEGE OF EDUCATION

Linda Patriarca, Dean, 154 Speight Building
Vivian M. Covington, Director of Teacher Education

The mission of the College of Education is the preparation of professional educators and allied practitioners, including professionals in business information systems, counseling, instructional technology, and librarianship. Significant to this mission is a strong commitment to three important, related areas, all of which are realized through partnerships and other endeavors: the encouragement and nurturing of professional growth for educators and allied practitioners at all levels and in all areas of the educational endeavor; a continuing emphasis on and support for scholarship and research/creative activity, and service in all areas of professional education. Critical to such commitment is the promotion of effective teaching, staff participation in the improvement of schools; and, in concert with other state agencies, the development and creation of educational policy for North Carolina.

The College of Education offers baccalaureate degree programs through the Departments of Business and Information Technologies Education; Curriculum and Instruction; and Mathematics and Science Education. All teacher education programs are accredited by the National Council for the Accreditation of Teacher Education (NCATE) and the North Carolina Department of Public Instruction.

Admission

A faculty advisor will be assigned to each student to assist in program planning. Undergraduate teacher education majors may also be required to complete an approved academic concentration as part of their programs of study. Additional information about academic concentrations and specific program requirements is available in departmental offices. Teacher education is a program that requires formal admittance. Teacher education majors will become official teacher education candidates once they have been fully admitted to Upper Division. **NOTE: These degree requirements are subject to change beginning Fall 2010 pending NC State Board of Education approval of revised licensure program requirements. Students should consult their departmental advisor for specific program information.**

Once enrolled in a teacher education program and prior to admission to the upper division of study, students will be required to have a minimum cumulative 2.5 GPA, post passing scores on PRAXIS I, SAT or ACT or combination and meet technology competency requirements. Students must maintain a 2.5 GPA for retention in the upper division of all teacher education programs. Additional information concerning admission to the upper division is available in the Welcome to Teacher Education Handbook or www.ecu.edu/cs-educ/teached.

Requirements for Students Preparing to Teach

The purpose of teacher education at East Carolina University is to prepare professional educators through partnerships who are academically and technically proficient, reflective in practice, committed to the intellectual empowerment of others, and guided by the larger democratic purposes of American education.

Birth-K, Elementary, and Middle Grades

See Section 4, Academic Advisement, Progression, and Support, Special Requirements for the BS Degree for Students Preparing to Teach. See Licensure, below. See also the Department of Child Development and Family Relations (B-K) or Department of Curriculum and Instruction (elementary and middle grades). As part of their programs, majors will also complete an approved academic concentration from the list presented below. Students should consult their departmental advisor for specific program requirements.

Secondary and K-12 Special Subjects Education

See Section 4, Academic Advisement, Progression, and Support, Special Requirements for the BS Degree for Students Preparing to Teach. See Licensure, below. See also the Departments of Business and Information Technologies Education; Curriculum and Instruction; and Mathematics and Science Education as well as departments and schools outside the College of Education offering this degree.

Students who aspire to complete the requirements for a BS degree in secondary teacher education must complete all foundations curriculum requirements, the requirements stipulated by the department of the academic major, and the following

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.

UPPER DIVISION OF TEACHER EDUCATION

Prior to enrolling in selected professional education courses (see departmental requirements) and applying for the internship experience, all students must be admitted to the upper division of teacher education. Application for admission is normally completed during the second semester of the sophomore year or first semester of the junior year. Transfer students must have completed at least 12 s.h. at East Carolina University before they are eligible to apply.

Steps in admission to upper division include:

1. Satisfactory completion of 16-hour early field experience with minimum grade of C, normally as part of departmental 2123 or 2611 courses.
2. Passing scores on PRAXIS I, SAT or ACT or combination.
3. A minimum GPA of 2.5 on a 4.0 scale for all college work attempted at East Carolina University. Students must also meet minimum academic major grade point average requirements. (See catalog or advisor.)
4. Satisfactory completion of essay and departmental interview.
5. Completion of technology competencies. (See advisor.)

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9. (WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed. Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

Internship

Internship is the culminating aspect of the professional component of teacher preparation. The internship provides students opportunities to synthesize and apply previous learning and experience; to develop and apply analytical and problem-solving skills to the various activities of teaching, including self-evaluation; and to grow professionally through observing, planning, and teaching with an outstanding teacher.

Applications for admission to the internship must be submitted to the internship coordinator in the major department one year prior to the semester in which the student will complete internship requirements. Assignments will be located within the Latham Clinical Schools Network. Students are strongly discouraged from working during their internship. For applications and more detailed information, consult *Welcome To Teacher Education Handbook*, available in the student stores and online.

Administration of the internship is provided by clinical experiences coordinators, who work with the director of teacher education, department chairs, the teacher education staff, and local school personnel.

A minimum grade of C in the internship and a minimum 2.5 GPA is required for licensure.

Additional Requirements for Interns in Selected Program Areas

In addition to meeting the requirements of all secondary education majors, art majors must have earned a minimum grade of C in ART 385 I, 3860.

Prior to the internship, elementary education majors must have completed the following courses with a minimum grade of C: EDUC 3200; EDUC 4400 or PSYC 4305; EDTC 4001; ELEM 2123, 3235, 3236, 3250, 4525, 4550, 455 I; MATE 3350, 335 I, 3360; READ 3204, 3210; SCIE 3216; SPED 4010.

A minimum 2.5 is required for admission to the English education program. Students must have a minimum grade of C in EDTC 4001; EDUC 4400 or PSYC 4305; ENED 2123, 3815, 4323, 4960; ENGL 2000, 2700, 3000, 3010, 3020; PSYC 3206; in READ 3990 or 5317; and in SPED 2000, 4010.

Middle grades education majors must have earned a minimum grade of C in EDUC 3200; MIDG 2123, 3001, 3010, 3022, 4001, 4010; PSYC 4305 or EDUC 4400; READ 3990 or 5317; SPED 4010; and two methods courses (4319).

Music education majors must have a minimum cumulative and major 2.5 GPA. They must have earned a minimum grade of C in MUSC 2123 and in each course of their major methods sequence, MUSC 3217, 3227, 4323; or MUSC 3237, 3247, 4333; and must also have successfully completed EDUC 3200; 4400 or PSYC 4305; and SPED 4010.

Special education majors must have earned a minimum grade of C in EDUC 3200; READ 3204; all SPED courses taken; and in COMM 2410 or 2420. They must have also successfully completed MATE 3050, 305 I, 3060 and MUSC 3048. Special education – General Curriculum majors must also have earned a minimum grade of C in ELEM 3250.

Other secondary education and special subjects majors must have a minimum major 2.5 GPA. They must have earned a minimum grade of C in both the departmental early experience and methods courses as well as have successfully completed EDUC 3200. With the exception indicated above for music education, only 4323 departmental courses are acceptable for meeting the methods course requirement (461 I for FREN, GERM, and SPAN). (Note: The methods course, EDUC 4400, and SPED 4010 should be taken concurrently.)

LICENSURE

NOTE: *These degree requirements are subject to change beginning Fall 2010 pending NC State Board of Education approval of revised licensure program requirements. Students should consult their departmental advisor for specific program information.* To be eligible for teacher licensure in North Carolina, the student must complete the following: a history course; a literature course; MATE 1067 or MATH 1065 or 1066 or 1067 or 2127; PSYC 1000; and PSYC 3206 for secondary and K-12 programs. MATH 1050 is not accepted. Candidates must complete the requirements of an approved competency-based teacher education program designed to meet the requirements for the professional studies components of programs in all teaching areas. For a clear NC teaching license and to meet federal guidelines of the No Child Left Behind Act, individuals must be highly qualified.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.
(FC:EN)=English; (FC:EX)=Exercise and Sport Science; (FC:FA)=Fine Arts; (FC:HL)=Health; (FC:HU)=Humanities; (FC:MA)=Mathematics;
(FC:SC)=Science; (FC:SO)=Social Science

SECTION 8: ACADEMIC PROGRAMS

Twenty-four hours of content area courses or PRAXIS II test(s) are needed to be licensed with the exception of the areas of elementary and special education. PRAXIS II tests are required for those areas. When the programs have been properly planned, coordinated, and implemented, and when these credits and experiences have been verified by the appropriate unit, the dean of the College of Education or designee recommends the issuance of the proper teacher, special services personnel, or administrative license or certificate. Licensure requirements are beyond degree requirements.

Out-of-state applicants who are seeking licensure, in-state residents who are prepared in institutions outside the state, and in-state and out-of-state teachers seeking to change, upgrade, and/or add fields or subjects to their present license must submit their credentials to the appropriate academic department or school and to the director of teacher education for evaluation toward the competency-based teacher education program for North Carolina.

DEPARTMENT OF BUSINESS AND INFORMATION TECHNOLOGIES EDUCATION

Ivan G. Wallace, Chairperson, 2318 Bate Building

The mission of the Department of Business and Information Technologies Education is to prepare and develop professionals in workforce preparedness education and information technologies. The department offers undergraduate programs of study in business education, marketing education, and information processing/administrative services. Minors are offered in information processing and distribution technology: merchandising.

The department may accept up to 30 s.h. of lower-level (numbered 1000-2999 at ECU) technical credit from a community college or technical or junior college toward some of its BS degree options. Transfer students must meet the requirements of the degree option they elect.

The department is a member of the National Association for Business Teacher Education (NABTE).

DEPARTMENT OF CURRICULUM AND INSTRUCTION

Department Office, 122 Speight Building

The mission of the Department of Curriculum and Instruction is to prepare pre-service and in-service teachers in the areas of elementary education, English education, history education, middle grades education, and special education. The department faculty is committed to providing comprehensive programs, rich in clinical experiences, and designed to produce teachers who are reflective practitioners who provide professional service to the community, the state, and the nation. Bachelor of science degrees are offered in elementary education, English education, history education, middle grades education, and in two areas of special education: general curriculum and adapted curriculum. The reading, foundations, and research program areas are also housed within the Department of Curriculum and Instruction and provide support for the university's teacher education programs.

Reading Center

The Reading Center is designed to aid college students with reading difficulties. READ 1031, 1 s.h. credit, is an individualized course designed to increase reading power, efficiency, and study skills; three additional courses are also offered through the Reading Center: READ 1032, 1033, 1034.

BS in Special Education, Adapted Curriculum

The BS in special education degree prepares and develops professionals in special education who are committed to accomplishing the following as teachers of children with disabilities: the development of each student's maximum individual potential through the acquisition of skills, values, and attitudes in the academic, social, communicative, vocational, and motoric domains. To this end, students are prepared for the role of diagnostic/prescriptive teachers. The BS degree comprises two

BS in Science Education

The science education degree prepares and develops professionals in science education by offering classroom instruction and research opportunities in programs for students whose career goals are teaching science in the elementary, middle, and secondary schools, and in higher education. Undergraduate areas of preparation include the methods and processes of teaching the biological, physical, and earth sciences. Minimum degree requirement is **128 s.h.** of credit as follows:

NOTE: These degree requirements are subject to change beginning Fall 2010 pending NC State Board of Education approval of revised licensure program requirements. Students should consult their departmental advisor for specific program information.

I. Foundations curriculum and special requirements for certification (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree programs), including those listed below 42 s.h.

BIOL 1100, 1101. Principles of Biology and Laboratory I (3,1) (F,S,SS) (FC:SC) (P/C for 1101: BIOL 1100)
 CHEM 1150, 1151. General Chemistry and Laboratory I (3,1) (F,S,SS) (FC:SC) (P: Chemistry placement test or passing grade in CHEM 0150; P/C: MATH 1065)
 MATH 1065. College Algebra (3) (F,S,SS) (FC:MA) (P: Appropriate score on mathematics placement test)

SECTION 8: ACADEMIC PROGRAMS

PSYC 1000. Introductory Psychology (3) (F,S,SS) (FC:SO)

PSYC 3206. Developmental Psychology (3) (WI*) (F,S,SS) (FC:SO) (P: PSYC 1000 or 1060)

Choose a history course (FC:SO)

Choose a literature course (FC:HU)

2. Common core..... 38-39 s.h.

BIOL 1200, 1201. Principles of Biology and Laboratory II (3,1) (F,S,SS) (FC:SC) (P/C for 1201: BIOL 1200)

CHEM 1160, 1161. General Chemistry and Laboratory I (3,1) (F,S,SS) (FC:SC) (P: CHEM 1150, 1151; C for 1160:

GEOL 1501. Dynamic Earth Laboratory (1) (F,S,SS) (FC:SC) (C: GEOL 1500)

PHYS 1251, 1261. General Physics Laboratory (1,1) (F,S,SS) (FC:SC) (C for 1251: PHYS 1250 or 2350; C for 1261:

PHYS 1260 or 2360)

SCIE 3350, 3351. Descriptive Astronomy (4,0) (S)

SCIE 3360, 3361. Physical Meteorology (4,0) (S) (P: CHEM 1150; MATH 1085; PHYS 1250, 1260)

SCIE 3602. Investigations in Physical and Earth Science (4) (F,S,SS)

SCIE 3604. Investigations in Life and Environmental Science (4) (F,S,SS)

SCIE 4323. The Teaching of Science in High School (3) (WI) (F) (P: Admission to upper division)

Choose 5-6 s.h. mathematics from one area as follows:

Biology and Earth Science:

MATH 1085. Pre-Calculus Mathematics (5) (F,S,SS) (FC:MA) (P: MATH 1065 with a minimum grade of C)

MATH 2121. Calculus for the Life Sciences I (3) (F,S,SS) (FC:MA) (P: MATH 1065 or 1077 with a minimum grade of C) and MATH 2122. Calculus for the Life Sciences II (3) (F,S,SS) (P: MATH 2121)

Chemistry and Physics:

MATH 2121. Calculus for the Life Sciences I (3) (F,S,SS) (FC:MA) (P: MATH 1065 or 1077 with a minimum grade of C)

MATH 2122. Calculus for the Life Sciences II (3) (F,S,SS) (P: MATH 2121)

3. Teaching area concentration (Choose one from the following.) 20-23 s.h.

Biology (20 s.h.):

BIOL 2100, 2101. Basic Laboratory Methods for Biotechnology (3,0) (F,SS) Formerly BIOL 3100, 3101. 1 lecture and 4 lab hours per week. (P: BIOL 1100, 1101; MATH 1065; 1 semester of CHEM and lab) or BIOL 3520.

Biological Evolution (3) (P: BIOL 2300 or consent of instructor)

BIOL 2110, 2111. Fundamentals of Microbiology (4,0) (F,S) (P: 4 s.h. in BIOL; 8 s.h. in CHEM)

BIOL 2250. Ecology (3) (F,S,SS) (P: BIOL 1100, 1101, 1200, 1201)

BIOL 2251. Ecology Laboratory (1) (F,S,SS) (P: BIOL 1100, 1101, 1200, 1201; C: BIOL 2250)

BIOL 2300. Principles of Genetics (3) (F,S,SS) (P: 2 BIOL courses)

PHYS 1250, 1260. General Physics (3,3) (F,S,SS) (FC:SC) (P for 1250: MATH 1065 or 1066; P for 1260:

COLLEGE OF FINE ARTS AND COMMUNICATION

Jeffery Elwell, Dean, 106 Erwin Hall

The College of Fine Arts and Communication is comprised of the School of Art and Design, School of Communication, School of Music, and School of Theatre and Dance.

SCHOOL OF ART AND DESIGN

Michael Drought, Director, Jenkins Fine Arts Center

BA in Art

Art studio concentrations are offered in painting, sculpture, ceramics, printmaking, textile design, fabric design, weaving design, wood design, metal design, and general studio. Minimum degree requirement is **120 s.h.** of credit as follows:

1. Foundations curriculum requirements (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including the following..... 42 s.h.

PHIL 2271. Introduction to Philosophy of Art (3) (WI*) (F,S) (FC:HU)

2. Foreign language through level 1004 12 s.h.

3. Common core 30 s.h.

ART 1005. Design I (3) (F,S,SS) (FC:FA) (P: ART major or administrative approval)

ART 1015. Design II (3) (F,S,SS) (P: ART 1005, 1020 with a minimum grade of C; ART 1905; or administrative approval)

ART 1020. Drawing (3) (F,S,SS) (FC:FA) (P: ART major or administrative approval)

ART 1030. Figure Drawing (3) (F,S,SS) (P: ART 1005, 1020 with a minimum grade of C; ART 1905; or administrative approval)

ART 1905. The Dimensions of Art (3) (F,S) (FC:FA) (P: ART major)

ART 1906. Art History Survey (3) (F,S) (FC:FA) (P: ART 1905)

ART 1907. Art History Survey (3) (F,S) (FC:FA) (P: ART 1905)

Choose 6 s.h. art surveys outside the concentration

In the general studio concentration, choose 9 s.h. in surveys.

Choose a 3 s.h. art history elective

4. Specific Art concentration courses to include survey (See specific studio concentration course description.) 15 s.h.

General studio concentration (50% must be beyond the survey level)..... **18 s.h.**

5. Art electives (for all concentrations except general studio) 12 s.h. or Art electives for general studio concentration..... 6 s.h.

6. Electives to meet minimum requirements for graduation.

7. Individual program areas require a portfolio review for acceptance into the area after the student has completed the survey course and one upper-level studio course but not more than two courses. The general studio portfolio review will be conducted by a faculty committee appointed by the Director of the School of Art and Design. Students submitting portfolios to communication arts concentrations must demonstrate a minimum cumulative GPA of 2.6 in the survey and all studio art concentration courses attempted. Entrance is competitive and space is limited. Students not accepted into their preferred program or area of concentration should be prepared to seek alternative areas of concentration and/or degree programs.

8. A senior show and slides of work exhibited are requirements for graduation.

SECTION 8: ACADEMIC PROGRAMS

BA in Art History and Appreciation

Minimum degree requirement is **120 s.h.** of credit as follows:

1. Foundations curriculum requirements (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including the following.....42 s.h.

ANTH 1000. Introduction to Anthropology (3) (F,S,SS) (FC:SO)

HIST 1030. World Civilizations to 1500 (3) (WI*) (F,S,SS) (FC:SO)

HIST 1031. World Civilizations Since 1500 (3) (WI*) (F,S,SS) (FC:SO)

PHIL 2271. Introduction to Philosophy of Art (3) (WI*) (F,S) (FC:HU)

Choose two from:

ENGL 3460. Classical Mythology (3) (F) (FC:HU) (P: ENGL 1200)

ENGL 3600. Classics from Homer to Dante (3) (WI) (F) (FC:HU) (P: ENGL 1200)

ENGL 3610. Human Values in Literature (3) (WI) (F-EY) (FC:HU) (P: ENGL 1200)

An alternate course may be substituted by the area if applicable to the student's plan of study.

2. Foreign language (French or German) through level 1004..... 12 s.h.

An alternate course may be substituted by the area if applicable to the student's plan of study.

3. Common core.....36 s.h.

ART 1005. Design I (3) (F,S,SS) (FC:FA) (P: ART major or administrative approval)

In the liberal arts concentration, an art history class may be substituted with area approval.

ART 1020. Drawing (3) (F,S) (FC:FA) (P: ART major or administrative approval)

In the liberal arts concentration, an art history class may be substituted with area approval.

ART 1905. The Dimensions of Art (3) (F,S) (FC:FA) (P: ART major)

ART 1906. Art History Survey (3) (F,S) (FC:FA) (P: ART 1905)

ART 1907. Art History Survey (3) (F,S) (FC:FA) (P: ART 1905)

ART 3990. Art History and Its Methods (3) (WI*) (P: ART 1906, 1907; P for nonmajor: Consent of instructor)

Choose three courses which cover art before 1800

Choose three courses which cover art after 1800

(African art will be counted in the latter category; history of prints and drawings may be counted in either category.)

4. Concentration area (Choose one.)..... 30 s.h.

Liberal Arts:

Choose 15 s.h. of additional art history electives

Choose 15 s.h. electives from anthropology, English, political science, sociology, foreign languages, history, philosophy, or arts and sciences interdisciplinary programs.

Studio Art:

ART 1015. Design II (3) (F,S) (P: ART 1005, 1020 with a minimum grade of C; ART 1905; or administrative approval)

ART 1030. Figure Drawing (3) (F,S) (P: ART 1005, 1020 with a minimum grade of C; ART 1905; or administrative approval)

Choose 9 s.h. art surveys

Choose 6 s.h. art electives (may be taken in art history)

Choose 9 s.h. general electives to meet minimum requirements for graduation.

5. To be admitted into the art history degree program, students must have completed at least one year of coursework with a minimum cumulative GPA of 2.5 in art history foundation and survey courses. Students must also confer with at least two art history faculty for advising before entering as a declared major.

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9.
(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed.
Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year
P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

BFA in Art

Concentrations are offered in painting, sculpture, ceramics, printmaking, graphic design, illustration, photography, textile design, fabric design, weaving design, wood design, metal design and animation/interactive design. Minimum degree requirement is **126 s.h.** of credit as follows:

- 1. Foundations curriculum requirements (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including the following..... 42 s.h.**
PHIL 2271. Introduction to Philosophy of Art (3) (WI*) (F,S) (FC:HU)
- 2. Common core..... 36 s.h.**
ART 1005. Design I (3) (F,S,SS) (FC:FA) (P: ART major or administrative approval)
ART 1015. Design II (3) (F,S,SS) (P: ART 1005, 1020 with a minimum grade of C; ART 1905; or administrative approval)
ART 1020. Drawing (3) (F,S,SS) (FC:FA) (P: ART major or administrative approval)
ART 1030. Figure Drawing (3) (F,S,SS) (P: ART 1005, 1020 with a minimum grade of C; ART 1905; or administrative approval)
ART 1905. The Dimensions of Art (3) (F,S) (FC:FA) (P: ART major)
ART 1906. Art History Survey (3) (F,S) (FC:FA) (P: ART 1905)
ART 1907. Art History Survey (3) (F,S) (FC:FA) (P: ART 1905)
Choose 9 s.h. art surveys outside the concentration
Choose 6 s.h. art history electives
- 3. Art concentration courses to include survey (See specific studio concentration course description.)..... 30 s.h.**
- 4. Art electives 18 s.h.**
Electives may be in any art prefix, including art history. Choose a minimum of 6 s.h. outside the area of concentration; however, the 6 s.h. may not comprise two courses from the same area.
- 5. Individual program areas require a portfolio review for acceptance into the area after the student has completed the survey course and at least one upper-level studio course, but not more than four courses. Acceptance into the area by portfolio review is required for admittance into 4000-level painting, graphic design, illustration, and photography courses. Students submitting portfolios to animation/interactive design, graphic design, illustration, photography and to the painting and drawing concentrations must demonstrate a minimum cumulative GPA of 2.6 in the survey and all studio art concentration courses attempted. Entrance is competitive and space is limited. Students not accepted into their preferred program or area of concentration should be prepared to seek alternative areas of concentration and/or degree programs.**
- 6. An approved senior show and slides of work exhibited are requirements for graduation. BFA students with a concentration in painting must take at least 9 s.h. of drawing or printmaking courses beyond the foundation requirements and at least 18 s.h. of painting courses beyond the survey, including at least 3 s.h. at the 4000-level.**

BFA in Art Education

See Section 8, Academic Programs, College of Education, Licensure, for NC teacher licensure requirements. Minimum degree requirement is **134 s.h.** of credit as follows:

NOTE: These degree requirements are subject to change beginning Fall 2010 pending NC State Board of Education approval of revised licensure program requirements. Students should consult their departmental advisor for specific program information.

- 1. Foundations curriculum requirements and special courses required for certification (See Section 4, Foundations curriculum Requirements for all Baccalaureate Degree Programs), including the following..... 42 s.h.**
PHIL 2271. Introduction to Philosophy of Art (3) (WI*) (F,S) (FC:HU)
PSYC 3206. Developmental Psychology (3) (WI*) (F,S,SS) (FC:SO) (P: PSYC 1000 or 1060)

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.

Course Limitations Prior to Portfolio Review

For the BA degree and BFA art education degree, up to two courses beyond the survey in the selected area may be taken before a portfolio submission is required, for the BA degree in general studio, there is no limitation. For the BFA degree, up to four courses beyond the survey in the selected area may be taken before a portfolio submission is required. Students will not be accepted into specific concentrations after completing the above number of courses. Exceptions are by administrative decision only.

Transfer Student Information

Students wishing to transfer art credits after acceptance to East Carolina University (See Section 2, Admission and Readmission, Transfer) must have their course work evaluated for transfer credit. In order to determine the appropriate application of art course credit to degree requirements at ECU, the School of Art and Design will evaluate each art course according to the following:

- I. Art courses for which transfer credit is requested must be listed on the School of Art and Design transcript form. The items to be included are title of the course, number of the course, semester or quarter credit hours, and full name of instructor.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.
 (FC:EN)=English; (FC:EX)=Exercise and Sport Science; (FC:FA)=Fine Arts; (FC:HL)=Health; (FC:HU)=Humanities; (FC:MA)=Mathematics; (FC:SC)=Science; (FC:SO)=Social Science

SECTION 8: ACADEMIC PROGRAMS

2. A catalog or copies of appropriate pages describing the transfer course must be submitted.
3. For foundation credit, examples of work or slides showing all studio projects completed must be submitted.
4. For upper-level credit, a minimum of six and a maximum of fifteen examples of work or slides for each studio course to be evaluated must be submitted. These examples should show the entire range of projects completed in each course. Each item or slide must be labeled to identify the class in which it was produced.
5. Art history course credit must be accompanied by a listing of texts used and submission of copies of papers written for art history; the latter requirement may be waived in lieu of an interview with the curricular coordinator.
6. Credit transferred from two-year institutions will only be applicable to freshman and sophomore course requirements.
7. Recommendations concerning the approval of credit in art courses will be made by the area coordinator to the dean.

The dean will then inform the student of the applicability of credit and remaining requirements for the degree program. All information and examples of work listed above must be received by the School of Art and Design at least one week before summer orientation day for transfer students entering fall semester and no later than December 1 for students entering spring semester.

Non-Art Majors

ART 1001 and courses under Art History Courses for Non-Art Majors may be taken by non-art majors without administrative approval. ART 1005, 1020 are also open to non-art majors based on available space and administrative approval. Other courses may be taken by meeting prerequisites or by consent of the instructor.

Foundation Courses

Foundation courses: ART 1005, 1015, 1020, 1030, 1905, 1906, 1907 are required of all BFA and BA degree candidates and are prerequisites for upper-level courses. (ART 1015 and 1030 are not required for the BA in art history, liberal arts concentration.) ART 1906, 1907 may be taken concurrently with survey-level courses.

Enrollment in any art studio course above ART 1030 is dependent upon the student earning a minimum grade of C in both ART 1015 and 1030.

Corresponding sections of ART 1005, 1020, 1905 (block scheduling) must be taken fall semester. Exceptions require administrative approval.

Corresponding sections of ART 1015, 1030; 1906 or 1907 (block scheduling) must be taken in spring semester. Exceptions require administrative approval.

Prerequisites within an area, exclusive of the foundation courses (ART 1005, 1015, 1020, 1030), may be waived by consent of the instructor.

Course Contact Hours

Lecture courses meet for one hour for each semester hour of credit; studio courses meet for two hours for each semester hour of credit.

BA in Communication

NOTE: Students will not be admitted into the BA program after Fall 2007. Please see the BS degree and concentrations listed below. The BA in communication prepares students (admitted prior to Fall 2007) to work in public relations and journalism in business, government, and community agencies. The program offers traditional courses in mass communication along with courses reflecting the dynamic interpersonal and technological communication changes of today's society. In order to declare a major in the BA in communication, a student must have a minimum cumulative 2.0 GPA, and must achieve a minimum grade of C in both COMM 1001 and COMM 1002. A minimum grade of C is required in all COMM courses that count toward the major. Minimum degree requirement is **126 s.h.** of credit as follows:

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9. (WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Communication Honors Program

The School of Communication Honors Program provides an opportunity for outstanding communication majors to do intensive research in areas of special interest. Participation is limited to seniors who have obtained a minimum university and major 3.5 GPA. Students participating in the honors program enroll in COMM 4196 and 4199 in consecutive semesters of the senior year. Students, after consultation with their advisor, are strongly advised to begin exploration and preliminary research of their honors topic during the second semester of their junior year in order to have sufficient time to complete the work. After extensive reading on a topic of the student's choice, appropriate consultation with a faculty advisor, and approval of a research proposal, the student submits an honors thesis on a topic related to the readings and completes an oral examination covering both the reading assignments and the completed thesis. Students must receive a grade of B or better in COMM 4196 to continue with COMM 4199.

Admission

Prospective music majors and minors must be admitted both to the university and to the School of Music. Admission to the university does not guarantee admission to the School of Music. Admission to the School of Music is determined through a competitive audition process consisting of an acceptable personal or recorded performance and an evaluation of theory and aural skills. A satisfactory audition is required of all entering freshmen, transfer students, and students being readmitted. For detailed information, students should contact the Assistant Director for Administrative Support of the School of Music.

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9.
(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed.
Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year
P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

Performance Medium

Each music major or minor is required to have a major performance medium. The medium may be chosen in any of the following areas: piano, organ, voice, strings, woodwind, brass, or percussion. Private instruction in the chosen medium is required throughout the four-year program of study. Specific audition guidelines are listed in the materials for application to the School of Music. Basic entrance requirements in the major performance media are as follows:

Voice: An acceptable voice and the ability to sing with accurate pitch and rhythm.

Piano: The ability to perform acceptably major and minor scales and arpeggios and compositions representative of piano literature from three of the four style periods (baroque, classic, romantic, contemporary).

Other Instruments: A fundamental knowledge of the instrument, including an acceptable method of producing tone; awareness of intonation problems; accurate rhythmic feeling; some knowledge of solo literature available for the instrument; the ability to play major, minor, and chromatic scales with the proper fingering.

A student whose performance proficiency level is slightly below the minimum for entering freshmen may be admitted on probation in a major applied area. The student may take freshman music courses for credit and preparatory work in a major applied area for no credit for a maximum of one semester, as determined by the faculty in the major area.

Curricula

Placement Examinations

Transfer students are given placement tests in basic music knowledge at the time of their audition to determine their appropriate levels of study in music theory and history courses.

Transfer students are given jury examinations in their major applied areas at the end of the first semester to establish their appropriate proficiency levels.

General Recital Attendance Requirement for All Majors

Each music major is required to attend at least 75 percent of the total number of general recitals offered during his or her enrollment at East Carolina University. (Music education students will be exempted during the student teaching semester.)

Piano Proficiency for All Majors

Music majors are required to complete satisfactorily the group piano sequence indicated in their concentrations or to demonstrate a comparable level of accomplishment.

Students should enroll in group piano each semester until the sequence is completed. Any student interrupting the sequence (either by dropping or by not enrolling) must retake the placement audition before enrolling in any subsequent piano course.

Applied and Core Music Regulations for Music Majors and Minors

A minimum grade of C in applied lessons on a student's major instrument will qualify as credit in the applied major guideline. The first grade lower than C must be raised the following semester according to the procedures given in the undergraduate catalog. A student will be disqualified as a music major or music minor the second time that he or she receives a grade lower than C in applied lessons on the major instrument.

A minimum grade of C in core MUSC courses (1156, 1166, 1176, 1186, 1406, 2156, 2166, 2176, 2186, 2248, 2406, 2416, 3156, 3166, 3176) is required to receive credit toward the music major.

To be admitted to upper division courses in all degree programs, students must pass a qualifying exam as specified in the *School of Music Handbook*.

SECTION 8: ACADEMIC PROGRAMS

BACHELOR OF MUSIC DEGREES

Majors for the bachelor of music degree are offered in music education, music therapy, performance (with concentrations in jazz studies, music theatre, organ, piano, piano pedagogy, sacred music, strings, voice, and winds or percussion), and theory-composition with concentrations in theory, traditional media composition, and electronic media composition. For admission to the upper level of the degree programs, a student must have a minimum cumulative 2.5 GPA and a minimum cumulative 2.5 GPA in music courses at the end of the sophomore year. For admission to upper level theory-composition concentrations, a student must have a minimum cumulative 3.0 GPA in music courses at the end of the sophomore year.

BM in Music Education

See Section 8, Academic Programs, College of Education, Licensure, for NC teacher licensure requirements. Minimum degree requirement is **128 s.h.** as follows:

NOTE: These degree requirements are subject to change beginning Fall 2010 pending NC State Board of Education approval of revised licensure program requirements. Students should consult their departmental advisor for specific program information.

Minimum of 5 semesters large ensemble

Minimum of 2 semesters small ensemble

Music majors may count only two semester hours of Marching Band Field Experience (MUSC 1706, 1 s.h.) for large ensemble credit. Marching Band (MUSC 1705, 2 s.h.) may not count toward large ensemble credit for music majors. Music majors taking more than 2 s.h. of MUSC 1706 or 1705 must sign a release form to be made available in the music office and in the SOM Undergraduate Handbook. The form will help clarify that hours above the required 2 s.h. of MUSC 1706 will not count as part of the Music Education degree plan at ECU, and that these extra hours may lead to additional hours on a student's transcript before graduation. The music therapy program is affiliated with the American Music Therapy Association and leads to the designation of Registered Music Therapist (RMT).

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9. (WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed.

(Keyboard majors apply these 4 s.h. toward music electives, resulting in an applied total of 16 s.h. for keyboard majors.)

2 s.h. minor instrument

A student who is exempt from any of the applied minor courses specified must take other applied minor courses to complete the total required hours.

Performance groups (6 s.h.):

Minimum of 4 semesters large ensemble

Music majors may count only two semester hours of Marching Band Field Experience (MUSC 1706, 1 s.h.) for large ensemble credit. Marching Band (MUSC 1705, 2 s.h.) may not count toward large ensemble credit for music majors. Music majors taking more than 2 s.h. of MUSC 1706 or 1705 must sign a release form to be made available in the music office and in the SOM Undergraduate Handbook. The form will help clarify that hours above the required 2 s.h. of MUSC 1706 will not count as part of the Music Education degree plan at ECU, and that these extra hours may lead to additional hours on a student's transcript before graduation.

Stage Management (57 s.h.):

To move successfully through the program to graduation, the BFA stage management candidate will be reviewed annually by a faculty jury consisting of the stage management supervisor, one ECU Playhouse director, one design-production faculty member, and the department chairman. The candidate must demonstrate to the jury that s/he is progressing and developing both scholastically and in stage management skills, as evidenced in both course work and in practice. A student who fails to pass the annual jury, who wishes to remain a department major, will be referred to the BA degree program in Theatre Arts.

BS in Exercise Physiology/Doctorate of Physical Therapy

The BS/DPT program provides a means by which undergraduate students at East Carolina University enroll in the program of exercise physiology with the intention of preparing for a professional doctoral degree path in physical therapy (DPT). The student in this program will count 15 s.h. of graduate physical therapy course work towards the BS in exercise physiology. The student will complete the DPT in six years for a total of 217 s.h. This course work includes all foundations curriculum courses, core requirements for the undergraduate degree, and prerequisites and core requirements for the DPT. A student may be granted provisional acceptance to the DPT program after their second year of study based on competitive academic

BS in Physical Education

A minimum cumulative 2.5 GPA, documented scores for Praxis I Series (PPST, CBT or documented scores on SAT/ACT), successful completion of the EXSS health-related fitness test, and successful completion of the computer competency requirement are required to declare a major in the BS in physical education degree. The health-related fitness test is administered monthly throughout each semester. A minimum grade of C is required in EXSS 2123 and EXSS 4323. See Section 8, Academic Programs, College of Education, Licensure, for NC teacher licensure requirements. Minimum degree requirement is **122 s.h.** of credit as follows:

NOTE: These degree requirements are subject to change beginning Fall 2010 pending NC State Board of Education approval of revised licensure program requirements. Students should consult their departmental advisor for specific program information.

1. Foundations curriculum and special requirements for students preparing to teach and for certification (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including those listed below42 s.h.

DEPARTMENT OF HEALTH EDUCATION AND PROMOTION

David White, Chairperson, 2201 Carol G. Belk Building

BS in Athletic Training

The athletic training degree program is a Commission on Accreditation of Athletic Training Education (CAATE) accredited undergraduate program based on a minimum of 126 s.h.: 42 s.h. of foundations curriculum courses, 70 s.h. in the major area, and elective hours which can result in an approved minor or prepare one for further graduate study in an allied health profession such as physical therapy or a physician assistant program. Upon successful completion of this degree, the student will be eligible to sit for the Board of Certification exam. There is a strong clinical aspect of the program involving a minimum of 800 supervised hours under a certified athletic trainer. Admission to the university does not guarantee admission to the athletic training degree, as it is restricted by an imposed student-to-clinical instructor ratio. Candidates are required to submit a separate application process, and it is due August 15 prior to the fall semester you wish to begin your degree. See program web site for details. Competitive admission is based upon assessments of the applicant's academic abilities, knowledge, dedication

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum. (FC:EN)=English; (FC:EX)=Exercise and Sport Science; (FC:FA)=Fine Arts; (FC:HL)=Health; (FC:HU)=Humanities; (FC:MA)=Mathematics; (FC:SC)=Science; (FC:SO)=Social Science

to the profession, and commitment to the health care of others. Eligible applicants must have a minimum cumulative and semester 2.0 GPA, completed ATEP 1800, 2810, 2811 with a minimum grade of C, current cardiopulmonary resuscitation (CPR) and first aid certification from an approved provider, successfully completed a two-semester (fall and spring, consecutively) candidacy period, passed a health screening/physical examination, a letter of formal application on file, and an interview with the athletic training faculty and staff. There are written technical standards for admission that can be found in the Athletic Training Student Handbook and the program's web site. Athletic training students are required to earn a minimum course grade of C in all athletic training courses. A minimum semester and cumulative GPA of 2.0 must be sustained throughout the program. All students in the degree are required to maintain current CPR certification, Hepatitis B immunization (or waiver), and liability insurance for the duration of their involvement in the curriculum. Verification of CPR certification and liability insurance are required each academic year. Specific requirements are stated in the Athletic Training Student Handbook. The athletic training degree requires a minimum of 800 practical, supervised clinical hours under the direction of a certified athletic trainer. The candidacy period does not count toward the total hours required. Transfer students must meet the above criteria. No transfer athletic training classes will be accepted, but other course work may be allowed on an individual basis. Minimum degree requirement is **126 s.h.** of credit as follows:

BS in Environmental Health

A minimum GPA of 2.0 in all 1000-level basic science and math courses, a minimum cumulative GPA of 2.0 on at least 30 s.h., and completion of EHST 2110 are required for admission to the professional phase of the environmental health sciences curriculum. Environmental health majors must pass all environmental health courses with a minimum grade of C. A student earning a D in any of these courses must petition the environmental health sciences faculty for probationary continuation. Minimum degree requirement is **126 s.h.** of credit as follows:

1. Foundations curriculum requirements (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including those listed below42 s.h.

Required:

- BIOL 1050, 1051. General Biology and Laboratory (3,1) (F,S,SS) (FC:SC)
 BIOL 2130. Survey of Human Anatomy (4) (F,S,SS) (P: BIOL 1050, 1051; or 1100, 1101)
 MATH 1065. College Algebra (3) (F,S,SS) (FC:MA) (P: Appropriate score on mathematics placement test)

Recommended:

- COMM 2420. Business and Professional Communication (3) (F,S,SS) (FC:FA)
 HIST 1051. American History Since 1877 (WI*) (3) (F,S,SS) (FC:SO)
 PSYC 1000. Introductory Psychology (3) (F,S,SS) (FC:SO)
 RCLS 2601. Leisure in Society (3) (F,S,SS) (FC:SO)
 SOCI 2110. Introduction to Sociology (3) (F,S,SS) (FC:SO)

2. Common core42 s.h.

Select from the following with advisor approval:

- EHST 2110, 2111. Introduction to Environmental Health Sciences and Laboratory (3,0) (F,S)
 EHST 3003. Environmental Epidemiology (3) (F)
 EHST 3200. Food Sanitation Principles (3) (S) (P: Consent of instructor; C: EHST 3201)
 EHST 3201. Food Sanitation Principles Laboratory (1) (S) (P: Consent of instructor; C: EHST 3200)
 EHST 3350. Safe Water (4) (F) (P: BIOL 2110, 2111; CHEM 1160, 1161; C: EHST 3351)
 EHST 3351. Safe Water Laboratory (1) (F) (P: BIOL 2110, 2111; CHEM 1160, 1161; C: EHST 3350)

- or BIOS 1500. Introduction to Biostatistics (3) (P: MATH 1065 or equivalent or consent of instructor)

Recommended Cognates (select at least 6 s.h.):

- MIS 2223. Introduction to Computers (3) (F,S,SS)
- PHYS 1260, 1261. General Physics and Laboratory (3,1) (P: PHYS 1250)
- GEOG 3220. Soil Properties, Surveys, and Applications (3) (F) (P: GEOG 2250)
- or GEOL 5710, 5711. Ground Water Hydrology (3,0) (P: GEOL 1500, 1501 or consent of instructor)
- MATH 2119. Elements of Calculus (3) (F,S,SS) (FC:MA) (P: MATH 1065 with a minimum grade of C)
- or MATH 2121. Calculus for the Life Sciences (3) (F,S,SS) (FC:MA) (P: MATH 1065 with a minimum grade of C)

4. Electives to complete requirements for graduation.

Choose at least 6 s.h. of EHST electives from the 3000-level and above.

Environmental Health Requirements for Students Participating in MD in 7 Initiative

Students pursuing a BS in environmental health who are also participating in the MD in 7 Program must meet the specified requirements for their major. In addition, the student will need to fulfill the prehealth concentration by taking BIOL 1100, 1101 (pre-med students may substitute BIOL 1100, 1101 for the cognate requirement of BIOL 1050, 1051), 1200, 1201; CHEM 1150, 1151, 1160, 1161, 2750, 2751, 2760, 2763. Students accepted for admission to the Brody School of Medicine under the MD in 7 Program may substitute the successful completion of the first-year of medical school curriculum for EHST4990 and remaining 19 s.h. required for graduation.

BS in Health Education and Promotion

Students entering the health education and promotion degree program choose one of three concentrations: community health, prehealth professions, or worksite health promotion. The community health concentration requires a minimum cumulative GPA of 2.5 for entry and thereafter the student must maintain a minimum 2.0 GPA in the required cognates and pass all health education core courses with a minimum grade of C. A student earning a D in any of these courses must petition the Department of Health Education and Promotion for probationary continuation. No student on probation may enroll for HLTH 4991, Health Education and Promotion Internship. Students entering the worksite health promotion concentration must have a minimum cumulative 2.0 GPA and a minimum 2.5 GPA calculated on three courses: ECON 2113; HLTH 2000; PSYC 3241. Students entering the prehealth professions concentration must have a minimum cumulative 2.0 GPA and a minimum 2.75 GPA calculated on the following courses: BIOL 1100, 1101, 1200, 1201; CHEM 1150, 1151, 1160, 1161. Prehealth professions students must complete an interview with health education faculty. Minimum degree requirement is **126 s.h.** as follows:

I. Foundations curriculum requirements (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including those listed below for all options as well as additional foundations curriculum requirements for each option. 42 s.h.

All concentrations:

BS in Recreation and Park Management

Students wishing to declare a major in recreation and park management at the time of entrance into the curriculum, need to possess a minimum overall GPA of 2.0; have no more than 10 s.h. of foundations curriculum remaining; have completed a brief, written application (available at www.ecu.edu/rcls); and have a meeting with a RCLS faculty member. RCLS courses at the 3000 level and above cannot be taken before admission to the major or minor, or by consent of instructor where appropriate. Students majoring in recreation and park management must maintain a minimum cumulative 2.0 GPA and a minimum cumulative 2.0 GPA in all core and cognate courses to remain in good standing. Majors must earn a minimum grade of C in all required RCLS courses. Students failing to meet these criteria will not be allowed to enroll in any additional RCLS prefix courses. The only exception being students re-enrolling in RCLS courses in which the student has a D or F. Students who want to appeal need to contact the RCLS department chair within two weeks of notification of academic deficiency. Students graduating from this program are eligible to sit for the examination to become a certified park and recreation professional and thereby acquire this valuable credential for professional advancement. Minimum degree requirement is **123 s.h.** of credit as follows:

COLLEGE OF HUMAN ECOLOGY

Margie Gallagher, Interim Dean, RW-238 Rivers Building

The College of Human Ecology seeks to improve the quality of life for individuals and families through education, research, and service. The knowledge base of the field includes criminal justice, early childhood education, human nutrition and food, individual and family development through the life span, interior design, the management of food service and lodging operations, textiles, and social work. The faculty members of the college are committed to educating students for professional practice; to conducting research on the conditions which influence the quality of life for individuals and families; and to extending this knowledge to the state of North Carolina and beyond.

The Carolyn Freeze Baynes Institute for Social Justice, established by the generosity of Charles and Hazel Freeze with the support of Michael Ray Baynes, is located within the College of Human Ecology. The gift has been made by the Freeze family of Mooresville, North Carolina, in memory of their daughter Carolyn, and to promote the issues to which she devoted. The institute coordinates research, community partnerships, and scholarship aimed at improving the well-being of individuals and the quality of community life. The institute offers a number of activities for students, including research experiences, scholarship opportunities, and interaction with visiting scholars and alumni.

Undergraduate study is offered in birth through kindergarten teacher education, child life, criminal justice, family and community services, family and consumer sciences education, hospitality management, interior design, merchandising, nutrition and dietetics, and social work.

Students completing the major and minor requirements within the college may use core courses to satisfy only one requirement. A specific course may not be used to count toward the major and minor.

Bachelor's and Accelerated MBA Program

Students in the merchandising or hospitality management programs who also wish to complete an MBA with either an apparel and textile management option or a hospitality management option may elect to follow an accelerated program of study. This program allows students to complete the requirements for the BS degree in four years and, if qualified, the MBA in two semesters plus summer study. Interested students should consult with their advisor early in the undergraduate program regarding required courses, sequencing, and grade requirements. (See Section 6, Early Entry Into ECU Graduate Programs.)

DEPARTMENT OF CHILD DEVELOPMENT AND FAMILY RELATIONS

Cynthia Johnson, Chairperson, 150 Rivers Building

The Department of Child Development and Family Relations offers course work in partial fulfillment of the Family Life Education Certification from the National Council on Family Relations, the Infant-Toddler Program Personnel Certification from the NC Department of Health and Human Services, Child Life Certification from the Association for the Care of Children's Health, and teacher licensure in family and consumer sciences education and birth-kindergarten teacher education from the North Carolina Department of Public Instruction.

BS in Birth Through Kindergarten Teacher Education

Freshmen may declare birth through kindergarten (BK) teacher education as their major. Transfer students must have completed at least 12 s.h. at East Carolina University with a minimum cumulative grade point average (GPA) of 2.5 to declare. Prior to enrolling in selected courses, all BK majors must be admitted to the Upper Division of Teacher Education. Requirements for admission to upper division include, but are not limited to, satisfactory scores on all parts of PRAXIS I, a minimum cumulative GPA of 2.5, and demonstration of computer competency. In addition, BK majors must achieve a minimum grade of C in all courses required for the major.

A semester-long internship is the culminating experience for BK Teacher Education majors. Applications for admission to internship (CDFR 4324, 4325) must be submitted to the internship coordinator one year prior to the semester in which the student will complete internship requirements. Prior to internship, BK majors must have completed the following courses with a minimum grade of C: CDFR 1103, 2000, 2123, 2124, 3150, 3306, 4200, 4320, 4321, 4322, 4323, 4406; EDTC 4001; EDUC 3200, 4400; ELEM 3249; CDFR 4303 or ELEM 3275; SPED 2000, 3005, 3510, 3511. Students who successfully complete all

requirements and have a minimum cumulative GPA of 2.5 are recommended for BK licensure. A minimum grade of C in internship is required for licensure. Additional information about upper division, internship, and NC teacher licensure can be found in the College of Education section of this catalog and in the handbook, *Welcome to Teacher Education*.

The birth through kindergarten (BK) teacher education program is offered both on-campus and online. Online delivery is designed as a 2 + 2 degree-completion program that is administered in cohorts. To be admitted to a distance education (DE) cohort, individuals must first be admitted to ECU and complete a separate application for admission to the BS BK DE cohort. Criteria for admission to the BS BK DE cohort include completion of all foundations curriculum requirements, passing scores on all parts of PRAXIS I (or designated SAT or ACT scores), computer competency, and reliable internet access. BS BK DE cohorts begin first summer session each year. Information about the proposed schedule for offering courses online can be found at www.ecu.edu/che/cdfr. The BS in BK teacher education program requires on-campus attendance for orientation, admission to upper division interviews, and senior-year internship seminars.

Minimum degree requirement is **126 s.h.** of credit as follows:

NOTE: These degree requirements are subject to change beginning Fall 2010 pending NC State Board of Education approval of revised licensure program requirements. Students should consult their departmental advisor for specific program information.

BS in Child Life

Freshman and transfer students may declare child life as a major. Other ECU students must have a 2.5 GPA in order to change from another major to child life. Child life majors who have completed 45 s.h. must maintain a 2.5 GPA. A child life major who has a GPA of less than 2.5 for two consecutive semesters will not be allowed to continue in the program. Students must have a 2.5 GPA to enroll in the child life internship and to graduate as a child life major. (Note: Completion of a BS degree with a major in child life does not include certification as a child life specialist. The Child Life Certifying Committee of the Child Life Council oversees the administration of the certification examination. The Department of Child Development and Family Relations will verify completion of degree requirements, but meeting other requirements for certification is the responsibility of each candidate.) DEPARTMENT OF CRIMINAL JUSTICE

James F.Anderson, Chair, 247 Rivers Building

The Department of Criminal Justice offers the bachelor of science in criminal justice, minor in criminal justice, minor in forensic science, master of science in criminal justice, graduate certificate in security studies, and graduate certificate in substance abuse. (See also graduate catalog.)

To be eligible for the program as a criminal justice major or a minor, a student is required to have completed 32 s.h. with a minimum overall 2.0 GPA, including work transferred from another institution, and must have completed JUST 1000 with a grade of C or higher. Transfer students admitted to the university with a minimum of 32 s.h. of credit must establish an overall 2.0 GPA at the university prior to admission into the criminal justice program and have completed JUST 1000 or equivalent with a minimum grade of C. Criminal justice majors and criminal justice minors are expected to maintain an overall 2.0 GPA throughout the program. Further information and applications for admission may be obtained from the criminal justice departmental office, 140 Rivers Building.

In addition to the above requirements, to be admitted to the minor in forensic science, students need to have a minimum overall 2.5 GPA. They are also expected to maintain an overall GPA of 2.5 throughout the program.

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9.
(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed.
Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year
P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

The major in criminal justice is designed to prepare students for entrance into professional positions in the field of criminal justice. The program requires mandatory field internship to be undertaken during the final semester of the program. Students with sufficient criminal justice work experience may request the departmental chair for exemption from the internship. Field placement settings include probation and parole agencies, juvenile facilities, public and private law offices, federal and state prisons, and federal, state, and local law enforcement agencies. Students must submit an application two semesters prior to completing requirements for the degree; they must have an overall 2.0 GPA or higher to be eligible for consideration.

BS in Criminal Justice

Criminal justice majors, criminal justice minors and forensic science minors must pass all required criminal justice courses and supportive area criminal justice courses with a minimum grade of C. Minimum degree requirement is **120 s.h.** of credit as follows:

DEPARTMENT OF HOSPITALITY MANAGEMENT

Robert M. O'Halloran, Chairperson, 152 Rivers Building

The BS in hospitality management requires students to complete a 45 s.h. hospitality core, a minor in business administration, and 15 s.h. in hospitality concentration. Three concentrations are offered within the BS in hospitality management: food and beverage management; hotel management; and, conventions and special events management. Students may be able to complete both the BS in hospitality management and the MBA with the hospitality management option in five years. The BS degree in hospitality management is also offered via distance education.

BS in Hospitality Management

Each HMGT course must be completed with a minimum grade of C. Minimum degree requirement is 126 s.h. of credit as follows:

DEPARTMENT OF INTERIOR DESIGN AND MERCHANDISING

Katherine Warsco, Chairperson, 249 Rivers Building

BS in Interior Design

The interior design major is accredited by the council for Interior Design Accreditation, the National Association of Schools of Art and Design (NASAD), and the National Kitchen and Bath Association (NKBA).

To declare the interior design major, students must have a cumulative 2.5 GPA and complete IDSN 1180, 1181, 1281 and 1500 with a C or better. Students complete the freshman and sophomore preparatory courses in interior design followed by admission into professional -level (junior-senior) courses based on an acceptable level of proficiency in studio work as shown in the sophomore portfolio review, a minimum cumulative 2.5 GPA, and a minimum grade of C in the following courses: IDSN 1180, 1181, 1281, 1500, 2040, 2800, 2850; and ART 1905.

Sophomore Portfolio Review: During the second semester of the sophomore year, students submit portfolios which contain representative work from specific design courses: IDSN 1181, 1281, 1500, 2800, and 2850. This work is evaluated by the interior design faculty, who recommend whether students are prepared to enter the professional-level interior design courses (junior- and senior-level courses). Students who do not meet the level of proficiency needed for the professional-level courses have the opportunity to resubmit a portfolio a maximum of two additional times. Admission to professional-level courses is competitive and limited.

Policy on Student Projects: The IDMR department reserves the right to retain, exhibit, and reproduce design projects submitted by students for class assignments for the purpose of complying with accreditation and program requirements. Work submitted for grades is the property of the department until it is returned to the students. Minimum degree requirement is **126 s.h.** of credit as follows:

BS in Merchandising

Students majoring in merchandising have two concentration options: apparel merchandising or interiors merchandising. To declare the merchandising major, students must have a cumulative 2.5 GPA, complete a minimum of 12 s.h. at ECU, and complete both MRCH 2999 and MATH 1065 with a C or better. Throughout the program students must make a C or better in all MRCH/IDSN major courses and business administration minor courses. Undeclared majors in apparel merchandising are allowed to take MRCH 1135, 2239, 2350 and 2999. Undeclared majors in interiors merchandising are allowed to take MRCH 1135, 2350, IDSN 1180, and MRCH 2999. Minimum degree requirement is **126 s.h.** of credit as follows:

1. Foundations curriculum requirements (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including those listed below 42 s.h.

ECON 2113. Principles of Microeconomics (3) (F,S,SS) (FC:SO)

DEPARTMENT OF NUTRITION AND DIETETICS

William Forsythe, Chairperson, 148 Rivers Building

The dietetics major is a Didactic Program in Dietetics (DPD) approved by the Commission on Accreditation for Dietetics Education (CADE) of the American Dietetic Association. CADE is a specialized accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the United States Department of Education. To declare a major in nutrition and dietetics, students must complete the foundation curriculum requirements with a C in all courses and at least a 2.5 GPA. To continue in the program students must maintain a 2.5 GPA.

The Department of Nutrition and Dietetics also offers a dietetic internship that is accredited by CADE. (See graduate catalog for details.) Completion of an approved DPD and an accredited dietetic internship or other accredited/approved supervised experience program are required to become a registered dietitian (RD). Completion of the BS in nutrition and dietetics does not guarantee entrance into an internship. Entrance into our internship is competitive and requires admittance into the graduate school, a 3.0 GPA, and 850 GRE score.

SCHOOL OF SOCIAL WORK

School of Social Work, 108 Rivers Building

Shelia Grant Bunch, Bachelor of Social Work Program Coordinator, 223 Rivers Building

Richard Pozzuto, Master of Social Work Program Coordinator, RW-318 Rivers Building

The School of Social Work offers the bachelor of social work and the master of social work degrees. (See also graduate catalog.)

The undergraduate major in social work is accredited by the Council on Social Work Education. The principal educational objective of the major in social work is to prepare students for beginning professional generalist social work practice.

All majors have a field education internship of 12 s.h. in one semester in an approved agency. Agencies serving as field placements include North Carolina county departments of social services, local mental health centers, state hospitals for the emotionally disturbed, centers for the mentally retarded, developmental evaluation clinics, remedial education activity programs, alcoholic rehabilitation centers, public schools, general hospitals, and care facilities. Each student is required to make application for the field education internship one semester before the semester in the field.

Admission to the BSW program is made during the fall semester. Students should submit an application to the program during the spring and summer. A student is eligible to apply for admission to the BSW degree program when the following required conditions are met: completion of a minimum of 32 s.h.; an overall 2.5 GPA; and completion of SOCW 1010, 2010 with a 2.5 GPA in these courses. Students who plan to transfer from a junior or community college are encouraged to take a four-year college preparatory curriculum that includes human biology. The social work program will not accept for required major credit upper-level courses (numbered 3000 and 4000 at East Carolina University) taken at a junior or community college. The BSW program chairperson will determine the applicability of upper-level courses taken at senior colleges in meeting the BSW degree requirements. Additional information on the undergraduate social work program and application for admission may be obtained from the School of Social Work, 108 Rivers Building.

Bachelor of Social Work (BSW)

Social work majors must pass all required social work courses with a minimum grade of C. Minimum degree requirement is **124 s.h.** of credit as follows:

Additional Opportunities

The social work major deciding to seek certification as a school social worker must be accepted into the upper division of teacher education. This should be done during the sophomore year and prior to or at the point the student is accepted as a social work major. The College of Education and the School of Social Work will maintain a record to help track the student's completion of certification requirements. Upon completion of appropriate social work courses and education courses, the School of Social Work and the College of Education will recommend certification to the State Department of Public Instruction.

NOTE: These degree requirements are subject to change beginning Fall 2010 pending NC State Board of Education approval of revised licensure program requirements. Students should consult their departmental advisor for specific program information.)

COLLEGE OF NURSING

Sylvia Brown, Acting Dean, 4205LA Health Sciences Building

Josie Bowman, Interim Associate Dean for Undergraduate Program and

Chairperson, Department of Undergraduate Nursing Science, Senior Division, 2175C Health Sciences Building

Janice Neil, Chairperson, Department of Undergraduate Nursing Science, Junior Division, 3185A Health Sciences Building

Curriculum

The baccalaureate program in nursing educates students for professional nursing practice and is characterized by a combination of foundations curriculum and nursing courses. The focus of the nursing courses is on nursing theory and scientific principles applied to the care of healthy persons as well as to acute and chronic health problems of individuals, families, and groups. Clinical experiences are provided in a variety of health care settings, such as hospitals, health departments, nursing homes, mental health centers, and other health-related community agencies. Graduates are prepared for beginning positions in nursing with the potential for positions of leadership and graduate study.

All students—high school graduates, transfer students, diploma or associate-degree graduates in nursing—earn the bachelor of science in nursing degree (BSN). The awarding of the BSN does not license one as a registered nurse. A separate examination (NCLEX-RN) is administered by the board of nursing in the state in which the applicant wishes to be registered. The College of Nursing will certify completion of degree requirements, but meeting other requirements for licensure is the responsibility of each candidate.

Registered nurses seeking to obtain a BSN are offered opportunities for educational accessibility, flexibility, and mobility. The curriculum track is 100 percent online. Service learning projects in student's area of interest are completed in their local region. The curriculum track is designed to build on students' past education and experience and expose registered nurses to innovative instructional methods for meeting course objectives. Registered nurse students meet course requirements by transfer, advanced placement, credit by exam, CLEP, and completion of courses by enrollment. Required sciences, foundations curriculum, and cognate courses must be completed prior to entry into the curriculum track. Students must hold a current unrestricted license as a registered nurse in North Carolina.

There is an RN to MSN track available for registered nurses who do not have a baccalaureate degree in nursing. See the graduate catalog for admission requirements.

All students are required to demonstrate computer competency, which can be met by placement or enrollment in ASIP 2000.

The program is accredited by the National League for Nursing Accrediting Commission (61 Broadway, New York, NY 10006; 212-363-5555) and approved by the North Carolina Board of Nursing.

Admission

Freshmen may declare an intent to enroll in nursing but are assigned to General College until officially admitted to the College of Nursing after filing an application for admission to the major and meeting eligibility requirements prior to enrollment in the first nursing courses. Eligibility is based upon a minimum cumulative 2.5 GPA and completion of foundations curriculum requirements. A minimum grade of C is required in biology, chemistry, and college algebra or equivalent. Admission to nursing courses is competitive and limited due to space availability and accrediting requirements. Students desiring readmission after an absence of one or more semesters must secure approval from the university admissions office and the College of Nursing Student Affairs Committee. Financial aid is available through scholarships and loans from government and private sources, work-study, and self-help programs. Information is available from the university director of financial aid or the College of Nursing director of student services.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.

Requirements

The College of Nursing considers a grade of C as the minimum passing grade for required nursing courses. Nursing students are required to earn a minimum course grade of C in all nursing courses. Opportunity to repeat a nursing course is limited by the College of Nursing Progression Policies as printed in the current student handbook.

All students are required to have CPR certification, a TB skin test, immunizations including Hepatitis B, and to purchase health and liability insurance prior to enrollment in clinical nursing courses. Verification of TB skin test, CPR update, and payment of health and liability insurance is required each year. Proof of current health insurance must be provided by the student. If applicable, waivers must be signed for immunizations and health insurance. Criminal background checks and drug testing are also required prior to enrolling in nursing courses.

Specific health requirements are stated in the *College of Nursing Student Handbook*.

The College of Nursing utilizes diagnostic tests for each of the 4 semesters a student is enrolled in the CON undergraduate curriculum. Tests may be administered prior to instruction, during the semester, or near the completion of the semester. Results are used to assist students from entrance to graduation in determining nursing content that has been mastered. Various enhancement materials are used to assist with identified weaknesses.

Credit for courses in the College of Nursing is determined by the following formula: one classroom/lecture hour per week equals 1 s.h. credit; two lab hours per week equals 1 s.h. credit; and three practicum hours per week equals 1 s.h. credit.

COLLEGE OF TECHNOLOGY AND COMPUTER SCIENCE

Ralph V. Rogers, Jr., Dean

The College of Technology and Computer Science is comprised of the Departments of Computer Science, Construction Management, Engineering, and Technology Systems.

DEPARTMENT OF COMPUTER SCIENCE

John R. Placer, Chairperson, Science and Technology Building, Suite C-124

Students enrolled at East Carolina University or transferring from other institutions may be considered for admission to the Department of Computer Science provided the following departmental requirements are met. A student must have completed a minimum of 36 s.h. with a minimum cumulative 2.0 GPA and have earned at least a C in CSCI 2310 and 2311.

BA in Computer Science

Credit toward a computer science major will not be given for any CSCI course with a grade less than C being used to satisfy the requirements specified in the core. Minimum degree requirement is **126 s.h.** of credit as follows:

1. Foundations curriculum (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs).....42 s.h.

PHIL 2275. Professional Ethics (3) (WI*) (F,S,SS) (FC:HU)

2. Foreign language through level 1004 12 s.h.

DEPARTMENT OF CONSTRUCTION MANAGEMENT

Douglas W. Kruger, Chairperson, 119 Rawl Building

Admission

Admission requirements are specified based on the entry status of potential students: freshman, transfer students, technical degree transfer students, ECU transfer students, or second degree students. Progression through the major is two-tiered: lower division requirements and upper division requirements. Potential majors should refer to the departmental website for full descriptions of each entry status category and the associated requirements for admission. Admission to the university does not guarantee admission to the construction management degree program.

Students are admitted to the lower division and must apply for admission to the upper division. The complete listing of admission requirements can be found on the departmental website or at the College of Technology and Computer Science Advising Center. Once admitted, successful progression through the major requires a minimum cumulative grade point average of 2.0. Students falling below a 2.0 cumulative grade point average will not be allowed to take construction management classes and will be placed on departmental probation for one semester. Summer sessions are not part of the departmental probation period. Probation status will be allowed for a maximum of one semester; after that time students with a cumulative grade point average below 2.0 will be dropped from the department.

CMGT majors and minors are required to achieve a minimum grade of C in the following courses in order to progress to subsequent courses: CMGT 2210, 2660, 2664, 3664, 4660, 4662. Students earning less than a C in any of these courses must repeat the course before any subsequent CMGT course may be taken. Students required to repeat any CMGT course will not be permitted to register for that course in the semester or summer school immediately following unless a seat is available on the last day of regular registration (add only day). Should a student be found in violation of this policy, he/she will be administratively dropped (no matter what point in the semester) from that CMGT course.

The Department of Construction Management requires students to have a laptop computer in order to accomplish academic work. The ACE Student Computer Support Center at www.ecu.edu/ace lists the current computer specifications meeting the department's requirements.

BS in Construction Management

The construction management program is accredited by the American Council for Construction Education. Minimum degree requirement is **126 s.h.** credit as follows:

- 1. Foundations curriculum requirements (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including those listed below 42 s.h.**

DEPARTMENT OF ENGINEERING

Paul J. Kauffmann, Chairperson, 214 Slay Building

The Department of Engineering offers a BS in engineering with four concentration areas: systems engineering, engineering management, biomedical engineering, and bioprocess engineering.

The mission of the department is to provide a theory-based, application-oriented general engineering education that serves as a basis for career success and lifelong learning. Our graduates demonstrate the engineering and scientific knowledge to analyze, design, improve and evaluate integrated technology-based systems. Our program welcomes a diverse student body and provides the support to foster its success.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.
 (FC:EN)=English; (FC:EX)=Exercise and Sport Science; (FC:FA)=Fine Arts; (FC:HL)=Health; (FC:HU)=Humanities; (FC:MA)=Mathematics;
 (FC:SC)=Science; (FC:SO)=Social Science

SECTION 8: ACADEMIC PROGRAMS

Graduates of the BS in engineering program will:

1. Use their education to be successful in a technical career or graduate studies, demonstrating competence in applying classical methods and modern engineering tools;
2. Analyze technical, environmental, and societal issues related to engineering designs and technology systems;
3. Be productive team members and leaders, using skills in human relations and communication;
4. Practice a lifelong commitment to learning and professional development; and
5. Demonstrate commitment to the professional and ethical standards of engineering and recognize the importance of community and professional service.

The engineering program accepted its first students in fall 2004, and will graduate its first class in spring 2008. At that time, we will seek accreditation from the Accreditation Board for Engineering and Technology (ABET). In accordance with ABET requirements, graduates of the BS program have: (a) an ability to apply knowledge of math, science and engineering; b) an ability to design and conduct experiments/analyze and interpret data; (c) an ability to design a system, component, or process; (d) an ability to function on multi-disciplinary teams; (e) an ability to identify, formulate, and solve engineering problems; (f) an understanding of professional and ethical responsibility; (g) an ability to communicate effectively; (h) an ability to evaluate the impact of technology in a global/societal context; (i) an appreciation for lifelong learning; (j) knowledge of contemporary issues; (k) an ability to use the techniques, skills, and modern tools for engineering practice; and (l) an ability to apply engineering concepts to an area of concentrated study, chosen from systems engineering, engineering management, bioprocess engineering, and biomedical engineering.

The BS program is distinctive from many other engineering programs in that it: 1) focuses on hands-on project applications of engineering, beginning with the freshman year and continuing throughout the program; 2) promotes a team-based learning approach where students work closely with each other and the faculty; and 3) integrates science, math and engineering content to assure a coordinated presentation of concepts that flow from theory to advanced practice and application.

Engineering students are encouraged to pursue registration as a Professional Engineer (PE). The first step in this process is completion of the Fundamentals of Engineering (FE) Exam. Students are required to take the FE exam during their senior year. Subsequent to graduation, professional licensure requires at least four years of progressive engineering experience and successful completion of the PE Examination.

Admission

Admission to the university or college does not guarantee admission to the engineering program. Additional evaluation elements for engineering students are described below:

Regular freshman admission: Entering freshmen should submit an ECU admission application package, high school transcript, and SAT and/or ACT scores for admission consideration. The average SAT for freshmen admitted to the engineering program at ECU is typically over 1100. Performance in math and science courses, high school GPA, and rank in class are also considered key indicators of potential success in this program.

Provisional freshman admission: Students who are not initially admitted to the engineering program, but who express a commitment to obtaining an engineering degree, are permitted to have the opportunity to succeed as a provisional engineering admission. Provisional students may still enroll in engineering courses and follow the freshman curriculum. Upon successful completion of all first-year courses (including engineering courses and at least Calculus I), with a cumulative GPA of 2.5, students can complete a change of major form and formally transfer into the engineering program.

Transfer admission: Students transferring to the engineering program must have an overall GPA of 2.5 or better in all course work attempted at the college(s) from which they are transferring in addition to meeting university transfer requirements. Students who have completed an associate degree from an approved pre-engineering program will be directly admitted to the BS program. Transfer students who do not have a 2.5 or better GPA are individually evaluated and the complete academic record is examined with particular emphasis on performance in math and science classes. These students may be admitted on a provisional basis and permitted to take certain engineering courses based on a case-by-case assessment. Provisional transfer students are expected to demonstrate the ability to succeed by completing their first semester at ECU with a 2.5 GPA.

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9. (WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed. Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year

312 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

Special Department Programs

Internships. The department encourages internships at local and regional employers and in service learning projects. Full-time students who have completed 24 credit hours and have a 2.0 minimum cumulative GPA are eligible for internships. Transfer students must complete 12 credit hours at ECU before applying for the internship program.

ECU Engineering, Inc. Projects supplied by local and regional businesses, industries and non-profits give students opportunities to gain experience. Working in teams, students learn real-world skills by defining, designing, building and testing engineering solutions.

DEPARTMENT OF TECHNOLOGY SYSTEMS

Elmer C. Poe, Interim Chair, Suite 202 Science and Technology Building

Admission

Upon admission to the university, students may declare a major in one of the following degree programs: design, industrial distribution and logistics, industrial engineering technology, or information and computer technology. The technology systems degree programs are accredited by the National Association of Industrial Technology. The minimum degree requirement is **126 s.h.** of credit.

Students who have an associate degree from an approved technical program can be admitted directly into the department's programs but must either transfer or take courses that meet the core technical content in the programs. Although any department degree can be entered by transfer students, the BS in industrial technology is designed specifically to meet a broad range of needs of transfer students from community colleges. Students transferring credits without an associate's degree will have their previous courses individually evaluated for program credit.

Those ECU students intending to transfer to a technology systems degree program from other campus programs must have at least a 2.0 GPA.

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9.
(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed.
Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.

(FC:EN)=English; (FC:EX)=Exercise and Sport Science; (FC:FA)=Fine Arts; (FC:HL)=Health; (FC:HU)=Humanities; (FC:MA)=Mathematics; (FC:SC)=Science; (FC:SO)=Social Science

SECTION 8: ACADEMIC PROGRAMS

BS in Industrial Technology

David L. Batts, Coordinator, 230 Slay Building

Student must have an associate degree from an approved technical program. Minimum degree requirement is **126 s.h.** of credit as follows. Students must complete at ECU a minimum of 42 s.h. credit of upper division core and concentration courses. Industrial technology courses completed at ECU and transfer courses must total at least 66 s.h. All students pursuing a bachelor of science in industrial technology through distance education (online) are required to complete ITEC 3000 in their initial semester of enrollment at East Carolina University. For distance education (online) students only, ITEC 3000 will fulfill 3 s.h. of the required 27 s.h. in their chosen concentration area. ITEC 3100, 4100 or any course that does not meet as a class may not be used as upper division core or concentration courses.

I. Foundations curriculum requirements (See Section 4, Foundations Curriculum Requirements for all Baccalaureate Degree Programs), including those listed below 42 s.h.

COMM 2410. Public Speaking (3) (F,S,SS) (FC:FA) or COMM 2420. Business and Professional Communication (3) (F,S,SS) (FC:FA)

ECON 2113. Principles of Microeconomics (3) (F,S,SS) (FC:SO)

MATH 1065. College Algebra (3) (F,S,SS) (FC:MA) (P: Appropriate score on mathematics placement test) or MATH 1066. Applied Mathematics for Decision Making (3) (F,S,SS) (FC:MA) (P: Appropriate score on mathematics placement test or approval of dept chair)

PSYC 1000. Introductory Psychology (3) (F,S,SS) (FC:SO)

PSYC 3241. Personnel and Industrial Psychology (3) (F,S,SS) (FC:SO) (P: PSYC 1000 or 1060)

2. Lower Division Core..... 24 s.h.

Transfer technical courses up to 24 s.h. or approved technical courses.

3. Upper Division Core..... 15 s.h.

ITEC 3200. Introduction to Statistical Process Control (3) (F,S) (P: MATH 1065 or 1066 or equivalent)

ITEC 3290. Technical Writing (3) (WI) (F,S,SS) (P: ENGL 1200)

ITEC 3300. Technology Project Management (3) (WI) (F,S) (P: ENGL 1200; ITEC 2000 or MIS 2223)

ITEC 3800. Cost and Capital Project Analysis (3) (S) (P: MATH 1065)

ITEC 4293. Industrial Supervision (3) (WI) (F) (P: Senior standing or approval of instructor)

4. Concentrations (choose one)..... 27 s.h.

Architectural Technology

DESN 3030, 3031. Architectural Drafting (3,0) (F,S) (P: DESN 2034 or IDSN 1281)

DESN 3032, 3033. Engineering Graphics II (3,0) (S) (P: DESN 2036)

DESN 3036, 3037. Architectural Design and Drafting (3,0) (F) (P: DESN 2036, 3030)

DESN 3038, 3039. Sustainable Design (3,0) (S) (P: DESN 2036, 3030)

Bioprocess Manufacturing

ITEC 3292. Industrial Safety (3) (F,S) (P: Junior standing)

ITEC 4150. Microbiology for Industrial Processing (3) (F) (P: Admitted to bioprocess manufacturing concentration within BS industrial technology degree)

ITEC 4250. Engineering for Food Safety and Sanitation (3) (F) (P: Admitted to bioprocess manufacturing concentration within BS industrial technology degree)

ITEC 4300. Quality Assurance Concepts (3) (F,S) (P: ITEC 3200 or MATH 2283)

ITEC 4350. Separation Techniques for Industrial Processing (3) (S) (P: Admitted to bioprocess manufacturing concentration within BS industrial technology degree)

ITEC 4450. Waste Treatment Techniques for Industrial Processing (3) (S) (P: Admitted to bioprocess manufacturing concentration within BS industrial technology degree)

The courses listed as degree requirements may have prerequisites or corequisites that are not indicated. See section 9. (WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive. Semester of course offering is not guaranteed. Anticipated semester of course offering: (F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

SIGNIFICANCE OF COURSE NUMBERS

0001-0999 Remedial	3000-3999 Junior	6000-6999 Master's
1000-1999 Freshman	4000-4999 Senior	7000-7999 Doctoral
2000-2999 Sophomore	5000-5999 Master's	8000-9000 Doctoral

Five-thousand-level (5000-5999) courses are master's courses. Undergraduate students may be admitted to five-thousand-level courses if they have completed the stated prerequisite(s) or with the written permission of the instructor, chairperson of the department, director of the school, or dean of the college in which the course is offered. Seven-thousand-level (7000-7999) courses are doctoral courses. Qualified master's students may enroll in seven-thousand-level courses if they have completed the stated prerequisite(s) or with the written permission of the instructor, chairperson of the department, director of the school, or dean of the college in which the course is offered.

5175. Advanced Archaeological Field Training (6) 40 hours of field research per week (summer). P: ANTH 3077 or 3175 or equivalent; or consent of instructor. Research methods applied to specific archaeological field problems.

5201. Special Topics in Archaeology (3) May be repeated for maximum of 6 s.h. P: Graduate standing or consent of instructor. Advanced level. Topics vary depending on student interest and current issues.

5202. Special Topics in Cultural Anthropology (3) May be repeated for maximum of 6 s.h. P: Graduate standing or consent of instructor. Advanced level. Topics vary depending on student interest and current issues.

5203. Special Topics in Physical Anthropology (3) May be repeated for maximum of 6 s.h. P: Graduate standing or consent of instructor. Advanced level. Topics vary depending on student interest and current issues.

ANTH Banked Courses

2020. Contemporary Human Problems and Global Issues (3)

3024. Heredity and Culture (3)

3075, 3076. Archaeological Methods and Laboratory (3,0)

3112. Archaeology of Mexico and Guatemala (3)

4252. Anthropology of Aging (3)

ART: ANIMATION/INTERACTIVE DESIGN

2070. Animation/Interactive Design Survey (3) (F,S,SS) P: ART 1030; 1906 or 1907. Using computers to solve visual problems. Exploration of ways that animation/interactive design and digital imaging can complement experiences in various disciplines.

2470. Introduction to Digital 3D Modeling and Animation (3) P: ART 1015, 1030. Studio that develops students design process through construction of digital 3D models and animation.

3070. Electronic Interactive Multimedia (3) (F,S) 2 lecture and 4 studio hours per week. P: ART 2070 or 2071 or consent of instructor. Interactive multimedia design process. Web based projects incorporate sound, full-motion video, and still and kinetic imagery. Users interact with information presented. Emphasis on problem-seeking/problem-solving processes.

3082. Motion Graphics Studio (3) (F,SS) An introductory course in motion graphics, kinetic typography, and broadcast and web animation.

3442. Products and Environments (3) (F) P: ART 2210 or consent of instructor. User-based design principles applied to exhibit environments and furniture systems intended for repetitive production.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

332 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

3470. Digital 3D Animation (3) P: ART 2470 or consent of instructor. Design studio that develops student's concept of digital 3D modeling as applied to animation and special effects.

4070. Advanced Interactive Media (3) (S) 1 lecture and 4 studio hours per week. P: ART 2070, 3070; or consent of instructor. Advanced exploration of interactive media design process. Emphasis on problem-seeking/problem-solving processes.

4411. Professional Practice (3) P: ART 4070, 4470 or 4200 or 4210 or 4220; 4240; or consent of instructor. Advanced media design projects and practices for professional portfolio presentations are covered to prepare students for entry-level employment.

4470. Digital 3D Lighting and Rendering (3) P: ART 3470 or consent of instructor. Design studio that develops the concept of digital geometries. Basic elements that make digital 3D models, including effects of lighting, texture mapping and rendering.

ART: ANIMATION/INTERACTIVE DESIGN FOR NON-ART MAJORS

1070. Animation Art with ECU's Sonic Plaza for Non-Art Majors (3) (F,S,SS) May not substitute for ART 1005. Introduction to the fundamentals of art through making animations for ECU's Sonic Plaza monitor ring.

ART: ART AND DESIGN

1005. Design I (3) (F,S,SS) (FC:FA) P: ART major or administrative approval. Elements and principles of design as applied to two and three dimensions.

1015. Design II (3) (F,S,SS) P: ART 1005, 1020 with a minimum grade of C; 1905; or administrative approval. Extension and development of content of ART 1005.

1020. Drawing (3) (F,S,SS) (FC:FA) P: ART major or administrative approval. Introduction to drawing in various media.

1030. Figure Drawing (3) (F,S,SS) P: ART 1005, 1020 with a minimum grade of C; 1905; or administrative approval. Introduction to drawing the human figure using various media.

1905. The Dimensions of Art (3) (F,S) (FC:FA) Same as ART 1905 (Art History) P: Art major or consent of instructor. Various ways of perceiving, discussing, and analyzing works of art.

1906. Art History Survey (3) (F,S) (FC:FA) Same as ART 1906 (Art History; Non-Art Majors). P: ART 1905 or 1910; or consent of instructor. History of art from prehistoric times to Renaissance.

1907. Art History Survey (3) (F,S) (FC:FA) Same as ART 1907 (Art History; Non-Art Majors) P: ART 1905 or 1910; or consent of instructor. History of art from Renaissance to modern times.

2540. Intermediate Drawing (3) (F,S) Formerly ART 1040 Same as ART 2540 (Drawing) P: ART 1015, 1030; or consent of instructor. Extension of ART 1020. Investigation of materials, media, and abstraction.

2550. Intermediate Figure Drawing (3) (F,S) Formerly ART 1050 Same as ART 2550 (Drawing) P: ART 1015, 1030; or consent of instructor. Extension of ART 1030. Investigation of drawing strategies and techniques as relevant to the human figure.

ART: ART EDUCATION

1001. Color and Design (3) (F,S,SS) (FC:FA) Not open to ART majors. May not substitute for ART 1005. Color theory and design principles.

2123. Early Experiences for the Prospective Teacher (1) (WI*) (F,S) Minimum of 16 hours of observations of public school art classes and related school activities plus 1 hour per week of seminar to discuss the observations.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.

SECTION 9: COURSES

2870. Computers in Art Education (1) (F,S) 1 lecture and 1 studio hour per week. P: ART 1015, 1030. Entry-level experiences in basic computer operations applicable to the art education classroom K-12.

3850. Art in the Elementary School (3) (F,S,SS) Not open to ART majors. P: Junior standing. Art educational philosophy, methodology, materials, processes, and specific projects for elementary classes.

3851. Art in the Elementary School (3) (WI*) (F,S) P: ART major; junior standing. Art education philosophy, methodology, materials, processes, and specific projects for elementary classes.

3860. Classroom Participation in Art (1) (F,S) P: junior standing; ART 3851. Classroom participation in the teaching of art classes and discussion of procedures used.

4323. Art in the Secondary School (3) (F,S) P: Junior standing; admission to upper division. Art education philosophy, methodology, media, and techniques for junior and senior high school classes.

4325. Internship Seminar: Issues in Art Education (1) (F,S) P: Senior standing; admission to upper division; ART 2123, 3860, 4323; successful completion of professional education courses; C: ART 4850 or 4851 and 4870 or 4871. Seminar for discussion of the issues and concerns of the internship experience.

4850. Art Internship in Elementary Education (6) (F,S) P: Senior standing; admission to upper division; ART 2123, 3860, 4323; successful completion of professional education courses; C: ART 4325 and 4871. Observation and supervised teaching in elementary school classes.

4851. Art Internship in Elementary Education (3) (F,S) P: Senior standing; admission to upper division; ART 2123, 3860, 4323; successful completion of professional education courses; C: ART 4325, 4870. Observation and supervised teaching in elementary school classes.

4870. Art Internship in Secondary Education (6) (F,S) P: Senior standing; admission to upper division; ART 2123, 3860, 4323; successful completion of professional education courses; C: ART 4325 and 4851. Observation and supervised teaching in junior and/or senior high school classes.

4871. Art Internship in Secondary Education (3) (F,S) P: Senior standing; admission to upper division; ART 2123, 3860, 4323; successful completion of professional education courses; C: ART 4325, 4850. Observation and supervised teaching in secondary school classes.

5323. Art in the Secondary School (3) P: Acceptance in MAT program. Art education philosophy, methodology, media, and techniques for teaching junior and senior high school students.

5810. Arts and Crafts for Elementary Teachers (3) Workshop course. Not open to ART majors. Drawing, painting, printmaking, sculpture, and craft processes suitable for elementary school classes.

5851. Art in the Elementary School (3) P: Acceptance in MAT program. Art education philosophy, methodology, materials, processes, and specific projects for elementary classes.

5860. Classroom Participation in Art (1) P: Acceptance in MAT program. Classroom practice in the teaching of art and discussion of procedures used.

5870. Computers in Art Education (1) P: Acceptance in MAT program. Entry-level basic computer operations applicable to the K-12 art education classroom.

ART: CERAMICS

2105. Ceramics Survey (3) (F,S,SS) P: ART 1015, 1030. Total ceramic process. Emphasis on potter's wheel.

2115. Ceramics Studio I (3) (F,S,SS) P: ART 2105 or consent of instructor. Clay mineralogy and development of clay body formulas. Basic pottery wheel forms.

2125. Ceramics Studio II (3) (F,S,SS) Glaze components and formulation. Self firing of kilns. Hand building and production pottery techniques.

3100. Ceramics Studio III (3) (F,S,SS) P: ART 2105 or consent of instructor. Kiln materials, design, repair, and construction. More complex hand building and pottery forms.

3110. Ceramics Studio IV (3) (F,S,SS) P: ART 2105 or consent of instructor. Glaze calculation theory, objectives, and application. Advanced hand building and pottery wheel problems.

3120. Ceramics Studio V (3) (F,S,SS) P: ART 2105 or consent of instructor. Advanced and aesthetic studies in clay.

4100. Ceramics Studio VI (3) (F,S,SS) P: ART 2105 or consent of instructor. Advanced and aesthetic studies in clay.

4110. Ceramics Studio VII (3) (F,S,SS) P: ART 2105 or consent of instructor. Advanced and aesthetic studies in clay.

4120. Ceramics Studio VIII (3) (F,S,SS) P: ART 2105 or consent of instructor. Advanced and aesthetic studies in clay.

5100. Ceramics Studio IX (3) P for graduate students: May count as an elective with consent of instructor. Senior projects in ceramic art and design. Slide portfolio requirement and senior exhibition.

5110. Ceramics Studio X (3) P for graduate students: May count as an elective with consent of instructor. Advanced projects in ceramic art and design.

ART: COMMUNITY ARTS MANAGEMENT

4000. Community Arts Management (3) (F,S) Internship. Practical experience in community arts organizations management. Public art production in music, drama, or the visual arts.

ART: DRAWING

2540. Intermediate Drawing (3) (F,S) Formerly ART 1040 Same as ART 2540 (Art) P: ART 1015, 1030; or consent of instructor. Extension of ART 1020. Investigation of materials, media, and abstraction.

2550. Intermediate Figure Drawing (3) (F,S) Formerly ART 1050 Same as ART 2550 (Art) P: ART 1015, 1030; or consent of instructor. Extension of ART 1030. Investigates drawing strategies and techniques as relevant to the human figure.

3551. Problems in Figure Drawing (3) (F) ART 3551, 3552, 3553 should be taken in sequence after ART 2550. Arranged by instructor in consultation with student. P: ART 2550. Emphasis on representation of human figure.

3552. Problems in Figure Drawing (3) (F) ART 3551, 3552, 3553 should be taken in sequence after ART 2550. Arranged by instructor in consultation with student. P: ART 3551. Emphasis on representation of human figure.

3553. Problems in Figure Drawing (3) (F) ART 3551, 3552, 3553 should be taken in sequence after ART 2550. Arranged by instructor in consultation with student. P: ART 3552. Emphasis on representation of human figure.

SECTION 9: COURSES

3554. Figure and the Environment (3) ART 3554, 3555, 455 I should be taken in sequence after ART 2550. P: ART 2540. Relationship of the figure to environment. Emphasis on the figure to discover and manipulate space.

3555. Drawing Media and Technique (3) ART 3554, 3555, 455 I should be taken in sequence after ART 2550. P: ART 2540. Drawing and painting processes as means of pictorial investigation. Use of materials for exploring aesthetic issues related to image making.

455 I. Selected Problems in Drawing (3) (S) ART 3554, 3555, 455 I should be taken in sequence after ART 2550. Designed by student in consultation with instructor. P: ART 3554 or 3555. Series of problems pertinent to needs and interests of student.

5550. Advanced Figure Drawing (3) P: ART 3553. In-depth investigation of the figure for exploring various drawing issues.

555 I. Advanced Drawing (3) P: ART 455 I. In-depth exploration of drawing as depiction, organizational device, metaphor, and object. Drawing for exploring aesthetic issues related to various forms of image making.

ART: FABRIC DESIGN

2326. Fabric Design Studio I (Silk Screen) (3) (F) P: ART 2303. Methods of decorating fabric with silk screen printing techniques.

2336. Fabric Design Studio II (3) (S) P: ART 2303. Fundamentals of fabric design. Batik, tie-dye, direct dye application, and combined techniques.

3306. Fabric Design Studio III (3) (F) P: ART 2336. Further exploration of fabric design techniques and various dye groups.

3316. Fabric Design Studio IV (3) (S) P: ART 2326, 2336. Advanced printing and combined techniques applied to designing fabrics.

4306. Fabric Design Studio V (3) (F) P: ART 3316. Application of advanced techniques applied in fabric design. Major projects of significant scale.

4316. Fabric Design Studio VI (3) (F,S) P: ART 4306. Advanced fabric design. Light-sensitive materials.

4326. Fabric Design Studio VII (3) (F,S) P: ART 4316. Advanced creative exploration of selected fabric design processes.

5306. Fabric Design Studio VIII (3) P: ART 4326. Original research in nonstructural textile design.

5316. Fabric Design Studio IX (3) P: ART 5306. Original research in nonstructural textile design.

ART: GRAPHIC DESIGN

2200. Communication Arts Survey (3) (F) P: ART 1015, 1030. Basic conceptual problem solving relevant to two- and three-dimensional applied design. Emphasis on graphic, typographic, illustrative, photographic, and spatial relationships. Exploration of media and techniques.

2210. Concepts in Communication Arts (3) (S) P: ART 2200 or consent of instructor. Exploration of conceptual problem solving in two- and three-dimensional applied design. Further exploration of media and techniques, including electronic environments.

3200. Typography (3) (F) P: Acceptable portfolio review; ART 2070, 2210; or consent of instructor. Typographic images in historical and modern design. Emphasis on contemporary applications through digital media. Typographic function, flow, and form.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

338 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

3210. Production (3) (S) P: ART 3200 or consent of instructor. Practical execution of design concepts as commercial printed media. Emphasis on use of computer for digital prepress work.

4200. Advanced Typography (3) (F) P: ART 3200 or consent of instructor. Extended study of typography as related to communication design. Emphasis on informational and aesthetic concerns in professional design forum. Two- and three-dimensional problems.

4210. Graphic Design (3) (F) P: ART 3210 or consent of instructor. Emphasis on design, use, and application of creative visual images and concepts in communication. Two- and three-dimensional problems.

5210. Advanced Graphic Design (3) For students specializing in the discipline. P for undergraduate students: ART 4200 or 4210; P for graduate students: ART 4210. Advanced problems in graphic design history. Development of self-promotional materials and professional portfolio.

Graphic Design students take ART 2200 and 27 s.h. including the following courses: ART 2210, 2220, 3200, 3210, 2230; 4200 or 4210; 5210.

ART: ILLUSTRATION

2230. Illustration Survey (3) (F,S) P: ART 1015, 1030; or consent of instructor. Illustration as a communicative medium. Emphasis on media and techniques.

3240. Illustration Media and Techniques (3) (S) P: ART 3230 or consent of instructor. Further development of technical skills required to create effective illustration. Emphasis on wide range of media used in contemporary illustration. Introduction to computer illustration.

4230. Intermediate Illustration (3) (F) P: ART 3230 and consent of instructor. Advanced problems in illustration. Emphasis on graphic contexts.

5230. Advanced Illustration (3) (S) P: ART 4230. Advanced problems in illustration. Emphasis on exploring aesthetic issues related to various forms of image making for illustrators. Development of creative professional illustration portfolio.

Illustration students take ART 2200, 2210, 2220, 2230, 3200, 3210, 3240; 3551 or 3560 or 3561; 4230, and 5230.

ART: INDEPENDENT STUDY

3500. Independent Study (3) (F,S,SS) P: Consent of instructor, curricular coordinator, and dean.

3510, 3511, 3512, 3515. Directed Field Study in Studio Art (1,1,1,3) Minimum of 35 hours of instruction at a qualified off-campus institution or program is required. May count toward studio concentration. P: ART 1015, 1030; consent of area coordinator and supervising instructor. Studio research supervised by School of Art and Design faculty in conjunction with another structured program or institution. Strengthens competencies in areas related to programs offered by School of Art and Design.

4010, 4020, 4030. Work Experience in the Visual Arts and Design (3,3,3) (F,S,SS) Minimum of 140 work and academic hours per semester for 3 s.h. credit. Maximum of 3 s.h. obtained through independent study may be applied to art elective requirements. P: Consent of curricular coordinator. Supervised work experience. Strengthens competency in areas related to programs offered by School of Art and Design.

5500. Independent Study (3) P: Consent of instructor, curricular coordinator, and dean.

ART: INTERDISCIPLINARY

2071. Computer Graphics Orientation (1) May count as 2- or 3-dimensional art elective. 1 lecture and 1 studio hour per week. P: ART 1030; 1906 or 1907. Entry-level experiences with cross-section of major categories of art applications available for Macintosh computer. Technical approach to image-input peripherals and image file formats. Computer presented as aid to visual thinking and planning.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.

(FC:EN)=English; (FC:EX)=Exercise and Sport Science; (FC:FA)=Fine Arts; (FC:HL)=Health; (FC:HU)=Humanities; (FC:MA)=Mathematics; (FC:SC)=Science; (FC:SO)=Social Science

SECTION 9: COURSES

3000, 3001. Intermedia Studio I, II (3,3) (F,S,SS) 6 contact hours per week. P: Consent of instructor. Visual art problems not geared toward specific media. Emphasis on creative problem solving. May involve various interdisciplinary activities.

3002. Book Arts One (3) P: ART 1015, 1030. Covers basic elements of book construction and design. Emphasis will be on Artist's Books and historical development of book structure.

3004. Book Arts Two (3) P: ART 3002; or consent of instructor. Covers intermediate elements of book construction and conceptual development. Introduction to typographical hand composition and letterpress printing. Emphasis will be on Artist's Books.

ART: METAL DESIGN

2300. Metal Design Survey (3) (F,S,SS) P: ART 1015, 1030. Metal as medium in solving visual problems. Historical and technical aspects of designer craftsman using metal.

2301. Metal Design Studio I (Jewelry) (3) (S) P: ART 2300 or consent of instructor. Design and production of jewelry.

2311. Metal Design Studio II (Enameling) (3) (F,S) P: ART 2300 or consent of instructor. Advanced enameling techniques employed in individually designed products.

2321. Metal Design Studio III (Raising, Spinning, Chasing, Repousse, Forging) (3) (F,S) P: ART 2300 or consent of instructor. Techniques of metal forming used by artist craftsman to produce individually styled objects.

3301. Metal Design Studio IV (3) P: ART 2300 or consent of instructor. Advanced jewelry and metal design. Basic methods of casting.

3311. Metal Design Studio V (3) (S) P: ART 2300 or consent of instructor. Advanced application of metal-forming techniques. Influence of traditional techniques on individually designed products.

3321. Metal Enameling Studio II (3) (F,S) P: ART 2311 or consent of instructor. Further development of design sensitivity and technical skills required to produce enameled objects of art.

4301. Metal Design Studio VI (3) (F,S) P: ART 2300 or consent of instructor. Production of individually designed products through application of casting and metal construction techniques.

4311. Metal Design Studio VII (3) P: ART 2300 or consent of instructor. Design problems in contemporary materials and techniques.

5301. Metal Design Studio VIII (3) P for undergraduate students: ART 2300 or consent of instructor. Original research in metal design.

5311. Metal Design Studio IX (3) P for undergraduate students: ART 2300 or consent of instructor. Original research in metal design.

ART: PAINTING

2560. Painting Survey: Materials and Methods (3) (F,S,SS) P: ART 1015, 1030. Extensive experimentation in studio techniques peculiar to traditional and contemporary painting problems. Emphasis on proper use of grounds, supports, and pigment characteristics. Criticism and lectures.

2561. Painting: Composition - Design for Painting (3) (F,S,SS) May count toward art concentration or as art elective. Required for painting concentration students. P: ART 2560. Design principles in painting. Emphasis on color structure and fundamental methods of pictorial organization.

3560. Painting: Watercolor (3) (F,S) P: ART 2560 or consent of instructor. Comprehensive analysis and use of watercolor and related liquid media in expressive painting.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

340 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

3561. Painting Studio I (3) (F,S,SS) P: ART 2560 or consent of instructor. Focus on growth and development of individual concepts in painting. Experimentation and exploration of assigned problems. Emphasis on individual analysis and discussion of work.

3562. Figure Painting (3) (F,S) P: ART 2550; 2560 or consent of instructor. Human figure as primary motif in painting. Painting from model.

3563. Painting Studio II (3) (F,S,SS) Continuation of studio I. Emphasis on technical and aesthetic problems of painting. Individual and group criticism of work.

3564. Advanced Figure Painting (3) (F,S) P: ART 3562 or consent of instructor. Advanced individual study of the figure as primary motif in painting. Painting from model.

3566. Portrait Painting (3) (S) P: ART 2560 or consent of instructor. Individual study of human head and costumed figure as primary motif in painting. Painting from model.

4560. Advanced Painting I (3) (F,S) P: Acceptable portfolio review. Focus on growth and development of individual concepts in painting. Individual instruction and group criticism.

4561. Advanced Painting II (3) (F,S) P: Acceptable portfolio review. Orientation to student's individual strengths and interests. Emphasis on independent thinking. Individual instruction and group criticism.

4562. Advanced Painting III (3) (F,S) P: Acceptable portfolio review. Continuation of ART 4561. Emphasis on individual criticism.

4563. Advanced Painting IV (3) (F,S) P: Acceptable portfolio review. Continuation of individual growth and development. Individual and group criticism.

4564. Advanced Painting V (3) (F,S) P: Acceptable portfolio review. Personal directions in painting. Individual and group criticism.

5560. Advanced Painting VI (3) Personal direction in painting. Individual and group criticism.

5561. Advanced Painting VII (3) Personal direction in painting.

ART: PHOTOGRAPHY

2220. Photography Survey (3) (F,S) P: ART 1015, 1030. Basic camera techniques, darkroom procedures, and assignments. Full scope of photographic problems.

3250. Introduction to Digital Photography (3) (F) 2 lecture and 4 studio hours per week. P: ART 2070, 2210, 2220; or consent of instructor. Digital photography and its applications to design and fine art.

3260. Intermediate Photography (3) (F,S) P: ART 2220. In-depth exploration in camera work, darkroom techniques, and visual literacy.

3270. Color Photography (3) P: ART 3260; or consent of instructor. Color theory and technique with an emphasis upon the creative use of color in photo-based media.

3280. Problems in Photography (3) P: ART 3260; or consent of instructor. Investigation of contemporary practices in photography and development of a concept-based body of artwork.

4220. Studio Photography (3) (F,S) P: ART 3260 or consent of instructor. In-depth exploration of camera, lighting, studio, and darkroom techniques as means of exploring issues in communications and aesthetics.

4240. Advanced Digital Photography (3) (S) 2 lecture and 4 studio hours per week. P: ART 3210, 3250; or consent of instructor. Extended study of digital photography as related to image design and communications. Emphasis on collecting raw image data to be processed with other information.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.
(FC:EN)=English; (FC:EX)=Exercise and Sport Science; (FC:FA)=Fine Arts; (FC:HL)=Health; (FC:HU)=Humanities; (FC:MA)=Mathematics;
(FC:SC)=Science; (FC:SO)=Social Science

SECTION 9: COURSES

4250. Professional Practices in Photography (3) (F,S) 2 lecture and 4 studio hours per week. P: ART 4220, 4240; or consent of instructor. Advanced problems in photography. Emphasis on digital and analog solutions to professional projects.

5220. Advanced Photography (3) P: ART 2220. Advanced photographic techniques, sequential problems, animation, and film.

Photography students take ART 2220, 3080, 3250, 3260, 3270, 3280, 4220, 4240, 4250 and 5220.

ART: PRINTMAKING

2010. Printmaking Survey (3) (F,S) P: ART 1015, 1030. Broad aspects of relief, intaglio, and planographic processes.

2020. Printmaking Workshop I (I) (S) 2 studio hours per week. P: ART 1015, 1030; 1906 or 1907; 2010 or consent of instructor. Continued development of artistic skills. Basic black and white techniques of collagraphic process.

2030. Printmaking Workshop II (I) (S) 2 studio hours per week. P: ART 1015, 1030; 1906 or 1907; 2010 or consent of instructor. Continued development of artistic skills. Basic stencil techniques of silk-screen process.

2040. Printmaking Workshop III (I) (S) 2 studio hours per week. P: ART 2220. Continued development of artistic skills. Basic techniques of photo silk-screen process.

2050. Printmaking Workshop IV (I) (S) 2 studio hours per week. P: ART 2010, 2220; or consent of instructor. Continued development of artistic skills. Basic techniques of photo-intaglio process.

2600. Printmaking Studio I (3) (F,S) P: ART 2010 or consent of instructor. Continued development of aesthetic concerns. Basic intaglio acid techniques of line etching, aquatint, soft-ground, lift-ground, and appropriate printing procedures.

2610. Printmaking Studio II (3) (F,S) P: ART 2600 or consent of instructor. Continued development of aesthetic concerns. Basic intaglio non-acid techniques of drypoint, engraving, mezzotint, and appropriate printing processes. Intaglio color printing techniques include multiplate, stenciled color, and one-plate printing methods. Etching techniques from ART 2600 employed to make plates for color printing.

3600. Printmaking Studio III (3) (F,S) P: ART 2010 or consent of instructor. Continued development of aesthetic concerns. Basic processes of lithography. Printing surface preparation, elementary drawing techniques, and printing.

3610. Printmaking Studio IV (3) (F,S) P: ART 3600 or consent of instructor. Continued development of aesthetic concerns. Several advanced processes employed in lithography. Include color printing, transfer media, and introduction of other print media.

4600. Printmaking Studio V (3) (F,S) P: ART 2010, 3610; or consent of instructor. In-depth investigation of a printmaking process. Emphasis on aesthetic and technical considerations.

4610. Printmaking Studio VI (3) (F,S) P: ART 2010, 4600; or consent of instructor. In-depth investigation of a printmaking process. Emphasis on aesthetic and technical considerations.

4620. Printmaking Studio VII (3) (F,S) P: ART 2010, 4610; or consent of instructor. Initiation and development of a series of prints to be resolved as folio or fine book.

4630. Printmaking Studio VIII (3) (F,S) P: ART 2010, 4620; or consent of instructor. Continuation of ART 4620.

4640. Printmaking Studio IX (3) (F,S) P: ART 2010, 4630; or consent of instructor. Continuation of ART 4630. Completion of folio or book.

5610. Printmaking Studio X (3) Independent investigation of specific problems in printmaking.

ART: SCULPTURE

2705. Sculpture Survey (3) (F,S,SS) P: ART 1015, 1030. Methods, materials, and styles of sculpture.

2715. Sculpture Studio I (3) (F,S) P: ART 2705 or consent of instructor. Subtractive techniques (stone, wood, and plaster) as sculptural problems.

2725. Sculpture Studio II (3) (F,S) P: ART 2715. Additive techniques (plaster, clay, wood, and steel) as sculptural problems.

3700. Sculpture Studio III (3) (F,S) P: ART 2725. Manipulation and substitution techniques (welding and cast metals) as sculptural problems.

3710. Sculpture Studio IV (3) (F,S) P: ART 3700. Advanced studio techniques in sculpture (foundry) to explore visual aesthetics.

3720. Sculpture Studio V (3) (F,S) P: ART 3710. Advanced studio techniques in sculpture (welded metals) to explore visual aesthetics.

4700. Sculpture Studio VI (3) (F,S) P: ART 3720. Advanced studio studies in sculpture to develop a personal aesthetic statement (interior scale).

4710. Sculpture Studio VII (3) (F,S,SS) P: ART 4700. Advanced studio studies in sculpture to develop a personal aesthetic statement (human scale).

5700. Sculpture Studio VIII (3) P for undergraduate students: ART 2705 or consent of instructor. Concentrated studio pursuit and development of strong personal aesthetic sculptural statement.

5710. Sculpture Studio IX (3) P for undergraduate students: ART 2705 or consent of instructor. Concentrated studio pursuit and development of strong personal aesthetic sculptural statement (architectural scale).

ART: TEXTILE DESIGN

2303. Textile Design Survey (3) (F,S) P: ART 1015, 1030. Structural and nonstructural textiles. Tools and techniques of textile designer.

2350. Off-Loom Textile Design (3) P: ART 2303. Design with fibers using methods other than floor loom.

3350. Advanced Off-Loom Textile Design (3) P: ART 2350. Advanced fiber design. Employs methods other than floor loom.

ART: VIDEO

3080. Introductory Video Art (3) P for art majors: ART 1015, 1030; P for communication arts students: ART 2220. Video for aesthetic inquiry.

3081. Intermediate Video Art (3) Explores video as expressive medium and builds upon competencies developed in ART 3080.

ART: WEAVING DESIGN

2325. Weaving Design Studio I (3) (S) P: ART 2303. Mechanics and operation of the loom. Basic loom-controlled techniques.

2335. Weaving Design Studio II (3) (S) P: ART 2325. Advanced pattern drafting, multifiber exploration, and combined basic loom-controlled techniques.

SECTION 9: COURSES

3305. Weaving Design Studio III (3) (F,S) P: ART 2335. Advanced application of loom controlled techniques.

3315. Weaving Design Studio IV (3) (F,S) P: ART 3305. Advanced techniques. Multi-layered weaves and supplemental warping methods.

4305. Weaving Design Studio V (3) (F,S) P: ART 3315. Advanced exploration of various loom and non-loom-controlled techniques.

4315. Weaving Design Studio VI (3) (F,S) P: ART 4305. Advanced exploration of various loom- and non-loom-controlled techniques.

5305. Weaving Design Studio VII (3) P: ART 4315. Original research in weaving and fiber design.

5315. Weaving Design Studio VIII (3) P: ART 5305. Original research in weaving and fiber design.

ART: WOOD DESIGN

2304. Wood Design Survey (3) (F,S) P: ART 1015, 1030. Wood as medium in solving visual problems. Historical and technical aspects of designer craftsman using wood.

2322. Wood Design Studio I (3) (F,S) P: ART 2304. Application of techniques and design principles to wood as viable craft material.

2332. Wood Design Studio II (3) (F,S) P: ART 2304. Further and more specialized application of power tool technique to small scale objects.

3302. Wood Design Studio III (3) (F,S) P: ART 2304. Design with emphasis on combination of wood with various compatible materials.

3312. Wood Design Studio IV (3) (F,S) P: ART 2304. Increased scale regarding functional and decorative objects.

4302. Wood Design Studio V (3) (F,S) P: ART 2304. Furniture design and its relationship to function.

4312. Wood Design Studio VI (3) (F,S) P: ART 2304. Furniture as means of conceptual expression.

4322. Wood Design Studio VII (3) (F,S) P: ART 2304. Functional and sculptural aspects of furniture design.

5302. Wood Design Studio VIII (3) P for undergraduate students: ART 2304 or consent of instructor. Original research in wood design.

5312. Wood Design Studio IX (3) P for undergraduate students: ART 2304 or consent of instructor. Original research in wood design.

ART Banked Courses

2940. Eighteenth-Century Art (3)

2950. Culture and Art of Europe (6)

3900. Prehistoric Art (3)

3910. Primitive Art History (3)

4005. Interdisciplinary Three-Dimensional Design Studio for Ceramics, Wood Design, Metal Design, and Sculpture (3)

4006. Interdisciplinary Three-Dimensional Design Studio for Sculpture, Environmental Design, and Wood Design (3)

4411. Professional Practice (3)

4420. Social and Cultural Perspectives in Design (3)

4421. Seminar in Contemporary Concepts (2)

4450, 4451, 4452. Interdisciplinary Environmental Design Studio (3,3,3)

ASEU: AREA STUDIES – EUROPEAN STUDIES

ASEU Banked Courses

3010, 3011. Field Study in Europe (3,3)

ASIA: ASIAN STUDIES

2000. Introduction to Asia (3) Introduces Asian civilizations and cultures, drawing on the disciplines of anthropology, art, geography, history, language and literature, philosophy, and religion.

4000. Asian Studies Senior Seminar (3) P: Consent of instructor. Interdisciplinary capstone course required for minors in Asian studies. Advanced students explore in-depth selected aspects of Asian civilizations and cultures.

ASIP: ADMINISTRATIVE SERVICES AND INFORMATION PROCESSING

1500, 1501. Electronic Information Processing I (3,0) (F,S,SS) 3 lecture and 1 lab hours per week. Beginning course in electronic touch keyboarding and use of information processing systems to produce text documents via a computerized delivery system.

2000. Introduction to Computer Literacy (1) (F,S,SS) May count toward teacher education degrees. May not count toward BS degree programs in the Department of Technology Systems. Knowledge and skills needed to satisfy basic technology competencies required to support and enhance professional productivity, information access, collaboration, and communication among professionals, word processing, spreadsheets, presentations, and database.

2112. Introduction to Information Processing Technology (3) (F,S,SS) Use of various data processing systems for business applications. Functional and operational characteristics of data processing systems.

2212, 2213. Basic Programming for Business Applications (3,0) (F,S,SS) P: ASIP 2112 or equivalent. Designing and coding basic programs related to business applications for use on microcomputer.

2311, 2312. Financial Information Systems (3,0) (F,S,SS) 3 lecture and 1 lab hours per week. Financial information systems procedures and problems of business organizations. Emphasis on computerized applications.

2500, 2501. Electronic Information Processing II (3,0) (F,S,SS) 3 lecture and 1 lab hours per week. P: ASIP 1500 or consent of instructor; Electronic keyboarding skill building and application of detailed information processing concepts in production of documents generated through electronic delivery system.

3220. Business Communications (3) (F,S,SS) (WI) All students pursuing an undergraduate business education or marketing education teacher certification option must earn a grade of C or better. P: ENGL 1200. Development of understanding of need for effective communications in business through application of basic principles of written communications to solution of specific business problems.

3228. Administrative Management (3) (F,S,SS) Evolving concepts and practices of administrative management. Emphasis on handling information.

3291, 3292, 3293, 3294. Internship: Supervised Work Experience (1,2,3,4) (F,S,SS) Work hours for 3291: 100; for 3292: 200; for 3293: 300; for 3294: 400. May be taken in any combination for a maximum of 4 s.h. P: Consent of a dept coordinator and a minimum of 1 semester as a full-time ECU student.

3311, 3312. Financial Information Systems II (3,0) (F,S,SS) 3 lecture and 1 lab hours per week. P: ASIP 2311. Automated approach to accounting through use of integrated computer software.

3500, 3501. Electronic Information Processing III (3,0) (F,S,SS) 3 lecture and 1 lab hours per week. P: ASIP 2500 or equivalent. Advanced information processing. Applications of modern-day information processing systems.

SECTION 9: COURSES

4200, 4201. Microcomputer Business Applications (3,0) (F,S,SS) 3 lecture and 1 lab hours per week. P: ASIP 2500 or consent of instructor. Advanced course in use of specialized microcomputer applications software to produce business documents and reports.

4300. Administrative Office Procedures (3) (F,S) Role of administrative support personnel on the job.

4500. Information Processing Systems Design (3) (F,S,SS) P: ASIP 2212, 2213, 2500; or equivalent. Concepts and systems in automated office environment. Preparation for decision-making roles in information processing and/or management. Emphasis on conducting feasibility studies and dealing with change.

5200, 5201. Microcomputer Business Graphics Applications (3,0) P: ASIP 4200 or consent of instructor. Advanced course in specialized graphics-oriented microcomputer applications software used to produce business documents, reports, brochures, newsletters, pamphlets, and other page or screen composition publications.

ASLS: AMERICAN SIGN LANGUAGE STUDIES

2020. Sign Language Studies I (3) (F,S,SS) Introduces American Sign Language vocabulary as used by deaf adults. Process of gestural-visual medium of communication, basic structure of American Sign Language, development of expressive and receptive signing skills, and basic orientation to deaf culture.

2030. Sign Language Studies II (3) (F,S,SS) P: ASLS 2020. Continued study of American Sign Language. Development of expressive and receptive conversational skills.

ATEP: ATHLETIC TRAINING EDUCATION PROGRAM

1800. Orientation to Athletic Training (1) (F) P: Admission to candidacy period of athletic training curriculum; C: HLTH 1000 or 1050. Orientation and principles of observation in allied health settings.

2800. Medical Nomenclature for Human Performance (2) (F,S,SS) P: HLTH 1000. Standard nomenclature of athletic injuries. Focus on orthopedic and surgical conditions of active person.

2810. Principles of Athletic Training (3) (S) 2 lecture and 2 lab hours per week. P: HLTH 1000; C: Current participation in candidacy aspect of the athletic training program; first aid and CPR certification; ATEP 2811; RC: BIOL 2130; EXSS 2850. Fundamental principles. Recognition, evaluation, treatment, rehabilitation, and prevention of athletic injuries. Practical clinical evaluation and preventative taping.

2811. Principles of Athletic Training (0) (S) 2 lab hours per week. P: Current participation in candidacy period of athletic training program or consent of instructor; first-aid and CPR certification; C: ATEP 2810; RC: BIOL 2130; EXSS 2850. Fundamental principles. Recognition, evaluation, treatment, rehabilitation, and prevention of athletic injuries. Practical clinical evaluation and prevention taping.

3200. Field Experience in Athletic Training I (1) (F) 1 lecture per week and clinical assignments. P: Current first-aid and CPR certifications and medical malpractice insurance; C: Current participation in the athletic training curriculum; ATEP 3810. Introduction to field experience. Supervised medical coverage of athletic teams.

3201. Basic Rehabilitation Techniques in Athletic Training (2) (S) P: Athletic training major; C: ATEP 3820. Introduces basic principles of therapeutic exercise rehabilitation techniques of athletic injuries.

3250, 3251. Sports Medicine Treatment Modalities (3,0) 2 lecture and 2 lab hours per week. P: ATEP 3810 or consent of instructor. In-depth study of theory and application of therapeutic modalities in relation to the treatment of athletic injuries.

3270. Pathology and General Medicine in Sport (3) (S) P: BIOL 2130, or 2140, or 2150. General pathology associated with medical conditions in sport. Systemic approach to common medical disorders, including clinical proficiencies.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

3271. Clinical Experience in Medicine (1) (F,S,SS) P: Current first-aid and CPR certification required; Proof of ongoing medical malpractice insurance coverage; ATEP 3200, 3270; C: Current participation in athletic training curriculum. Clinical assignments in clinical medical settings.

3280, 3281. Therapeutic Rehabilitation in Sports Medicine (3,0) (S) 2 lecture and 2 lab hours per week. P: ATEP 3250, 3251; or consent of instructor. In-depth study of theory and application of therapeutic rehabilitation of athletic injuries.

3350. Concepts in Pharmacology (3) (F) General knowledge of therapeutic drug classifications, indications, contraindications, regulations, and drug testing in sport.

3400. Clinical Experience in an Equipment Intensive Sport (2) (F,S) 1 lecture per week and clinical assignment to an equipment intensive sport for the semester C: Current participation in the athletic training curriculum; ATEP 3810. Introduces field experience in athletic training, including supervised medical coverage of athletics teams. Current first-aid and CPR certifications and proof of medical malpractice insurance are required for duration of course.

3810. Etiology and Evaluation of the Trunk and Upper Extremity (3) (F) 4 lecture/lab hours per week. P: ATEP 2810; P/C: BIOL 2130; EXSS 2850. In-depth study and practical application of pathomechanics or sports-related injury and diseases to trunk and upper extremity.

3820. Etiology and Evaluation of Lower Extremity (3) (S) 4 lecture/lab hours per week. P: ATEP 2810; P/C: BIOL 2130; EXSS 2850. In-depth study and practical application of pathomechanics of sports-related injury and diseases to lower extremity.

3860. Sports Medicine Practicum I (3) (F) 1 lecture and 15 supervised clinical hours per week P: Admission to athletic training program; ATEP 3810. Practical experience in athletics under supervision of certified athletic trainer. Current CPR and first-aid certifications and proof of medical malpractice insurance required.

4001, 4002. Clinical Experience in Athletic Training (1,2) (F,S,SS) P: Consent of instructor and athletic training major. Individualized program of clinical supervised hours in athletic training. Each can be repeated once.

4300. Field Experience in Athletic Training II (1) (F,S,SS) 1 lecture per week and clinical assignments for the semester P: ATEP 3250, 3251, 3810, 3820; C: Current participation in the athletic training curriculum. Field experience in allied health settings relevant to athletic training. Current first aid and CPR certifications and proof of medical malpractice insurance are required for the duration of the course.

4320. Organization and Administration of Sports Medicine (3) (WI) 2 lecture and 2 lab hours per week. P: ATEP 3810, 3820. Organization and administration of sports medicine programs including law, ethics, and therapeutic concepts. Advanced experience in prevention, clinical evaluation, treatment, and rehabilitation of sports-associated afflictions.

4860. Sports Medicine Practicum II (3) 1 lecture and 15 supervised clinical hours per week. P: ATEP 3820. Practical experience in athletics under supervision of certified athletic trainer. Current CPR and first-aid certifications and proof of medical malpractice insurance required.

BIME: BIOMEDICAL ENGINEERING

3000. Foundations of Biomedical Engineering (3) (F) P: Consent of instructor. Application of fundamental engineering skills to solve problems in medicine and biology. Introduces students to a wide range of state-of-the-art applications in biomedical engineering and promotes understanding of interdisciplinary nature of the field. Topics covered include medical instrumentation and design, biomechanics, biomaterials, mass transport, application of computers in medicine, artificial implants, medical imaging, and medical ethics.

3600. Imaging in Biomedical Engineering (3) (S) 3 lecture hours per week. P: BIME 3000. Basic concepts of medical optics and imaging. Physical mechanisms and instrumentation of imaging modalities. Mathematical and engineering skills to reconstruct and process medical images.

SECTION 9: COURSES

4030. Biomechanics and Materials (4) (F) 4 lecture hours per week. P: ICEE 3004, 3024. Concepts of statics, dynamics, mechanics of materials, and fluid mechanics applied to biological systems. Characterization of biological materials, including time-dependent properties.

4040. Physiological Systems and Modeling for Engineering (3) (F) 3 lecture hours per week. P: BIME 3000. Introduction to physiology, emphasizing concepts and systems for engineering, including cell signaling, body signaling and control systems. Quantitative introduction to cardiovascular and renal systems. Example of brain-machine interfaces. Survey of other physiological systems.

4200. Biomedical Instrumentation (3) (F) 2 lecture and 2 lab hours per week. P: BIME 4040; ICEE 3050. Examines array of instrumentation and techniques used in acquisition, processing, and presentation of biomedical signals. Topics include transducers, sensors, Fourier analysis, flow measurement, medical imaging, and biosensors. Lab covers amplifiers, bridge circuits, and measurement of physical parameters and electrophysiological signals.

BIOE: BIOPROCESS ENGINEERING

3000. Bioprocess Engineering Systems (3) (S) 3 lecture hours per week. P: BIOL 2110; CHEM 2650, 2651. Engineering concepts for biological conversion of raw materials to food, pharmaceuticals, fuels, and chemicals. Includes enzyme kinetics and technology, bioreaction kinetics, design, analysis, and control of bioreactors and fermenters, and downstream processing of bioreaction products.

4000. Bioprocess Validation and Quality Engineering (4) (F) 4 lecture hours per week. P: MATH 3307; consent of instructor. Overview of bioprocess validation and quality control systems that ensure safe products, reduce the risk of adverse reactions, and avoid recalls. Emphasizes cost effectiveness and level of validation required for different phases of development, license application, and process improvements. Also covers design of experiments in bioprocess applications.

4010. Bioprocess Separation Engineering (3) (WI) (F) 2 lecture hours per week. P: BIOE 3000. Unit operations used in biological processing useful in product isolation and purification. Solid-liquid separation, filtration, centrifugation, cell disruption, isolation, purification, chromatography and drying.

4020. Bioprocess Plant Design, Simulation and Analysis (3) (WI) (S) 3 lecture hours per week. P: BIOE 4010; MATH 3307. Engineering principles for design of systems for processing biological materials into primary and secondary products and study of techniques for mathematically describing biological systems. Covers delivery scheduling, storage requirements, economic analysis, process control and instrumentation of bioprocess plants.

BIOL: BIOLOGY

1010. Biodiversity of Coastal North Carolina (3) (F,S) Survey of major terrestrial and aquatic ecosystems from the coastal plain to the continental shelf, with emphasis on their flora and fauna. Self-guided coastal plain trip required to one of several nature centers or museums at student's expense.

1030. Plants and Human Affairs (3) (F,S) (FC:SC) May not count toward BIOL major or minor. BIOL 1051 may be taken as a lab complement. Biology of plants and their related organisms and importance throughout history.

1050. General Biology (3) (F,S,SS) (FC:SC) May not count toward BIOL major or minor. Molecular basis of biology, bioenergetics, control systems, reproduction and development, genetics, diversity, evolution, communication, and behavior ecosystems.

1051. General Biology Laboratory (1) (F,S,SS) (FC:SC) 1 3-hour lab per week. May not count toward BIOL major or minor. C: BIOL 1030 or 1050. Practical applications of biological principles.

1060. Environmental Biology (4) (F,S,SS) (FC:SC) May not count toward BIOL major or minor. Interrelationships of organisms with each other and with their environment and human factors. Basic ecological problems, principles, and solutions.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

348 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

1061. Environmental Biology Laboratory (1) (F,S) (FC:SC) 1 3-hour lab or field excursion per week. May not count toward BIOL major or minor. Optional lab or field course offered to provide a more in-depth look at habitats.

1080, 1081. General Zoology (5,0) (F) (FC:SC) 4 lectures and 1 3-hour lab per week. Biology of major animal phyla. Emphasis on phylogeny, morphology, and physiology.

1100, 1101. Principles of Biology and Laboratory I (3,1) (F,S,SS) (FC:SC) 3 lecture and 3 lab hours per week. P/C for 1101: BIOL 1100. Molecular biology, bioenergetics, cellular structure, and physiology. Molecular basis of inheritance and control of gene expression.

1200, 1201. Principles of Biology and Laboratory II (3,1) (F,S,SS) (FC:SC) 3 lecture and 3 lab hours per week. P/C for 1201: BIOL 1200. Five living kingdoms and diversity that prevails in natural systems. Principles of evolution, ecology, and behavior, particularly in context of diversity.

2015. Introduction to Biological Anthropology (3) (WI*) (F,S) (FC:SC) Same as ANTH 2015 May count toward foundations curriculum science requirement for all except ANTH majors. May not count toward foundations curriculum social sciences requirement. RP: BIOL course. Evolutionary theory, human evolution, and formation of human variability, adaptation, and genetics. Relationships among primates.

2016. Biological Anthropology Laboratory (1) (F,S) (FC:SC) Same as ANTH 2016 May count toward foundations curriculum science requirement for all except ANTH majors. May not count toward foundations curriculum social sciences requirement. C: BIOL 2015. Human and population genetics, anthropometry, anthroposcopy, dermatoglyphics, blood pressure, blood typing, osteometry, primate taxonomy, and human evolution.

2100, 2101. Basic Laboratory Methods for Biotechnology (3,0) (F,SS) Formerly BIOL 3100, 3101 1 lecture and 4 laboratory hours per week. P: BIOL 1100, 1101; MATH 1065, 1 semester of CHEM with lab. Practical basic training in laboratory techniques generally applicable to molecular and cell biology, genetics, biochemistry, microbiology and forensics.

2110, 2111. Fundamentals of Microbiology and Laboratory (3,1) (F,S) 3 lectures and 2 2-hour labs per week. May not count toward BIOL major or minor. P for 2110: BIOL 1050, 1051; or 1100, 1101; or equivalent; 8 s.h. in CHEM. P/C for 2111: BIOL 2110. General study of microorganisms and their importance to humans. Emphasis on fundamental life processes, including a brief introduction to epidemiology and immunology

2130. Survey of Human Physiology and Anatomy (4) (F,S,SS) (FC:SC) P: BIOL 1050, 1051; or 1100, 1101. Functional anatomy and normal physiology of human organ systems.

2131. Survey of Human Physiology and Anatomy Laboratory (1) (F,S,SS) (FC:SC) 3 lab hours per week. May not count toward BIOL major or minor. P/C: BIOL 2130. Principles and review of anatomy of human organ systems.

2140, 2150. Human Physiology and Anatomy (3,3) May not count toward BIOL major or minor. P: 1 CHEM course; P for 2150: BIOL 2140; C for 2140: BIOL 2141; C for 2150: BIOL 2151. Two-semester integrated course. Normal physiology and functional anatomy of human organ systems.

2141, 2151. Human Physiology and Anatomy Laboratory (1,1) 3 lab hours per week. May not count toward BIOL major or minor. P for 2151: BIOL 2141; C for 2141: BIOL 2140; C for 2151: BIOL 2150. Two-semester integrated labs. Application of anatomical and physiological concepts.

2250. Ecology (3) (F,S,SS) P: BIOL 1100, 1101, 1200, 1201. Structure and function of ecosystems. Relationships of environmental factors operating in different habitats to floral and faunal composition of each community.

2251. Ecology Laboratory (1) (F,S,SS) 3 lab hours per week. P: BIOL 1100, 1101, 1200, 1201; C: BIOL 2250. Field experiences and lab methods used to determine structure and function of ecosystems.

2300. Principles of Genetics (3) (F,S,SS) P: 2 BIOL courses. Emphasis on modern genetics and its application.

SECTION 9: COURSES

2800. Biological Instruction (2) (F, S) 1 lecture and 3 lab hours per week. Open to biology or biochemistry majors by invitation only. P: BIOL 1100, 1101, 1200, 1201; or consent of instructor. Instruction and supervised experience in methods and practice of teaching introductory biology.

3070, 3071. Survey of Plants and Fungi (4,0) (F) P: 3 s.h. of science with a lab. Plants and fungi with emphasis on evolutionary patterns in structure, reproduction, and ecological function.

3220, 3221. Microbiology (4,0) (F) 3 lectures and 2 2-hour labs per week. P: BIOL 1200, 1201; organic CHEM course. Structure, physiology, disease, environmental relationships, and molecular biology of microbes.

3230, 3231. Field Botany (4,0) (F,S,SS) P: 3 s.h. of general BIOL with a lab; C for 3230: 3231; C for 3231: 3230. Plant identification and interactions of plants with their chemical, physical, and living environments. Emphasis on recognition of common vascular elements of local flora and major plant communities of coastal NC.

3240, 3241. Field Zoology (4,0) (F) P: BIOL 1060 or 2250. Methods and principles in zoological field study. Focus on local NC vertebrate fauna.

3310, 3311. Cellular Physiology (4,0) (F,S,SS) 3 lectures and 1 3-hour lab per week. P: Organic CHEM or biochemistry course. Structure and function of cells. Emphasis on physico-chemical aspects. Current status of major problems such as gene function, photosynthesis, contraction, active transport, and nerve cell function.

3320. Principles of Animal Physiology (3) (F,S,SS) P: 2000-level organic CHEM or BIOC course. Introduces concepts of animal physiology.

3321. Principles of Animal Physiology Laboratory (1) (F,S,SS) C: BIOL 3320. Lab to accompany BIOL 3320.

3400, 3401. Biological Field Studies of the Coastal Plain (3,0) 2 lecture and 3 lab hours per week. P: 2 courses in BIOL or GEOL or consent of instructor. Current status and change initiated by nature and man. Field trips and field projects important.

3520. Biological Evolution (3) (F) P: BIOL 2300 or consent of instructor. Evolution from a biological standpoint. Relationships of evolutionary theory and reciprocal impact on ecology, genetics, diversity, and biogeography. Speciation, selection, and populations.

3550. Biology Honors (1) (WI) (F,S,SS) Conferences with staff as needed. May be repeated once for a maximum of 2 s.h. Student taking this course will normally be expected to take BIOL 4550. P: Faculty invitation. Seminar and research.

3660. Introduction to Marine Biology (3) (F,S,SS) Coastal field trip, at student's expense, required. P/C: BIOL 2250, 2251. Ocean habitats and marine plants and animals that comprise various marine ecosystems.

3661. Introduction to Marine Biology Laboratory (1) (F,S) 3 lab hours per week. C: BIOL 3660. Exercises examine physical and chemical properties of ocean waters and representative marine organisms.

3740, 3741. Animal Behavior (4,0) (WI) (F) 3 lecture and 2 discussion hours per week. P: BIOL 1100, 1200; RP: BIOL 2250. Introduction to animal behavior with emphasis on experimental approaches. Topics include evolution and development of behavior; neural mechanisms, instinct, communication, foraging and reproductive behavior; and sociobiology.

4040. Human Genetics (3) P: BIOL 2300. Concepts of Mendelian and molecular genetics as applied to inheritance of human genetic disorders.

4050, 4051. Comparative Anatomy (4,0) (F) 2 lectures and 2 3-hour labs per week. P: 6 s.h. in BIOL. Structure and relationship of vertebrate animals. Emphasis on phylogeny of organ systems.

4060, 4061. Embryology (4,0) 3 lectures and 1 3-hour lab per week. P: BIOL 2300. Early developmental processes of anatomical and physiological significance. Emphasis on developmental stages of frog, chick, and mammalian embryos.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

350 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

4071. Human Gross Anatomy (4) 3 conference/demonstration and 3 lab hours per week. May not count toward foundations curriculum science requirement. P: BIOL 4050, 4051; or consent of instructor. Dissection-based regional study of human cadaver.

4150. Pestilence, Politics and Conquest (3) (S) P: BIOL 1050 or 1100 or consent of instructor. Pathology of infectious diseases and the impact that they had, or may have, on world events, past, present and future.

4170. Immunology I (3) (F) P: BIOL 2300, or consent of instructor. Structure, function, and genetic organization of body's defense system. Interactions of immunocompetent cells and their role in infection, disease, and autoimmunity.

4200, 4201. Population and Community Ecology (4,0) (4200:WI) (S) P: BIOL 2250, 2251, 2300; CHEM 1150, 1151; RP: CHEM 1160, 1161; MATH 2121 or statistics course. Organization of populations and communities. Emphasis on interactions among organisms and their environments and how these structure populations and communities.

4210. Phylogenetic Theory (3) (F) P: BIOL 2250, 2251, 2300. Theory and practice of modern phylogenetic methods. Topics include basic evolutionary concepts, reconstructing evolutionary relationships using molecular and other data, and statistical methods for assessing reliability of phylogenetic analyses. Emphasis on hands-on experience with phylogenetic computer programs.

4220. Microbes and Immunity (3) (S,SS) P: BIOL 2110, 2111; or 3220, 3221. Interaction of pathogenic microbes such as bacteria, viruses, fungi, and parasites with human defense system.

4230. Concepts in Cell Biology (3) (S) P: BIOL 3310. Basic concepts of cell biology, including control of gene expression, DNA repair, programmed cell death, cell communication.

4240. Genome Evolution (3) (S) P: BIOL 2300 or consent of instructor. Recent advances in comparative genomics, focusing on the evolution of more complex eukaryotic genomes. Course includes lectures and seminar discussions of current research publications.

4300, 4301. Ecosystem Ecology (4,0) (WI) (F) P: BIOL 2250, 2251. In-depth examination of ecosystem processes. Primary production, decomposition, and nutrient cycling as influenced by biotic and environmental controls in terrestrial, aquatic, and wetland ecosystems.

4320. Ecological Responses to Global Climate Change (3) (S) P: BIOL 2250, 2251. Theory and practical examination of effects of climate change. Predicted and present environmental influences on ecosystems, communities, populations and organisms.

4400. Terrestrial Field Ecology (4) (SS) 2 lecture and 6 lab or fieldwork hours per week. Field and lab work at an off-campus research site may involve additional costs. P: 1 statistics course; BIOL 2250, 2251; consent of instructor (by application). Research skills and techniques used by ecologists in freshwater and terrestrial systems in preparation for ecological research at graduate level.

4480, 4481. Cytology (2,2) (F) Formerly BIOL 5480, 5481 2 lectures and 2 2-hour labs per week. P: BIOL 1100, 2300, 3310. Function and structural components of eukaryotic cells.

4500. Marine Field Ecology (4) (SS) 2 lecture and 6 lab and/or fieldwork hours per week at an off-campus research site or field station. May involve additional costs. P: BIOL 3660, 3661; a statistic course; consent of instructor (by application). Research skills and techniques used by marine ecologists in preparation for marine and oceanographic research at graduate level.

4504, 4514. Research Problems in Biology (2,2) (WI, WI) (F,S,SS) 4 hours of research-related work per week. May be repeated for maximum of 4 s.h. P: Consent of instructor. Designed to meet individual needs and interests of well-qualified undergraduate students.

4550. Biology Honors (2) (WI) (F,S,SS) Conferences with staff as needed. May be repeated for maximum of 4 s.h. P: Faculty invitation. Seminar and research.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.

SECTION 9: COURSES

5070, 5071. Ornithology (4,0) 3 lecture hours and 1 3-hour lab per week. Field trips to observe native birds in natural surroundings required. P: 8 s.h. in BIOL. Survey of birds of the world. Emphasis on ecology, evolution, and behavior: adaptive radiation, migration, flight mechanics, morphology, taxonomy, bird song, reproduction, population biology, and conservation of birds.

5150, 5151. Herpetology (4,0) 3 lectures and 1 3-hour lab per week. P: 8 s.h. in BIOL. Taxonomy, anatomy, physiology, distribution, phylogeny, natural history, and ecology of reptiles and amphibians of the world. Emphasis on species of NC and Atlantic Coastal Plain.

5200, 5201. Invertebrate Zoology (4,0) 3 lectures and 1 3-hour lab per week. P: 6 s.h. in BIOL. General comparative anatomical and physiological aspects of invertebrate groups. Emphasis on similarities, differences, and evolution.

5220, 5221. Limnology (4,0) 3 lectures and 1 3-hour lab per week. P: BIOL 2250, 2251; or consent of instructor. Physical, chemical, and biological factors of inland waters and their influence on aquatic organisms.

5230, 5231. Phycology (4,0) 3 lectures and 1 3-hour lab per week. P: BIOL 1200, 1201. Systematic survey of algae. Emphasis on their role in aquatic ecosystems. Lab employs techniques for studying algae and use of systematic keys.

5260, 5261. Microbial Ecology (4,0) 3 lectures and 2 2-hour labs per week. P: BIOL 2250, 2251, 3220, 3221; or consent of instructor. Interactions between microorganisms and their physical, chemical, and biological environment. Microbial involvement in energy flow, nutrient cycling, and intra/inter-specific interactions. Introduces statistical analyses of biological and ecological data.

5270. Marine Community Ecology (3) P: BIOL 2250, 2251; or consent of instructor. Advanced examination of ecology of marine and brackish water communities based on principles of population biology and community ecology. Emphasis on current hypotheses concerning the processes structuring major communities.

5351. Biological Processes and the Chemistry of Natural Water (2) 6 lab hours per week. P: BIOL 2250, 2251; 2 CHEM courses; or consent of instructor. Interactions of water quality and biological processes in aquatic ecosystems.

5370. Biological Effects of Radiation (3) Same as RONC 5370 P: BIOL 1100, 1101, 1200, 1201; or consent of instructor. Biological effects resulting from interactions of radiation and matter for scientifically and technically-oriented students.

5400. Wetland Ecology and Management (3) P: BIOL 2250, 2251; or consent of instructor. Marshes, swamps, bogs, fens, and other intermittently flooded ecosystems. Emphasis on classification, ecosystem processes, structure, and management of freshwater and saltwater wetlands.

5401. Wetland Ecology Laboratory (1) P: BIOL 2250, 2251; C: BIOL 5400. Application of methods to measure ecological properties, assess the functioning, identify plant communities, and understand landscape interaction of wetland ecosystems.

5450, 5451. Histology (4,0) 2 lectures and 2 2-hour labs per week. P: 4 BIOL courses. Organization of cells, tissues, and organs at microscopic level.

5480, 5481. Cytology (2,2) 2 lectures and 2 2-hour labs per week. P: BIOL 1100, 2300, 3310. Function and structural components of eukaryotic cells.

5510, 5511. Transmission Electron Microscopy (4,0) 2 lecture and 6 lab hours per week. P for undergraduate students: Senior standing as BIOL major or consent of instructor. Introduces theory, design, and use of transmission electron microscope and to preparation of biological materials for its use.

5520, 5521. Scanning Electron Microscopy and X-Ray Analysis (2,0) 1 lecture and 4 lab hours per week. P for undergraduate students: Senior standing as a BIOL major or consent of instructor. Introduction to theory and techniques of scanning electron microscopy and X-Ray analysis and preparation of materials for both.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

352 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

5550, 555 I. Ichthyology (4,0) 2 lectures and 2 3-hour labs per week. Evolution and biology of major fish groups of the world. Emphasis on NC species.

5600, 560 I. Fisheries Techniques (3,0) For biology majors interested in marine biology. Field trips and field studies are integral. 2 lectures and 1 3-hour lab or field excursion per week. P: BIOL 2250, 225 I; or equivalent. Practical training in field and lab experimental methods in fisheries techniques.

5630, 563 I. Comparative Animal Physiology (4,0) 3 lectures and 1 3-hour lab per week. P: 2 BIOL and 2 organic CHEM courses. Principles of function of organ systems of major groups of animals. Nutrition, digestion, respiration, skin and temperature control, blood and circulatory systems, excretion, the muscular-skeletal system, nervous coordination, and endocrine system.

5640, 564 I. Entomology (4,0) 3 lectures and 1 3-hour lab per week. P: 12 s.h. BIOL. General anatomy, physiology, ecology, and classification of insects.

5680. Current Topics in Coastal Biology (3) P: Consent of instructor. Seminar on environmental issues in coastal biology presented by directed reading, lecture, and discussion.

5730, 573 I. Animal Physiological Ecology (4,0) 3 lectures and 1 3-hour lab per week. P: BIOL 2250, 225 I; 3310, 331 I or 3320, 332 I or 5800, 582 I; or consent of instructor. Physiological adjustments and responses of animals to their environment. Considers mechanisms involved, and invertebrate, vertebrate, aquatic, and terrestrial animals.

5740, 574 I. Behavioral Ecology (4,0) 3 lecture and 2 discussion hours per week. P: BIOL 3520 or 4200, 420 I. Animal behavior from an evolutionary perspective. Readings from current scientific literature and weekly discussions.

5750, 575 I. Introduction to Regional Field Ecology (2,0) (5750:WI) For science and environmental studies teachers. 20 hours of lecture and 32 hours of field trips. May not count toward MS in BIOL or molecular biology/biotechnology. Major regional ecosystems.

5800. Principles of Biochemistry I (3) 3 lecture hours per week. P: BIOL 3310, 331 I; or consent of instructor; CHEM 2760, 2763. Intermediary metabolism, metabolic processes, and metabolic regulation of major groups of compounds in living cells.

5810. Principles of Biochemistry II (3) May be taken before BIOL 5800. P: BIOL 3310, 331 I; or consent of instructor; CHEM 2760, 2763. Protein biochemistry. Structure and function of amino acids and proteins, including protein biosynthesis and kinetics. Structures illustrated using computer-modeling techniques.

5821. Principles of Biochemistry Laboratory (I) Required for biochemistry majors; recommended for biology majors. P/C for undergraduate students: BIOL 5800 or 5810. General biochemistry lab designed to complement BIOL 5800, 5810.

5870. Molecular Biology of the Gene (3) P: BIOL 2300. Genetics of prokaryotic and eukaryotic organisms at molecular level. Structure and function of nucleic acids; replication, recombination, and repair; control of gene expression; and other related topics.

5890. Virology (3) P: BIOL 2100, 210 I; or 5870; 3220, 322 I. Plant, animal, and bacterial viruses. Emphasis on distinctive features of viruses as related to parasitism, disease, and basic research.

5900, 590 I. Biotechniques and Laboratory (2,3) 2 1-hour lectures and 2 4-hour labs per week. P: BIOL 2100, 210 I, 5870; consent of instructor; RP: BIOL 5810, 582 I; C for 590 I: BIOL 5900. Theory and practice of modern genetic engineering technology. Topics include DNA purification, electrophoresis, restriction mapping, use of DNA modifying enzymes, basic cloning in plasmid vectors, and strain construction by conjugation and transduction.

5930, 593 I. Microcomputer Applications in Molecular Biology (2,0) 1 lecture and 1 3-hour lab per week. P: BIOL 3310, 331 I; or 5810, 582 I; or 5870. Techniques for analysis of biological characteristics of nucleic acid and protein molecules using BASIC with microcomputers.

SECTION 9: COURSES

5950, 5951. Taxonomy of Vascular Plants (4,0) | 2-hour lecture and | 4-hour lab per week. P: 12 s.h. BIOL or consent of instructor; RP: BIOL 2250, 2251. Plant importance, identification, classification, and evolution as well as how plants interact with living and nonliving environments. Field experiences emphasize major communities and dominant floral elements of coastal NC.

5995. Internship (1) 3 hours per week. May be repeated once for a maximum of 2 s.h. P: Consent of instructor. Lab experiences under direct supervision of a member of biology faculty.

BIOL Banked Courses

1070, 1071. General Botany (5,0)

2260. Cell and Developmental Biology (3)

2261. Cell and Developmental Biology Laboratory (1)

3301. Principles of Genetics Laboratory (1)

4720. Principles of Biology II (2)

4999. Senior Topics (1)

5000, 5001. Radio Tracer Techniques in Biology (3,0)

5020, 5021. Animal Parasitology (4,0)

5040, 5041. Mycology (4,0)

5050. Applied Ecology (3)

5080, 5081. Plant Anatomy and Morphology (4,0)

BIOS: BIOSTATISTICS

1500. Introduction to Biostatistics (3) (F,S) P: MATH 1065 or equivalent or consent of instructor. Application of statistics to health field. Topics include organization and display of different types of data, elementary probability, and statistical inference for one- and two-sample problems.

4900. Biostatistics Honors (3) P: Consent of instructor. Special topics appropriate to the needs of the student, arranged with the approval of the instructor.

5010. Epidemiology for Health Professionals (3) P: BIOS 1500 or consent of instructor. Distribution of disease in human populations and factors that influence this distribution. Emphasis on leading causes of death, evaluating health research, and utilizing epidemiologic methods.

BUSI: BUSINESS

1200. Strategy First (3) (F,S,SS) Investigation of the factors that contribute to a firm's ability to survive long-term in a competitive environment.

2200. Leadership I: Interpersonal and Teamwork Skills (3) (F,S) P/C: BUSI 1200. Survey and application of interpersonal and teamwork skills related to effective business leadership.

3200. Leadership II: Professional Development Skills (2) (F,S) P/C: BUSI 2200. Survey and application of professional development skills necessary for effective business leadership.

4001, 4002, 4003. Internship in Business (1,2,3) (F,S,SS) P: Consent of instructor. May be repeated for maximum of 6 s.h. Part-time experience under the supervision of a business owner, manager, or business professional. Students are limited to 3 hours of internship in any one semester.

4200. Leadership III: Leadership Capstone (1) (F,S) P: BUSI 3200; senior standing; declared major in College of Business. Synthesis and application of business leadership skills.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

BVTE: BUSINESS AND INFORMATION TECHNOLOGIES EDUCATION

2123. Early Experiences for the Prospective Teacher (1) (F,S) For prospective teachers. Minimum of 16 hours of directed observations and planned participation in appropriate school environments and 8 hours of seminar class instruction in the teaching area. P: 9-12 s.h. in major field and/or consent of instructor. Introduces teaching of business, marketing, and family and consumer sciences education.

3200. Distribution Technology I: Merchandising (3) (F,S,SS) Basic business and merchandising procedures. Emphasis on store operations, merchandising math, pricing, strategies, and inventory procedures.

3301. Distribution Technology II: Promotion (3) (F,S,SS) P: ECON 2113. Technical promotional problems of concern to distribution supervisory personnel.

3302. Distribution Technology III: Selling (3) (F,S,SS) Basic business and selling procedures. Emphasis on selling preparation, selling techniques and procedures, and selling aids.

4323. Methods of Teaching Workforce Preparedness Education (3) (F,S) P: Admission to upper division; P/C: PSYC 4305 or consent of instructor. Methodology related to student's special interest areas. Topics include planning for instruction, group and individualized instructional techniques and strategies, instructional materials development and utilization, community resources utilization, and evaluating student progress.

4324. Internship in Workforce Preparedness Education (10) (S) Full-time, semester-long internship. P: Admission to upper division; C: BVTE 4325. Internship in assigned career and technical education public school classroom.

4325. Internship Seminar: Issues in Workforce Preparedness Education (0) (S) P: Admission to upper division; C: BVTE 4324. Individualized study of problems or issues pertinent to workforce preparedness education.

4390. Consumer Financial Management (3) (WI) (F,S,SS) Credit management, consumer economics, personal finance, money and banking, risk management, and small business management.

4400. Administration and Supervision of Career and Technical Education (3) (S,SS) Organization, administration, and supervision of workforce preparedness education programs. Topics include history of career and technical education programs, school-to-work transition programs, management of youth organizations, and career and technical education curricula.

5205. Teaching Special Populations in Career and Technical Education (3) P: SPED 2000 or equivalent. Emphasis on modification and development of materials, curricula, and programs for special populations in career and technical education.

5388, 5389, 5390. Seminar in Career and Technical Education (3,3,3) (F,S,SS) May be repeated for credit with change of topic. Problem areas of major concern in information technologies, business education, or marketing education.

5500. Independent Study in Career and Technical Education (3) (F,S,SS) P: Senior or graduate standing. Independent study, research, and investigation in career and technical education.

5503. Integrating Information Processing Technology into Career and Technical Education (3) (F,S,SS) P for undergraduate students: Senior or graduate standing; consent of dept chair. Integration of information processing technology into career and technical education curricula.

CDFR: CHILD DEVELOPMENT AND FAMILY RELATIONS

1103. Marriage and Family Relations (3) (F,S,SS) Functional relationships in which individuals love, grow, and share through communication, sexuality, and other human interrelationships.

2000. Child Development I: Prenatal Through Early Childhood (3) (F,S,SS) Behavior and development of children from conception to eight years of age.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.

(FC:EN)=English; (FC:EX)=Exercise and Sport Science; (FC:FA)=Fine Arts; (FC:HL)=Health; (FC:HU)=Humanities; (FC:MA)=Mathematics; (FC:SC)=Science; (FC:SO)=Social Science

SECTION 9: COURSES

- 2001. Child Development II: Middle Childhood Through Young Adulthood (3) (F,S,SS)** Behavior and development of children between the ages of eight and twenty-one years.
- 2021. Introduction to Child Life (1) (S)** P: Intended child life major. Overview of the field of child life.
- 2123. Early Experience in Birth through Kindergarten Education (1) (F,S)** For prospective teachers. Minimum of 16 hours of directed observation and planned participation in preschool settings and 12 hours of seminar. Introduces birth-kindergarten teaching.
- 2124. Interaction Techniques for Working with Young Children (2) (F,S)** Requires practicum experience. P: CDFR major; C: CDFR 2123. Theory and practice in interacting with young children. Emphasis on specific techniques of interaction with and guidance of infants, toddlers, and preschool-aged children.
- 2280. Introduction to Child, Family, and Community Services (3) (F, S)** May not count toward CDFR minor. Examines various careers and opportunities to work with children and families from three theoretical perspectives: ecological systems, family systems, and lifespan development.
- 2400. Introduction to Gerontology (3) (F,S,SS) (FC:SO) Same as GERO 2400; SOCW 2400** May count toward foundations curriculum social sciences requirement and SOCI major or minor. Current theory and research in gerontology from interdisciplinary perspective.
- 3002. Child in the Family (3) (F,S,SS)** Overview of child-family relationships. Emphasis on reciprocal interaction of child and family.
- 3150. Introduction to Early Childhood Intervention (3) (F,S)** P: CDFR 1103, 2000. Examines concepts, principles, and applications of early childhood intervention for children from birth through five years.
- 3210. Models and Foundations of Early Childhood Education (3) (S)** P: CDFR major. Explores philosophies and practices associated with different models of early childhood education.
- 3215. The Family As Consumers (3) (S)** P: CDFR 1103. Comprehensive study of family financial resources and their management with application for consumer decision-making skills and advocacy.
- 3306. Guiding Children's Behavior (3) (F,S,SS)** P: CDFR 2000. Roles and responsibilities of parents and teachers in guiding children's behavior. Review of theory and research addressing appropriate practices and methods of modifying children's behavior.
- 3290. Theory and Practice in Family and Community Services (3) (F, S)** P: CDFR 2280; FCS major. Examination of theories and applications of professional skills for working within family and community agencies.
- 3400. Current Issues in Early Childhood Education (3) (SS)** P: CDFR 3150. May be repeated for credit with change of topic up to 6 s.h. Current topics and issues related to child development and early childhood education.
- 3413. The Hospitalized Child (3) (WI) (F)** P: Child life major; CDFR 2000, 2001, 2021. Recognizing psychosocial needs of children and families in healthcare settings. Techniques to promote positive coping skills of children and families in stressful situations.
- 4000. Introduction to Child and Family Research (3) (F,S)** P: FCS major; foundations curriculum math requirement. Introduction to the basic elements of scientific thought and the stages of the quantitative research process employed in child and family studies.
- 4001. Community Services Internship (8) (WI) (F,S)** Minimum of 310 hours to include labs and classroom work. P: Senior standing; FCS major; CDFR 4366; 2.25 GPA; C: CDFR 4410. Observe and participate in community agency.
- 4200. Developmental and Educational Assessment of Young Children (3) (WI) (S)** Requires practicum experience. P: CDFR 3150. Issues and applications in early intervention and education of children birth through kindergarten, including formal and informal assessment methods and instruments.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

356 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

- 4210. Child Life Practicum (3) (F,S,SS)** 1 conference and 8 participation hours per week. P: Child Life major; CDFR 3413. Practical experiences in child life programming and care for children with medical or other special needs.
- 4300. Birth through Kindergarten Curriculum Adaptations for Diverse Learners (3) (S)** Practicum experience required. P: CDFR 3150. Application of recommended practices, structuring appropriate learning environments, adapting curricula, and planning activities for all young children from birth through kindergarten.
- 4303. Families and Cultural Diversity (3) (F,S)** P: CDFR 1103. Comprehensive study of family diversity that occurs because of different cultural environments. Explores racial, ethnic, and economic differences. Emphasis on developing an understanding and appreciation for families with differing values and beliefs.
- 4313. Trends and Issues in Family Studies (3) (F,S,SS)** P: CDFR 1103. Review and critique scholarly literature related to marriage and family relationships. Contemporary trends and issues that impact marriage and families will be explored.
- 4320. Practicum in Teaching Birth-Kindergarten in the Public Schools (1) (F,S)** Taken simultaneously with Senior I internship. P: Admission to upper division. Reflective study of professional issues in early childhood education and topics arising from internship experience.
- 4321. Infant and Toddler Curriculum (3) (S)** Requires practicum experience. P: CDFR 3150. Application of principles of child development in designing appropriate environments and curricula for children from birth to three years.
- 4322. Preschool Methods and Materials (3) (F,S)** Practicum experience required. P: CDFR 3150. Applies principles of child development and preschool education in designing appropriate learning environments and curricula for children ages three to five years.
- 4323. Kindergarten Curriculum (3) (F)** Requires practicum experience. P: Admission to upper division; CDFR 3150. Application of principles of child development and early childhood education with an emphasis on beginning reading, writing, and mathematics concepts.
- 4324. Internship in Birth Through Kindergarten Education (10) (F,S)** Full-time, semester-long internship. P: Admission to upper division; CDFR 3306, 4300, 4321, 4322, 4323, 4406; professional studies courses; CDFR 4303 or ELEM 3275; C: CDFR 4325. Observation and supervised teaching in an assigned public school program or other approved school/center serving children birth through kindergarten.
- 4325. Internship Seminar: Issues in Birth-Kindergarten Education (2) (F,S)** P: Admission to upper division; C: CDFR 4324. Individualized study of problems and/or issues in birth through kindergarten education.
- 4366. Family Life Education (3) (F,S)** P: Junior or senior standing; FCS major; CDFR 3290; P/C: CDFR 4000. Introduction and critical analysis of family life education. Nature, history, intellectual and philosophical foundations, delivery, and evaluation of methods, materials, resources, and group processes.
- 4390. Family Resource Management (3) (S)** P: CDFR major. Identification and management of family resources. Impact of decision making on families' quality of life. Effect of resource generation and allocation on family relationships and well-being at different stages of family life.
- 4406. Parent-Professional Collaboration (3) (WI) (F)** Practicum experience required. P: CDFR 4200. Collaboration between families and professionals. Emphasis on strategies, skills, and resources needed to facilitate development of young children.
- 4408. Administration of Programs for Young Children (3) (F)** P: CDFR 4322. Planning, organizing, and administering programs for young children ages birth through five years.
- 4410. Professional Seminar (1) (WI) (F,S)** P: Senior standing; FCS major; CDFR 4366; 2.25 GPA; C: CDFR 4001. Develop professional practices. Topics vary.

SECTION 9: COURSES

4411. Professional Internship (3) (F,S) C: CDFR 4410. Minimum of 125 hours of directed work experience involving application of family life education. Topics vary.

4415. Child Life Internship (12) (F,S,SS) 480 minimum total hours. P: Child Life major; CDFR 4210, 4996, 4997. Specialized child life experience with children and families in a healthcare setting, under supervision of certified child life specialist.

4500. Independent Study (3) (F,S,SS) May be repeated for credit with change of topic up to 9 s.h. Current issues and problems related to children and families.

4521. Directed Readings (1) (F,S,SS) May be repeated for credit with change of topic up to 4 s.h. Independent study of current topics in child development and family relations.

4996, 4997. Child-Family Internship and Laboratory (3,0) (F,S) 1 conference and 8 lab hours per week. P: CDFR 2000, 3002; 4321, or 4322. Supervised practicum experience in program serving children and/or families. Variable titles and content.

5007. Public Policy and Legal Issues Affecting Families (3) (S) P: CDFR major; junior or senior standing or admission to CDFR graduate program. Current public policy and legal issues facing professionals who work with children and families.

5300. Families, Sexuality, and Gender Roles (3) (F,S) P: CDFR 1103; and junior or senior standing or admission to CDFR graduate program. Biological, cognitive, social, emotional, and cultural influences on human sexuality and gender roles within the context of relationships and families.

5403. Parent Education (3) (S) P: Senior standing; CDFR 1103; 2000 or 2001; 3002, 3306; and junior or senior standing or admission to CDFR graduate program. Strategies, skills, and resources to assist parents and professionals who work directly with them.

5411. Counseling Elders and Their Families (3) (SS,OY) P: GERO 2400 or admission to CDFR graduate program. Interventions for age-related problem behaviors in social and family systems of elderly.

5412. Family Crises and Resources (3) (S) P: CDFR 1103; senior standing or admission to CDFR graduate program. Individual and family reactions to crises and special problems encountered in family living. Reviews individual and community resources pertinent to such problems.

5420. Family Intervention Models (3) (F) P: CDFR major or admission to CDFR graduate program. Selected family intervention and skill development models with opportunity for in-depth study of individual theoretical approach.

5903. Readings in Aging Studies (3) Same as GERO 5903; SOCW 5903 May count maximum of 3 s.h. toward the baccalaureate minor in gerontology or graduate certificate in gerontology. P: Junior or senior standing or admission to CDFR graduate program. Selected from monographs or journals. Focus on specialized areas in which student has taken one or more courses in either baccalaureate gerontology minor or graduate gerontology certificate.

5992, 5993. Advanced Preschool Internship (3,0) 1 conference and 8 lab hours per week. P for undergraduate students: CDFR major; senior standing; P for graduate students: Admission to CDFR graduate program. Advanced internship experiences with preschool children and their parents.

CDFR Banked Courses

3100. Resource Management for the Elderly (3) **5392. Economic Problems (3)**

4998, 4999. Preschool Practicum (9,0)

5400. Seminar in Aging Studies (3)

5336. Methods of Teaching Personal and Family Living (3)

5410. Gerontology: Developing the Living Environment (3)

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

CHE: COLLEGE OF HUMAN ECOLOGY

2126. Consumer Affairs (3) Decision making, consumption patterns, and trends of marketplace consumer. Consumer information and protection.

3990, 3991, 3992. Field Experience in Human Ecology (1,1,1) (F,S,SS) Supervised professional work experience. May not be substituted for other required internships. P: CHE major or minor; minimum cumulative 2.0 GPA; minimum 2.5 GPA in CHE; 6 s.h. in applicable human ecology area; consent of dean. Placement in area of student's major or minor.

4500, 4501, 4502. Independent Study (3,3,3) (F,S,SS) Problems in child development, family relations, food, nutrition, hospitality management, consumer economics, family resource management, apparel, textiles, interior design, criminal justice, and/or social work.

4521. Readings in Human Ecology (1) (F,S,SS) Independent study in areas of student's interests.

5005, 5006, 5007. Special Problems in Human Ecology (1,2,3) May be repeated for credit with different titles. 5007 same as FACS 5007. P: Consent of instructor. Variable content and special topics in areas of human ecology.

CHE Banked Courses

3999. Issues in Human Ecology (3)

4999. Professional Development in Human Ecology (3)

CHEM: CHEMISTRY

0150. Preparation for College Chemistry (2) (F,S,SS) 3 lectures per week. May not count toward foundations curriculum science requirement. C: MATH 1065. Intensive review and study of basic chemical laws and mathematical tools needed for further study in general chemistry.

1020. General Descriptive Chemistry (4) (F,S) (FC:SC) May not count toward foundations curriculum science requirement for science majors. General chemistry for nonscience majors.

1021. General Descriptive Chemistry Laboratory (1) (F,S) (FC:SC) 3 lab hours per week. Chemistry lab for nonscience majors. P/C: CHEM 1020. Lab experiences illustrate fundamental chemical principles and relevance of chemistry in modern world. Topics include chemical measurements, acids, synthesis and purification of biochemical substances and DNA fingerprinting.

1120. Basic General, Organic, and Biochemistry I (4) (F,S,SS) (FC:SC) May not count toward foundations curriculum science requirement for science majors. General, organic, and biochemistry and chemical applications in health professions.

1121. Basic General, Organic, and Biochemistry Laboratory I (1) (F,S) (FC:SC) 3 lab hours per week. C: CHEM 1120. Introduces lab techniques in general, organic, and biochemistry.

1130. Basic General, Organic, and Biochemistry II (3) (F,S,SS) (FC:SC) May not count toward foundations curriculum science requirement for science majors. P: CHEM 1120. Continuation of CHEM 1120.

1131. Basic General, Organic, and Biochemistry Laboratory II (1) (F,S,SS) (FC:SC) 3 lab hours per week. C: CHEM 1130. Continuation of CHEM 1121.

1150, 1151. General Chemistry and Laboratory I (3,1) (F,S,SS) (FC:SC) For science majors. 3 lecture and 3 lab hours per week. P: Chemistry placement test or passing grade in CHEM 0150; P/C: MATH 1065; C for 1150: CHEM 1151; C for 1151: CHEM 1150. Basic principles and laws of chemistry. Topics include measurements, reactions and stoichiometry, thermochemistry, atomic structure, periodicity, bonding and molecular structure, and states of matter.

SECTION 9: COURSES

1160, 1161. General Chemistry and Laboratory II (3,1) (F,S,SS) (FC:SC) 3 lecture and 3 lab hours per week. P: CHEM 1150, 1151; C for 1160: CHEM 1161; C for 1161: CHEM 1160; RC: MATH 1083 or 1085. Continuation of CHEM 1150. Topics include solutions, kinetics, equilibrium, acid-base theory, thermodynamics, and electrochemistry. Introduces organic, nuclear, and coordination chemistry.

1500. Materials Chemistry I (3) (S) Chemistry of elements and compounds, atomic structure, molecular geometry and intermolecular forces and their effect on the design and uses of materials. May not count toward chemistry major.

1510, 1511. Materials Chemistry II and Laboratory (1,1) (F) 1 hour lecture and 3 hours lab per week. P: CHEM 1500; C for CHEM 1510: CHEM 1511; C for CHEM 1511: CHEM 1510. Continuation of CHEM 1500. Chemistry of elements and compounds, equilibrium, thermodynamics and kinetics and their effect on the design and uses of materials. Lab experience demonstrates chemical properties of materials. May not count toward chemistry major.

2103. Introduction to Chemical Literature (1) (WI) (F,S) P: CHEM 2750. Introduces methods used to search and access chemical literature. Development of technical writing skills.

2111. Applications of Molecular Modeling (1) (F,S) (FC:SC) P/C: CHEM 2750. Applies molecular modeling to explore relationships between molecular structure and molecular properties.

2250, 2251. Quantitative and Instrumental Analysis (3,2) (WI, WI) (F,S) 3 lecture and 6 lab hours per week. P: CHEM 1160, 1161; 1 semester of organic CHEM; C for 2250: CHEM 2251; C for 2251: CHEM 2250. Theories and techniques of classical quantitative and modern instrumental analysis.

2301. Teaching Laboratory Chemistry (2,0) (WI) (F,S) 1 lecture and 3 lab hours per week. P: Grade of B or higher in CHEM 1160 and CHEM 1161 or permission of instructor. Instruction and supervised experience in methods and practice of teaching introductory chemistry lab.

2650. Organic Chemistry for the Life Sciences (4) (F) May not count toward CHEM major or minor. May not substitute as a prerequisite for CHEM 2760. P: CHEM 1160, 1161. Principles of organic chemistry. Emphasis on biologically important topics.

2651. Organic Chemistry Lab for the Life Sciences (1) (F) 3 lab hours per week. May not count toward CHEM major or minor. May not substitute as a prerequisite for CHEM 2763. C: CHEM 2650. Organic lab techniques.

2750. Organic Chemistry I (3) (F,S,SS) P: CHEM 1160, 1161; C: CHEM 2753. Classes of compounds and their typical reactions, mechanisms, stereochemistry, and instrumental methods in organic chemistry.

2753. Organic Chemistry Laboratory I (1) (F,S,SS) 3 lab hours per week C: CHEM 2750. Organic lab techniques.

2760. Organic Chemistry II (3) (F,S,SS) P: CHEM 2750; C: CHEM 2763. Continuation of CHEM 2750.

2763. Organic Chemistry Laboratory II (1) (F,S,SS) 3 lab hours per week P: CHEM 2750, 2753; C: CHEM 2760. Continuation of CHEM 2753.

2770. Biological Chemistry (3) (F,S) (FC:SC) P: CHEM 2650 or 2760. Chemistry and intermediary metabolism of proteins, carbohydrates, lipids, and nucleic acids.

2771. Biological Chemistry Laboratory (1) (F,S) (FC:SC) 3 lab hours per week. C: CHEM 2770. Applies chemical lab techniques to study of proteins, carbohydrates, lipids, and nucleic acids.

3301. Practicum in Teaching (1) (F,S) 3 lab hours per week. May be repeated for credit. May count maximum of 4 s.h. toward CHEM major. P: CHEM 2301 and consent of instructor. Supervised practicum in teaching introductory chemistry lab.

3450. Elementary Inorganic Chemistry (3) (WI) (S) P: CHEM 2250, 2251; C: CHEM 3451. Survey of fundamental concepts and theories of inorganic chemistry, periodicity, descriptive chemistry of selected main group elements and transition metals, and their role in organometallic, bioinorganic, and industrial chemistry.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

360 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

3451. Elementary Inorganic Chemistry Laboratory (1) (WI) (F,S) P: CHEM 2250, 2251; C: CHEM 3450 or 5550. Inorganic laboratory techniques, physical methods, and the synthesis and characterization of inorganic and organometallic compounds.

3501, 3502, 3503. Special Topics in Chemistry (1,2,3) May be repeated for maximum of 6 s.h. with change of topic. May not count toward foundations curriculum science credit. P: CHEM 1160; consent of instructor. Selected topics of contemporary interest.

3850, 3851. Introduction to Physical Chemistry (4,1) (WI, WI) (F) 4 lecture and 3 lab hours per week. P: CHEM 1160, 1161; MATH 2122 or 2172; PHYS 1260, 1261; C for 3850: CHEM 3851; C for 3851: CHEM 3850. Physical chemistry for students with limited mathematical background.

3950, 3951. Physical Chemistry and Laboratory I (4,1) (WI, WI) (S) 4 lecture and 3 lab hours per week. P: CHEM 2250, 2251; MATH 2173; PHYS 1261, 2360; C for 3950: CHEM 3951; C for 3951: CHEM 3950. Theoretical and mathematical treatment of fundamental laws and theories underlying science of chemistry.

3960, 3961. Physical Chemistry and Laboratory II (4,1) (WI, WI) (F) 4 lecture and 3 lab hours per week. P: CHEM 3950, 3951; C for 3960: CHEM 3961; C for 3961: CHEM 3960. Continuation of CHEM 3950, 3951.

4103. Seminar (1) (F,S) P: Junior or senior standing; CHEM 2103. Discuss contemporary topics in chemistry, instruction on technical presentations, and submission of written and oral reports on approved topics. Requires attendance at selected departmental seminars.

4505, 4506, 4507. Independent Study (1,2,3) (F,S,SS) May be repeated for credit. May count a maximum of 3 s.h. toward CHEM major. P: Consent of instructor and dept chair. Individual study in selected area of chemistry under immediate direction of faculty member.

4515, 4516, 4517. Research Problems in Chemistry (1,2,3) (F,S,SS) May be repeated for credit. May count maximum of 6 s.h. toward CHEM major. P: Consent of instructor. Advanced problems in chemistry pursued under supervision of faculty member.

5350, 5351. Instrumental Analysis (3,1) (WI, WI) 3 lecture and 3 lab hours per week. P: CHEM 3960; C for 5350: CHEM 5351; C for 5351: CHEM 5350. Theory and practical uses of modern instrumental methods of chemical analysis.

5525, 5526, 5527. Special Topics (1,2,3) May be repeated for credit with change of topic. P: Consent of instructor. Selected topics of current interest in areas of analytical, inorganic, organic, and physical chemistry.

5550. Advanced Inorganic Chemistry (4) (F) P: CHEM 3950; C: CHEM 3451 (for BS chemistry majors only). Advanced treatment of atomic and molecular structure, molecular symmetry, group theory, MO theory, the solid state and ionic bonding, transition metal coordination and organometallic compounds, homogeneous catalysis, and acid-base, redox, and bioinorganic chemistry.

5750. Advanced Organic Chemistry (3) P: CHEM 2760; P/C: CHEM 3960. Physical organic topics, including aromaticity, acid/base chemistry, reactive intermediates, mechanisms of common organic reactions, and relationship between structure and reactivity.

5760. Organic Structure Elucidation (3) P: Consent of instructor. Applies modern instrumental methods to elucidation of structures of organic compounds, with particular regard to elucidation of complex structures from combined application of spectral tools.

5993. Industrial Internship in Chemistry (3) 25-30 lab hours per week. May count maximum of 3 s.h. toward CHEM major. May be repeated. P: Selection by joint Department of Chemistry/Industry screening committee; CHEM 2250, 2760, 3950. Professional experience in industrial application of chemistry.

SECTION 9: COURSES

CHEM Banked Courses

I 163. Introduction to Computer Techniques in Experimental Chemistry (1)

3860, 3861. Introduction to Instrument-Computer Interfacing (2,1)

5390. Bioanalytical Chemistry (2)

5450. Industrial Chemistry (3)

5560. Inorganic Reaction Mechanisms (2)

5950, 5951. Introduction to Nuclear Chemistry (2,1)

5970. Chemical Thermodynamics (2)

CHIN: CHINESE

I001. Chinese Level I (3) Formerly CHIN 2000 Lab work. Intensive training in basic skills of understanding, speaking, reading, and writing Mandarin Chinese.

I002. Chinese Level II (3) Formerly CHIN 2001 Lab work. P: CHIN I001 or placement by Chinese placement test. Continued intensive training in basic skills of understanding, speaking, reading, and writing Mandarin Chinese. Second of a two-course sequence.

CLAS: CLASSICAL STUDIES

I300. Greek and Latin for Vocabulary Building (3) (S) (FC:HU) No previous knowledge of Greek or Latin required. Greek and Latin elements in English, intended to increase dramatically the student's knowledge of English and command of its vocabulary.

2000. Introduction to Classics (Humanities) (3) (WI*) (FC:HU) May receive credit for one of CLAS 2000, 2001, 2002. Civilization of classical antiquity through a survey of literature, philosophy, and art of ancient Greece and Rome.

2001. Introduction to Classics (Social Sciences) (3) (FC:SO) May receive credit for one of CLAS 2000, 2001, 2002. Civilization of classical antiquity through a study of history and culture of ancient Greece and Rome.

2002. Introduction to Classics (Fine Arts) (3) (FC:FA) May receive credit for one of CLAS 2000, 2001, 2002. Civilization of classical antiquity through a survey of art of ancient Greece and Rome. Emphasis is art-historical. Readings include major works of literature from both cultures.

2220. Great Works of Ancient Literature I: Greece (3) (FC:HU) Ancient Greek literature from time of Homer to Alexander the Great. Emphasis on cultural ideals expressed in epic and lyric poetry, drama, philosophy, oratory, and history.

2230. Great Works of Ancient Literature II: Rome (3) (FC:HU) Roman literature from Plautus to Marcus Aurelius. Emphasis on cultural ideals expressed in its epic and lyric poetry, drama, philosophy, oratory, and history.

2400. Women in Classical Antiquity (3) (FC:HU) Status and daily life of women in ancient Greece and Rome, attitudes expressed toward them, and their roles in art, archaeology, and literature of ancient world through contemporary approach.

2500. Greek Tragedy in Translation (3) (FC:HU) Selection of tragedies of Aeschylus, Sophocles, and Euripides in translation.

2600. The Power of Images in Ancient Greece and Rome (3) (FC:HU) Monuments and material culture of Greece and Rome, their philosophical and literary background, and the political purposes to which they were put.

3400. The Ancient City: Rome (3) (F,S) (FC:HU) Development of one of the world's great cities, Rome, from its origins to late antiquity. Use of its monuments and topography as sources for history and culture of society that produced them.

3410. The Ancient City: Pompeii (3) (FC:HU) Pompeii, the oldest archaeological site still under continuous excavation, from its origins to eruption of Mt. Vesuvius in 79 AD. Use of its monuments and topography as sources for history and culture of this unique Roman city.

362 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P/C, or P/C

3460. Classical Mythology (3) (FC:HU) Same as ENGL 3460 Major myths of ancient Greece and Rome and their impact on English and American literature.

3600. Greek and Roman Religions (3) (FC:HU) Same as RELI 3600 Religious ideas, practices, and beliefs from prehistoric Crete to the Roman empire in the time of Plotinus (250 AD), including eastern cults of Isis and Mithras, Judaism and Christianity.

3700. Selected Topics in Classical Studies (3) May be repeated for a maximum of 6 s.h. with change of topic. Selected topics relating to literature, culture, or civilization of the ancient Mediterranean world.

4000. Seminar in Classics (3) (WI) (S) Interdisciplinary seminar in classics on various topics to be chosen by instructors and students.

4521, 4522, 4523. Directed Readings in Classics in Translation (1,2,3) (FC: HU) May be repeated once with a change of topic for a maximum of 6 s.h. P: Consent of instructor. In-depth exploration of selected aspects of classical civilization in translation.

CLSC: CLINICAL LABORATORY SCIENCE

2000. Introduction to Clinical Laboratory Science (2) (F,S) Four major areas in clinical lab: hematology, immunology, clinical chemistry, and microbiology. Function of various health professionals in these areas and career opportunities.

3410, 3411. Hematology I Lecture and Laboratory (3,1) (F) 3 lecture and 3 lab hours per week. Formation and morphology of cellular elements of blood and hematologic findings in normal blood samples. Normal hemostasis, hemostatic disorders, and lab evaluation and monitoring of hemostasis. Lab covers manual hematologic analyses, peripheral blood and bone marrow smear evaluations from normal samples, and samples or coagulation tests.

3420, 3421. Hematology II Lecture and Laboratory (3,1) (S) 3 lecture and 3 lab hours per week. P: CLSC 3410, 3411. Hematologic findings in anemias, various types of infections, storage diseases, leukemias and myeloproliferative disorders, myelodysplastic syndromes, plasma cell diseases, and lymphomas. Overview of hematology instrumentation.

3430. Clinical Immunology (2) (F) 2 lecture hours per week. P: Consent of instructor. Basic principles. Emphasis on concepts used in clinical lab.

3440, 3441. Clinical Microscopy and Serology Lecture and Laboratory (2,1) (SS) 2 lecture and 3 lab hours per week. P: CLSC 3430. Introduces characteristics and methods of chemical and microscopic examination of urine and other non-blood body fluids. Basic concepts of immunology as applied to serological analyses used in clinical lab. Lab introduces basic tests and techniques used in clinical microscopy and serology.

4001, 4002, 4003. Independent Study in Clinical Laboratory Science (1,2,3) (F,S,SS) May be taken multiple times for credit. P: Admission to CLSC program; consent of dept chair. Independent study in selected area of clinical laboratory science under the immediate direction of CLSC faculty member.

4210, 4211. Immunochemistry Lecture and Laboratory (3,1) (SS) 3 lecture and 3 lab hours per week. P: Consent of instructor. Basic concepts. Emphasis on basic lab techniques and resolution of problems in preparation and administration of blood components.

4430, 4431. Clinical Chemistry I (2,1) (F) 2 lecture and 3 lab hours per week. P: 4 CHEM courses; 1 statistics course; consent of instructor. Applies basic principles of analytical and biochemistry to measurement of chemical constituents in body fluids.

4440, 4441. Clinical Chemistry II (4,2) (S) 4 lecture and 6 lab hours per week. P: CLSC 4430, 4431; or consent of instructor. Applies basic principles of analytical and biochemistry to analysis of chemical constituents in body fluids and relationship to disease states.

SECTION 9: COURSES

- 4460, 446 I. Clinical Microbiology I (4,2) (F)** 4 lecture and 6 lab hours per week. P: BIOL 2110, 2111; or 3220, 3221; or consent of instructor. Essentials of clinical bacteriology.
- 4470, 447 I. Clinical Microbiology II (3,2) (S)** 3 lecture and 6 lab hours per week. P: CLSC 4460, 446 I; or consent of instructor. Essentials of select clinically significant bacteria (mycobacteria, chlamydia, mycoplasma, etc.), clinical mycology, and clinical virology.
- 4480, 448 I. Clinical Microbiology III (2,1) (SS)** 2 lecture and 3 lab hours per week. P: CLSC 4470, 447 I; or consent of instructor. Essentials of clinical parasitology.
- 449 I. Molecular Diagnostics in Clinical Laboratory Science I (1) (F)** 1 lecture hour per week. P: Consent of instructor. Introduction to the theory used in the clinical laboratory for molecular diagnosis and management of human disease.
- 4492. Molecular Diagnostics in Clinical Laboratory Science II (1) (S)** 1 lecture hour per week for 7 weeks and 3 lab hours per week for 7 weeks. P: CLSC 449 I, consent of instructor. Specific genetic alterations found in various diseases and disorders along with experience performing selected testing methodologies used for molecular diagnostics in the clinical laboratory.
- 4500. Research Problems in Medical Technology (2)** P: Consent of dept chair. Individual study in selected area of CLSC under supervision of department faculty member.
- 4772. Clinical Project: Hematology (4) (F,S,SS)** May include clinical experiences, literature review, and/or lab testing. P: CLSC major; consent of dept chair. Individualized clinical project from topic area in hematology or hemostasis under direction of CLSC faculty member.
- 4773. Clinical Project: Chemistry (4) (F,S,SS)** May include clinical experiences, literature review, and/or lab testing. P: CLSC major; consent of dept chair. Individualized clinical project from topic area in clinical chemistry under direction of CLSC faculty member.
- 4774. Clinical Project: Blood Bank (4) (F,S,SS)** May include clinical experiences, literature review, and/or lab testing. P: CLSC major; consent of dept chair. Individualized clinical project from topic area in blood bank (immunohematology) under direction of CLSC faculty member.
- 4777. Clinical Project: Microbiology (4) (F,S,SS)** May include clinical experiences, literature review, and/or lab testing. P: CLSC major; consent of dept chair. Individualized clinical project from topic area in clinical microbiology. May include clinical parasitology or clinical mycology under direction of CLSC faculty member.
- 480 I. Professional Practice Issues I (3) (WI) (F)** 3 lecture hours per week. P: CLSC major. Professional issues related to current practice in clinical lab science including basic research design and statistics, human rights protection in research, basic epidemiology and infection control monitoring, and educational methodology, all applied to clinical and continuing education in clinical lab science.
- 4802. Professional Practice Issues II (4) (WI) (S)** 4 lecture hours per week. P: CLSC major. Professional issues related to current practice in clinical lab science including management theories and practices, fiscal management, personnel administration, and legal and ethical issues, all as related to practice as a clinical lab supervisor or manager, as well as completion of senior research project.
- 4803. Introduction to Clinical Laboratory Information Systems (2) (S)** 2 lecture hours per week. P: CLSC major or consent of instructor.
- 4992. Clinical Education: Hematology, Coagulation, Urinalysis (4) (F,S)** 256 hours in appropriate department of affiliated clinical lab. P: CLSC 3420, 342 I; consent of instructor. Supervised clinical experience in hematology, coagulation, and urinalysis.

4650. Cytology of Fine Needle Aspiration (3)

4660. Special Techniques in Cytology (2)

4665. Seminar in Cytotechnology (2)

4750. Clinical Education in Cytology I (4)

4751. Clinical Education in Cytology II (5)

4995, 4996. General Clinical Education (1,1)

CMGT: CONSTRUCTION MANAGEMENT

2200. Introduction to the Construction Industry (3) (F) History of construction management. Role of construction within residential, commercial, and heavy industries.

2210, 2211. Construction and Civil Materials (3,0) (F,S) 2 lecture and 2 lab hours per week. P: Minimum overall GPA of 2.0; majors or minors only; P/C: MATH 1065 or 1066. Introduction to construction materials with an emphasis on the physical characteristics, properties, and significance of the materials to the industry.

2660, 2661. Structural Materials, Systems and Codes (3,0) (F,S,SS) 2 lecture and 2 lab hours per week. P: Minimum overall GPA of 2.0; minimum grade of C in CMGT 2210. Selection criteria and graphical interpretation of concrete, steel, masonry and wood used in foundation, substructure, and super-structure of residential and commercial buildings. Considers performance, maintainability and cost/benefit aspects. Introduces major building codes, materials and industry standards, and utilization of manufacturers' catalogs.

2664, 2665. Interior and Exterior Finishes and Systems (3,0) (F,S,SS) 2 lecture and 2 lab hours per week. P: Minimum overall GPA of 2.0; minimum grade of C in CMGT 2660. Selection criteria and graphical interpretation of common interior and exterior finish systems, exterior cladding, roofing, and interior systems of buildings. Considers aesthetics, performance, code requirements, maintainability, and cost/benefit aspects.

2800. Foundations of Construction (3) (F,S,SS) 2 lecture and 2 lab hours per week. P: Minimum overall GPA of 2.0; minimum grade of C in CMGT 2210; computer-related elective. Graphical expression of construction and architectural elements through use of CAD and drafting techniques, including lettering, orthographic and isometric projection, descriptive geometry, construction document organization and preparation, and specifications.

3100. Construction Plans and Analysis (3) (F,S) 2 lecture and 2 lab hours per week. P: Minimum overall GPA of 2.0; CMGT 2800; P/C: CMGT 2664, 2665. Practical exercises in reading and evaluating plans for construction projects to discern project design, construction materials, and construction placement techniques. Emphasis on understanding graphic communication methods.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.

(FC:EN)=English; (FC:EX)=Exercise and Sport Science; (FC:FA)=Fine Arts; (FC:HL)=Health; (FC:HU)=Humanities; (FC:MA)=Mathematics; (FC:SC)=Science; (FC:SO)=Social Science

SECTION 9: COURSES

3660. Structural Analysis (3) (F,S) P: Minimum overall GPA of 2.0; minimum grade of C in CMGT 2664; MATH 1074 or 1075 or equivalent; PHYS 1250, 1251. Introduces statics, strength of materials, and structural analysis as related to stability of building's structural components. Topics include building loads resulting in compressive and tensile forces in columns, beams, and trusses; strength of components to resist such loads; analysis of components under varying load conditions; and basic design considerations of common temporary construction structures such as formwork, bracing of vertical elements, rigging for lifts, and retaining walls.

3662, 3663. Mechanical and Electrical Construction (3,0) (F,S) 2 lecture and 2 lab hours per week. P: Minimum overall GPA of 2.0; minimum grade of C in CMGT 3664. Study of mechanical, electrical, and plumbing systems, applicable codes, and effect on the construction process. Emphasis on air conditioning, heating, plumbing, fire protection, electrical power and lighting, and control systems with coordination to construction documents.

3664. Construction Contracts and Specifications (3) (F,S) P: Minimum overall GPA of 2.0; minimum grade of C in CMGT 2664; P/C: CMGT 3100. Practices and principles in use of contract documents and specifications as they apply to construction project. Emphasis on relationship to construction process and project management.

3666, 3667. Construction Surveying (3,0) (F,S) 2 lecture and 3 lab hours per week. P: Minimum overall GPA of 2.0; CMGT 3100; MATH 1074 or 1075 or equivalent. Construction aspects of surveying with field and classroom exercises in use of transit, level, tape, and related surveying equipment. Problems and exercises in traverse closure and pipeline, grading, street, curve, and building layout.

3726. Construction Project Safety Management (3) (F,S) P: Minimum overall GPA of 2.0; minimum grade of C in CMGT 3664. Use of safety management as a company profit center with focus on estimating and scheduling of required safety standards as they impact the sixteen CSI divisions. Includes safety control strategies based on training, programs, and culture.

3766, 3767. Soils and Foundations (3,0) (F,S) Formerly CMGT 2666 2 lecture and 2 lab hours per week. P: Minimum overall GPA of 2.0; minimum grade of C in CMGT 2664; GEOL 1500, 1501; MATH 1074 or 1075 or equivalent; PHYS 1250, 1251. Fundamentals of soil mechanics as related to soil classification and construction of earthwork and foundations.

4501. Laboratory Problems: Construction Management (3) 6 lab hours per week. P: Minimum overall GPA of 2.0; consent of CMGT instructor. Independent study to gain further expertise in particular area of construction management.

4502, 4503, 4504. Independent Study: Construction (1,2,3) P: Minimum overall GPA of 2.0; consent of dept chair. Special topics in selected areas of construction. Exploration and research in personal areas of interest.

4505. Special Projects (1-3) (WI) (F,S) P: Minimum overall GPA of 2.0; consent of dept chair. Develop and submit business and management documents that pertain to varied aspects of construction.

4506. Laboratory Problems: Woods Processing Technology (3) 6 lab hours per week. P: Minimum overall GPA of 2.0; consent of dept chair. Selected concepts and processes in woods processing technology.

4600, 4601. Managing Construction Quality (3,0) (WI) (F,S) 2 lecture and 2 lab hours per week. P: Minimum overall GPA of 2.0; CMGT 3662; ITEC 3290; P/C: CMGT 4662. Quality management and assurance techniques relevant to develop a Quality Management System incorporating productivity, documentation, and quality control. Identify tests, inspections, and quality control methods as specified by construction documents and regulatory criteria.

4660. Construction Estimating (3) (F,S) P: Minimum overall GPA of 2.0; minimum grade of C in CMGT 3664; P/C: CMGT 3660. Procedures to quantify materials, labor, and equipment for construction. Emphasis on classification of work, quantity survey techniques, cost estimating, and understanding of schedule of values with coordination to construction documents.

4662. Construction Planning and Scheduling (3) (F,S) P: Minimum overall GPA of 2.0; minimum grade of C in CMGT 4660. Applies planning and scheduling techniques construction projects. Emphasis on bar charts, critical path method (CPM), cost allocation, schedule updating, cash flow, and resource scheduling with coordination to construction documents.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

366 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

4664. Construction Management Capstone (3) (F,S) P: Minimum overall GPA of 2.0; CMGT 4600; minimum grade of C in CMGT 4662. Integrates all aspects of the construction management process. Employ knowledge and techniques acquired in the construction management program to manage a construction project. Emphasis on team interactions, project management, decision making, and problem solving utilizing current construction documents.

4666. Equipment Management (3) (F,S) P: Minimum overall GPA of 2.0; CMGT 3660, 3766. Productivity, performance, and maintenance requirements of construction equipment.

4668. Human Side of Project Management (3) (F,S) P: Minimum overall GPA of 2.0; MGMT 3202; minimum earned credit hours equal to 110 s.h. Developing group and individual relationships among construction personnel to comply with laws and regulations governing human element in construction project process.

4699. Construction Work Experience and Professional Development (1) (F,S) Formerly CMGT 3000. P: Minimum overall GPA of 2.0; completed senior summary; applied to graduate; P/C: CMGT 4664; graduating semester. Required of all construction management students. Minimum of 500 documented hours of construction work with state licensed general contractor, subcontractor, construction management company, or other approved employment. Students must pay a fee and sit for the American Institute of Constructors Level I Certification exam during the last semester (F,S) before graduating.

5503. Independent Study: Construction (3) May be repeated for credit with consent of dept chair. Research-oriented. Problem solving with tools, materials, and processes of construction industry.

CMGT Banked Courses

2242. Engineering Economics (3)

3278. Hydraulics (3)

3101. Construction Plans and Analysis Lab (0)

4266. Route Surveying (4)

COAD: COUNSELOR AND ADULT EDUCATION

1000. Student Development and Learning in Higher Education (1) (F,S) 2 classroom hours per week. P: Enrolled in first 2 semesters at ECU or consent of instructor. Introduction to student life at ECU. Focus on development of academic skills, learning processes, career decision-making, and personal attributes essential for student success.

2001. Issues and Topics for Residential Advisors (2) (F,S) P: Consent of dept chair. Training to become effective resident advisors.

5370. Introduction to Counseling and Human Services (3) Issues and processes of counseling services and programs. Attention given to history, philosophy, functions, and professional issues.

COAD Banked Courses

5380. The Adult Education Learning Center (3)

COAS: COASTAL AND MARINE STUDIES

2025. Survey of Coastal and Marine Resources (3) (F) May not be taken after receiving credit for COAS 2125. P: Basic science course in BIOL, CHEM, GEOL, or PHYS. Biological, physical, social, and historic aspects of coastal and marine resources.

2150, 2151. Boating Skills and Seamanship (1,1) C for 2150: COAS 2151; C for 2151: COAS 2150. Knowledge and skills needed to safely use a small boat, following the United States Coast Guard Auxiliary standards.

4000. Scientific Diving and Underwater Research Techniques (3) (F, S) P: Basic SCUBA certification (or equivalent) and consent of instructor. Fundamentals of scientific diving, including the use of Nitrox, specialized diving equipment, emergency procedures, sampling techniques, and the history and policies related to scientific diving. Fee required.

SECTION 9: COURSES

4001. Scientific Diving and Underwater Research Techniques Lab (I) (S) 2 pool hours per week. P: Basic SCUBA certification (or equivalent) and consent of instructor. P/C: COAS 4000. Required confined water training for scientific diver certification.

4002. Scientific Diver Qualification (I) (SS) P: Basic SCUBA certification (or equivalent), COAS 4000, 400I (or equivalent), and consent of instructor. Required openwater training for scientific diver certification. Successful completion of this qualification, associated course, and lab may be used to meet American Academy of Underwater Sciences (AAUS) and ECU scientific diver certification requirements.

4025. Society and the Sea Seminar (3) (S) May not be taken after receiving credit for COAS 5025, 5026. P: COAS 2025. Interdisciplinary seminar in coastal and marine resources. Research paper of senior-level quality.

5000. Scientific Diving and Underwater Research Techniques (5) 4 lecture and 2 lab hours per week. P: Consent of instructor. Fundamentals of scientific diving, including the use of Nitrox, specialized diving equipment, emergency procedures, sampling techniques, and a review of basic scuba diving skills.

5001, 5002. Coastal Marine Resources Problem Analysis (3,3) Equivalent of 60 hours of research per semester. P: Research project approved by instructor. Analysis of recognized problem in coastal marine resources in consultation with assigned faculty.

COAS Banked Courses

2125. Survey of the Coastal Marine Environment (2)

5025, 5026. Man and the Sea Seminar (I,I)

COHE: COMMUNITY HEALTH

COHE Banked Courses

5460, 5461. Patient Education for Interdisciplinary Health Care Providers (3,0)

COMM: COMMUNICATION

1001. Introduction to Communication (3) (F,S) (FC:SO) Formerly COMM 2001; EMST 1010 Theory and processes affecting human communication, including interpersonal, small group, and organizational communication as well as theory processes, and history of mass media communication.

1002. Media Writing (3) (WI) (F,S,SS) Formerly COMM 2002 May not count toward foundations curriculum social sciences requirement. P: ENGL 1100. Writing techniques for print, electronic mass media, public relations, and advertising.

2030. Communication Research (3) (F,S) Formerly COMM 3030; EMST 2030 2 classroom and 1 lab hours per week. May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Research methods used to measure content, process, and effects of communication on attitudes, knowledge, and behavior. Research design, data analysis, evaluation, and results presented in quantitative and qualitative research methodologies.

2103. Multimedia Messages for Communication Professionals (3) Formerly COMM 2003 2 lecture and 1 lab hours per week. May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Multimedia techniques in professional communication settings. Incorporation of text, sound, and video messages through computer technology. Emphasis on integrated message production used by communication professionals in journalism and public relations.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

368 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P/C, or P/C

2104. Public Relations and Corporate Writing (3) (WI) May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Writing used by print, broadcast, and online media. In-depth practice writing and editing corporate documents to include memos, reports, brochures, newsletter articles, backgrounders, news releases, and media kits.

2210. Writing for the Electronic Mass Media (3) (WI) (F,S,SS) Formerly EMST 2110 P: COMM major or minor or consent of instructor; COMM 1002. Key components of written electronic mass media. Variety of written assignments and development of comprehensive final project.

2215. Audio Production (3) (F,S,SS) Formerly EMST 2210 P: COMM major or minor or consent of instructor; COMM 2210. Fundamental principles and techniques of writing copy for electronic news, advertising, and promotional mass media.

2220. Video Production (3) (F,S,SS) Formerly EMST 3310 Lecture and lab. P: COMM major or minor or consent of instructor; COMM 2210. Basic video production techniques and equipment.

2230. Announcing (3) (F,S,SS) Formerly EMST 2610 P: COMM major or minor or consent of instructor. Development of applied speaking skills necessary for professional announcing employment.

2250. Classic Documentaries, 1900-2000 (3) May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Content, style, structure, production, purpose, and sociological impact of twentieth century long-format visual documentary in film and video from historical, theoretical, and artistic perspectives.

2260. Image Theory and Aesthetics (3) P: COMM major or minor or consent of instructor. Exploration of the principles of media aesthetics (e.g. light, space, time-motion, and sound) across various genres of media production.

2320. Basic Reporting (3) (WI) (F,S) Formerly COMM 2200; EMST 2510 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Journalistic news style. Gathering, writing, and editing of news stories for print and electronic media. Emphasis on broadcast and print styles and ethical considerations.

2400. Oral Communication (3) May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Improvement of articulation and pronunciation through drills and the delivery of simple speeches. Special attention paid to development of standard American speech patterns.

2410. Public Speaking (3) (F,S,SS) (FC:FA) Formerly SPCH 2510 Emphasis on organizing and delivering speeches for all occasions, including informative, persuasive, and ceremonial.

2420. Business and Professional Communication (3) (F,S,SS) (FC:FA) Formerly SPCH 2520 Emphasis on developing excellent communication skills in everyday speaking, interviews, group presentations, and public speaking. Student organizes and delivers informative, persuasive, and group presentations.

3020. Videography and Lighting (3) P: COMM major or consent of instructor; COMM 2220, 2260; C: 3250. Intensive focus upon the craft and aesthetics of videography and lighting design and execution for location and studio-based settings.

3061, 3062, 3063, 3064. Special Topics (1,2,3,4) Formerly EMST 3901, 3902, 3903, 3904 May be repeated for maximum of 6 s.h. credit. P: COMM major or minor or consent of instructor. Selected topics in electronic media studies.

3070. Multimedia Production Laboratory (3) Formerly COMM 3271 1 lecture and 6 lab hours per week. May not count toward foundations curriculum social sciences requirement. P: COMM 2103; consent of instructor. Independent practical work in multimedia production with faculty supervision.

SECTION 9: COURSES

3110. Persuasion Theories (3) (S) Formerly COMM 3010 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Persuasion as communication process. Differing aspects of source, channel(s), and receiver(s). Emphasis on contributions from behavioral theorists.

3120. Public Relations Theory (3) (F,S) Formerly COMM 3440 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Survey of theoretical, social, behavioral, and communicative aspects of public relations from which practice is built.

3142. Small Group Communication (3) Formerly COMM 3570 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Communication variables which influence quality of group communication. Group processes used for information exchange, problem solving, and decision making.

3151. Family Communication (3) May not count toward foundations curriculum social sciences credit. P: COMM major or minor or consent of instructor. Family members co-construct meanings about their world in the unique communication environment of the family. In this setting, interpersonal and mass mediated communication converge about topics that impact the daily life of family members.

3152. Interpersonal Communication Theory (3) (F) (FC:SO) Formerly COMM 3050 P: COMM major or minor or consent of instructor. Theories and concepts which explain communication in ongoing interpersonal relationships. Focus on relationship development and maintenance.

3160. Organizational Communication Theory (3) Formerly COMM 3360 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Meanings and functions of communication in organizational settings. Communication in role relationships, internal and external information system flows, and role of communication in organizational culture development and maintenance.

3172. Media Effects (3) (F,S) (FC:SO) Formerly COMM 3615 P: COMM major or minor or consent of instructor. Effects of mass media on individuals, societies, and cultures.

3180. Intercultural Communication (3) Formerly COMM 3080 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Communication theory and practice in multicultural contexts. Impact of cultural differences on interpersonal, organizational, and international communication.

3212. Non-News Media Features (3) Formerly EMST 3010 P: COMM major or minor or consent of instructor; COMM 2320. Basic approaches and techniques used to design and write documentaries, investigative reports, and other media features.

3215. Advanced Audio Production (3) (F,S) Formerly EMST 3210 P: COMM 2215. Advanced recording, production, and editing techniques for radio and recording studio applications.

3220. Video News Production (3) P: COMM major or consent of instructor. Electronic news gathering for television journalists; writing, video field production, and video editing of television news packages.

3235. Advanced Writing for Media (3) P: COMM major or consent of instructor; COMM 2210. Writing professional series or feature length and short form narrative scripts.

3242. Advanced Studio Production (3) May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Creative and technical skills and theoretical framework needed in studio production environment.

3250. Video Post Production Techniques (3) May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; COMM 3220. Advanced post production non-linear editing techniques for analog and digital video, including A/B roll editing, digital video effects, and electronic graphics.

3275. Advanced Video Production (3) (F,S,SS) Formerly EMST 3320 P: COMM major or minor or consent of instructor; COMM 3250. Advanced elements of video production.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

370 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

3280. Video Magazine Practicum (3) Formerly COMM 3270 1 lecture and 6 lab hours (to be arranged) per week. May not count toward foundations curriculum social sciences requirement. May be repeated for maximum of 6 s.h. credit. P: COMM 2103; consent of instructor. Lab for students working on university's video yearbook, the Treasure Chest, or other team-oriented video production projects used in public relations and journalism.

3291, 3292, 3293. Production Practicum (1,2,3) (F,S,SS) Formerly EMST 3591, 3592, 3593 Minimum of 6 hours of practical work per week for each hour of credit. Maximum of 3 s.h. may count toward COMM major. P: COMM major or minor or consent of instructor. Faculty guidance in some area of communication.

3310. Copy Editing and Design (3) (F,S,SS) Formerly COMM 3200 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; COMM 2320. Basic course in editing and layout of variety of publications.

3311. Business and Economic Reporting (3) (WI) Formerly COMM 3211 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; COMM 2320. Communication students write about business and economic events.

3320. Advanced Reporting (3) (WI) (F,S) Formerly COMM 3210; EMST 3510 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; COMM 2320. Principles and techniques of in-depth newsgathering. Topics include research of individuals, business and government, computer-assisted reporting, open meetings/records laws, and media research ethics.

3321. Investigative Reporting (3) (WI) Formerly COMM 3221 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; COMM 3320. Advanced news gathering techniques for journalists. Online database searching and off-campus trips that encourage in-depth reporting.

3322. Computer Assisted Reporting (3) (WI) (F,S) May not count toward foundations curriculum social sciences credit. P: COMM major or minor or consent of instructor; COMM 2320. Principles and techniques of precision journalism. Topics include use of data analysis tools (e.g.: Excell, Access, SPSS, Arc View), FOI/Open Records laws, practical data analysis, and statistical methods for journalism research.

3325. Reporting for Visual Media (3) Formerly COMM 3225 2 lecture and 1 lab hours per week. May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; COMM 2320. News gathering and reporting techniques for presentation through visual media. Examines and critically analyzes investigative reports, special events coverage, and documentary.

3330. Feature Writing (3) Formerly COMM 3230 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; COMM 2320. Study and practice in feature writing for newspapers, magazines, and special publications.

3340. Desktop Publishing (3) May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; COMM 2320; ENGL 1200. Desktop publishing techniques for print media, public relations, and advertising.

3362. Visual Editing (3) Formerly COMM 3260 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; COMM 2320; consent of instructor. Use of informational graphics in newspaper and public relations design and layout.

3380. Computer Mediated Communication (3) May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Explores liner and interactive CMC forms as they relate to human behavior and motivation. Involves communication issues related to identity construction, competency/proficiency, rules and conversions for specific mediated forms, online communities, relational development, ethics and deception, freedom of speech and influences on culture and access.

SECTION 9: COURSES

3390. International News Communication (3) (S) (FC:SO) Formerly COMM 3290 P: COMM major or minor or consent of instructor. Study of world news communication systems. International news flow, news gathering agencies, foreign correspondents, theories, debates, and role of communication in global coexistence at socioeconomic and political levels.

3400. Argumentation (3) May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; ENGL 1200. Argumentation as method of critical inquiry and public advocacy. Analysis of controversies and presentation of oral arguments.

3410. Advanced Public Speaking (3) May not count toward foundations curriculum social sciences or fine arts requirements. P: COMM major or minor or consent of instructor; COMM 2410 or 2420. Enhances skills learned in COMM 2410 or 2420 and cements skills necessary for excellent business presentations, sales presentations, presentations to a board of directors, and after-dinner presentations. Student refines ability to plan, develop, and deliver professional presentations.

3500. Web Design for Communication Professionals (3) May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Essential design and building techniques to create web pages for the World Wide Web.

3520. Sports Media Survey (3) May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Basic survey of the historical development of sports communication and reporting including influence of mass media on development of sports reporting. Covers basic principles of writing for sports community using AP Press Sports Writing Guide.

3660. History of the Moving Image (3) May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Examines development of media that utilize moving visual image. Covers history of cinema from 1890s to present and history of television from early 20th century to present.

4032. Mass Media Law (3) (F,S) Formerly COMM 4610; EMST 4810 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; 18 s.h. COMM. Provides working knowledge of legal system as it relates to communication professionals. Emphasis on libel, privacy, copyright, First Amendment, and federal regulation of telecommunication industry.

4040. Media, Culture, and Society (3) (F,S) Formerly COMM 4600; EMST 3530 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; 15 hours COMM courses or consent of instructor. Critical perspectives on interaction among media, culture, and society.

4042. First Amendment Law (3) May not count towards foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; 18 s.h. COMM. Examines historical and contemporary controversies arising under the first amendment to constitution.

4045. Media Literacy for Communication Professionals (3) (F,S) May not count toward foundations curriculum social sciences credit. P: COMM major or minor or consent of instructor. Media literacy concepts and practices related to producing, understanding, and using messages distributed by mass media.

4050. Media Management (3) (S) Formerly EMST 4510 P: COMM major or minor or consent of instructor. Operation and management of broadcast stations and cable operations.

4060. Special Problems in Communication (3) (F,S,SS) May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Special projects, research, and independent reading for students capable of individual work under guidance of faculty advisor. Designed to fit special needs and interests of students.

4062. Media Sales and Promotion (3) (F) Formerly EMST 4520 P: COMM major or minor or consent of instructor. Role of sales and promotion in public and commercial broadcasting, cable, and related settings. Emphasis on sales, promotion, and fund raising.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

372 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

4075. Media Criticism (3) (WI) Formerly COMM 4655; EMST 4530 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Interpretive analysis of communication principles and techniques in mediated texts, such as television programs, documentaries, or print advertisements.

4080. Senior Seminar (3) (F,S,SS) May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; completion of 24 s.h. in COMM before registering for course. Advanced study in communication. Emphasis on contemporary issues.

4081, 4082, 4083. Directed Independent Study (1,2,3) (F,S,SS) Formerly EMST 4981, 4982, 4983 Intermediate or advanced student. May be repeated for maximum of 6 s.h. credit. P: COMM major or minor or consent of instructor. Topic not otherwise offered in curriculum or beyond or in greater depth than is possible within context of regular course.

4091, 4092. Internship-Seminar (3,3) (F,S,SS) Formerly EMST 4991, 4992 1 lecture and 10 lab hours per week. 140 hours of observation and practical experience. P: COMM major or minor or consent of instructor; 18 s.h. COMM. Placement in professional setting appropriate to student's area of concentration.

4130. Conflict and Communication (3) Formerly COMM 4030 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; COMM 3142 or 3152 or 3160. Role of communication in productive settlement of interpersonal and organizational disputes. Examines effective communication strategies for dispute resolution, mediation, negotiation, and bargaining.

4135. Gender and Communication (3) (F) Formerly COMM 4035 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; P for WOST major or minor: COMM 1001, 1002; or WOST 2000 or 2400. Role of communication in construction of gender and role of gender in social organization. Use of language and communication systems.

4170. Directed Readings in Communication (3) (F,S,SS) Formerly COMM 4070 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor. Individually directed study.

4180. Public Relations Strategies (3) (WI) (F,S) Formerly COMM 4440 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; COMM 3120. Problem-solving strategies and principles of message design for developing public relations campaigns.

4185. International Public Relations (3) (F) Formerly COMM 4445 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; COMM 3120. Public relations as practiced outside US. Examines reasons for international growth of public relations and explores opportunities for US involvement.

4190. International Communication and the Foreign Media (3) Formerly COMM 4690 May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; COMM 3390. Critical survey and analysis of international communication. Emphasis on problem-solving approaches to various trends in global flow of news and information.

4196. Senior Honors Seminar (3) Formerly COMM 4700 May not count toward foundations curriculum social sciences requirement. P: Senior standing; 3.5 cumulative and major GPA; COMM 1001, 1002. Tutorially directed readings in selected area and research proposal writing.

4199. Senior Honors Thesis (3) Formerly COMM 4705 May not count toward foundations curriculum social sciences requirement. P: Minimum grade of B in COMM 4196. Tutorially directed. Implementation of research proposal generated in COMM 4700. Oral exam covers reading assignments and completed thesis.

4210. Video Direction (3) (F,S) Formerly EMST 4410 P: COMM major or minor or consent of instructor; COMM 3275. Analysis and practice of dramatic video direction.

SECTION 9: COURSES

4220. Video Performance (3) (F,S,SS) Formerly EMST 4420 P: COMM major or minor or consent of instructor; COMM 2230. Practical experience in techniques involved in on-camera video presentations.

4240. International Electronic Mass Media Systems (3) Formerly EMST 4540 P: COMM major or minor or consent of instructor. Interaction of global electronic media systems with American electronic mass media.

4250. Media Production Capstone (3) P: COMM major or consent of instructor; all required COMM courses under 4000, P/C: COMM 4210 or COMM 4280. Career launch strategizing, service learning via production of public service announcements for non-profits, and compilation of professional portfolio including production reel.

4280. Digital Practicum for Professional Distribution (3) P: COMM major; consent of instructor; all required COMM courses under 4000. Practical experience with instructor mentored/student executed television or internet programming and/or corporate videos. Selective admission.

4293. Editing and Producing the News (3) P: COMM 3320; COMM major; or consent of instructor. Capstone course in producing and editing for news media.

4400. Rhetorical Theory and Criticism (3) May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; ENGL 1200. Significant developments in rhetorical theory. Special attention to speech principles and critical analysis of contemporary public address.

4905. Media Ethics (3) (WI) May not count toward foundations curriculum social sciences requirement. P: COMM major or minor or consent of instructor; 18 s.h. COMM. Principles of moral reasoning as applied to ethical dilemmas arising in media professions.

COMM Banked Courses

3012. Persuasion Practicum (3)

3240. Photojournalism (3)

3580. Debate (2)

4233. Advising Student Publications (3)

CSCI: COMPUTER SCIENCE

1001. Introduction to Computer Science (3) (F,S) May not count towards a BA or BS degree in computer science, or towards foundations curriculum credit. Elementary treatment of some basic ideas in computer science, such as how computers store and process data, binary and hexadecimal numbers, arithmetic/logic instructions, social issues, data structures, web pages, and the Internet. Targeted towards novice computer users.

1002. Web Page Programming (3) (F,S) May not count toward CSCI major or minor. Introduction to the enhancement of web pages using programming techniques. Provides supervised practical experience in the use of an embedded programming language. A portable computer is required.

1200. Introduction to Visual Programming (3) (F,S) May not count toward CSCI major or minor. P: MATH 1065. Introduces programming using a visual design tool such as Visual Basic.

2300. Computer Science Survey (3) (F,S) Elementary architecture, operating systems, file systems, network, algorithmic, and software development concepts.

2310, 231 I. Algorithmic Problem Solving and Programming Laboratory (4,0) (F,S) P: MATH 1065; C for 2310: CSCI 231 I; C for 231 I: CSCI 2310. Design of algorithms and their implementation as programs in high-level language such as Java.

2427. Discrete Mathematical Structures (3) (F,S) Same as MATH 2427 May not count toward MATH major or minor. May receive credit for only one of CSCI 2427; MATH 2775, 3237, or MATH 2427. P: MATH 1065 or 1066. Study of discrete mathematical structures. Special emphasis on structures most important in computer science. Practical applications of subject emphasized.

P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

- 2600. Introduction to Digital Computation (3) (S)** May not count toward CSCI major or minor. P: MATH 1065 or 1066. Emphasis on algorithmic approach to problem solving. Algorithms programmed and run on computer by all students.
- 2618. COBOL (3) (F)** P: CSCI 2310 or 2610. Basic and advanced elements of COBOL.
- 3200. Data Structures and Their Applications (4) (F)** P: CSCI 2310, 2311. Common data structures and how to use them in advanced problem solving.
- 3300. Introduction to Algorithms and Data Structures (4) (F,S)** P: CSCI 2310; C: CSCI 2427. Advanced data representations such as lists and trees, including associated algorithms and use of both static and dynamic memory.
- 3310. Advanced Data Structures and Data Abstraction (3) (F,S)** P: CSCI 2427, 3300. Data abstractions such as stacks, queues, graphs, tables, and sets, and implementations in object-oriented style, including principles of class design.
- 3526. Switching Theory and Computer Organization (3) (F,S)** P: CSCI 2310, 2427. Theory and practice of computer and computer component design. Gates and gate-level design.
- 3573. Introduction to Numerical Analysis (3) (S) Same as MATH 3573** P: CSCI 2310 or consent of instructor; MATH 2119 or 2172 or equivalent. Algorithms suitable for digital computation in areas of linear algebra, linear programming, slope finding, area finding, and nonlinear equation solution.
- 3584. Computational Linear Algebra (3) (F,S) Same as MATH 3584** May not count toward MATH major or minor. P: Calculus course. Introduces vectors, matrices, and determinants. Special emphasis on application of linear algebra to solution of practical problems.
- 3601. Computer Organization and Programming (3) (F,S)** P: CSCI 3200, 3300, or 3526. Assembly language used to illustrate general machine architecture that executes assembly language command structure.
- 3650. Analysis of Algorithms (3) (S)** P: CSCI 3200 or 3300; CSCI 2427. Decision trees, mathematical induction, and adversary arguments used to analyze correctness, complexity, and optimality of algorithms. Emphasis on searching and sorting algorithms.
- 3675. Organization of Programming Language (3) (F)** P: CSCI 3200 or 3310. Applied course in programming language constructs. Emphasis on run-time behavior of programs. Provides appropriate background for advanced-level courses involving formal and theoretical aspects of programming languages and compilation process.
- 3700. Database Management Systems (3) (F,S)** P: CSCI 3200 or 3310. Theory and techniques of relational, hierarchical, and network database management systems.
- 3800. Introduction to Computer Graphics (3) (F)** P: CSCI 3200 or 3310; MATH 3256 or 3584. Computer graphics systems, hardware, interactive methods; line and curve drawing; two- and three-dimensional transformations; and perspective transformation.
- 4000. Senior Assessment (0) (F,S)** To be taken by CSCI seniors in final semester. Assessment of departmental programs.
- 4200. Software Engineering I (3) (WI) (F,S)** P: CSCI major and CSCI 3200 or 3310. Formal approach to state-of-the-art techniques in software design and development and application of the techniques.
- 4230. Software Engineering II (3) (F,S)** P: CSCI 4200 or consent of the instructor. Conceptual and practical knowledge in relation to large-scale software development using established software engineering principles. Requires completion of major project using tools and methodologies provided.
- 4300. Systems Programming (3) (F)** P: CSCI 3200 or 3310. Programming issues related to the functionality and general structure of operating systems, networking, security, and the general architecture of information systems are covered.

SECTION 9: COURSES

4510. Object-Oriented Computing and Graphical User Interfaces (3) (F,S) P: CSCI 3200 or 3310. Object-oriented program design and development and data abstraction. Object-oriented programming languages. Applications to graphical user interfaces and event-driven computing.

4520. Introduction to Computer Architecture (3) (S) P: CSCI major; CSCI 3526. Organization of basic elements of computer system, including processor, memory, control unit, and I/O units.

4530. Computer Networks and the Internet (3) (S) P: CSCI 3200 or 3300 or consent of instructor. Theory and case studies of modern networking protocols and telecommunication methods. Local area and long-haul networks.

4540. Introduction to Mobile Communications and Wireless Security (3) P: CSCI 4530 or consent of instructor. Signals, access protocols, application requirements and security issues. Focus is on digital data transfer.

4550. Computer Game Development (3) (F) P: CSCI 3200 or 3310. Content creation and the concepts behind the development of story, character, environment, level design, user interface, and sound.

4602. Theory of Automata and Linguistics (3) (F) P: CSCI major; CSCI 2427. Basic concepts of automata theory and mathematical linguistics and their close interrelationship.

4627. Procedural Languages and Compilers (3) (S) P: CSCI major; CSCI 3526, 3675. State of the art techniques for compiling procedural languages.

4630. Operating Systems I (3) (F,S) P: CSCI major and CSCI 3200 or 3300. Job control and operating systems. System organization, resource and storage allocation, interrupt handling, addressing techniques, file structures, and batch/time sharing systems.

4710. Introduction to Developing e-Business Systems (3) (WI) P: CSCI 3200 or 3310 or consent of instructor. Introduces use of concepts, technologies, and building blocks from computer science, practical software engineering, and business development in building e-Commerce systems. Describes systematic life-cycle approach to developing successful e-Commerce systems and presents knowledge essential to wide range of organization and software developers. Requires completion of major term projects using state-of-the art tools and methodologies.

4905. Selected Topics in Computer Science (3) May be repeated for maximum of 6 s.h. with change of topic. P: CSCI major and CSCI 3200 or 3310. Consideration of new or advanced topics in computer science.

5002. Logic for Mathematics and Computer Science (3) Same as MATH 5002 P: CSCI 3200 or 3310 or MATE 3223 or 2775 or MATH 2427 or 2775 or 3223 or 3256 or PHIL 3580 or equivalent. Methods of mathematical logic important in mathematics and computer science applications.

5210. Operating Systems II (3) P: CSCI 4630 or consent of instructor. Theory and practice of concurrent processes in computer operating systems. Process scheduling. Memory and auxiliary storage management.

5220. Program Translation (3) P: CSCI 4627 or consent of instructor. Formal language specification for programming languages. Advanced parsing techniques. Code generation and optimization.

5501, 5502, 5503. Independent Study (1,2,3) Minimum of 3-6 hours per week depending on the nature of the work assigned. P: CSCI 3200 or 3310 or equivalent or consent of instructor. Advanced computer science students study topics that supplement regular curriculum.

5774. Programming for Research (3) Same as MATH 5774 For graduate student who wishes to use computer science to meet required research skills in his or her dept. May not count toward MATH major or minor. P: General statistics course or consent of instructor. Emphasis on minimum-level programming skill and use of statistical packages.

5800. Artificial Intelligence (3) P: CSCI 3200 or 3310 or consent of instructor. Fundamental problems and techniques of artificial intelligence. Heuristic search. Concepts of expert systems.

CSDI: SPEECH AND HEARING SCIENCES

2100. Introduction to Communication Disorders (3) (F,S,SS) 3 lectures per week plus observation of speech therapy sessions. Scope, history, and nature of speech-language pathology and audiology. Topics include development of language and psychology of speech and hearing impaired as well as a description of etiology, symptomatology, and treatment of major speech, hearing, and language disorders.

3010. Phonetics (3) (F) P: CSDI major or minor; CSDI 2100; PSYC 1000; or consent of instructor. Applied phonetics using International Phonetic Alphabet and pertinent modifications. Detailed descriptions of American English speech sounds and transcription of contextual speech representing mainstream and non-mainstream dialects. Transcription abilities developed to assess and treat speech disorders.

3020. Language Development (3) (F) P: CSDI major or minor; CSDI 2100; PSYC 1000; or consent of instructor. Normal acquisition and development of language from birth through preschool years, components of language, cognitive and communicative prerequisites, and language learning theories.

3030. Speech Science: Anatomy, Physiology and Acoustics (3) (F) 3 lecture and 1 lab hours per week. P: BIOL 1050, 1051; CSDI 2100; or consent of instructor. Anatomy, physiology, and acoustic correlates of speech production mechanisms. Central and peripheral nervous systems, respiration, phonation, resonance, and articulation.

3050. Acquisition and Development of Phonology and Articulation (3) (S) P: CSDI 3010, 3030; or consent of instructor. Emphasis on birth to five years and critical periods through the early teen years. Content areas include birth cry, babbling, cross linguistic and universal patterns of acquisition, morphophonology, metaphonology, historical and contemporary normative data issues, and interrelation of normal phonological development with other areas of language growth.

3105. Hearing Science (3) (S) P: CSDI 3030; PHYS 1050; or consent of instructor. Basic information, including acoustics, anatomy and physiology of the ear and central auditory nervous system, and psychoacoustics.

4100. Introduction to Audiology (3) (F) P: CSDI 3105 or consent of instructor. Concepts related to normal hearing, causes and effects of defective hearing, and hearing testing procedures.

4110. Aural Rehabilitation (3) (S) P: CSDI 4100 or consent of instructor. Habilitation, rehabilitation of the hearing impaired as related to hearing aid use, speech-reading, auditory training, and total communication. Management philosophies related to children and adults.

4335. Apprenticeship (3) (WI) (S) 1 staffing, 1 lecture, and 3-4 lab hours per week. P: CSDI major; consent of departmental director of undergraduate studies; minimum of 25 hours observation of treatment as administered or supervised by ASHA certified speech-language pathologists/audiologists; CSDI 3020, 4100, 5010. Develop basic clinical skills through observation and apprenticeship. Apprentice serves as assistant to graduate clinicians in management of two patients. Additional responsibilities assigned as part of experience.

5010. Procedures in Clinical Management (3) P for undergraduate students: CSDI major; CSDI 3020, 3050, 3105; or consent of instructor; P for graduate students: Consent of instructor. Procedures used in diagnostic and treatment of communication disorders. Topics include observation styles, task presentation and analysis, reinforcement techniques, group management, and intervention models. Multicultural communication models and supervised observation experiences in various clinical and public school settings.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.

SECTION 9: COURSES

5510, 5511, 5512. Special Problems in Speech and Hearing (2,2,2) For advanced senior and graduate students. May be repeated for maximum of 6 s.h. May count toward the CSDI major with consent of dept chair. Independent exploration of specific areas of interest in communication disorders and research.

5565. Seminar in Augmentative Communication (3) 2 and 1/2 lecture and 1 lab hours per week. P: Consent of instructor. Interdisciplinary approach to augmentative communication. Emphasis on team approach, including discussion of and experience with patients who require use of augmentative communication systems. Areas of study include assessment, intervention, neuromotor management, environmental control, computer access, and funding.

4020. Introduction to Language Disorders (3) (F)** **and Hearing Disorders (2)**

DESN: DESIGN

2034, 2035. Engineering Graphics I (3,0) (F,S) 2 lecture and 2 lab hours per week. P: ITEC 2000 or MIS 2223. Basic skills and theory of graphics. Applies graphics in manufacturing, construction, and related fields.

2036, 2037. Computer-Aided Design and Drafting (3,0) (F,S) 2 lecture and 2 lab hours per week. P: DESN 2034. Applies computer-aided design and drafting (CADD) as related to design process and development of engineering drawings and other documents. Use of CADD in various design disciplines, including architectural, electrical, mechanical, and civil.

3030, 3031. Architectural Drafting (3,0) (F,S) 2 lecture and 2 lab hours per week. P: DESN 2034 or IDSN 1281. Fundamental areas of residential working drawings.

3032, 3033. Engineering Graphics II (3,0) (S) 2 lecture and 2 lab hours per week. P: DESN 2036. Continuation of DESN 2036, 2037 with greater depth in application of graphics in manufacturing construction and related fields.

3036, 3037. Architectural Design and Drafting (3,0) (F) 2 lecture and 2 lab hours per week. P: DESN 2036, 3030. Practical experience in design of commercial structures from graphics perspective. Develop and interpret working drawings.

3038, 3039. Sustainable Design (3,0) (S) 2 lecture and 2 lab hours per week. P: DESN 2036, 3030. Introduces sustainability issues related to building technology and pursuit of design solutions.

3230, 3231. Rapid Prototyping (3,0) (S) 2 lecture and 2 lab hours per week. P: DESN 3032; IENG 2076. Develops holistic view and initial competencies in engineering design by conceiving, designing, manufacturing, and testing system components.

3234, 3235. Jig and Fixture Design (3,0) (F) 2 lecture and 2 lab hours per week. P: DESN 3032; ITEC 2090; IENG 2076. Applies principles of jig and fixture design and their construction.

3236, 3237 Geometric Dimensioning and Tolerancing (3,0) (F) 2 lecture and 2 lab hours per week. P: DESN 3032; MATH 1074; ITEC 3200 or MATH 2283. Introduces concepts of Geometric Dimensioning and Tolerancing based on industry standards such as ANSI and ASME using measuring equipment, problem solving, and case studies. Provide tools for immediate application of GD&T concepts to production specifications.

4030, 4031. Descriptive Geometry (3,0) (S) 2 lecture and 2 lab hours per week. P: DESN 3032; MATH 1074. Principles of projection, including reference system (the graphical method of solving solid analytic geometry problems).

4234, 4235. Machine and Tool Design (3,0) (F) 2 lecture and 2 lab hours per week. P: DESN 3032; IENG 2076. Applies principles of machine and tool design. Complete designs and drawings of machines, tools, fixtures, gauges, automated clamping devices, and piercing and forming dies.

SECTION 9: COURSES

2031. Ballet III (3) (F) Continued work on ballet technique.

2032. Contemporary Dance III (3) (F) Continued work on contemporary dance technique.

2033. Jazz Dance III (3) (F) P: 6 s.h. ballet or consent of instructor. Continued work on jazz technique.

2041. Ballet IV (3) Continued work in perfection of technique.

2042. Contemporary Dance IV (3) (S) Continued work in perfection of technique.

2043. Jazz Dance IV (3) (S) P: 6 s.h. ballet or consent of instructor. Continued work in perfection of technique.

2051, 2061. Ballet Studio I, II (1) Progressive and continuous work in perfecting techniques and style in ballet. Emphasis on performance quality by means of individualized instruction.

2190. Early Experiences for the Prospective Dance Educator (1) (F) 1 lecture hour for 6 weeks; 2 lab or studio hours for 10 weeks. For students considering a career in dance education. Teaching of dance through observation and participation in teaching activities in school classrooms.

2200. Creative Dance and Drama for the Elementary School (2) (S) Same as THEA 2200 Content, philosophy, methodology, and projects appropriate for student preparing to teach elementary grades.

2201. Dance Improvisation I (1) (F) 2 hours per week. Guided exploration in elements of dance for development of spontaneity of individual movement, group interaction, and choreographic skills.

2202. Dance Improvisation II (1) (S) 2 hours per week. Continuation of guided exploration in elements of dance. Student creates and conducts improvisations.

2203, 2204. Dance Improvisation Aerobics (1,1) (FC:FA) 2 hours per week. Guided movement exploration within framework of aerobic workout. Emphasis on spontaneous physical expression and high-paced release of energy.

2211, 2221, 3211, 3221, 4211, 4221, 4231, 4241. Partnering I, II, III, IV, V, VI, VII, VIII (1 each) (FC:FA) Formerly 2211 was DNCE 3071 2 hours per week. P: Consent of instructor. Progressive and continuous work in perfecting technique of support when performing with a partner.

3000, 3001. Dance Performance (1,1) (F,S) 6 hours per week each. P: Consent of instructor. Practical experience in various areas of dance performance in faculty-choreographed production.

3014. Fundamentals of Tap Dance (1) (F) (FC:FA) Formerly DNCE 3070 2 hours per week. Introduction to tap dance as performing art through study of basic tap vocabulary, fundamental rhythms, locomotor movements, and tap styles.

3024. Intermediate Tap Dance (1) (S) Formerly DNCE 3072 2 hours per week. P: DNCE 3014 or consent of instructor. Vocabulary of tap terminology, repertoire of tap steps, and recognizable jazz/tap style in performance.

3051. Ballet V (3) (F) P: DNCE 2041 or consent of instructor. Continued study in perfecting ballet technique.

3052. Contemporary Dance V (3) (F) P: DNCE 2042 or consent of instructor. Continued work toward perfection of technique and style.

3053. Jazz Dance V (3) (F) P: DNCE 2043 or consent of instructor. Continued work in perfection of technique.

3061. Ballet VI (3) (S) P: DNCE 3051 or consent of instructor. Continued study in perfecting ballet techniques.

3062. Contemporary Dance VI (3) (S) P: DNCE 3052 or consent of instructor. Continued work toward perfection of technique and style.

3063. Jazz Dance VI (3) (S) P: DNCE 3053. Continued work in perfection of technique.

2443. Readings in the Francophone Cultures of Africa (3) (FC:HU) Taught in French. P: FREN 1004. Aspects of major French-speaking cultures of Africa. Reading and discussion of selected texts.

261 I. Early Experiences for the Prospective Teacher (1) For prospective teachers. Taught in French. Minimum of 16 hours of directed observations and planned participation in appropriate school environments and 8 hours of seminar class instruction in the teaching area. May not count toward BA or BS major professional or minor requirements. Introduces teaching of French.

3100. French Business Communication (3) Taught in French. P: FREN 2440 or 2441 or 2442 or 2443. Practical knowledge of business French. Preparation to deal effectively with business communication in Francophone world.

3200. French Language in France II (3) Taught in French. P: FREN 1004. French language at the Sorbonne (or another French university) in upper levels of Cours Moyen and Cours Supérieur.

3225. Advanced Conversation (3) Taught in French. P: FREN 2330. Direct and systematic use of spoken language. Intensive approach aimed at development of functional level of French communication.

3330. Composition and Advanced Grammar (3) (WI) Taught in French. P: FREN 2330. Principles of effective writing in French. Advanced review of grammar with emphasis on syntax, forms, and usage.

3500. Introduction to Literature (3) (FC:HU) Taught in French. P: FREN 2330 or consent of dept chair. Develop reading skills for understanding genre, concepts of literary structure, and criticism through analysis of selected writings.

3555. France of the Middle Ages and Renaissance (3) (WI) (FC:HU) Taught in French. P: FREN 3500 or consent of dept chair. France from its origins through sixteenth century. Emphasis on literary masterpieces.

3556. France from Classicism to the French Revolution (3) (FC:HU) Taught in French. P: FREN 3500 or consent of dept chair. France from end of Renaissance to end of Revolution. Emphasis on literary masterpieces.

3557. France from the Napoleonic Period to World War II (3) (WI) (FC:HU) Taught in French. P: FREN 3500 or consent of dept chair. France from beginning of Napoleonic period to World War II. Emphasis on literary masterpieces.

SECTION 9: COURSES

3558. The Francophone World: Colonization to Independence (3) (FC:HU) Taught in French. P: FREN 3500 or consent of dept chair. Major French-speaking areas of world outside France from beginning of colonization to their independence. Emphasis on literary masterpieces.

3560. The Contemporary French and Francophone World (3) (FC:HU) Taught in French. P: FREN 3500 or consent of dept chair. Emphasis on literary masterpieces.

3700. Special Topics in French or Francophone Studies (3) Taught in French. May be repeated for maximum of 6 s.h. with change of topic. P: Consent of dept chair. Selected topics relating to language, literature, culture or civilization of France or a French-speaking region of the world.

4215. French Phonetics (3) Taught in French. Lab required. P: FREN 3225. Physiology of correct French speech habits. Sound system of French contrasted with English. Phonetic transcription.

4336. Introduction to Translation (3) Taught in French. P: FREN 3330 or consent of dept chair. Intensive practice in French-English and English-French translation in variety of prose styles.

4611. Teaching Second Languages in Grades K-12 (5) Formerly FREN 4641 5 lectures per week and 10 lab hours per semester. Includes 10 hours of field experience. May not count toward a BA major or minor in French. P: Admission to upper division; 18 s.h. of FREN above 1004 or consent of instructor. Modern methodologies, techniques and strategies, instructional resources, and evaluation procedures for teaching second languages in grades K-12.

4700. Special Topics in French or Francophone Studies (3) Taught in French. May be repeated for maximum of 6 s.h. with change of topic. P: Consent of dept chair. Selected topics relating to language, literature, culture, or civilization of France or another French-speaking region.

4880. Internship in French (10) Full-time, semester-long internship. P: Admission to upper division; FREN 2330, 3225, 3330, 3500; 18 s.h. of FREN at the 2000 and 3000 levels; C: FREN 4881. Observation and supervised internship in an assigned French K-12 public school classroom.

4881. Internship Seminar: Issues in French Education (1) P: Admission to upper division; C: FREN 4880. Individualized study of problems or issues related to teaching French.

4882, 4883, 4884. Internship for Professions (1,1,1) Supervised internship in appropriate professional setting during junior or senior year of French degree program. P: Consent of dept chair. Fields may include but are not limited to business, industry, hotel and restaurant management, and social sciences.

4950, 4951, 4952, 4953, 4954. Directed Readings in French (1 each) P: Consent of dept chair. In-depth exploration of selected aspect of French culture (literature, civilization, etc.).

4990. Honors (3) (F,S) Taught in French. Open to students having a minimum GPA of 3.5 in French. Independent study under direction of faculty member in student's major area of interest. Research paper required.

5305. Advanced Syntax (3) P: FREN 3330 or graduate standing. Detailed and comprehensive study of most difficult points of French grammar. Directed practice in analyzing and writing exercises.

5700. Special Topics in French or Francophone Studies (3) May be repeated for maximum of 6 s.h. with change of topic. P: Consent of dept chair. Selected topics relating to language, literature, culture or civilization of France or another French-speaking region of the world.

GEOG: GEOGRAPHY

1000. Introduction to Geography (3) (F,S,SS) (FC:SO) Basic course to field of geography. Major physical and cultural elements of environment and their influence on man's activity.

1200. Introduction to Physical Geography (3) (F) May not count toward foundations curriculum social sciences requirement. Fundamental processes that influence weather and climate, land form development, soil formation, water resources, and vegetative regimes with the purpose of better understanding their spatial interrelationships within human physical environment.

1250. The Water Planet (3) (F,S) (FC:SO) Importance of water in natural world. Cultural, economic, and legal issues associated with human uses of water.

2003. Geography of the Global Economy (3) (F,S) (FC:SO) Development of and contemporary issues in global economy from geographical perspective.

2019. Geography of Recreation (3) (F) (FC:SO) Spatial distribution and interaction of selected recreational phenomena. Basic ideas which have emerged over last decade explored for contributions to recreational decision making.

2100. World Geography: Developed Regions (3) (F,S,SS) (FC:SO) Introductory survey of the regions of the US and Canada, Europe, the former Soviet Union, Australia, and Japan. Emphasis on geographic aspects of physical environment, population, economy, resources, and current issues in each region.

2110. World Geography: Less Developed Regions (3) (F,S,SS) (FC:SO) Introductory survey of regions of Latin America, Sub-Saharan Africa, North Africa and the Middle East, South Asia, Southeast Asia, and China. Emphasis on geographic aspects of physical environment, population, economy, resources, and current issues in each region.

2200. Weather and Climate (3) (F,S) May not count toward foundations curriculum social sciences requirement. Nonmathematical consideration of general weather and climatic processes and patterns. Surface and middle atmospheric (jet stream) features. Emphasis on North America.

2250. Earth Surface Systems (3) (F) May not count toward foundations curriculum social sciences requirement. Basic understanding of natural systems operating on earth's surface that shape the natural environment. Focuses on global distribution of land forms and vegetation. Strong emphasis on hands-on learning.

2300. Geography of Environmental Resources (3) (F) May not count toward foundations curriculum social sciences requirement. Location and development of environmental resources at world and national levels.

2400. Spatial Data Analysis (3) (F,S) May not count toward foundations curriculum social sciences requirement. Foundation for data management and analysis in geographic information science. Introduces quantitative expressions common to geographic information science and descriptive and inferential spatial statistics.

2500. Map and Aerial Photo Interpretation (3) (F,S,SS) 4 lecture hours per week. May not count toward foundations curriculum social sciences requirement. Principles of map reading and aerial photo interpretation as information sources on natural and manmade environment.

3001. Historical Geography of the United States (3) Growth and development of US through analysis of geographic conditions.

3003. Political Geography (3) (WI) (S) (FC:SO) Geographic factors in current national and world problems. Internal and external power, frontiers and boundaries, colonialism and neocolonialism, and impact of technology.

3004. Urban Geography (3) (F) Origin and growth of urban areas. Relationship with one another as well as size, function, and tributary territory.

3046. United States and Canada (3) (F) (FC:SO) Intensive study of US and Canada based on analysis and comparison of regions.

SECTION 9: COURSES

- 3047. Western Europe (3) (S) (FC:SO)** Brief geographic survey of Europe and detailed regional study of nations located in western Europe.
- 3049. Latin America (3) (WI*) (FC:SO)** Geographical analysis of political, social, economic and cultural transformations in contemporary Latin America.
- 3050. Africa (3) (WI) (S) (FC:SO)** Physical and human background of Africa. Emphasis on political and economic role of sub-Saharan portion of continent in contemporary world.
- 3051. Asia (3) (S) (FC:SO)** Geographic patterns, economy, population, and role of China, Korea, Japan, India, Pakistan, and Southeast Asia in world affairs.
- 3055. North Carolina (3) (F) (FC:SO)** Physical and cultural survey of NC. Detailed study of geographic regions.
- 3056. Middle America (3) (FC:SO)** Lands and people of Caribbean, Mexico, and Central America.
- 3220. Soil Properties, Surveys, and Applications (3) (F)** Saturday field trip may be required. P: GEOG 2250. Physical and chemical properties of soil, soil-water relationships, soil-forming factors, county soil reports, and soil applications that involve land management decisions.
- 3230. Global Climates (3) (S)** May not count toward foundations curriculum social sciences requirement. P: GEOG 2200. Variation in global climates as related to atmospheric circulation patterns and processes.
- 3250. Environmental Hazards (3) (F)** May not count toward foundations curriculum social sciences requirement. P: GEOG 2200 or 2250. Various ways people and governments respond to natural and human-induced extreme events, human behavior in threatening or actual hazards, and public policies and programs designed to control or alleviate hazards.
- 3400. Quantitative Techniques in Geography (3) (F)** May not count toward foundations curriculum social sciences requirement. P: GEOG 2400 or consent of instructor. Introduces quantitative techniques used in solving geographic problems. Emphasis on use of statistical packages on mainframe and microcomputers for analysis of spatial data.
- 3410. Fundamentals of GIS (3) (F,S)** May not count toward foundations curriculum social sciences requirement. Foundations for understanding and using geographical information systems. Emphasis on creation, visualization, and analysis of geographically referenced data. Important concepts surveyed and applied through hands-on experience.
- 3420. Remote Sensing of the Environment I (3) (F)** May not count toward foundations curriculum social sciences requirement. P: GEOG 3410 or equivalent. Basic understanding of digital image data and tools required to process, analyze, and interpret digital images.
- 3430. Geographic Information Systems I (3) (F,S)** May not count toward foundations curriculum social sciences requirement. P: GEOG 3410 or equivalent. Computer-based decision support systems. Involves integration of spatially-referenced data in problem-solving context. Concepts and application of GIS include data capture, storage, analysis, and display.
- 3450. Introduction to the Global Positioning System (3) (S)** May not count toward foundations curriculum social sciences requirement. P: GEOG 3410 or equivalent. Techniques for spatial referencing via a satellite-based navigation system.
- 3460. GIS Applications Programming (3) (F)** May not count toward foundations curriculum social sciences requirement. P: GEOG 3410; ASIP 2212 or CSCI 1610 or MIS 2223 or consent of instructor. Introduces GIS applications design, development, and deployment. Focuses on custom mapping user interfaces; programmable solutions for spatial data display, analysis and manipulation; and custom GIS applications development.
- 3510. Physical Meteorology (3) (F)** May not count toward foundations curriculum social sciences requirement. P: GEOG 2200 or consent of instructor. Basic principles of atmospheric hydrostatics, thermodynamics, cloud and precipitation processes, and radiative transfer.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

3520. Dynamic Meteorology (3) (S) May not count toward foundations curriculum social sciences requirement. P: GEOG 2200 or consent of instructor. 3 lecture hours per week. Basic concepts and techniques of mathematics, thermodynamics, mechanics and fluid dynamics in the study of atmospheric motions and weather systems.

3550. Principles of Synoptic Meteorology (3) (F) P: GEOG 2200; or consent of instructor. Basic concepts of synoptic scale atmospheric phenomena, including upper level waves and mid-latitude weather systems.

4140. Research Methods in Human Geography (3) (S) May not count toward foundations curriculum social sciences requirement. P: GEOG 2300; 15 s.h. in GEOG; or dept consent. Methods and techniques of field research in human geography.

4191, 4192, 4193. Supervised Study in Regional Geography (1,2,3) (F,S,SS) May be repeated for maximum of 6 s.h. May not count toward foundations curriculum social sciences requirement. P: Consent of instructor. Individualized study of selected aspect of regional geography under direct supervision of faculty member.

4210. Fluvial and Hydrological Processes (3) (S) May not count toward foundations curriculum social sciences requirement. P: GEOG 2200, 2250; or consent of instructor. Comprehensive examination of principles of surface water hydrology and fluvial geomorphology. Application of principles to environmental problems.

4220. Coastal Geography (3) (WI) (S) Formerly GEOG 3002 May not count toward foundations curriculum social sciences requirement. P: GEOG 2200, 2250; or consent of instructor. Comprehensive examination of coastal systems, including beaches, dunes, and estuaries. Focuses on processes that form and maintain systems, how landforms respond to those processes, and how human activities affect the system.

4230. Earth Surface Processes (3) (WI) (F) May not count toward foundations curriculum social sciences requirement. P: GEOG 2200, 2250; or consent of instructor. Detailed examination of dominant geomorphic processes and sediment dynamics involved in the creation of landforms. Emphasis on laboratory experimentation.

4291, 4292, 4293. Supervised Study in Physical Geography (1,2,3) (F,S,SS) May be repeated for maximum of 6 s.h. P: Consent of instructor. Individualized study of selected aspect of physical geography under direct supervision of faculty member.

4310. Geography of Transportation and Trade (3) (S) P: GEOG 2003. Forces leading to interaction of people and commodities between places, distribution and characteristics of transport networks, and effects of transportation flows on regions and nations.

4315. Geographic Images (3) (F) (FC:SO) Formerly GEOG 3300 Social and cultural images of space, place, and environment as produced and consumed through various media at a variety of scales.

4320. Gender, Economy, and Development (3) (S) May not count toward foundations curriculum social sciences requirement. P: Consent of instructor. Role of gender in economic and development processes from geographical perspective.

4325. Resources, Population, and Development (3) (WI) (FC:SO) Formerly GEOG 3000 P: GEOG 2003 or consent of instructor. Demographic issues and population policies in relation to resource use and economic development from a geographical perspective.

4330. Agricultural Geography (3) (WI*) (FC:SO) Contemporary trends in global restructuring of agro food systems in both industrialized and developing nations.

4335. Geography of Tourism (3) (FC:SO) Traditional and emerging forms of tourism development as they transform economic, social, cultural, and environmental landscapes inside and outside the US.

4340. Introduction to Medical Geography (3) (S) May not count toward foundations curriculum social sciences requirement. P: GEOG 3410 or consent of instructor. Topics range from geographic patterns and processes of disease to locational aspects of health care delivery systems. GIS used to describe and analyze problems in medical geography.

SECTION 9: COURSES

4345. Human Migration and Global Restructuring (3) (F) Human migration processes associated with political and economic restructuring in different regions of the globe.

4391, 4392, 4393. Supervised Study in Human Geography (1,2,3) (F,S,SS) May be repeated for maximum of 6 s.h. May not count toward foundations curriculum social sciences requirement. P: Consent of instructor. Individualized study of selected aspect of human geography under direct supervision of faculty member.

4410. Advanced Cartographic Design and Production (3) (F,S) May not count toward foundations curriculum social sciences requirement. P: GEOG 3410 or equivalent experience. Continuation of GEOG 3410 at advanced level. Advanced mapping techniques such as animation. Internet mapping and production of publication-quality maps.

4420. Remote Sensing II (3) (S) May not count toward foundations curriculum social sciences requirement. P: GEOG 3420 or consent of instructor. Interpretation of environmental phenomena remotely sensed data by sensors on board aircraft and satellites. Emphasis on learning digital image processing from remote sensing perspective.

4430. Geographic Information Systems II (3) (S) P: GEOG 3430 or consent of instructor. Advanced topics. Emphasis on development of GIS projects.

4440. Coastal Applications of GIS (3) (F,S) May not count toward foundations curriculum social sciences requirement. P: GEOG 2250, 3410; or consent of instructor. Application of geographic information science to coastal resource management.

4491, 4492, 4493. Supervised Study in Geographic Techniques (1,2,3) (F,S,SS) May be repeated for maximum of 6 s.h. May not count toward foundations curriculum social sciences requirement. P: Consent of instructor. Individualized study of selected geographic technique under direct supervision of faculty member.

4510. Meteorological Instruments and Observations (3) (F) May not count toward foundations curriculum social sciences requirement. P: GEOG 2200, 2250; or consent of instructor. 2 lecture and 3 lab hours per week. Basic principles of meteorological instruments and measurement techniques; introduction of data logging, processing, and sources of measurement error; hands-on experience in labs and group field projects.

4520. Boundary Layer Meteorology (3) (S) May not count toward foundations curriculum social sciences requirement. P: GEOG 2200, 2250; or consent of instructor. Structure of atmospheric boundary layers and turbulence, principles of turbulent transport and diffusion processes, their measurements and modeling.

4525. Dynamic Meteorology II (3) (F) P: GEOG 3520; or consent of instructor. Applications of the governing equations of the atmosphere for the study of atmospheric waves, extratropical cyclones, and basic concepts in numerical weather prediction.

4530. Micrometeorology (3) (F) May not count toward foundations curriculum social sciences requirement. P: GEOG 2200, 2250; or consent of instructor. Atmospheric processes at micro and local scales, including exchange processes of momentum, mass and energy, radiation budget and energy balance near the surface, soil temperature and heat transfer, turbulent transport, biosphere-atmosphere interactions, micrometeorological measurement and modeling techniques.

4540. Coastal Storms (3) (F) May not count toward foundations curriculum social sciences requirement. P: GEOG 2200, 2250; or consent of instructor. Basic dynamics, analysis, and forecasting of extratropical and tropical storms; history of storms in the Carolinas and current mitigation plans.

4550. Applied Synoptic Meteorology: Analyses and Forecasting (3) (S) P: GEOG 3550; or consent of instructor. Current techniques in mid-latitude weather analyses and forecasting, including chart analyses, introduction to computer meteorological analyses and visualization, numerical weather prediction, and forecast discussion, development, and evaluation.

4560. Urban Climatology (3) (F) P: GEOG 2200. Impact of urbanization upon atmospheric processes, including energetic balance, precipitation, atmospheric circulation, and pollution.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

412 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

4570. Hydrometeorology (3) (S) May not count toward foundations curriculum social science requirement. P: GEOG 2200, 2250; or consent of instructor. Theory and observation of atmospheric processes as they relate to surface hydrology. Emphasis on measurement, prediction, and climatology of precipitation, evapotranspiration and associated hydrologic events, such as flooding.

4580. Radar and Satellite Meteorology (3) (S) P: GEOG 2200, 2250; or consent of instructor. History, theory and applications of radar and satellite meteorology, with a focus on techniques of satellite image interpretation and radar data processing applied to severe weather forecasting and climate analysis.

4590. Tropical Meteorology (3) (F) P: GEOG 2200, 2250; or consent of instructor. Tropical atmosphere as a key component of global weather and climate and climate prediction. Examination of the El Niño – Southern Oscillation, the Madden Julian Oscillation, tropical cyclones and monsoons and their associated climate predictability.

4801, 4802, 4803. Geographic Internship (1,2,3) (F,S,SS) 60 hours of work responsibility for 1 s.h. credit. May be repeated for maximum of 6 s.h. May not count toward foundations curriculum social sciences requirement. P: Consent of director of geography internships; consent should be obtained during the semester prior to internship. Application of geographic principles in industrial, governmental, or business setting.

4900. Honors Research (3) (F,S) P: Admission to GEOG honors program. Supervised reading and research in area of geography that leads to preparation of senior honors thesis proposal.

4901. Senior Honors Thesis (3) (F,S) P: GEOG 4900 with a grade of B or higher. Extensive program of supervised research in area of geography that leads to writing of senior honors thesis.

4999. Geography Professional Seminar (1) (F,S) P: Consent of instructor. Design and completion of professional portfolio. Examines transition from undergraduate student status to professional life or continued education.

5220. Physical Geography Field Experience (3) 10 classroom hours of orientation and organization over a 2-week period followed by 3 weeks (15 working days) in a field location. Undergraduates May not count toward foundations curriculum social sciences requirement. P: GEOG 2200, 2250; or consent of instructor. Field-based introduction to basic aspects of physical geography research. Development of research questions, field techniques, use of modern instrumentation, and geographic analysis of field data.

5281, 5282, 5283. Selected Topics in Physical Geography (1,2,3) May be repeated for up to 6 s.h. Undergraduates May not count toward foundations curriculum social sciences requirement. P: Consent of instructor. Seminar on selected topic.

5393. Seminar in Human Geography (3) May be repeated for up to 6 s.h. Undergraduates May not count toward foundations curriculum social sciences requirement. P: Consent of instructor. Seminar on selected topic in economic-human geography.

SECTION 9: COURSES

GEOL: GEOLOGY

I500. Dynamic Earth (3) (F,S,SS) (FC:SC) Introductory survey of geologic materials (minerals and rocks), topographic features on the continents and in the ocean basins, geologic structures (faults, folds, etc.), and various processes (plate tectonics, igneous activity, weathering, erosion, sedimentation, glaciation, mountain-building, etc.) that produce geologic features.

I501. Dynamic Earth Laboratory (1) (F,S,SS) (FC:SC) 3-hour lab per week. C: GEOL I500. Study, classification, and identification of common minerals and rocks of the earth's crust; study of various topographic features as revealed on topographic maps and aerial photographs; and study of geologic structures as seen on geologic maps, structural cross sections, and aerial photographs.

I550. Oceanography (4) (F,S) (FC:SC) Introductory survey of geological, biological, chemical, and physical characteristics of marine environment, their interrelationships, and interaction between people and the ocean.

I600. Earth and Life Through Time (4) (F,S) (FC:SC) Survey of physical, chemical, and biological geologic events that have occurred on earth during its long history. Chronologic arrangement of these events in world-wide geologic time scale and consideration of their causes. Major theme is organic evolution.

I700. Environmental Geology (4) (F,S) (FC:SC) Interactions among basic geologic processes, geomorphic features, earth resources, and people whose activities are an expanding and increasingly demanding geological agent.

I800, I801. Geology of the National Parks (4,0) (FC:SC) 3 lectures and 1 2-hour lab per week. P: GEOL I500. Geologic evolution and scenic features in our national park system. Topics include volcanoes, caverns, sea coasts, glaciation, arid regions, and fault block mountains. Relationship of scenery to geologic processes and materials.

3050, 3051. Mineralogy and Petrology I (4,0) (F) 3 lecture and 3 lab hours per week. P: 1000-level GEOL course; RP: CHEM I150, I151; GEOL I500, I501, or consent of instructor. Systematic approach to hand-specimen study and classification of minerals and igneous, metamorphic, and sedimentary rocks.

3150, 3151. Mineralogy and Petrology II (4,0) (S) 3 lecture and 3 lab hours per week. P: GEOL 3050, 3051; P/C: CHEM I150, I151. Crystallographic and chemical properties of minerals and study of chemical and physical processes governing the classification, origin, and occurrence of minerals and rocks.

3200, 3201. Introduction to Field Methods (2,0) (S) 1 lecture and 1 3-hour lab per week. P: GEOL I600. Introduces standard scientific methods of solving geologic field problems. Techniques include description, sampling, and measurement of geologic processes and sections, and principles of field mapping, utilizing the Brunton compass, aerial photographs, and plane table and alidade.

3300, 3301. Structural Geology (4,0) (F) 3 lectures and 1 3-hour lab per week. P: GEOL 3200, 3201. Structures resulting from tectonic formation of earth's crust and intrusion of molten magma.

4000. Summer Field Course in Geology (6) (SS) Full-time each week for the entire 6-week session. P: GEOL 3050, 3051, 3300, 3301. Stratigraphy, structure, geomorphology, and economic deposits of southwestern and central New Mexico and southern Colorado through basic mapping on topographic and photo bases. Mapping exercises involve wide variety of geologic features ranging from complexly faulted Mesozoic and Cenozoic rocks to isoclinally folded Precambrian rocks in areas of excellent exposures.

4010, 4011. Sedimentology (4,0) (4010:WI) (F) 3 lecture and 3 lab hours per week. P: GEOL I600, 3050, 3051. Analysis of processes and products of sedimentation. Flow mechanics and sedimentary structures, depositional systems, sedimentation and tectonics, the effects of sea level on depositional systems, methods of description and classification of sediments and sedimentary rocks, and preparation of sedimentologic field reports.

4020, 4021. Stratigraphy (3,0) (4020:WI) (S) 2 lectures and 1 2-hour lab per week. P: GEOL I600. Description, classification, and interpretation of stratified sedimentary rocks. Emphasis on principles and methodology.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

4200, 4201. Paleontology (4,0) (4200:WI) (S) 3 lectures and 1 3-hour lab per week. P: GEOL 1600. Fossilized remains of principal animals that lived during earth history. Emphasis on paleontologic principles, especially as applied to invertebrate fossils. Topics include population dynamics, taxonomic principles, functional morphology, paleoecology, evolution, and biostratigraphy.

4550, 4551. Honors Thesis (3,3) (F,S) 9 research hours per week. P: Junior standing with minimum cumulative 3.0 GPA; completion of minimum of 20 s.h. in GEOL; a minimum grade of C and minimum 3.0 GPA in GEOL courses. Extensive program of carefully supervised reading and research in area of geology. Written report in scientific format.

5000, 5001. Geomorphology (3,0) 2 lectures and 1 3-hour lab per week. P: GEOL 1500, 1501; an additional 4 s.h. in introductory GEOL sequences; or consent of instructor. Advanced study of landforms, stages of their development, and agencies which have shaped them.

5150. The Geologic Component of Environmental Science (3) P: Introductory GEOL course or consent of instructor. Basic geologic knowledge and insights that support sound, rational, and science-based environmental decisions and policies in regard to land and water use. Topics include pollution abatement, clean up, and prevention; resource extraction, use, and conservation; and hazardous geologic processes.

5300. Geology of Coastal Processes and Environments (3) May include field trips to various coastal systems. P: GEOL 1550, 4010, 4011; or consent of instructor. Modern coastal systems. Diversity and distribution, complexity and dynamics of interacting processes and responses, origin and evolutionary history, and role of man as major modifying force.

5350. Marine Geology (3) P: GEOL 1550, 4010, 4011; or consent of instructor. Geology of world's ocean basins. Impact of geophysical, geochemical, and geobiological principles on concepts of origin and evolution of ocean basins; source, transportation, and deposition of marine sediments and formation of marine stratigraphic record; and role of oceanographic processes affecting earth history such as sea level fluctuation, plate tectonics, paleogeography, and paleoclimatology.

5400, 5401. Optical Mineralogy (3,0) 2 lectures and 1 3-hour lab per week. P: GEOL 3050, 3051. Theory and basic techniques for determining optical constants of crystals using a polarizing microscope and thin sections.

5450. Introduction to Aqueous Geochemistry (3) 2 lectures and 1 3-hour lab per week. P: CHEM 1150, 1151, 1160, 1161; or equivalent. Applies chemical principles to study of elements at earth's surface; their transportation in aqueous solutions; and weathering, groundwater, and surface water chemistry, geochemical cycles, and distribution of stable isotopes.

5500, 5510, 5520. Directed Studies in Geology (2,2,2) P: Senior or graduate standing in GEOL or consent of instructor. Independent study on selected topic. May include field work, directed readings, or some combination thereof. Occasionally special field study or course offered using one of these course numbers.

5600, 5601. Economic Geology (3,0) 2 lectures and 1 3-hour lab per week. P: GEOL 3050, 3051. Genesis, mode of occurrence, and utilization of mineral resources. Metals, nonmetals, and basic energy resources such as petroleum, coal, and uranium. Emphasis on geology of these resources and their relationship to modern technological society.

5700, 5701. Geohydrology of Drainage Basins (3,0) 2 lectures and 1 3-hour lab per week. P: GEOL 1500, 1501; or consent of instructor. Drainage basin geology and hydrology. Emphasis on quantitative analysis, evaporation, streamflow, and hydrologic parameters of surface water and ground water basins.

5710, 5711. Ground Water Hydrology (3,0) 2 lectures and 1 3-hour lab per week. P: GEOL 1500, 1501; or consent of instructor. Origin, occurrence, movement, quality, regional analysis, and management of ground water. Interrelationship of ground and surface water. Lab emphasis on aquifer test data collection and interpretation.

GEOL Banked Courses

1601. Historical Geology Laboratory (1)
2101. Interpretation of Geologic Maps (1)
3000, 3001. Mineralogy (4,0)
3100, 3101. Petrology (4,0)
3400, 3401. Geologic Field Studies of the Coastal Plain (3,0)
3402. Engineering Geology (3)

4100, 4101. Sedimentation and Stratigraphy (4,0)
5050. Regional Geomorphology of the United States (2)
5250, 5251. Stratigraphy (3,0)
5750, 5751. Introduction to Engineering Geology (3,0)

GERM: GERMAN

1001. German Level I (3) Lab work. Recommended early in college career for BA students and potential GERM majors and minors. First of four-course sequence. Intensive training in basic skills of understanding, speaking, reading, and writing German. Focus on life and culture of German-speaking world.

1002. German Level II (3) Lab work. Recommended early in college career for BA students and potential GERM majors and minors. P: GERM 1001 or placement in 1002 by German placement test. Second of four-course sequence. Further intensive training in basic skills of understanding, speaking, reading, and writing German. Focus on life and culture of German-speaking world.

1003. German Level III (3) Lab work. Recommended early in college career for BA students and potential GERM majors and minors. P: GERM 1002 or placement in 1003 by German placement test. Third of four-course sequence. Intensive training leading to more advanced levels of achievement in understanding, speaking, reading, and writing German. Focus on life and culture of German-speaking world.

1004. German Level IV (3) Lab work may be required. Recommended early in college career for BA students and potential GERM majors and minors. P: GERM 1003 or placement in 1004 by German placement test. Fourth of four-course sequence. Further intensive training leading to intermediate-level proficiency in understanding, speaking, reading, and writing German. Readings and discussions to further acquaint student with life, literature, and culture of German-speaking world.

2210. Intermediate German Composition and Conversation I (3) P: GERM 1004 or consent of dept chair. Intensive development of oral skills for use in everyday situations, vocabulary growth, listening comprehension, and correctness in grammar. Practice in task-oriented compositions and comprehensive review of grammatical forms and usage.

2211. Intermediate German Composition and Conversation II (3) P: GERM 1004. Practice in spoken and written language with emphasis on developing students' writing skills and increasing knowledge of contemporary culture. Makes use of variety of print and multimedia texts, including literature, newspaper, magazines, film, television and world wide web.

2300. Introduction to German Literature (3) (FC:HU) P: GERM 1004. Develop reading skills necessary for understanding genre, concepts of literary structure, and criticism through analysis of selected writings.

2420. Culture of the German-Speaking World (3) (FC:HU) P: GERM 1004 or consent of dept chair. Selected contemporary aspects of cultures of German-speaking world through reading and discussion of selected texts.

2611. Early Experiences for the Prospective Teacher (1) For prospective teachers. Minimum of 16 hours of directed observations and planned participation in appropriate school environments and 8 hours of seminar class instruction in the teaching area. May not count toward BA or minor. Introduces teaching of German.

2700. Special Topics in German Studies (3) P: GERM 1004 or consent of dept chair. Selected topics related to language, literature, culture, or civilization of German-speaking countries. Topics vary.

3110. German Business Communication (3) P: GERM 2210, 2211, 2300, and 2420; or equivalent. Working knowledge of oral and written German as used in business world. Preparation for dealing effectively with business German in the US and abroad.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

416 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

3210. Conversation (3) P: GERM 2210, 2211, 2300, and 2420; or consent of dept chair. Direct and systematic use of spoken language. Intensive approach for developing functional levels of communication in German.

3330. Composition and Advanced Grammar (3) (WI) P: GERM 2210, 2211, 2300 and 2420; or consent of dept chair. Principles of effective writing in German and advanced review of grammar. Emphasis on syntax, forms, and usage.

3340. Civilization of the German-Speaking World (3) (FC:HU) P: GERM 2210 or GERM 2211, 2300, 2420. Survey of cultural development of German-speaking peoples from Germanic tribes to reunification of East and West Germany through reading and discussing significant texts.

3350. Introduction to Translation Studies (3) (WI) For students of all disciplines who expect to do specialized reading or research work in German. P: GERM 2210, 2211, 2300 and 2420; or consent of dept chair. Translating skills from German to English. Emphasis on grammar and style, approaches to vocabulary learning, and decoding difficult structures. Readings from areas of general knowledge.

3520. The German-Speaking World from the Beginning to the Nineteenth Century (3) (FC:HU) P: GERM 2210, 2211, 2300 and 2420, or consent of dept chair. Emphasis on literary masterpieces.

3530. The German-Speaking World of the Nineteenth Century (3) (WI) (FC:HU) P: GERM 2210, 2211, 2300 and 2420, or consent of dept chair. Emphasis on literary masterpieces.

3540. The German-Speaking World from 1900 to 1945 (3) (WI*) (FC:HU) P: GERM 2210, 2211, 2300 and 2420, or consent of dept chair. Emphasis on literary masterpieces.

3550. The Contemporary German-Speaking World (3) (WI) (FC:HU) P: GERM 2210, 2211, 2300 and 2420, or consent of dept chair. Emphasis on literary masterpieces.

3700. Special Topics (3) May be repeated for maximum of 6 s.h. with change of topic. P: GERM 2210, 2211, 2300 and 2420, or consent of instructor. Topics relating to language, literature, culture, or civilization of a German-speaking country. Topics vary.

4350. Phonetics and History of the German Language (3) P: GERM 3210 or consent of dept chair. Introduces Germanic linguistics and history of German language. Emphasis on phonetics of modern German.

4611. Teaching Second Languages in Grades K-12 (5) 5 lectures per week and 10 lab hours per semester. Includes 10 hours of field experience. May not count toward BA or minor. P: Admission to upper division; 18 s.h. above GERM 1004 or consent of instructor. Modern methodologies, techniques and strategies, instructional resources, and evaluation procedures for teaching second languages in grades K-12.

4700. Special Topics in German Studies (3) May be repeated for a maximum of 6 s.h. with change of topic. P: Consent of dept chair. Selected topics relating to the language, literature, culture, or civilization of the German-speaking world. Topics vary.

4880. Internship in German (10) Full-time, semester-long internship. P: Admission to upper division; GERM 2210, 2211, 2420, 3210, 3330; 6 s.h. GERM literature above 2999; 12 s.h. GERM electives above 2999. Observation and supervised internship in assigned German K-12 public school classroom.

4881. Internship Seminar: Issues in German Teaching (1) P: Admission to upper division; C: GERM 4880. Individualized study of problems or issues related to teaching German.

4882, 4883, 4884. Internship for Professions (1,1,1) Supervised internship in appropriate professional setting during junior or senior year of German degree program. P: Consent of dept chair. Fields may include but are not limited to business and industry.

4950, 4951, 4952, 4953, 4954. Directed Readings in German (1 each) P: Consent of dept chair. In-depth exploration of selected aspect of German culture (literature, civilization, etc.).

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.

(FC:EN)=English; (FC:EX)=Exercise and Sport Science; (FC:FA)=Fine Arts; (FC:HL)=Health; (FC:HU)=Humanities; (FC:MA)=Mathematics; (FC:SC)=Science; (FC:SO)=Social Science

SECTION 9: COURSES

4990. Honors (3) P: Minimum 3.5 GPA in German. Independent study under direction of faculty member in student's major area of interest. Research paper required.

5700. Selected Topics (3) May be repeated for maximum of 6 s.h. with change of topic. P: Consent of dept chair. Selected topics relating to language, literature, culture, or civilization of a German-speaking country. Topics vary.

GERM Banked Courses

1050. Introduction to German Lyric Literature (3)

2100. German Conversation (3)

2220. Modern German Drama in Translation: The Theatre in Protest (3)

3400. German Drama (3)

3500. Nineteenth-Century Prose: The Novella (3)

3600. German Poetry (3)

4100. The Modern German Novel (3)

4319. Teaching Foreign Languages in the Middle Grades (3)

4361. German Literature of the Eighteenth Century (3)

4362. The Classic Period (3)

4363. German Romanticism (ca. 1790-ca.1830) (3)

4387. The Baroque Era (ca. 1600-ca. 1750) (3)

GERO: GERONTOLOGY

2400. Introduction to Gerontology (3) (FC:SO) Same as CDFR 2400; SOCW 2400 May count toward either the SOCI major or minor or foundations curriculum social sciences requirement. Current theory and research from interdisciplinary perspective.

5400. Seminar in Aging Studies (3) Same as CDFR 5400; SOCW 5400 Entry point for graduate certificate in gerontology; exit course for undergraduate minor in gerontology. P: Consent of instructor. Topics include historical perspective on aging issues, normal aging and pathology, aging program administration, aging policy development, research in gerontology, rural aging, and aging and ethnicity.

5903. Readings in Aging Studies (3) Same as CDFR 5903; SOCW 5903 May count as 3 s.h. toward baccalaureate minor in GERO or graduate certificate in GERO. P: Consent of instructor and chair of instructor's home unit. Selected readings from monographs or journals. Focus on specialized areas in which student has taken one or more courses in either baccalaureate gerontology minor or graduate gerontology certificate.

GERO Banked Courses

4600, 4601. Practicum in Gerontology (3,3)

5901, 5902. Readings in Aging Studies (1,2)

GRBK: GREAT BOOKS

2000. Introduction to the Great Books (3) (F) (FC:HU) May be repeated once with a change of topic for a maximum of 6 s.h. Moderated discussion featuring close reading of fundamental works of humanities, arts, and sciences. Students make reasoned arguments in class discussions. Content varies by semester's topic, but typically includes selections from thinkers across the ages whose writings have shaped modern thought.

3001. Great Books of Science (3) May not count toward foundations curriculum requirement. May be repeated once with a change of topic for a maximum of 6 s.h. Founding texts of the origins, development, and implications of science and scientific thought from the Greeks to the present.

4000. Seminar in the Great Books (3) (S) (FC:HU) May be repeated once with a change of topic for a maximum of 6 s.h. P: GRBK 2000 or consent of instructor. Seminar featuring close reading of fundamental works of humanities, arts, and sciences. Students will make reasoned arguments in class discussions. Content will typically include selections from thinkers across the ages whose writings have shaped modern thought.

4999. Thesis in the Great Books (3) (F,S) (WI) (FC:HU) May include supervised readings as appropriate to topic and student. Capstone experience supervised by faculty mentor. Paper or idea from earlier course work developed into complete thesis.

GRK: GREEK

1001. Ancient Greek Level I (3) First of two-course sequence. Training in principles of Greek grammar. Emphasis on reading skills. Correct pronunciation taught, but no other oral skills required. All communication in English.

1002. Ancient Greek Level II (3) P: GRK 1001 or consent of instructor. Second of two-course sequence. Completion of basic skills of Greek grammar. Elementary readings introduced and adjusted to student's level.

1003. Ancient Greek Level III (3) P: GRK 1002 or consent of instructor. Intensive review and application of basic skills of grammar acquired in GRK 1001-1002. Development of reading skills through works of major authors such as Plato, Xenophon, or Lysias.

1004. Ancient Greek Level IV (3) P: GRK 1003 or consent of instructor. Continued development of reading skills. Introduction to critical approaches to literature. Readings in poetry from plays of Euripides.

3001. Homer and Hesiod (3) (FC:HU) Formerly GRK 2021 P: GRK 1004 or consent of instructor. Readings in ancient Greek from Homer's *Iliad* and *Odyssey* and from Hesiod's *Works and Days* and *Theogony*.

3002. Age of Herodotus (3) (FC:HU) Formerly GRK 2022 P: GRK 3001 or consent of instructor. Readings in ancient Greek from Herodotus' *Histories*, the plays of Sophocles and Aristophanes, and from Dialogues of Plato.

3330. Greek Prose Composition (3) RP: GRK 3001. Advanced instruction in Classical Greek grammar and style through daily translation from English into Classical Greek.

3700. Selected Topics in Ancient Greek (3) P: GRK 3001 or consent of Instructor. May be repeated for a maximum of 6 s.h. with change of topic. Selected topics relating to Classical Greek texts of the literature, culture, or civilization of the ancient Mediterranean world.

4001. Athenian Drama (3) (FC:HU) P: GRK 3002 or consent of instructor. Readings in Ancient Greek from the tragedies of Aeschylus, Sophocles and Euripides, and the comedies of Aristophanes and Menander.

4002. Classical Greek Prose Authors (3) (FC:HU) P: GRK 4001 or consent of instructor. Readings in Ancient Greek oratory, history and philosophy.

4521, 4522, 4523. Directed Readings in Greek (1,2,3) May be repeated. P: Consent of instructor. In-depth exploration of selected aspect of Greek culture (literature, civilization, etc.).

HIED: HISTORY EDUCATION

2123. Early Experiences for the Prospective Teacher (1) (F,S) For prospective teachers. Minimum of 16 hours of directed observations and planned participation in appropriate school environments and 8 hours of seminar class instruction in the teaching area. May not count toward BA major or minor. P: 6 s.h. in HIST and 6 s.h. in other social sciences. Introduction to teaching of history and social studies.

4319. Teaching Social Studies in the Middle Grades (3) (F) 10 to 12 hours of field experience. May not count toward BA or BS in HIST major or minor. P: Admission to upper division; 18 s.h. in social sciences; EDUC 3200; MIDG 3001, 3010, 3022; or consent of instructor; C: MIDG 4001, 4010; ENED or MIDG or SCIE 4319; or consent of instructor. Teaching strategies, instructional resources, and evaluation procedures for teaching social studies in middle grades.

4323. The Teaching of Social Studies in High School (3) (F) P: Admission to upper division. May not count toward BA major or minor. Materials and basic teaching strategies employed in high school social studies classroom.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.

4324. Internship in History and Social Studies (10) (S) Full-time, semester-long internship. Application must be filed one year in advance. P: Admission to upper division; C: HIED 4325. Placement in school under direction of a clinical teacher and university supervisor.

4325. Internship Seminar: Issues in Social Studies Education (0) (S) P: Admission to upper division; C: HIED 4324. Individualized study of problems or issues related to social studies education.

HIMA: HEALTH INFORMATION MANAGEMENT

2000. Introduction to Health Information Management (2) (F) Introduction to the profession.

3000. Medical Terminology for Health Professionals (2) (F,S,SS) Interdisciplinary study providing solid foundation in medical terminology for effective communication in health care industry. Focus on analyzing, constructing, and defining medical terms. Includes diseases, symptoms, and signs of disease; diagnostic and clinical procedures; and treatment modalities.

3032. Record Documentation Systems (3) (S) P: HIMA major; HIMA 3120. Origin, content, and format of health records across the continuum of care.

3090. Professional Practice Experience I (1) (S) Supervised learning experience. Students expected to provide personal transportation to field site when necessary. P/C: HIMA 3120, 3142. Overview of technical activities in health information services departments to strengthen student's competence in didactic information related to acute care setting.

3113. Applied Medical Sciences I (3) (F) Formerly HIMA 3013 P: BIOL 2130, 2131. First of two-semester sequence. Integrated study of pathophysiology, diagnostic and treatment modalities utilized in clinical medical practice, and pharmacology.

3118. Applied Medical Sciences II (3) (S) Formerly HIMA 3018 P: HIMA 3113. Continuation of HIMA 3113.

3120. Health Care Delivery Systems (3) (F) Formerly HIMA 3020 P: HSMA 2000, P/C: HSMA 3030. Continuum of care in health industry. Historical development and future trends, organizational structure, regulatory and accrediting bodies, multicultural issues, and policy formulation.

3142. Diagnostic and Procedural Coding (3) (S,SS) Formerly HIMA 3041, 3046 P/C: HIMA major; BIOL 2130, 2131; HIMA 3118. Coding of diseases and procedures by *International Classification of Diseases*.

3148. Health Service Coding (3) (F) Formerly HIMA 3048 P: HIMA 3120, 3142. Coding services and procedures by *Healthcare Common Procedural Coding System* and for reimbursement.

4000. Professional Practice Experience II (1) (F) Supervised learning experiences. Students expected to provide personal transportation to field site when necessary. P: HIMA 3090. Continuation of HIMA 3090.

4030. Quality Management in Health Care (3) (S) P: HIMA 3113, 3120; or consent of instructor. Applies quality management principles across continuum of care.

4075. Applied Health Services Research (3) (WI) (F) P: BIOS 1500; HIMA 3120. Develops the skills required to formulate a research question, model, review literature, and write up research results in a health care context. Uses skills acquired in prerequisite statistics course to collect, code, and analyze data.

4081, 4082, 4083. Directed Independent Project (1,2,3) (F,S,SS) Hours vary by project. May be repeated for maximum of 6 s.h. with change of topic. P: HIMA major; consent of instructor. Selected project on new and advanced issue in health information practice. May include readings, research, or field work.

4138. Health Data Structures (3) (S) Formerly HIMA 3038 P: HIMA 3120. Technical standards for health data structures. Emphasis on knowledge representation and content for computer-based health records systems.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

420 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

4153. Management of Health Information Services Department (3) (WI) Formerly HIMA 4052, 4057 P: HSMA 3030, 3035, 3050, 4055. Theoretical and practical applications of managerial functions of planning, organizing, and controlling health information services department. Emphasis on solving complex departmental problems.

4160. Concepts in Health Information Technology (3) (F) Formerly HIMA 4060 P: ASIP 2112 or MIS 2223; HIMA 3090. Major concepts of computer hardware, architecture, operating systems, and application software. Introduces data and databases. Reinforces ability to use selected general purpose microcomputer applications.

4165. Health Information Systems (3) (S) Formerly HIMA 4065 P: HIMA 4160. Role of computers in gathering, recording, interpreting, and transmitting health care data. Applies data and database concepts to information systems in health care.

5060. Health Informatics (3) (S) P: Consent of instructor. Informatics in health care delivery systems with focus on the clinical, public health, and consumer aspects.

HIST: HISTORY

1030. World Civilizations to 1500 (3) (WI*) (F,S,SS) (FC:SO) May receive credit for one of HIST 1030, 1552. Evolution of world civilizations from prehistory to 1500.

1031. World Civilizations Since 1500 (3) (WI*) (F,S,SS) (FC:SO) May receive credit for one of HIST 1031, 1553. World civilizations since 1500 and their economic, social, cultural, and political development.

1050. American History to 1877 (3) (WI*) (F,S,SS) (FC:SO) May receive credit for one of HIST 1050, 1550. History of US from discovery of America in 1492 to end of Reconstruction.

1051. American History Since 1877 (3) (WI*) (F,S,SS) (FC:SO) May receive credit for one of HIST 1051, 1551. History of US from Reconstruction to present.

1550. Honors, American History to 1877 (3) (F) (FC:SO) May receive credit for one of HIST 1050, 1550. P: By invitation or consent of instructor. History of US from discovery of America in 1492 to end of Reconstruction.

ICEE: INTEGRATED COLLABORATIVE ENGINEERING ENVIRONMENT CORE

1002. Fundamentals of Engineering Practice (5) (F,S) 5 lecture hours per week. P: Consent of instructor. Introduction to the engineering profession. Topics include mathematical modeling, functions and graphs, trigonometry, vector geometry, systems of equations and analytical geometry.

1010. Integrated Collaborative Engineering I (6) (F) 4 lecture and 4 lab hours per week. C: MATH 1083. Introduces engineering profession and basic tools and concepts of engineering. Team taught, providing immersive and hands-on experience in engineering practice areas, including graphics, professional practice, environmental issues, systems thinking, and basic concepts in machinery, controls, digital circuits, and data analysis.

1012. Engineering Graphics (2) (S) 1 lecture and 2 lab hours per week. C: MATH 1083 or higher. Engineering graphics in a professional engineering context, including sketching and working drawings, multiple views, sections, solid modeling software, drawing standards, tolerancing, and dimensioning.

1014. Introduction to Engineering (3) (F) 1 lecture and 4 lab hours per week. C: MATH 1083 or higher. Engineering profession and basic tools and concepts of engineering, providing immersive and hands-on experience in engineering practice areas, including professional practice, systems thinking, and basics concepts in machinery, controls, digital circuits, and data analysis.

1020. Integrated Collaborative Engineering II (6) (S) 4 lecture and 4 lab hours per week. P: ICEE 1010. C: MATH 2151. Basic engineering concepts of project analysis and business planning for engineering entrepreneurship. Tools of design analysis involving static forces, stress, shear, torsion and moments. Lab covers use of spreadsheets to evaluate engineering alternatives and mathematical analytical software plus analysis of engineering materials, including tests of stress, fastening methods, and fabrication.

2010. Integrated Collaborative Engineering III (4) (F) 3 lecture and 2 lab hours per week. P: ICEE 1020. C: MATH 2151; PHYS 2350. Covers advanced topics in engineering fundamentals in particle and rigid body dynamics. Lab covers applications of engineering software to analyze engineering problems.

2020. Integrated Collaborative Engineering IV (4) (S) 3 lecture and 2 lab hours per week. P: ICEE 2010. C: PHYS 2360. Covers advanced engineering fundamentals, analysis, and design of electrical circuits including amplification, resonance, and three phase power distribution. Lab covers design of electrical circuits, including use of electrical instrumentation.

2022. Statics (3) (S) 3 lecture hours per week. P: PHYS 2350. Analysis of equilibrium of particles, addition and resolution of forces, equivalent system of forces, equilibrium of rigid bodies, centroid and moment of inertia, structural analysis, internal forces, friction, and virtual work.

2050. Computer Applications in Engineering (3) (S) 2 lecture and 2 lab hours per week. P: ICEE 1012. Application of modern programming tools and languages to solve engineering problems.

2070. Materials and Processes (3) (S) 3 lecture hours per week. P: CHEM 1510, 1511. Study of the materials used in engineering and related manufacturing processes. Materials topics include the atomic structure of materials, alloys, phase diagrams, and heat treatment. Manufacturing processes include casting, forming, machining, and joining processes.

3004. Dynamics (3) (F) 2 lecture hours and 2 lab hours per week. P: ICEE 2022; MATH 2153. Fundamental topics in particle and rigid body dynamics. Planar kinematics of a particle. Planar kinetics of a particle: force and acceleration, work and energy, and impulse and momentum. Planar kinematics of a rigid body.

3010. Engineering Systems and Problems Solutions (3) (F) P: ICEE 2020. Explores systems approach to design, analysis, and engineering of thermal and fluid systems using mathematical and software tools.

3012. Thermal and Fluid Systems (4) (S) 3 lecture and 2 lab hours per week. P: ICEE 3004. Explores systems approach to design, analysis, and engineering of thermal and fluid systems using mathematical and software tools.

SECTION 9: COURSES

3014. Circuit Analysis (3) (F) 2 hours lecture and 2 hours lab per week. P: MATH 2154; PHYS 2360. Electrical and electronic engineering concepts, theory, and methods. Includes electric circuit analysis, electro mechanics, and electrical instrumentation systems.

3020. Information Systems Engineering (3) (S) P: ICEE 3010. Fundamental knowledge of information systems, including formal systems and models. Use of data, information, and knowledge in organizations, information lifecycle; collection, storage, processing, retrieval, delivery; and overview of the various components of an information infrastructure. Includes computing platforms, software architectures, and telecommunications networks. Introduces integration and acquisition of information for decision-making using information technology.

3024. Mechanics of Materials (3) (WI) (F) 2 hours lecture and 2 hours lab per week. P: ICEE 2020, 2070. Behavior of deformable bodies subjected to axial loading, torsion, and bending. Includes stress-strain relations, elastic deflections of beams, effects of combined loading, buckling of slender columns, and failure criteria for ductile and brittle materials.

3050. Sensors, Measurement, and Controls (3) (S) 2 hours lecture and 2 hours lab per week. P: ICEE 3014. Fundamental concepts of measurement and instrumentation at the system level. Measurement systems cover non-electrical parameters measurement, data acquisition, and signal conditioning. Controls systems cover application of mathematical and analytical tools to model, analyze, and design automated feedback control systems for dynamic processes.

3060. System Optimization (3) (F) P: MATH 3100, 3307. Introduces mathematical tools applied to system optimization, including problem formulation, identification of decision variables, use of graphical methods, linear programming, concepts of duality, and sensitivity analysis. Applications include transportation, network analysis, project management and other engineering areas.

3100. Internship in Engineering (I) (WI) (F, S, SS) P: Consent of instructor. Minimum of 150 hours of supervised work or project experience in engineering. May include industry or service learning activities and be repeated for credit as a technical elective.

3300. Introduction to Engineering Project Management (3) (F) 3 lecture hours per week. P: ENGL 1200; ICEE 1014. System needs and analysis identification, functional requirements analysis, project timelines, network analysis, and system development progress metrics.

3400. Engineering Economics (3) (WI) (S) 3 lecture hours per week. P: MATH 3307. Analysis of cash flows including cost, revenue, and benefits that occur at different times. Evaluation of engineering projects using equivalent worth, benefit-cost, and rate of return including impact of depreciation, taxes, and statistical risk.

3901, 3902, 3903. Undergraduate Research in Engineering (I,2,3) (F,S) P: Consent of instructor and chair. May be repeated for credit as a technical elective. Study of an experimental or theoretical area involving engineering analysis and design. Demonstrates depth of analysis and study beyond scope of existing courses.

4000. Quality Systems Design (3) (S) 3 lecture hours per week. P: MATH 3307. Analytical procedures associated with Statistical Quality and Process Control. Includes design of experiments, and system approaches to maintenance and improvement of process quality.

4010. Senior Capstone Design Project I (2) (WI) (F) 1 lecture and 2 lab hours per week. P: Consent of instructor. Senior capstone course involves open-ended design project, exposing students to practice of engineering design and problem solving. Emphasis on real problems and working with real clients. Students required to visit facilities, interact with client employees, determine on-site data measurement strategies, and perform any necessary literature search. Develop proposal for project to be performed in ICEE 4020.

4020. Senior Capstone Design Project II (2) (WI) (S) P: ICEE 4010. Senior capstone course involves open-ended design project, exposing students to practice of engineering design and problem solving. Emphasis on real problems and working with real clients. Students required to visit facilities, interact with client employees, determine on-site data measurement strategies and perform any necessary literature search. Perform and complete project proposed in ICEE 4010.

4501, 4502, 4503. Special Topics in Engineering (1,2,3) (F,S) P: Consent of instructor; May be repeated for credit as a technical elective. Course builds upon knowledge gained from the core engineering or specialization curriculum. Topics typically focus on advanced or emerging area, which will equip graduates with specialized knowledge to improve performance in analysis, synthesis, and design.

ICTN: INFORMATION AND COMPUTER TECHNOLOGY

1500, 1501. PC Hardware (3,0) (F,S) Must be taken concurrently. 2 lecture and 2 lab hours per week. Hardware components of PCs and BIOS and operating system options needed to support those components. Topics include interface standards, component configuration, and troubleshooting.

2000. Introduction to Telecommunications (3) (F) Includes computer networking. Broad view of technology and application in information technology industry.

2154, 2155. Digital Communication Systems (3,0) (F,S) Must be taken concurrently. 2 lecture and 2 lab hours per week. P: ICTN 1500; RP/C:ICTN 2000. Introduces local-area and wide-area networks. Provides basic understanding of network concepts and router programming.

2158, 2159. Computer Networking Technology (3,0) (F,S) Must be taken concurrently. 2 lecture and 2 lab hours per week. P: ICTN 2154. Advanced study of local-area and wide-area networks. Develops competence in designing and implementing enterprise-wide campus network using routers and switches.

2510, 2511. Network Environment I (3,0) (F) Must be taken concurrently. 2 lecture and 2 lab hours per week. P: ICTN 1500. Network management using various NOS products. Topics include NOS setup, network resource management, user and group management, and security model.

2530, 2531. Network Environment II (3,0) (F,S) Formerly ICTN 3530, 3501 Must be taken concurrently. 2 lecture and 2 lab hours per week. P: ICTN 1500. Network management using various products such as Linux and Solaris, including NOS setup, network resource management, user and group management, and security model.

2732. Scripting for Information Technology (3) (S) P: ITEC 2000; P/C: ICTN 2530. Introduction of scripting for information technology applications.

2900,2901. Fundamental Network Security (3,0) (F) Must be taken concurrently. 2 lecture and 2 lab hours per week. P: ICTN 2154. Computer network and information security principles, devices, and applications.

3250, 3251. Internetwork Routing Technology (3,0) (F) Must be taken concurrently. 2 lecture and 2 lab hours per week. P: Current CCNA certification. Advanced network routing technology in industry. Topics include routing protocols and technology, network performance consideration, and traffic control over LAN and WAN.

3540, 3541. Network Environment III (3,0) (F) Must be taken concurrently. 2 lecture and 2 lab hours per week. P: 2530. Enterprise system administration using mixed vendor network operating systems, such as Linux and Microsoft. Topics include integrating networking services such as network file systems, enterprise printing administration, remote administration, and host and network security issues.

3900, 3901. Web Services Management (3,0) (F) 2 lecture and 2 lab hours per week. P: ICTN 2510, 2530. Current technologies that provide web services and management for organizations. Topics include web content development, web server installation and configuration, database integration, and security issues.

4000. Network Internship (3) (F,S,SS) Minimum of 120 contact hours at internship site. P: Junior standing; ICTN major. Educational collaboration between business and industry and ECU, linking theoretical and lab practice with real-world applications. Proposal, fully describing planned activities, developed around student's educational goals and objectives.

SECTION 9: COURSES

4010, 4011. User Application Management and Emerging Technologies (3,0) (F) 2 lecture and 2 lab hours per week. P: ICTN 2530. Emerging technologies that provide flexible and secure access to enterprise information resources. Topics include wireless and WLAN technology, broadband Internet connection, storage area networks, data warehousing/mining, application support for enterprise network.

4020. Senior Information and Computer Technology Capstone Design Project I (I) (WI) (F) 1 lecture hour per week. P: Senior standing, IDIS 3790, ITEC 3290, 3300; ICTN major. Open-ended design project, exposing students to practice of information and computer technology. Development of proposal for ICTN 4022 project.

4022. Senior Information and Computer Technology Capstone Design Project II (2) (WI) (S) 2 lecture hours per week. P: ICTN 4020. Open-ended design project, exposing students to practice of information and computer technology. Completion of project proposed in ICTN 4020.

4040. Communication Security (3) (S) P: Senior standing and ICTN 2154, 2530. Practical and comprehensive survey of network-based and Internet-based security applications and standards. Includes cryptography, encryption, hash functions, digital signatures, key exchanges, and security applications.

4064. Regulations and Policies (3) (S) P/C: FINA 2244; P: ICTN 2000, 2530. Government and industry regulations and policies applied to information technology industry. Broad view of impact and effectiveness of regulations and policies.

4150, 4151. Switching Network Technology (3,0) (F) Must be taken concurrently. 2 lecture and 2 lab hours per week. P: Current CCNA certification. Concepts and technology used to interconnect multiple LANs. Covers advanced switching technology and applications.

4200, 4201. Intrusion Detection Technologies (3,0) (F) Must be taken concurrently. 2 lecture and 2 lab hours per week. P: ICTN 2530, 2900. Computer network intrusion detection principles, devices, and applications.

4250, 4251. Enterprise Network Technology (3,0) (S) Must be taken concurrently. 2 lecture and 2 lab hours per week. P: Current CCNA certification. Designs and implementation of enterprise network system in industrial environment. Includes designing and planning processes, technology and trend, network and system analysis, skill assessment and technical training, and corporate policies.

4501, 4503, 4505. Laboratory Problems (1,2,3) 2 lab hours per week for 4501; 4 lab hours per week for 4503, 6 lab hours per week for 4505. May be repeated for credit with consent of dept chair. P: Consent of instructor. Independent study of concepts, processes, tools, and/or materials in the field of Information and Computer Technology.

4592, 4593. Optimizing Converged Networks (3,0) (S) Must be taken concurrently. 2 lecture and 2 lab hours per week. P: Current CCNA certification. Optimizing and providing effective QoS techniques for converged networks, including implementing a VoIP network, QoS, wireless security, and basic wireless management.

4600, 4601. Enterprise Information Technology Management (3,0) (S) P: ICTN 2154, 2540. Capstone course with case studies on various issues about enterprise IT management. Students work on projects that address these issues.

4800, 4801. Information Assurance Technologies (3,0) (F) Must be taken concurrently. 2 lecture and 2 lab hours per week. P: ICTN 2530, 2900. Information assurance principles, devices, and applications. Emphasis on problems relating to systems of varied operations system technologies and computer networking technologies.

IDIS: INDUSTRIAL DISTRIBUTION AND LOGISTICS

2771. Introduction to Distribution and Logistics (3) (F,S) Overview of all aspects of the Distribution and Logistics industry. Includes sales and marketing techniques, supply chain issues, inventory control methods and case studies.

3780, 3781. Warehousing and Materials Handling (3,0) (F,S) 2 lecture and 2 lab hours per week. P: IDIS 2771. Warehousing operations and management, logistics, control, productivity, and analytical tools and techniques used to analyze and solve problems related to warehouse profitability.

3785. Global Logistics (3) (F) P: IDIS 2771, 3815. Evaluation of the complexities of the international environment and logistical infrastructure on supply chain performance. Covers inbound and outbound logistics including sourcing, inventory control, packaging, 3PL, shipping, warehousing, distribution, Incoterms, documentation, customs, and global entry strategy.

3790. Technical Presentations (3) (F,S) P: ITEC 2000 or MIS 2223. Investigation and utilization of tools, techniques, and technical systems for transmitting information related to problems and issues of contemporary industry.

3795, 3796. Distributor Sales and Branch Management (3,0) (F,S) 2 lecture and 2 lab hours per week. P: IDIS 2771. Role of the industrial distributor salesperson in the supply chain. Discussion of branch management issues are also analyzed. SME Distributor Sales Certification Test required.

3800. Transportation Logistics (3) (S) P: IDIS 2771. Comprehensive examination of critical issues involved in domestic and international transportation, including logistical network design, third party selection, transportation regulations, shipment planning, and routing and scheduling.

3805. Purchasing Logistics (3) (F,S) P: IDIS 2771. Comprehensive examination of the critical role of purchasing in supporting logistics strategy. Topics include supplier selection, product delivery, inventory management, application of technology, financial impact of purchasing, cost analysis, purchasing of transportation services, and negotiations.

3815. Supply Chain Logistics (3) (F,S) P: IDIS 2771. Evaluates supply chain and its effects in logistics. Covers concepts and strategies used to design and manage supply chain, and explains relationship proper supply chain management has between industrial sales and logistics.

3825. Strategic Pricing for Distributors (3) (F) P: ACCT 2101; IDIS 2771. Examination of pricing in the distribution industry and pricing strategy as a competitive advantage. Covers breakeven cost analysis, value-based pricing, life-cycle pricing, segmented pricing, dynamic pricing, and channel strategy.

3830. ERP Systems for Distributors (3) (F,S) P: IDIS 3780, 3781, 3815. Provides in-depth understanding of Enterprise Resource Planning, as well as application of case studies and exercises of an ERP software information system as it relates to the supply chain, distribution and logistics.

3835. Security and Risk Analysis for Distributors (3) (S) P: IDIS 3815. Logistical issues involving laws and regulations internationally and in the United States. Includes safety and security issues involved in logistics. Risk assessment techniques and issues are also explored.

4502. Laboratory Problems: Industrial Distribution (3) (F,S) P: Consent of instructor. Independent study of industrial distribution systems, processes, and concepts.

4504. Independent Study: Industrial Distribution (3) (F,S) P: Consent of instructor. Research-oriented problem solving with tools, materials, and processes of industrial distribution field.

4800. Distribution and Logistics Capstone (3) (F,S) P: Junior standing; IDIS 3790, ITEC 3290, 3300; IDIS major. Capstone course involving a design project exposing students to the practice of distribution and logistics. Minimum of 240 hours of supervised, full-or-part-time work experience required.

SECTION 9: COURSES

4802. Distribution Research (3) (F,S) P: IDIS 4800; senior standing. Capstone course for all industrial distribution seniors. Application of new and innovative technologies used in industrial technology, industrial distribution, and logistics fields.

IDIS Banked Courses

IDIS 2775. Blueprint Reading and Sketching (3)

IDSN: INTERIOR DESIGN

I 180. Interior Design Fundamentals (3) Formerly IDMR I 180 Principles of interior design, design process, and organization of design industry. Spatial planning, interior materials and elements, and design in residential and commercial interiors. Implications of social, psychological, and cultural influences on design and function of interior spaces. Relationship between human factors and social responsibility.

I 181. Interior Design Fundamentals Laboratory (3) Formerly IDMR I 181 6 lab hours per week. C: IDSN I 180. Application of elements and principles of design as they affect environment.

I 281. Interior Design Graphics (3) 6 lab hours per week. P: IDSN I 180, I 181. Basic skills and theory of manual graphics. Application of visual communication techniques in interior design.

I 500. Color in Interiors: Theory and Application (3) Formerly IDMR I 500 6 lab hours per week. P: IDSN I 180, I 181. Intermediate study of color in interior design. Emphasis on color theories and systems, color interaction, psychological effects of color, and practical applications.

2040. Textiles for Interiors (3) Formerly IDMR 2040 P: Merchandising majors; C: MRCH 2035. Textile products and fabrics for interiors. Emphasis on selection, performance, and care of interior textiles.

2700. Historic Interiors I: 3000 BC Through Mid-Nineteenth Century (3) (WI) Formerly IDMR 2700 Major styles of interiors from 3000 BC through mid-nineteenth century. Emphasis on influences and characteristics of styles in Italy, France, England, and North America.

2750. Historic Interiors II: Late Nineteenth and Twentieth Centuries (3) (WI) Formerly IDMR 2750 Major styles of interiors of late nineteenth and twentieth centuries. Emphasis on design movements, furniture and interior designers, manufacturers, and products, both nationally and internationally.

2800. Interior Design I: Residential Design (3) Formerly IDMR 2501 6 lab hours per week. P: IDSN I 281, I 500. Understanding of volumetric spatial solutions expressed through traditional design drafting, model making and various graphic presentation techniques. Fundamentals of residential building structures and systems. Introduction to programming interior space through needs assessments, and adjacency requirements. Implications of social, cultural and psychological influences on function, aesthetics and space planning of interior spaces. Application and analysis of graphic presentation techniques in communicating spatial planning, systems, and design.

2850. Interior Design II: Commercial Design (3) Formerly IDMR 2601 6 lab hours per week. P: IDSN 2800. Fundamentals of spatial planning, building structure, and design. Implications of social and psychological influences on design, needs assessment, and function of interior spaces. Application and analysis of graphic presentation techniques in communicating spatial planning and design in nonresidential spaces.

3001, 3002, 3003. Special Topics (1,2,3) (3003:WI) Formerly IDMR 3001, 3002, 3003 May be repeated for credit with change of topic. P: Consent of instructor; may vary by topic offered. Special topics in selected areas of interior design. Variable titles, content, and hours.

3550. Materials and Specifications for Interior Design (3) Formerly IDMR 3550 P: IDSN 2040; junior standing; IDMR majors. Building materials and interior finishes. Emphasis on product knowledge, application, maintenance, and specification techniques.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

3600. Interior Design III: Systems (3) Formerly IDMR 3600 6 lab hours per week. P: DESN 3030, 3031; junior standing; interior design major. Fundamental principles of energy-driven systems as in residential and commercial interiors. Development of graphic presentation techniques.

3650. Kitchen and Bath Design (3) Formerly IDMR 3650 1 lecture and 4 lab hours per week. P: IDSN 3550, 3600. Fundamentals of kitchen and bath design. Emphasis on design detailing, ergonomics considerations, and universal design criteria. Client project required.

3700. Computer Aided Design in Interior Design (3) Formerly IDMR 3700 6 lab hours per week. P: DESN 3030, 3031; junior standing; interior design major. Application of graphic presentation techniques using computer drafting programs. Problems in orthographic and three-dimensional forms in both residential and commercial interiors.

3999. Professional Procedures in Interior Design (2) Formerly IDMR 3999 P/C: Interior design major; COMM 2410 or 2420; all required major courses below the 4000 level. Interior design profession and support industries. Business practices such as documentation, contracting, subcontracting, bidding, and management of interior design services.

4001, 4002, 4003. Independent Study: Interior Design (1,2,3) Formerly IDMR 4001, 4002, 4003 P: Junior standing. Problems in interior design.

4500, 4501. Interior Design IV and Laboratory: Universal Design (1,2) Formerly IDMR 4500, 4501 1 classroom and 4 lab hours per week P: IDSN 3600, 3700; DESN 3030; C for 4500: IDSN 4501; C for 4501: IDSN 4500. Barrier-free interior design for all populations. Emphasis on physical aspects of the near environment which contribute to safety, comfort, and convenience. Barrier free space planning for all populations. Development of graphic presentation techniques.

4600, 4601. Interior Design V and Laboratory: Commercial Design (1,2) (4600:WI) Formerly IDMR 4600, 4601 1 classroom and 4 lab hours per week. P: IDSN 3600, 3700; C for 4600: IDSN 4601; C for 4601: IDSN 4600. Theories and principles of space programming applied to commercial interior design. Commercial codes and products for interiors. Planning for commercial interiors based on space programming. Specification of commercial interior products. Development of graphic presentation techniques.

4650. Advanced Computer-Aided Design (3) Formerly IDMR 4650 P: IDSN 3700; 4500, 4501, or consent of instructor. Advanced computer drafting of interior environments using two- and three-dimension and animated computer presentation. Commercial, institutional, and residential interior design problems are incorporated into course requirements.

4700. Problems in Interiors (3) Formerly IDMR 4700 6 lab hours per week. May be repeated for a maximum 6 s.h. P: IDSN 3600, 3700. Comprehensive design process as applied to development of residential or commercial interior design problem. Development of graphic presentation techniques.

4750. Interior Design for Adaptive Reuse (3) (WI) Formerly IDMR 4750 6 lab hours per week. P: IDSN 3600, 3700. Synthesis of interior design knowledge and application to redesign of existing structures for contemporary use.

4880. Interior Design Internship (3) Formerly IDMR 4880 200 work hours. P: IDSN 3999; senior interior design major; consent of instructor. Work experience involving application of interior design knowledge and skills under direction of professional interior designer.

IENG: INDUSTRIAL ENGINEERING TECHNOLOGY

2020, 2021. Materials and Processes Technology (3,0) (WI*) (F,S) P: ITEC 2000 or DSCI 2223. Factors which influence the production and modification of materials into useful forms. Various manufacturing processes and machinery used to convert raw materials into finished products. Hands on experience with materials and processes used in industry.

2076, 2077. Introduction to Computer Numerical Control (CNC) (3,0) (F,S) 2 hours lecture and 2 hours lab per week. P: DESN 2034. Review of fundamental manual programming for numerical control machines. Topics include CNC machine types, controls, safety, and coordinate measuring systems; CNC speed and feed calculations, tooling and fixturing; and programming CNC mills and lathes; computer controlled laser cutting and engraving. Self-paced. Hands-on experience with CNC machines and simulations in virtual reality.

3020, 3021. Robotics in Computer Integrated Manufacturing (3,0) (S) 2 lecture and 2 lab hours per week. P: IENG 2076; ITEC 2090. Students will learn how to build, program, and integrate robots into computer integrated manufacturing (CIM) processes in an hands-on manner.

3300. Plant Layout and Materials Handling (3) (F) P: IENG 2020. Examines integrated plant layout and materials handling approaches. Covers simulation as an analytical tool.

3600. Statics and Strength of Materials (3) (F) P: IENG 2020; MATH 2119. Statics including vectors, moments, equilibrium of structures, centroids and moments of inertia. Strength of materials including basic stresses and deformations; beam diagrams, flexure and shear.

4020. Manufacturing System Planning (3) (F) P: ITEC 3200; MATH 2119. Introduction to manufacturing planning including system concepts such as strategy, product design, learning curves, forecasting, aggregate planning, stochastic inventory control, reliability models, linear programming, and scheduling.

4023. Advanced Manufacturing Systems (3) (S) P: IENG 3300. Design of advanced manufacturing systems through the incorporation of lean manufacturing techniques, value stream mapping, lean business processes, kaizen, visual workplace organization, total productive maintenance, setup reduction, poke yoke, lean accounting and theory of constraints.

4092. Operations Research (3) (S) P: IENG 3300; MATH 2119. Application of operations research models to industrial engineering problems. Linear programming, sensitivity analysis, transportation models, network models, queuing models, dynamic programming, game theory and simulation.

4200. Work Methods and Ergonomics Analysis (3) (S) P: IENG 4020. Work methods and study of work measurement systems. Principles of motion study, work simplification, and work measurement by direct and predetermined motion-time systems.

4401, 4402, 4403. Independent Study: Industrial Engineering Technology (1, 2, 3) P: Consent of instructor. Special topics in selected areas of Industrial Engineering Technology. Exploration and research in personal areas of interest.

4502. Laboratory Problems: Production (3) (F,S) 6 lab hours per week. Independent study of industrial manufacturing systems, processes, and concepts.

4507. Laboratory Problems: Metals (3) 6 lab hours per week. P: IENG 2076. In-depth and independent study of concepts and/or processes of metals, tools, and materials. Emphasis on lab work.

4900. Capstone (3) (F,S) P: Senior standing. Hands-on industrial project. Teams of students will work directly with individual clients or organizations to improve their processes through the implementation of industrial engineering technology principles and tools.

5504. Independent Study: Manufacturing (3) May be repeated for credit with consent of chair. P: Consent of instructor. Research-oriented problem solving with tools, materials, and processes of manufacturing industries.

IPAM: INDIGENOUS PEOPLES OF THE AMERICAS

4000. Indigenous Peoples of the Americas Seminar (3) P: Consent of instructor. Interdisciplinary capstone course required for minors in indigenous peoples of the Americas. Advanced students explore selected aspects of land, culture, arts, prehistory and history of the indigenous peoples of North, Central, and South America.

IRHE: INTERDISCIPLINARY RURAL HEALTH EDUCATION

2000. Introduction to Rural Health Care Teams (3) (WI) May not count toward foundations curriculum requirement. P: HLTH 1000 or consent of instructor. Provides foundation of knowledge about rural health care teams. Develop knowledge and skills for effective communications with patients and health care professionals. Review health issues in rural environments.

2100. Rural Health Immersion (3) (WI) 1 lecture hour per week and 80 hours immersion in rural community sites. P/C: IRHE 2000 or consent of instructor. Intensive immersion experience with rural health care teams; apply knowledge and skills for effective communications with patients and health care professionals; and review health issues in rural environments.

2500. Service Learning in Interdisciplinary Teams (3) (WI) (F, S, SS) 1 lecture hour per week and 48 hours of service throughout the semester. Active, collaborative, inquiry-based learning experiences that meet identified rural community needs.

3100,3101,3102. Independent Study (1,2,3) (3100: WI) P: Permission of instructor. Supervised learning experience of a concentrated community immersion or an individual topic of study which is reported in writing as well as orally. Student responsible for transportation as applicable.

3500. Designing Interdisciplinary Rural Health Environments (3) (WI) (S) Application of knowledge of interdisciplinary rural health teams and rural environments to the design of rural interdisciplinary health care.

ITAL: ITALIAN

1001. Italian Level I (3) Lab work. May not count toward foreign language requirement. First of two-course sequence. Intensive training in basic skills of understanding, speaking, reading, and writing Italian. Focus on life and culture of Italy.

1002. Italian Level II (3) Lab work. May not count toward foreign language requirement. P: ITAL 1001. Second of two-course sequence. Further intensive training in basic skills of understanding, speaking, reading, and writing Italian. Focus on life and culture of Italy.

1003. Intermediate Italian I (3) Lab work. P: ITAL 1002 or equivalent. Emphasis on Italian reading ability, civilization, and Italy's most important writers.

1004. Intermediate Italian II (3) Lab work. P: ITAL 1003 or equivalent. Emphasis on improving reading ability in Italian and acquainting students with Italian civilization and its most important writers.

2220. Italian Literature in Translation (3) (FC:HU) May not be used to satisfy a language requirement. Selected works in Italian literature.

ITEC: INDUSTRIAL TECHNOLOGY

2000. Industrial Technology Applications of Computer Systems (3) (F,S) Technical and managerial aspects of computer applications and information technology in industry and engineering areas.

2010. Introduction to Industry and Technology (3) (F,S) Foundation for advanced study in various technology specialization areas. Emphasis on basic technical and technical managerial concepts of manufacturing, construction, and service industries. Evolution of industry and career opportunities in broad fields of industry and industrial education.

2054, 2055. Electricity/Electronics Fundamentals (3,0) (F,S) 2 classroom and 2 lab hours per week. P: MATH 1065 or 1066 or 1085 or 2119. Electronic components and circuits. Study communications and industrial control systems.

2080, 2081. Thermal and Fluid Systems (3, 0) (F,S) P: IENG 2020. Basic elements of design and analysis of thermal and power systems including boilers, air conditioning, refrigeration, pumps, compressions, heat exchanges, and piping systems.

2090, 2091. Electromechanical Systems (3,0) (F,S) P: ITEC 2054. Design and analysis of electromechanical control systems. Includes the fundamentals of programmable controllers as well as practical applications of interfacing mechanical, electrical, pneumatic, and hydraulic systems and components.

3000. Internet Tools Technology (3) (F,S) P: MIS 2223 or ITEC 2000 or equivalent experience. Experience-based introduction to Internet applications, communications, and collaboration methods for industry and other technical environments.

3100. Internship in Industrial Technology (3) (F,S,SS) Minimum of 240 hours of supervised, full- or part-time industrial or technical work experience. P: Consent of instructor and at least one semester as a full-time ECU student. First experience in technical and managerial problems of industry. Participation in weekly seminar or completion of eight concept papers.

3200. Introduction to Statistical Process Control (3,0) (F,S) P: MATH 1065 or 1066 or equivalent. Examination of statistical measures, tools, and methods employed to analyze and control variation in industrial processes. Course covers measures of central tendency and variation, frequency distributions and use of variable and attribute control charts.

3290. Technical Writing (3) (WI) (F,S,SS) P: ENGL 1200. Practice in writing about technical problems of significance to student.

3292. Industrial Safety (3) (F,S) Formerly EHST 3292 P: Junior standing. Causes and prevention of occupational accidents and health hazards. Emphasis on organization and operation of safety programs and development of safety consciousness.

3300. Technology Project Management (3) (F,S) (WI) 3 lecture hours per week. P: ENGL 1200; ITEC 2000 or MIS 2223. Systems needs analysis identification, functional requirements analysis, IT project timelines, and system development progress metrics.

3800. Cost and Capital Project Analysis (3) (S) P: MATH 1065. Economic analysis of technology alternatives. Valuation techniques, time value of money, cash flow analysis, cost estimation, taxes and depreciation, operations planning and control, project evaluation, accounting and budgeting tools.

4100. Internship in Industrial Technology (3) (F,S,SS) Supervised internship for student with industrial or technical experience. Minimum of 240 hours of supervised work experience. May be taken concurrently with ITEC 3100. P: ITEC 3100 or consent of instructor. Work experience and participation in weekly seminar. For students not within commuting distance of ECU, participation in the seminar may be waived in lieu of concept papers.

4150. Microbiology for Industrial Processing (3) (F) P: Admitted to bioprocess manufacturing concentration within BS industrial technology degree. Microbiological and cell growth techniques utilized by the bioprocessing, chemical, food, or other industries.

Some courses which carry foundations curriculum credit are identified using the following key. Consult the offering department concerning additional courses which carry foundations curriculum credit. Courses in major prefix may not count toward foundations curriculum.

448 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

- 3003. Addiction, Crime, and the Criminal (3) P:** JUST major or minor. Crime relationship to alcohol and drug addiction and abuse.
- 3004. Crime and Criminality (3) (F,S) Formerly JUST 2000 P:** JUST major or minor. Systematic examination of criminal theories and causes of crime. Explores various disciplines of explaining crime and assessing strategies and policy issues which work to prevent crime.
- 3006. Security Systems (3) (S,SS) P:** JUST major or minor. Historical and current legal bases of security and loss prevention. Examines relationship between public and private security fields and criminal justice agencies.
- 3007. Criminal Investigation (3) (F) P:** JUST major or minor; or forensic science minor. Fundamentals include various types of physical evidence, collection and preservation of evidence, preliminary procedures, crime scene searches, major crime investigations, and court appearances.
- 3008. Correctional Systems (3) (F,S) P:** JUST major or minor. Federal, state, and local correctional operations. Role and purpose of correctional facilities, historical and philosophical development, management and organizational principles, custody and security operations, treatment and classification issues, custody levels of various correctional facilities for men and women, and role of correctional personnel.
- 3012. Police Operations (3) (S) P:** JUST major or minor. Role and operation of law enforcement organizations in US. Accountability, legal issues, and community relationships.
- 3020. Introduction to Forensic Science (3) (F,S,SS) P:** JUST major or minor; or forensic science minor. Introduction to and history of key themes in forensic science. Application of science to enforcement of criminal and civil laws.
- 3021. Forensic Impressions and Markings (3) (F,S,SS) P:** JUST major or minor; or forensic science minor. Forensic impressions and markings obtained at crime scenes. Identification, techniques, process and procedure to aid in the recovery of impressions and markings for evidence.
- 3022. Crime Scene Investigation (3) (F,S,SS) P:** JUST major or minor; or forensic science minor. Crime scene safety, evidence photography, hair, fiber and paint samples, document and voice forensics, toxicology, blood and body fluid collection, bloodstain examination.
- 3101. Conflict Management (3) (F,S) Formerly JUST 3100 P:** JUST major or minor. Theoretical and practical bases for accurately assessing and responding to crises unique to criminal justice profession in order to reduce stress, violence, injury, or even death among citizens.
- 3102. Interviewing in Criminal Justice (3) (F,S) Formerly JUST 3100 P:** JUST major or minor. Examines interactions between criminal justice personnel and persons other than offenders, including victims, witnesses, children, and families. Develops interviewing skills.
- 3500. Principles of Criminal Law (3) (F,S) P:** JUST or SOCW major or minor; JUST 1000. Nature, sources, and types of criminal law. Detailed examination of selected specific criminal offenses, criminal liability, and defenses and basic legal research.
- 3501. Criminal Procedure (3) (WI) (F,S) P:** JUST major or minor. Rules and procedures governing criminal justice process from arrest through search, interrogation, indictment, arraignment, and trial until final sentence. Review and rights given to prisoners. Basic concepts of due process from the Constitution.
- 3502. Correctional Law (3) (WI) (F,S) P:** JUST major or minor. Legal issues of confining prisoners and operating a correctional facility. Prisoners' rights, constitutional issues, and legal role and responsibilities of jails, prisons, and community correctional personnel. Role of courts in correctional matters. Development of correctional law in US.
- 3700. Race, Gender and Special Populations in the Criminal Justice System (3) (F,S) P:** JUST major or minor. Issues related to public safety services in communities of cultural, ethnic, racial, philosophical, and moral diversity. Discrimination within system, including hiring, promotion, and assignment policies.

SECTION 9: COURSES

- 3800. Research Methods in Criminal Justice (3) (F,S)** P: JUST major or minor. Design, conceptualization, hypothesis formulation, measurement, sampling techniques, data management, and research writing as related to field.
- 3900. Introductory Statistics for Criminal Justice (3) (F,S)** P: JUST major or minor; JUST 3800. Descriptive and inferential statistical techniques for criminal justice research and administration.
- 4004. Criminal Justice History (3) (S)** P: JUST major or minor. Development of major aspects from pre-historic time to present. Past practices in American criminal justice and other societies.
- 4005. Organized Crime (3) (SS)** P: JUST major or minor. Type of individuals and organizations involved in organized crime, activities conducted, historical and socio-political forces which facilitate organized criminal behavior, structural aspects of organized crime, and official responses.
- 4006. Community Corrections (3) (F,SS)** P: JUST major or minor. Applies intervention methods within particular community service-delivery constructs.
- 4200. The Juvenile Justice System (3) (WI) (F,S)** P: JUST major or minor. Conditions under which delinquency occurs. Strategies and treatment interventions identified as most effective in dealing with delinquent behaviors. Role of juvenile court in prevention and control of delinquency. Emphasis on changing role of court and implications for professional practice.
- 4300. Criminal Justice Administration and Management (3) (S)** P: JUST major or minor. Basic concepts of organization and management as applied to criminal justice organizations. Management principles, supervision, and leadership.
- 4401, 4402, 4403. Independent Study (1,2,3) (F,S,SS)** May be repeated for maximum of 3 s.h. P: JUST major or minor. Selected readings, research, or studies related to criminal justice. Faculty conferences arranged by student-faculty contracts for program approved by JUST program director.
- 4500. Issues and Problems in Criminal Justice (3) (F,S)** To be taken by graduating JUST major or minor. Values, ethics, and major issues of concern to American criminal justice system.
- 4600. Special Topics in Criminal Justice (3,6) (F,S,SS)** May be repeated for credit with change of topic. P: JUST major or minor. Current topics and developments.
- 4990. Field Education and Seminar (9) (F,S)** Supervised field education in approved agencies taken during final semester of program. 2 seminar hours per week; 4 days directed field education per week. Application for admission to this course must be received 2 semesters in advance of placement. P: JUST major; minimum cumulative 2.0 GPA to be eligible for consideration; completion of all required JUST and supportive area courses; selection based upon availability of appropriate placements and criteria specified in *Criminal Justice Student Handbook*.

1004. Latin Level IV (3) P: Placement by examination; LATN 1003; or consent of instructor. Continued development of reading skills and introduction to critical approaches to literature. Readings in poetry of major author such as Vergil, Catullus, or Ovid.

3001. Age of Cicero (3) (FC:HU) Formerly LATN 2021 P: LATN 1004 or consent of instructor. Literary and historical portrait of Rome from 133-44 BC. Readings in Latin from prose of Cicero, Caesar, and Sallust, and poetry of Lucretius and Catullus.

3002. Age of Augustus (3) (FC:HU) Formerly LATN 2022 P: LATN 3001 or consent of instructor. Literary and historical portrait of Rome from 44 BC-14AD. Readings in Latin from poetry of Vergil, Horace, Ovid, and Propertius, and prose selections from "Res Gestae" and other works.

3330. Latin Prose Composition (3) RP: LATN 3001. Advanced instruction in Latin grammar and style through daily translation from English into Classical Latin prose.

3700. Selected Topics in Latin (3) P: LATN 3001 or consent of Instructor. May be repeated for a maximum of 6 s.h. with change of topic. Selected topics relating to Latin texts of the literature, culture, or civilization of the ancient Mediterranean world.

4001. Silver Age Latin Literature (3) (FC:HU) Formerly LATN 3021 P: LATN 3002 or consent of instructor. Literary and historical portrait of Rome in first and second centuries AD. Readings in Latin from prose of Seneca, Suetonius, Tacitus, Quintilian, and Pliny the Younger, and poetry of Petronius, Lucan, and Apuleius.

4002. Roman Drama (3) (FC:HU) Formerly LATN 3022 P: LATN 4001 or consent of instructor. Roman drama with readings in Latin from comedies of Plautus and Terence and tragedies of Seneca.

4521, 4522, 4523. Directed Readings in Latin (1,2,3) May be repeated. P: Consent of instructor. In-depth exploration of selected aspect of Roman culture (literature, civilization, etc.).

LEAD: LEADERSHIP

1000. Introduction to Leadership Studies (3) Survey of leadership theory and practice.

4000. Capstone Seminar in Leadership Studies (3) Interdisciplinary synthesis of leadership theories and concepts and their applicability to leadership in a variety of contexts.

LDVP: LEADERSHIP DEVELOPMENT

3000. Washington Experience (3) (F,S,SS) P: Nomination by student's dean or chair. Seminar, variable topics course taught in Washington D.C. Enrollment limited to students participating in the UNC in Washington Program.

3401, 3402, 3403. Seminar in Leadership Development (1,2,3) (S) P: Nomination by student's dean or chair. Series of seminars acquaint students with variety of leadership experiences and patterns. Each seminar led by thought leader from different area of society.

LIBS: LIBRARY STUDIES

1000. Research Skills for Electronic and Print Resources (1) (F,S,SS) University electronic and print information sources.

3102. Research Sources and Techniques (3) Selection and research of topics in area of student's academic interests in general and major areas through reference and nonreference materials.

3200. The Art of Storytelling (3) (S) Selection, adaptation, evaluation, and use of storytelling in professions such as human services, business, education, recreation, health care, and entertainment. Emphasis on storytelling performance for audiences of all ages.

1267. Functional Relationships (3) (S) P: MATH 1065 or equivalent. Problem-solving approach to study of functions for teachers. Includes polynomial, exponential, logarithmic, logistic, and trigonometric functions from multiple representations, particularly using visual technology and making real-world applications. Applications taken from K-12 mathematics.

2067. Data and Probability Explorations (3) (F,S) P: MATH 1065 or equivalent. Conceptual development and exploration of notions in data analysis and probability for teachers. Collection, organization, representation, and analysis of data from experiments and surveys. Probabilistic analysis for purposes of judging claim and making decisions. Applications taken from K-12 mathematics.

2123. Early Experiences for the Prospective Teacher (1) (F,S) Formerly MATH 2123 For prospective teachers. Minimum of 16 hours of directed observations and planned participation in appropriate school environments and 8 hours of seminar class instruction in the teaching area. May not count toward BA in MATH major or minor. P: MATH 2171. Introduction to teaching of mathematics.

2129. Basic Concepts of Mathematics II (2) (F,S,SS) Formerly MATH 2129 For elementary education majors. May not count toward MATH or CSCI major or minor. P: MATH 2127. Second course in sequence. Methods and language of geometry and relationship of geometry to real world.

2700. Applications in Statistics and Probability (3) (S) P: MATH 1065 or equivalent. Conceptual development, exploration, and applications in statistics and probability for teachers. Study involves the collection, organization, representation, and interpretation of data using a hands-on approach. Emphasis on using technology, including graphics calculators and software. Applications taken from 9-12 mathematics.

2800. Discrete Mathematics: Explorations and Applications (3) (F) P: MATH 1065 or equivalent. Problem-solving study of discrete mathematics for teachers. Topics include sequences, graph theory, counting techniques, dynamical systems, recursion, combinatorics, and mathematical induction. Applications taken from 9-12 mathematics.

3050. Mathematics and Methods for Grades Pre-K-2 (3) (F, S, SS) P: Foundations curriculum mathematics course; C: MATE 3051. Mathematics of the Pre-K-2 classroom including number sense, operations, place value, patterns, shapes, and tools for measurement. Focus on student thinking and tools and strategies for developing thinking. Includes attention to exceptional children in the general mathematics curriculum.

3051. Field Experience in Mathematics Grades K-2 (1) (F, S, SS) P: Foundations curriculum mathematics course; C: MATE 3050. Supervised practicum in a K-2 mathematics setting. Focus on diagnosis of student thinking.

3060. Mathematics and Methods for Grades 3-6 (4) (F, S, SS) P: Admission to upper division; MATE 3050. Fractions, decimals and percent, properties of polygons, area and perimeter and other grade 3-6 mathematical concepts. Methods of instruction, lesson planning, tools for instruction, and strategies. Emphasis on reasoning, problem solving, communication, and connections. Includes attention to exceptional children in the general mathematics curriculum.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

3067. Algebra and Number Foundations (3) (F,S) P: MATH 1065 or equivalent. Problem-solving development of important concepts in number and algebra for teachers. Focus on properties of integers, rationals, and real numbers; properties of linear, quadratic, and cubic functions; multiple representations (physical models, graphs, equations, tables) of relations, functions, equations, and inequalities. Applications taken from K-12 mathematics.

3167. Geometry and Measurement (3) (F,S) P: MATH 1065 or equivalent. Tool-based development of important concepts in Euclidean geometry and measurement for teachers. Focus on inductive reasoning, deductive reasoning, and informal and formal proof. Use of tools (technology and instruments) to explore issues in measurement. Applications taken from K-12 mathematics.

3218. Teaching Mathematics in Special Education (3) (F,S,SS) Formerly MATH 3218 4 lecture/lab hours per week. Lab and practicum experiences required. May not count toward MATH major or minor. P: Admission to upper division; MATH 1065, 2127; SPED 2000; at least one of the following: SPED 2102, 2103, 2104; RP: MATE 2129. Methods, materials, and techniques of teaching mathematics to special education students.

3223. Teaching Mathematics in the Elementary Grades K-6 (3) (F,S,SS) Formerly MATH 3223 2 lecture and 2 lab hours per week. P: Admission to upper division; MATE 2129. Techniques and methods for teaching mathematics to students in grades K-6. Lab provides deeper understanding of mathematical concepts and experience with materials and methods appropriate for classroom work.

3267. Concepts in Discrete Mathematics (3) (S) P: MATE 3067. Problem-solving course for teachers features graph theory, social choice, dynamical systems, logic, sets, and mathematical induction. Applications taken from K-12 mathematics.

3367. Mathematical Modeling (3) (S) P: MATE 1267, 2267, 3067, and 3167. Capstone course in modeling for teachers. Investigation of models such as Mendelian Genetics, Markov Chains, Weighted Voting, and population models. Development of models to solve real-world problems using a variety of mathematical strands. Applications taken from K-12 mathematics.

3523. Teaching Topics in High School Mathematics (3) (S) P: MATE 2123. Pedagogical focus on lesson planning for major content areas in the high school mathematics curriculum, particularly algebra, geometry, and advanced mathematics topics. Fifteen hours of field experience.

4001. Technology in Secondary Mathematics Education (3) (F) Formerly MATH 4001 2 lecture and 2 lab hours per week. May not count toward MATH major or minor. P: Admission to upper division; MATE 2700, 2800; C: MATE 4323. Uses and implications of calculators and computers in secondary mathematics curriculum.

4319. Teaching Mathematics in the Middle Grades (3) (F) Formerly MATH 4319 4 hours per week and 10-12 hours of field experience. May not count toward MATH or CSCI major or minor. P: Admission to upper division; EDUC 3200; MIDG 3010, 3022; MATE 3067, 3167, 3267 or consent of instructor; C: MIDG 4001, 4010; ENED or HIED or MIDG or SCIE 4319; or consent of instructor. Techniques and methods of teaching mathematics in grades 6-9.

4323. The Teaching of Mathematics in High School (3) (F) Formerly MATH 4323 4 hours per week. May not count toward BA in MATH or minor. P: Admission to upper division; MATE 2123. Modern methods and techniques used in teaching secondary school mathematics.

4324. Internship in Mathematics (10) (S) Formerly MATH 4324 Full-time, semester-long internship. May not count toward BA in MATH or minor. P: Admission to upper division; MATE 4323; C: MATE 4325; READ 3990. Observation and supervised teaching in mathematics in assigned public secondary school classroom.

4325. Internship Seminar: Issues in Mathematics Education (1) (S) Formerly MATH 4325 May not count toward BA in MATH or minor. P: Admission to upper division; MATE 4323; C: MATE 4324. Individualized study of problems or issues.

4501, 4502, 4503. Independent Study in Mathematics Education (1,2,3) For advanced mathematics education students. Number of hours per week will depend on credit hours and nature of work assigned. P: BS in MATH, secondary major; mathematics concentration; consent of dept chair. Topics supplement regular curriculum.

SECTION 9: COURSES

5251. Modern Mathematics for Elementary Teachers I (3) Formerly MATH 5251 Not open to undergraduate or graduate math majors or minors. A teacher taking this course would receive certificate renewal credit and/or 3 s.h. of graduate elective credit in elementary education. P for undergraduate students: MATE 3223 or consent of instructor; P for graduate students: MATE 2129; MATH 2127; 3219 or 3221; or equivalent; or consent of instructor. Numeration systems and real numbers from axiomatic approach. Topics in geometry, algebra, probability theory, and number theory. Emphasis on relationship between these topics and school mathematics.

5263, 5264. Modern Mathematics for Junior High School Teachers I, II (3,3) Formerly MATH 5263, 5264 May not count toward MATH or CSCI major or minor. P for 5263: Consent of instructor; P for 5264: MATH 5263 or consent of instructor. Set theory, mathematical systems and proofs, number systems, elementary number theory, applications of mathematics in business, science, and other areas. Basic concepts of geometry, algebra, probability, and statistics.

5265, 5266. Microcomputers in Secondary Education (3,0) Formerly MATH 5265, 5266 2 lecture and 2 lab hours per week. May not count toward a MATH or CSCI major or minor. P: MATE 3166 or MATH 3166 or MATH 1075 or 1085; consent of instructor. Operation and programming of microcomputers in secondary school system.

5267, 5268. LOGO: A Computer Language for Educators (3,0) Formerly MATH 5267, 5268 2 lecture and 2 lab hours per week. May not count toward MATH major or minor. P: MATE or MATH 3166 or consent of instructor. LOGO and its uses with students K-12.

MATH: MATHEMATICS

0001. Intermediate Algebra-A (2) (F,S,SS) May not be taken by students who have credit for MATH 0045, 1065, 1074, 1085, 2119, 2171, or who have passed the math placement test. May not count toward foundations curriculum math requirement, certification, or degree. Remedial course in basic algebra; some sections may be taught in a lab/tutorial mode.

0045. Intermediate Algebra-B (2) May not be taken by students who have credit for MATH 0001, 1065, 1074, 1085, 2119, 2171, or who have passed the math placement test. May not count toward foundations curriculum math requirement, certification, or degree. Remedial basic algebra. Some sections may be taught in lab/tutorial mode.

1050. Explorations in Mathematics (3) (F,S,SS) (FC:MA) May not count toward MATH major or minor. Fulfills foundations curriculum MATH requirement for students whose major does not require a specific MATH course. Broad overview of mathematics and its relevance to life. Selected topics include at least four of the following: algebraic concepts, geometry, set theory and logic, number theory, discrete mathematics, statistics, consumer mathematics/finance, and history of mathematics.

1065. College Algebra (3) (F,S,SS) (FC:MA) May not be taken by students who have credit for MATH 1085. P: Appropriate score on math placement test. Topics include sets; linear, quadratic, polynomial, and exponential functions; inequalities; permutations; combinations; binomial theorem; and mathematical induction.

1066. Applied Mathematics for Decision Making (3) (F,S,SS) (FC:MA) Required for students planning to major in business administration or accounting. P: Appropriate score on the math placement test or approval of the dept chair. Skills in formulating models for and interpreting solutions to business word problems. Topics include linear and nonlinear equations, systems of linear equations, applications of matrix algebra, and applied basic differential calculus. No proofs included.

1067. Algebraic Concepts and Relationships (3) (F,S) (FC:MA) May not count toward MATH or CSCI major or minor. P: Appropriate score on math placement test. Properties of integers, rationals, real and complex numbers, and polynomials from an algebraic point of view; conjectures and intuitive proofs in number theory; properties of linear and quadratic functions. Representations of real-world relationships with physical models, charts, graphs, equations and inequalities. Emphasis on development of problem-solving strategies and abilities.

1074. Applied Trigonometry (2) (F,S,SS) Students who plan to take MATH 2171 must choose 1083 or 1085. May not be taken by students who have credit for MATH 1083 or 1085. P: MATH 1065. Practical and computational aspects of trigonometry. Properties of trigonometric functions. Use of tables, interpolation, logarithms, solution of right and oblique triangles, and applications.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

454 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

1077. Pre-Calculus Concepts and Relationships (3) (S) May not count toward MATH or CSCI major or minor. P: MATH 1067. Modeling approach to study of functions (including logarithmic, exponential, and trigonometric functions), data analysis, and matrices. Foundation for future course work in calculus, finite mathematics, discrete mathematics, and statistics.

1083. Introduction to Functions (3) (F,S,SS) (FC:MA) May not be taken by students who have successfully completed MATH 1074 or MATH 1085. P: MATH 1065 with a minimum grade of C. Accelerated introduction to language of functions. Emphasis on trigonometry as a preparation for calculus sequence MATH 2171-73.

1085. Pre-Calculus Mathematics (5) (F,S,SS) (FC:MA) May not be taken by students who have credit for MATH 1074. P: MATH 1065 with minimum grade of C. Algebra and trigonometry for qualified students who plan to take calculus.

2119. Elements of Calculus (3) (F,S,SS) (FC:MA) May not receive credit for MATH 2119 after having received credit for a higher numbered calculus course. P: MATH 1065 with minimum grade of C. Elementary differentiation and integration techniques. Proofs not emphasized.

2121. Calculus for the Life Sciences I (3) (F,S,SS) (FC:MA) May not receive credit for MATH 2121 after taking MATH 2171 P: MATH 1065 or 1077 with minimum grade of C. Introductory differential calculus with biological sciences applications. Introduces differentiation of exponential and logarithmic functions. Applications to exponential biological phenomena, related rates, regions of increase and decrease, and extrema.

2122. Calculus for the Life Sciences II (3) (F,S,SS) May not receive credit for MATH 2122 after taking MATH 2172. P: MATH 2121. Introductory integral calculus with biological sciences applications. Introduction to and applications of definite integrals. Introduces trigonometric functions with applications to periodic biological phenomena. Functions of several variables, partial derivatives, simple differential equations, and arithmetic of matrices and vectors.

2124. Elementary Mathematical Models (1) P: MATH 2171. Formulation and solution of various types of problems using techniques of establishing a mathematical model.

2127. Basic Concepts of Mathematics (3) (F,S,SS) (FC:MA) May not count toward MATH or CSCI major or minor. P: Appropriate score on math placement test. System of real numbers and subsystems and their properties from an algebraic viewpoint. Statistics and number theory.

2151. Engineering Calculus I (3) (S) (FC:MA) 3 lecture hours per week. P: MATH 1083 or 1085 or placement test criteria; or consent of instructor. Fundamentals of single variable differentiation with applications to problems in geometry, engineering, and physics. Includes applications to engineering areas.

2152. Engineering Calculus II (3) (S) (FC:MA) 3 lecture hours per week. P: MATH 2151 or 2171; or consent of instructor. Fundamentals of single variable integration with applications to problems in geometry, engineering, and physics. Includes applications to engineering areas such as, work and moments.

2153. Engineering Calculus III (3) (F) (FC:MA) 3 lecture hours per week. P: MATH 2152 or 2172; or consent of instructor. Fundamentals of vectors functions and multivariable calculus including partial derivatives, multiple integrals, and vector calculus. Includes applications to engineering problems such as motion in space, and force fields.

2154. Engineering Linear Algebra and Differential Equations I (4) (S) 3 lecture and 2 lab hours per week P: ICEE 2050; MATH 2153. First order and second order linear differential equations, Laplace transforms, systems of equations and general matrix theory. Includes software applications to solve differential equations and systems of equations.

2171. Calculus I (4) (F,S,SS) (FC:MA) P: minimum grade of C in any of MATH 1083, 1085, or 2122. First of three-course sequence. Brief review of precalculus, limits and continuity, differentiation and its applications, and integration.

2172. Calculus II (4) (F,S,SS) (FC:MA) P: MATH 2171 with a minimum grade of C or MATH 2122 with consent of instructor. Second of three-course sequence. Transcendental functions, applications of integrals, techniques of integration, and infinite series.

SECTION 9: COURSES

2173. Calculus III (4) (F,S,SS) (FC:MA) P: MATH 2172 with a minimum grade of C. Third of three-course sequence. Conics, parametrized curves, polar coordinates, vectors and analytic geometry in space, partial derivatives, and multiple integrals.

2228. Elementary Statistical Methods I (3) (F,S,SS) (FC:MA) For students with limited mathematical training. May not count toward MATH major or minor. May receive credit for one of MATH 2228, 2283. P: MATH 1065 or equivalent. Collection, systematic organization, analysis and interpretation of numerical data obtained in measuring certain traits of a given population.

2282. Data Analysis and Probability (3) (F,S) (FC:MA) May not count toward MATH or CSCI major or minor. May receive credit for one of MATE or MATH 2282, 2935. P: MATE or MATH 1067. Collection of data from experiments and surveys. Organizing and representing data. Interpreting data for judging claims, making decisions, or making predictions.

2283. Statistics for Business (3) (F,S,SS) (FC:MA) May receive credit for one of MATH 2228, 2283. P: MATH 1065 or 1066 or equivalent. Sampling and probability distributions, measures of central tendency and dispersion, hypothesis testing, Chi-square, and regression.

2300. Transition to Advanced Mathematics (3) P: MATH 2171. Proof methods including induction, naïve set theory, functions and relations, cardinality, basic number theory, completeness of the real number system.

2427. Discrete Mathematical Structures (3) Same as CSCI 2427 May not count toward MATH major or minor. May receive credit for one of MATE or MATH 2775, 3237, or MATH 2427. P: MATH 1065 or 1066. Structures of discrete mathematical structures. Special emphasis is given to those structures most important in computer science. Considers practical applications of the subject.

2775. Topics in Discrete Mathematics (3) (S) (FC:MA) For prospective teachers of secondary school math. May receive credit for one of MATE or MATH 2775, 3237 or MATH 2427. P: MATH 1085. Selected topics include counting techniques, graph theory, difference equations, recursion, iteration, induction, and dynamical systems.

2935. Data Analysis (3) (F) (FC:MA) May receive credit for one of MATE or MATH 2282, 2935. P: MATH 1085. Introductory course utilizing hands-on approach to collection, representation, and interpretation of data. Topics include types of data, sampling techniques, experimental probability, sampling distributions, simulations, and hypothesis testing using collected.

3100. Mathematical Methods for Engineers and Scientists (4) (F,S,SS) May not count toward MATH major or minor. May not be taken by students who have credit for MATH 2173 or MATH 3256 or MATH 4331. P: MATH 2172; or equivalent; or consent of instructor. Functions of several variables, partial derivatives, first and second order differential equations, matrices, determinants, cofactor expansions, vector spaces, linear independence/dependence, linear transformations, eigenvalues/eigenvectors, variation of parameters.

3166. Euclidean Geometry (3) (F,S) (FC:MA) May not count toward MATH or CSCI major or minor. P: MATE 1067 or MATH 1065; 2127. Euclidean geometry using deductive and inductive mathematical reasoning. Formal proofs.

3174. Vector Calculus (3) P: MATH 2173. Vector algebra and vector functions of single variable. Scalar and vector fields, line and surface integrals, and multiple integrals.

3229. Elementary Statistical Methods II (3) For students with limited mathematical training. May not count toward MATH major or minor. P: MATH 2228 or equivalent. Collection, systematic organization, analysis, and interpretation of numerical data obtained in measuring certain traits of a given population.

3233. College Geometry (3) (F) P: MATH 2300. Modern college geometry presented as outgrowth and extension of elementary plane geometry. Important theorems relative to nine-point circle, cross ratios, the geometry of circles, and solid geometry. Euclidean transformations discussed.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)= Even Year

456 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P, C, or P/C

3237. Discrete Mathematics (3) (F) (FC:MA) May not count toward MATH or CSCI major or minor. May receive credit for one of MATH 2775, 3237 or MATH 2427. P: MATH 2121. Logic and sets, mathematical induction, and matrices. Applications of discrete mathematics in probability, linear programming, dynamical systems, social choice, and graph theory.

3239. Applied Mathematics Via Modeling (3) (FC:MA) May not count toward MATH or CSCI major or minor. P: MATH 2282, 3166, 3237; MATH 2122. Real world problems that can be modeled with algebra, geometry, calculus, and statistical, probabilistic, discrete, or other mathematical techniques appropriate for prospective teachers of middle school mathematics. Mathematical modeling processes examined through historical and contemporary modeling success stories. Power and limitations of mathematical modeling.

3256. Linear Algebra (3) (F,S,SS) P: MATH 2172. Vector spaces, linear maps, matrices, systems of equations, determinants, and eigenvalues.

3263. Introduction to Modern Algebra (3) (WI) (F,S) P: MATH 2300, 3256. Postulation viewpoint of modern algebra. Defining postulates for mathematical system exhibited from which properties of system are derived. Principal systems studied are groups, rings, fields, each fully treated with illustrative examples.

3273. Combinatorics (3) P: MATH 2300. Advanced counting methods, recurrences, mathematical induction, generating functions. Additional topics from: graphs and trees, combinatorial designs, combinatorial games, error-correcting codes.

3307. Mathematical Statistics I (3) (F,S) P: MATH 2172. Axiomatic development of theory of probability and its application to construction of certain mathematical models.

3308. Mathematical Statistics II (3) P: MATH 3307. Construction of mathematical models for various statistical distributions. Testing of hypotheses and estimation, small-sample distributions, regression, and linear hypotheses.

3550, 3551. Mathematics Honors (2,I) (F,S,SS) Acceptance in program entitles student to register for MATH 3550 or 3551. P: Exceptional mathematical ability; MATH 2173 or consent of instructor.

3573. Introduction to Numerical Analysis (3) Same as CSCI 3573 P: CSCI 2310 or consent of instructor; MATH 2119 or 2172 or equivalent. Algorithms suitable for digital computation in areas of linear algebra, linear programming, slope finding, area finding, and nonlinear equation solution.

3584. Computational Linear Algebra (3) (F,S,SS) Same as CSCI 3584 May not count toward MATH major or minor. P: Calculus course. Introduces vectors, matrices, and determinants. Special emphasis on application of linear algebra to solution of practical problems.

4031. Applied Statistical Analysis (3) (S) P: MATH 2228 or 2283 or 3308; MATH 3256 or MATH/CSCI 3584; or equivalent; or consent of instructor. Topics include analysis of variance and covariance, experimental design, multiple and partial regression and correlation, nonparametric statistics, and use of computer statistical packages.

4101. Advanced Calculus I (3) (F,S) May receive credit for one of MATH 4101, 5101. P: MATH 2173, 2300; or consent of instructor. Axioms of real number system, completeness, sequences, infinite series, power series, continuity, uniform continuity, differentiation, Riemann integral, and Fundamental Theorem of Calculus.

4110. Elementary Complex Variables (3) P: MATH 2173. Complex numbers, analytic functions, mapping by elementary functions, integrals, residues, and poles.

4201. Introduction to Stochastic Processes (3) P: MATH 3307 or equivalent or consent of instructor. Fundamental theory and models of stochastic processes. Expectations and independence, sums of independent random variables, Markov chains and their limiting behavior and applications, Poisson processes, birth and death processes; and Gaussian processes.

4264. Introduction to Modern Algebra II (3) P: MATH 3263. Continuation of development of topics begun in MATH 3263. Normal subgroups, factor groups, homomorphisms, rings, ideals, quotient rings, and fields.

SECTION 9: COURSES

4322. Foundations of Mathematics (3) (F) P: MATH 3233, 3263 or equivalent. Fundamental concepts and structural development of mathematics. Non-Euclidean geometries, logic, Boolean algebra, and set theory. Construction of complex number systems. Transfinite cardinal numbers and study of relations and functions. Topics developed axiomatically.

4331. Introduction to Ordinary Differential Equations (3) (F,S) P: MATH 2173. Linear and nonlinear differential equations.

4332. The Calculus of Finite Differences (3) P: MATH 2173. Discrete changes that take place in values of a function and its dependent variable due to discrete changes in independent variable.

4501, 4502, 4503. Independent Study (1,2,3) (F,S,SS) For advanced math students. Number of hours per week will depend on credit hours and nature of work assigned. P: MATH major; consent of dept chair. Topics supplement regular curriculum.

4550, 4551. Mathematics Honors (2,1) (F,S,SS) Acceptance in program entitles student to register for MATH 4550 or 4551. P: Exceptional mathematical ability; MATH 2173 or consent of instructor.

4774. Programming for Research (3) P: MATH 2228 or 2283 or equivalent. Emphasis on minimum-level programming skill and use of statistical packages.

4801. Probability Theory (3) (F) P: MATH 2173 or 3307. Axioms of probability, random variables and expectations, discrete and continuous distributions, moment generating functions, functions of random variables, Central Limit Theorem, and applications.

4999. Capstone and Statistical Consulting (3) (F,S) 1 hour lecture and 3 hours practicum per week. P: MATH 4031. Supervised statistical consulting experience related to prior coursework in statistics.

5000. Introduction to Sampling Design (3) (F) P: MATH 3308 or 3229 or consent of instructor. Fundamental principles of survey sampling. Data sources and types, questionnaire design, various sampling schemes, sampling and nonsampling errors, and statistical analysis.

5002. Logic for Mathematics and Computer Science (3) (S) Same as CSCI 5002 P: CSCI 3200 or 3310 or MATE 3223 or 2775 or MATH 2427 or 2775 or 3256 or PHIL 3580 or equivalent. Methods of mathematical logic that have important applications in mathematics and computer science.

5021. Theory of Numbers I (3) P: MATH 3263 or consent of instructor. Topics in elementary and algebraic number theory such as properties of integers, Diophantine equations, congruences, quadratic and other residues, and algebraic integers.

5031. Applied Statistical Analysis (3) (WI) May not count toward math hours required for math MA. P: MATH 2228, 3584; or equivalent; or consent of instructor. Topics include analysis of variance and covariance, experimental design, multiple and partial regression and correlation, nonparametric statistics, and use of computer statistical package.

5101. Advanced Calculus I (3) May receive credit for one of MATH 4101, 5101. P: MATH 2173, 2300; or consent of instructor. Axioms of real number system, completeness, sequences, infinite series, power series, continuity, uniform continuity, differentiation, Riemann integral, Fundamental Theorem of Calculus.

5102. Advanced Calculus II (3) P: MATH 3256, 5101; or consent of instructor. Mathematical analysis of functions of several real variables. Includes limits, continuity, differentiation, and integration of multivariable functions.

5110. Elementary Complex Variables (3) May not be taken for credit by those having completed MATH 6111. P: MATH 2173. Complex numbers, analytic functions, mapping by elementary functions, integrals, residues, and poles.

5121. Numerical Analysis in One Variable (3) P: MATH 2173. Numerical analysis of problems with one independent variable. Solution of nonlinear equations in one unknown, interpolation and approximation of functions of one variable, numerical integration, and numerical differentiation and optimization.

(WI)=Writing Intensive; (WI*)=Selected Sections are Writing Intensive

Semester of course offering is not guaranteed. Anticipated semester of course offering:

(F)=Fall; (S)=Spring; (SS)=Summer Session; (OY)=Odd Year; (EY)=Even Year

458 P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P/C, or P/C

5122. Numerical Analysis in Several Variables (3) P: MATH 2173, 3256, 4331. Numerical analysis of problems with several independent variables. Numerical solution of ordinary differential equations, systems of linear equations, numerical linear algebra and matrix algebra, systems of nonlinear equations, and systems of ordinary differential equations.

5131. Deterministic Methods in Operations Research (3) P: MATH 2173; 3307 or 5801. Mathematical models; linear programming; simplex method, with applications to optimization; duality theorem; project planning and control problems; and elementary game theory.

5132. Probabilistic Methods in Operations Research (3) P: MATH 2173, 3256; 3307 or 5801. Introduces stochastic processes. Queuing theory with applications to inventory theory and forecasting, Poisson and Markov processes, reliability simulation, decision analysis, integer programming, and nonlinear programming.

5270. Pascal Using the Microcomputer (3) May not be taken by students who have successfully completed CSCI 2610. May not count toward MATH or CSCI major or minor. P: MATH 1065 or equivalent. Pascal language and use in problem solving utilizing a microcomputer.

5311. Mathematical Physics (3) Same as PHYS 5311 P: MATH 4331; PHYS 2360; or consent of instructor. Mathematical methods important in physics. Emphasis on application. Functions of complex variables, ordinary and partial differential equations, integrals and integral transforms, and special functions.

5322. Foundations of Mathematics (3) (WI) P: MATH 3233, 3263; or equivalent. Fundamental concepts and structural development of mathematics. Non-Euclidean geometries, logic, Boolean algebra, and set theory. Construction of complex number systems. Transfinite cardinal numbers and study of relations and functions. Topics developed as postulational.

5521. Readings and Lectures in Mathematics (3) Individual work with student.

MUSC: APPLIED MUSIC, PRIVATE

Applied music fee for all private and group courses is \$35 per semester hour credit.

Courses in applied music are required for all music majors and are open to qualified non-music major university students when teaching time is available.

Minor applied students receive one half-hour lesson per week. Major applied students receive one hour lesson per week.

Each music major is required to have a performance medium. The minimum entrance performing proficiency level is III, and the minimum graduation level ranges from VI to VIII. A minimum of a half recital is required of all music majors for graduation; 2 recitals are required of performance majors. 2 semester hours credit per semester is required as a minimum for the major performing medium. Instruction is available for the following instruments:

01-Piano	08-Viola	14-Bassoon	19-Trombone
02-Organ	09-Cello	15-Clarinet	20-Euphonium
03-Harpsichord	10-String Bass	16-Saxophone (alto or tenor)	21-Tuba
05-Guitar	11-Flute	17-Trumpet	22-Percussion
06-Voice	13-Oboe	18-Horn	23- Jazz
07-Violin			

In addition to the above, instruments such as piccolo, English horn, bass clarinet, contrabassoon, etc., may be studied in conjunction with 1 of these applied majors, but not as a separate major or minor.

Catalog numbers are set by the registrar as follows: the first digit indicates level, the middle 2 digits indicate the applied areas as listed above, and the last digit indicates credit. Credit is variable: 1-4 s.h. If the last digit is 0, the applied music course is for students who do not meet minimum performance proficiency requirements as determined by the student's auditioning committee and the course may not count toward foundations curriculum fine arts requirements, certification, or degree requirements. **No applied music course may count toward foundations curriculum requirements.**

Below are the catalog numbers and credit for each class. The 2 digits to be substituted for the blanks will indicate the applied

1706. Marching Band Field Experience (1) May be repeated for credit. Open to all students. Participation in marching band with teaching component emphasizing marching band pedagogy through student leadership positions. Music majors may count only 2 s.h. of Marching Band Field Experience (MUSC 1706, 1 s.h.) for large ensemble credit. Music majors taking more than 2 s.h. of MUSC 1706 or 1705 must sign a release form to be made available in the music office and in the SoM Undergraduate Handbook. The form will help clarify that hours above the required 2 s.h. of MUSC 1706 will not count as part of the Music Education degree plan at ECU, and that these extra hours may lead to additional hours on a student's transcript before graduation.

4010. Contemporary Issues and Problems in North Carolina (3) (S) P: NCST 2000; 6 s.h. in NCST; or consent of director. Interdisciplinary research seminar focusing on selected contemporary issues in NC.

NEUR: NEUROSCIENCE

3310. Introduction to Neuroscience (3) (F,S,SS) (FC:SO) Same as PSYC 3310 Relationship of neuroanatomy and neurophysiology to behavior.

4200. Literature in Neurosciences (1) (F) 1 lecture hour per week. May not count toward foundations curriculum science requirement. P: Consent of instructor. Each week one or two original research articles analyzed for impact on understanding of neuron, glial, and brain function at cellular, molecular, and integrative levels. Literature tailored to student and faculty interests.

4201. Laboratory Methods in Cellular and Molecular Neuroscience (2) (S) 6 lab hours per week. May not count toward foundations curriculum science requirement. Basic lab methods for research in cellular and molecular neuroscience. Principles of measurement of electrical properties of excitable cells, current voltage and patch clamp, electronic instrumentation, biochemical and radiological methodology, molecular radio and fluorescence labeling, microscopy, and cell and tissue culturing.

4900. Cellular and Molecular Neuroscience (3) (F) Formerly NEUR 5000 P: Senior standing and consent of instructor. Introduces cellular mechanisms and molecular basis of neuron and glial function and interaction. Topics include membrane trafficking, action potentials, receptors, and signal transduction, gene transcription factors, neuroimmunology, and developmental neuroscience.

4901. Behavioral and Integrative Neuroscience (3) (S) Formerly NEUR 5001 P: Senior standing and consent of instructor. Introduces neural systems and neural basis of behavior. Topics include basic neuroanatomy; computational neuroscience, learning and memory; sensory and motor systems, neural basis of affective behavior, consciousness and cognitive neuroscience, neural plasticity, and brain lateralization and language.

4950, 4951. Neuroscience Senior Thesis I, II (3,3) (F,S,SS) (WI) P: PSYC 2101 or MATH 2228, PSYC 2210, consent of instructor. Research under the direction of full-time faculty member on neuroscience project culminating in senior thesis.

NURS: NURSING

3010. Foundations in Nursing Informatics (3) (F,S) P: Hold a current unrestricted license as a registered nurse in NC; completion of required sciences, foundations curriculum, and cognate courses. Application of information technology and literacy related to nursing education and practice.

3020, 3021. Health Assessment (3,0) (F,S) 2 lecture and 2 lab hours per week. P: Admission to NURS major. Theoretical foundations and lab experiences necessary for performing holistic health assessment.

3025. Health Assessment and Diagnostic Reasoning (3) (F,S) P/C: NURS 3010. Theoretical foundations and skills for performing a holistic plan of care for individuals across the lifespan.

3030. Management of Diabetes Mellitus Across the Life Span (2) P: Students in the health sciences division or consent of instructor. Management of individuals with diabetes mellitus using a multidisciplinary approach.

SECTION 9: COURSES

3040. Pharmacotherapeutics (3) (F,S) P: Admission to NURS major. Relationship of drugs and their physiological effects. Nursing role in pharmacotherapeutics with consideration to legal, ethical, economic, and technological factors.

3081, 3082, 3083. Topics in Nursing (1,2,3) 1 classroom hour for 1 s.h.; 2 lab hours for 1 s.h.; 3 clinical hours for 1 s.h. May be repeated for credit at discretion of instructor. Selected contemporary topics. Individualized or small group learning experiences provide in-depth content in a nursing area.

3200. Introduction to Professional Nursing (2) (F,S) P: Admission to NURS major. Conceptual and philosophical foundations of professional nursing.

3210, 3211. Nurse as Care Provider (6) (F,S) 4 lecture and 6 practicum hours per week P/C: NURS 3020, 3021, 3200, 3270, 3271, 3410. Holistic view of adult client in acute care settings. Theoretical foundations of wellness and illness and their relationship to nursing practice.

3260. Legal Aspects of Health Care (2) (F) P: Nursing major or consent of instructor. Legal system as related to practice of health care professionals, especially professional nurses.

3270, 3271. Clinical Nursing Foundations I (2,0) (F,S) 1 lecture and 2 lab hours per week. P: Admission to NURS major. Basic skills required for professional nursing practice.

3330, 3331. Nursing Care of Families During the Childbearing Phase (5) (F,S) 3 lecture and 6 practicum hours per week. P: All required NURS courses below 3300; P/C: NURS 3040, 3370, 3371, 3410. Theoretical foundations and clinical experiences in nursing care of families during childbearing phase.

3340, 3341. Nursing Care of Children (5) (F,S) 3 lecture and 6 practicum hours per week. P: All required NURS courses below 3300; P/C: NURS 3040, 3370, 3371, 3410. Theoretical foundations and clinical experiences in nursing care of children and their families.

3370, 3371. Clinical Nursing Foundations II (2,0) (F,S) 1 lecture and 2 lab hours per week. P: NURS 3270, 3271. Intermediate and advanced skills required for professional nursing practice.

3410. Concepts of Pathophysiology for Nursing (3) (F,S) P: Admission to NURS major; RN students; P/C: NURS 3010. Etiology, mechanism, and clinical presentation of alterations in physiology.

3510. Nursing Research (3) (F,S,SS) P: All required NURS courses below 3330; approved statistics course; RN students; P/C: NURS 3010. Introduction to research process and its impact on nursing practice, education, and public policy.

3520. Trends and Issues in Professional Nursing (3) (WI) (F,S,SS) P: All required NURS courses below 3330. Topics in global health care environment.

4010, 4011. Nursing Care of Clients with Alterations in Mental Health (5) (F,S) 3 lecture and 6 practicum hours per week. P: All required NURS courses below 4000. Theoretical foundations and clinical experiences specific to promotion of mental health. Maintenance of optimal functioning and maximization of quality of life for clients with alterations in mental health.

4020, 4021. Nursing Care of Adults (6) (F,S) 3 lecture and 9 practicum hours per week. P: All required NURS courses below 4000. Theoretical foundations and clinical experiences specific to nursing care of adults within a family experiencing complex alterations in health.

4100. Health of the Older Adult (2) (F,S) P: All required NURS courses below 4000. Conceptual and philosophical approaches to aging along wellness-illness continuum.

4150. Nursing Leadership (3) (WI*) (F,S) P: All required NURS courses below 4000. Theoretical and organizational frameworks for understanding essential elements of nursing leadership.

2105. Nutrition Science (3) (F,S,SS) Elementary principles of nutrition and their practical application.

2400. Nutrition Education and Assessment (3) (F,S) P: NUTR 2105; nutrition major. Application of teaching and learning theory to the nutrition field; introduction to education and assessment tools used in dietetics practice.

2999. Current Issues in Nutrition and Dietetics (1) (F,S) May be repeated for a maximum of 12 s.h. with a change of topic. P: NUTR 1000 or 2105. Special topics in selected area of nutrition and dietetics. Variable topics and content permitted.

3101. Clinical Nutrition for Allied Health Professions (3) (F,S) Basic nutrition and selected applied topics that relate to prevention and treatment of nutrition-related health problems.

3104. Advanced Vitamins and Minerals (2) (F,S) P: BIOL 2130, 2131; CHEM 1160, 1161; NUTR 2105; Functions and processes related to micronutrients.

3105. Nutritional Biochemistry and Metabolism (3) (WI) (F,S) P: BIOL 2130, 2131; CHEM 2650, 2651; or equivalent; NUTR 2105; a statistics course. Macronutrient processes at cellular level.

3303. Food Science (3) (F) P: NUTR 2110. Overview of food science topics as related to foods. Includes discussions of food preservation, food processing, food chemistry, food safety, food laws and food biotechnology.

3311. Life Cycle Nutrition (4) (F,S) P/C: NUTR 3104. Scientific principles of human nutrition in various stages in life cycle. Emphasis on nutrition assessment, planning, intervention, and evaluation.

3350. Dietetics Administration (3) (S) Application of marketing concepts, cost/benefit studies, and financial analysis to dietetic practice. Review of legislation affecting dietetic practice and computer applications for dietetic practice.

3500. Nutrition Research Methodology (2) (F,S) P: NUTR 2105 and statistics; C: NUTR 3501; nutrition major. Application of research methodologies to nutrition and dietetics.

3501. Nutrition Research Methodology Laboratory (1) (F) P: NUTR 2105 and statistics; C: NUTR 3500. Laboratory application of research methodologies to nutrition and dietetics.

3995, 3996, 3997. Field Experience in Nutrition and Dietetics (1,1,1) (F,S,SS) P: Nutrition and dietetics major; cumulative 2.0 GPA, 2.5 GPA in NUTR courses; NUTR 2105. Supervised professional work experience in nutrition and dietetics.

4300. Professional Preparation in Dietetics (1) (F) P: NUTR major. Concepts and skills required for leadership and professional practice in dietetics.

4312. Medical Nutrition Therapy I (4) (F) P: HIMA 3000; NUTR 3105, 3311. Biochemical and physiological anomalies of disease and application of medical nutrition therapy.

4313. Medical Nutrition Therapy II (4) (S) P: NUTR 4312; C: NUTR 4500, 4501, 4600. Continuation of NUTR 4312.

4500. Community Nutrition Education (3) (S,SS) P: NUTR 3311; C: NUTR 4313. Nutrition program development and delivery in community setting. Includes nutrition surveillance, screening, assessment, education, counseling, documentation, and referral.

OMGT: OPERATIONS MANAGEMENT

3123. Operations and Supply Chain Management (3) (F,S,SS) Formerly DSCI 3123 Registration preference given to declared and intended majors with a minimum 2.5 GPA. P: MATH 2228 or 2283; MIS 2223. Organizations as integrated systems and as members of integrated supply chains. Designing, planning, and controlling operating systems and managing of supply chains to achieve global competitive advantage. Application of quantitative techniques to organizational and supply chain management problems.

3223. Business Decision Modeling (3) (F,S,SS) Formerly DSCI 3023 Registration preference given to declared and intended majors with a minimum 2.5 GPA. P: Minimum grade of C in MIS 2223, MATH 1066 or 2119 or 2121 or 2171, 2283. Managerial problem solving and decision making skills using quantitative methods and computer skills.

3843, 3853. Topics in Operations Management (1,2) (F,S) Registration preference given to declared and intended majors with a minimum 2.5 GPA. P: Consent of dept. chair. Selected topics of contemporary interest in operations management.

4293. Statistical Analysis (3) (F,S) Formerly DSCI 4293 Registration preference given to declared majors with a minimum 2.5 GPA. P: MATH 1066 or 2119 or 2121 or 2171, 2283. Statistical hypothesis tests, simple and multiple linear regression and correlation, nonparametric methods, and analysis of variance.

4383. Supply Chain Systems (3) (S) Formerly DSCI 4383 Registration preference given to declared majors with a minimum 2.5 GPA. P: OMGT 3123. Application of technology to three key aspects of a supply chain's competitive advantage: product design, product demand estimation, and supply chain systems analysis.

4493. Quality Management (3) (F) Formerly DSCI 4493 Registration preference given to declared majors with a minimum 2.5 GPA. P: OMGT 3123. Quality management principles and applications in business enterprises. Topics include quality strategy and organization; international issues; supply chain quality; decision-making; cost of quality; quality planning; improvement of product, process and service, including statistical process control and capability; and other basic techniques for quality improvement.

SECTION 9: COURSES

4733. Project Management (3) (F,S) Formerly DSCI 4733 Registration preference given to declared majors with a minimum 2.5 GPA. P: OMGT 3123. Concepts and technology of project management as applicable to wide range of business and technical situations. Focus on behavioral and organizational aspects as well as quantitative methods and computer systems in project management.

4743. Logistics and Materials Management (3) (F) Formerly DSCI 4743 Registration preference given to declared majors with a minimum 2.5 GPA. P: OMGT 3123. Logistics and materials management as supporting functions of supply chain management. Specific topics include manufacturing planning and control, lean operations, materials handling, inventory flow, warehousing, packaging, purchasing, transportation, and physical distribution.

4763. Supply Chain Management (3) (S) Formerly DSCI 4763 Registration preference given to declared majors with a minimum 2.5 GPA. P: OMGT 3123. Concepts in supply chain management and its role in global markets. Coverage focuses on analyzing supply chains, creating supplier networks, and evaluating the performance of a supply chain, with consideration of the role of information technology, ERP, e-procurement, e-commerce, and B2B technologies.

4863. Topics in Operations Management (3) (F,S,SS) Intended primarily for declared majors. Registration preference given to declared majors with a minimum 2.5 GPA. P: Consent of dept chair. Advanced topics of contemporary interest in operations management.

4893. Cooperative Education (0) (F,S) Registration preference given to declared majors with a minimum 2.5 GPA. P: Consent of dept chair. Topics to supplement regular curriculum.

PHIL: PHILOSOPHY

I 110. Introduction to Philosophy (3) (WI*) (F,S,SS) (FC:HU) Introduces some of the main philosophical questions about knowledge, existence, and value, e.g. What can we be certain of? Does God exist? What is the difference between right and wrong? Selected readings from major philosophers.

I 175. Introduction to Ethics (3) (WI*) (F,S,SS) (FC:HU) Introduces major ethical theories and to questions such as: What is justice? What is virtue? What are human rights? What is happiness?

I 176. Introduction to Social and Political Philosophy (3) (WI*) (F,S) (FC:HU) Philosophical basis of main social, political, and economic systems. Classic issues such as civil disobedience, justification of revolution, institution of private property, and redistribution of wealth.

I 180. Introduction to Critical Reasoning (3) (WI*) (F) (FC:HU) Introduces non-symbolic logic. Topics may include how to recognize simple valid arguments, avoid common fallacies, define terms, criticize arguments, and answer objections.

I 262. Introduction to Philosophical Issues in Biology (3) (FC:HU) Introduces philosophical thinking and writing by study of issues at foundations of contemporary biology. Topics may include philosophical import of evolutionary theory, nature of scientific justification, reductionism versus holism in biological theory, and ethical issues in biological research.

I 263. Introduction to Philosophical Issues in Psychology (3) (FC:HU) Introduces philosophical thinking and writing by study of issues at foundations of psychology. Topics may include competing models of mind (biological, information-processing, holistic), nature of scientific justification, pharmacological versus more traditional methods in psychiatry and clinical psychology, and ethical issues in psychological research.

P=Prerequisite(s); C=Corequisite(s); P/C=Prerequisite(s) or Corequisite(s); R=Recommended P/C, or P/C

1275. Contemporary Moral Problems (3) (FC:HU) (WI*) Philosophical consideration of some central moral problems of modern society and civilization, such as abortion, euthanasia, war, sexual morality, government paternalism, reverse discrimination, animal rights, environmental ethics, and capital punishment. Topics vary.

1290. Introduction to Philosophy of Religion (3) (F) (FC:HU) Analysis of some main concepts, arguments, and issues in philosophy of religion. Topics include meaning of religious language, arguments for existence of God, problem of evil, miracles, and meaning of religious experience.

1311. Great Philosophers from Antiquity to the Present (3) (FC:HU) Focuses on several philosophers, each from different historical periods. Emphasis on selections from their writings and their influence. Historical periods include Ancient, Medieval, and Modern Periods and nineteenth and twentieth centuries.

1500. Introduction to Logic (3) (F,S,SS) (FC:HU or MA) Introduces basic logical notions: statement, argument, validity, consistency, and proof. Various methods for analyzing these notions. Translation of natural language statements into logical system and other topics.

1690. World Religions (3) (F,S) (FC:HU) Historical and contemporary expressions of major living religions, such as Buddhism, Christianity, Hinduism, Islam, Judaism, and Taoism.

1695. Introduction to the Old Testament (3) (F) (FC:HU) History, literature, and religion of ancient Israel.

1696. Introduction to the New Testament (3) (S) (FC:HU) History, literature, and religion of early Christianity.

2261. Introduction to Philosophy of Science (3) (FC:HU) Investigation into nature of science and scientific method. Topics include nature of scientific theories, existence of theoretical entities, structure of space-time, and causality.

2271. Introduction to Philosophy of Art (3) (WI*) (F,S) (FC:HU) Introduces classical and current philosophical theories explaining the nature and value of art. Emphasis on general understanding of such theories and their application to the art world. Past and current developments in philosophy linked with work and theories of currently influential artists and historical figures in the arts.

2274. Business Ethics (3) (WI*) (F,S,SS) (FC:HU) Survey of main theories of normative ethics and their application to moral issues that arise in business, such as employee rights and responsibilities, honesty in advertising, trade secrecy, and corporate social responsibility.

2275. Professional Ethics (3) (WI*) (F,S,SS) (FC:HU) Concept of a professional and obligations of professionals to their clients and others. Survey of related ethical issues in law, accounting, health care, engineering, education, scientific research, etc.

2280. Introduction to Philosophy of Sport (3) (FC:HU) Introduces philosophy of sport through study of philosophical writings relevant to sport and contemporary writings in philosophy of sport.

2282. Philosophy of Law (3) (S) (FC:HU) (WI*) Explores philosophical topics arising from study and application of legal principles, such as nature of law and obligation, civil liberties, rights, and theories of punishment.

2451. American Philosophy (3) (FC:HU) Major themes in American philosophy and/or major American philosophers, such as Emerson, Peirce, James, Dewey and later Americans.

2453. Existentialism and Phenomenology (3) (FC:HU) Study of representative writers from late nineteenth- and twentieth-century tradition of existentialism and phenomenology, such as Nietzsche, Kierkegaard, Husserl, Sartre, and Heidegger.

2455. Introduction to Africana Philosophy (3) (WI*) (FC:HU) Introduces philosophy rooted in the traditions and experience of Africa and the African Diaspora. Topics may include philosophy and slavery, the philosophy of Alain Locke, contemporary African American philosophy, and African metaphysics, epistemology and aesthetics.

SECTION 9: COURSES

- 2691. Classical Islam (3) (FC:HU)** Islam and some of its cultural manifestations during the formative period. Topics covered include early history, basic beliefs and practices, and the Qur'an.
- 2692. Buddhism (3) (FC:HU)** Buddhism during the formative period. Topics covered include early history, formation of the canon, basic philosophy, initial spread through Asia, and basic practices such as meditation and pilgrimage.
- 3255. Philosophy of Mind (3) (FC:HU)** P: 3 s.h. in PHIL or consent of instructor. Philosophical problems concerning the mind, such as intentionality and subjectivity of our mental states. Nature of psychology and cognitive sciences and their implications for philosophy.
- 3260. Epistemology (3) (F) (FC:HU)** P: 3 s.h. in PHIL or consent of instructor. Philosophical examination of issues related to knowledge and acceptable belief. Topics may include role of experience, perception, sensation, and reasoning in generating knowledge or acceptable, true beliefs, and extent to which our various knowledge seeking activities (such as pursuit of scientific methodologies) succeed in producing what is being sought.
- 3272. Aesthetics (3) (FC:HU)** P: 3 s.h. in PHIL or consent of instructor. Philosophical examination of issues such as nature and foundation of aesthetic value, relevance of aesthetics to current developments in art world, whether the concept of art is an evolving concept, and relevance of artist's intention to nature and value of art.
- 3281. Introduction to Philosophical Ethics in the Health Care Professions (3) (WI*) (FC:HU)** Survey of moral problems pertaining to study and practice of medical sciences and study of philosophical concepts and methods as they pertain to those problems.
- 3290. Philosophy of Religion (3) (S) (FC:HU)** P: 3 s.h. in PHIL or consent of instructor. Topics discussed in PHIL 1290 pursued thoroughly. Ramifications and implications of opposing positions and arguments.
- 3313. Ancient Philosophy (3) (WI*) (FC:HU)** P: 3 s.h. in Phil or consent of instructor. Study of major writings of ancient period, such as those of the Pre-Socratics, Plato, Aristotle, Epicurus.
- 3321. Medieval and Renaissance Philosophy (3) (FC:HU)** P: 3 s.h. in PHIL or consent of instructor. Representative writings of significant philosophers in the Medieval and Renaissance periods, such as Augustine, Anselm, Aquinas, and Machiavelli.
- 3331. Modern Philosophy (3) (FC:HU)** P: 3 s.h. in philosophy or consent of instructor. Critical examination of the ideas of the great European philosophers of the 17th and 18th centuries: such as Descartes, Locke, Berkeley, Leibniz, Spinoza, Hume and Kant.
- 3340. Twentieth-Century Analytic Philosophy (3) (FC:HU)** P: 3 s.h. in PHIL or consent of instructor. Major movements, themes, and figures in mainstream of philosophy from 1900 to present, such as Russell, Wittgenstein, Quine, and Austin.
- 3350. Great Philosopher (3) (F) (FC:HU)** May be repeated for credit with change of topic. P: 3 s.h. in PHIL or consent of instructor. Intensive study of a great philosopher. Selected from such major figures as Plato, Aristotle, Augustine, Aquinas, Descartes, Leibniz, Kierkegaard, Sartre.
- 3519, 3520, 3521. Directed Readings (1,2,3) (3521:WI*) (F,S,SS) (FC:HU)** May be repeated for credit with consent of instructor and dept chair. P: Consent of directing professor and dept chair. Independent study of particular topic for which general department curriculum does not provide adequate opportunity.
- 3550. Junior Honors (3) (F,S,SS)** May be repeated for credit. P: Consent of instructor and dept chair.
- 3580. Intermediate Logic (3) (FC:HU or MA)** P: PHIL 1500 or MATH major or consent of instructor. Review of propositional logic. Logical notions of validity, consistency, and proof are extended to predicate logic. Emphasis on derivations in this system. Other topics may be included.
- 3690. Women and Religion (3) (WI*) (FC:HU)** Historical and contemporary situation of women in major religious traditions. Special emphasis on Judaism and Christianity.

3691. Islam in the Modern World (3) (WI*) (FC:HU) P: PHIL 1690 or PHIL 2691 or consent of instructor. Contemporary issues of war and peace, gender issues, fundamentalism, modernity, and religious identity.

3692. Tibetan Religion and Culture (3) (WI*) (FC:HU) P: PHIL 1690 or PHIL 2692 or consent of instructor. Influence of Buddhist and Bon religions on Tibetan culture.

3698. Mysticism (3) (WI*) (FC:HU) P: Consent of instructor or any course from the core religion electives list of the religious studies program. Mystical traditions in various religions. Topics include historical and religious contexts, representative mystics, and classic texts.

4250. Metaphysics (3) (FC:HU) P: 6 s.h. in PHIL or consent of instructor. Inquiry concerning philosophical questions about reality, the world, the mind, God, universals, essences, and substances.

4270. Ethics (3) (WI*) (FC:HU) P: 6 s.h. in PHIL or consent of instructor. Intensive study of particular issue or theory, such as meaning and justification of ethical statements, utilitarianism, responsibility, blame, and punishment.

4276. Social and Political Philosophy (3) (WI*) (FC:HU) P: 6 s.h. in PHIL or consent of instructor. Analysis of conceptual problems and normative questions that arise in social and political philosophy. Foci may include justice theory, injustice theory, the philosophy of family, or theories of political obligation.

4282. Mathematical Logic (3) (FC:HU) P: PHIL 3580 or MATH major or consent of instructor. Focuses on rigorous proof of consistency and completeness of first order of predicate logic. Other topics may include proofs of adequacy of various sets of operators to express all truth functions, theory of identity, discussion of incompleteness of arithmetic, decidability and undecidability results, contrasts between objectual and substitutional quantification, and contrasts between natural deduction and axiomatic systems.

4283. Philosophy of Language (3) (S) (FC:HU) P: 6 s.h. in PHIL or consent of instructor. Problems of meaning, truth, reference, necessity, naming, concepts, propositions, speech acts, semantic theories, and nature of language.

4550. Senior Honors (3) (F,S,SS) May be repeated for credit. P: Consent of instructor and dept chair.

4699. Topics in Religion (3) (WI*) (FC:HU) P: 6 s.h. in religion or philosophy or consent of instructor. May be repeated for a maximum of 9 s.h. with change of topic. Selected topics of religious studies.

5531, 5532, 5533. Directed Readings (1,2,3) (F,S,SS) May be repeated for credit with consent of directing professor and dept chair. P: Consent of directing professor and dept chair.

PHYS: PHYSICS

1050. Physics and the Environment (4) (F,S,SS) (FC:SC) Basic principles of physics and their uses and consequences in the world and our lives. Comprises, along with PHYS 1080, 1081 or 1090, 1091, a nonmathematical science sequence designed primarily for nonscience majors.

1080, 1081. Physics and the Universe (3,1) (F,S) (FC:SC) 3 lecture and 2 lab hours per week. C for 1081: PHYS 1080. Nonmathematical study of universe from earth to galaxies. Topics include appearance of sky, physical nature of moon and planets, birth and evolution of stars, and galaxies.

SECTION 9: COURSES

1090. Physics of Sound (3) (S) (FC:SC) Musical sound, including its properties, production, behavior, and reproduction. Topics include basic physical principles, sound reception and the ear, basic acoustics, and sound production by musical instruments.

1091. Physics of Sound Laboratory (1) (S) (FC:SC) 2 lab hours per week. C: PHYS 1090.

1250, 1260. General Physics (3,3) (F,S,SS) (FC:SC) P for 1250: MATH 1065 or 1066; P for 1260: PHYS 1250. Basic principles of physics, including mechanics, heat, thermodynamics, electricity, magnetism, light, wave motion, and modern developments in physics.

1251, 1261. General Physics Laboratory (1,1) (F,S,SS) (FC:SC) 2 lab hours per week. C for 1251: PHYS 1250 or 2350; C for 1261: 1260 or 2360. Experiments involving general concepts.

2021. Experimental Physics (1) (F-04) 3 lab hours per week. P: PHYS 1261, 2360. Experiments involving basic electricity and digital electronics concepts.

2350, 2360. University Physics (4,4) (F,S,SS) (FC:SC) P: MATH 2121 or 2171; P for PHYS 2360: PHYS 2350. Calculus-based introduction to basic principles of physics. Mechanics, thermodynamics, electricity and magnetism, optics, and modern physics.

3516, 3517, 3518. Problems in Physics (1,1,1) Equivalent of 1 lecture hour per week. P: Consent of instructor and dept chair. Research under faculty supervision.

3700, 3701. Advanced Laboratory (3,0) (3700:WI) (S) 1 lecture and 6 lab hours per week. P: PHYS 2360. Advanced experimental physics. Major writing requirement.

3716, 3717, 3718. Advanced Physics Laboratory (1,2,3) Equivalent of 2, 4, or 6 hours of lab work per week. May be repeated for maximum of 9 s.h. P: Consent of instructor and dept chair. Experiments and investigations to supplement any physics course.

4080, 4081. Astronomy (3,0) 2 lecture and 2 lab hours per week. P: PHYS 2360. Astronomy as birthplace of great concepts of physics. Nature of solar system, stars, and galaxies.

4120. Thermodynamics (3) (S-OY) P: PHYS 2360. Topics include laws of thermodynamics with applications and introduction to kinetic theory and statistical mechanics.

4226. Mechanics I (3) (F) P: MATH 2173; PHYS 2360. Topics include motion of particle and system of particles, statics of rigid bodies, gravitation, and moving coordinate systems.

4227. Mechanics II (3) P: PHYS 4226. Topics include mechanics of continuous media, Lagrange's and Hamilton's equations, rigid body rotations, and theory of small vibrations.

4310. Modern Optics (3) (F-EY) P: PHYS 2360. Topics include image information and ray theory, wave optics, optical transformation theory, and quantum optics.

4326. Electricity and Magnetism I (3) (F) P: MATH 2173; PHYS 2360. Topics include electrostatics, dielectrics, electric current, magnetic properties of steady currents and of matter, and electromagnetic induction.

4327. Electricity and Magnetism II (3) P: PHYS 4326. Topics include properties of slowly varying currents, Maxwell's equations, and electromagnetic waves.

4416. Modern Physics I (3) (F) P: PHYS 2360. Topics include special relativity, early quantum theory, solution to the Schrodinger equation, and theory of hydrogen atom and complex atoms.

4417. Modern Physics II (3) (S) P: PHYS 4416. Topics include nuclear models, elementary particles, quantum statistics, molecular structure, solid-state physics, and astrophysics.

2550. Approaches to the Study of Hispanic Literature (3) (FC:HU) P: SPAN 2222 or 2330 or consent of dept chair. Interpretation of Spanish literature. Relevant terminology and its application to representative Spanish and Spanish-American prose, poetry, and drama.

2611. Early Experiences for the Prospective Teacher (1) For prospective teachers. Minimum of 16 hours of directed observations and planned participation in appropriate school environments and 8 hours of seminar class instruction in the teaching area. May not count toward BA major or minor. Introduction to teaching Spanish.

2700. Special Topics in Hispanic Studies (3) May be repeated for maximum of 6 s.h. with change of topic. P: SPAN 1004 or consent of dept chair. Selected topics relating to language, literature, culture, or civilization of Spain or Latin America.

3220. Advanced Oral Communication Through Multimedia (3) P: SPAN 2222 or consent of dept chair. Advanced practice in spoken Spanish. Emphasis on topics of current interest. Use of material available through newspapers, magazines, films, radio and television broadcasts, software, and the world wide web.

3225. Spanish Phonetics (3) Lab work. P: SPAN 2222, 2330; or consent of dept chair. Physiology of phonetics applied to Spanish language. Sound system of Spanish contrasted with English. Introduction to various dialects. Emphasis on improving pronunciation. Phonetic transcription.

3330. Advanced Composition (3) (WI) P: SPAN 2222 or 3220; 2330. Refinement of Spanish writing skills through exercises which enhance control of grammar, expand vocabulary, and promote greater awareness of rhetoric, critical reading, and revising.

3335. Structure of the Spanish Language (3) P: SPAN 3330 or consent of dept chair. Contemporary linguistic theory and its practical application to teaching of syntactic and semantic components of Spanish. Contrasts structures of Spanish and English.

3340. Introduction to Translation (3) P: SPAN 3330 or consent of dept chair; RC: SPAN 3335. History, theory, and techniques of translation. Intense practice in Spanish-English and English-Spanish translations. Short prose texts from areas of general knowledge, such as those dealing with cultural information and current events.

3700. Special Topics in Hispanic Studies (3) May be repeated for maximum of 6 s.h. with change of topic. P: SPAN 2222 or 3220; 2330; or consent of dept chair. Selected topics relating to language, literature, culture, or civilization of Spain or Latin America.

4340. Intermediate Translation (3) P: SPAN 3335, 3340; or consent of dept chair. Further practice in Spanish-English and English-Spanish translation. Longer texts from areas of general knowledge. Introduction to translation of specialized material (such as business, medical and legal documents, and literary texts). Study of related lexical and stylistic.

4555. Medieval Spain (900-1499) (3) (WI) (FC:HU) P: SPAN 2440, 2550; or consent of dept chair. Selected texts of Medieval Spain from primitive lyric to La Celestina examined against background of cultural, social, and historical transformations of Spanish Middle Ages.

4562. Latin-American Texts of the Nineteenth and Early Twentieth Centuries (3) (FC:HU) P: SPAN 2441, 2550; or consent of dept chair; RP: SPAN 4560. Representative literary works and reappraisal of critical problems and themes within aesthetic framework of movements of Neoclassicism, Romanticism, Realism, Naturalism, Modernism, and the Avantgarde, and within political, social, and economic realities of period from Independence to early twentieth century.

4563. Latin-American Texts: The Boom and Beyond (3) (FC:HU) P: SPAN 2441, 2550; or consent of dept chair; RP: SPAN 4560. Major Latin-American writers from mid-twentieth century to present.

4611. Teaching Second Languages in Grades K-12 (5) 5 lectures per week and approximately 60 hours of field experience per semester. May not be used to fulfill requirements for BA major or minor. P: Admission to upper division; 18 s.h. of SPAN above 1004 or consent of dept chair. Modern methodologies, techniques and strategies, instructional resources, and evaluation procedures.

4700. Special Topics in Hispanic Studies (3) May be repeated for maximum of 6 s.h. with change of topic. P: Consent of dept chair. Selected topics relating to language, literature, culture, or civilization of Spain or Latin America.

4880. Internship in Spanish (10) Full-time, semester-long internship. P: Admission to upper division; SPAN 2110, 2440, 2441, 3225, 3330; 15 s.h. in SPAN above 2999, including 9 s.h. in SPAN 4555, 4556, 4557, 4558, 4560, 4561, 4562, 4563, with a minimum of 3 s.h. in SPAN 4555, 4556, 4557, 4558 and 3 s.h. in SPAN 4560, 4561, 4562, 4563. Observation and supervised internship in an assigned Spanish K-12 public school classroom.

4881. Internship Seminar: Issues in Spanish Teaching (1) P: Admission to upper division; C: SPAN 4880. Individualized study of problems or issues related to teaching Spanish.

4882, 4883, 4884. Internship for Professions (1,1,1) (F,S,SS) Supervised internship in appropriate professional setting during junior or senior year of the Hispanic studies degree program. P: Consent of dept chair. Fields may include but are not limited to business, criminal justice, health sciences, and social sciences.

4950, 4951, 4952, 4953, 4954. Directed Readings in Spanish (1 each) P: Consent of dept chair. In-depth exploration of selected topics relating to language, literature, culture, or civilization of Spain or Latin America.

4990. Honors (3) P: Minimum 3.5 GPA in SPAN. Independent study of selected aspect of Spanish culture under direction of faculty member in student's major area of interest.

SECTION 9: COURSES

5340. Advanced Translation I (3) P: SPAN 4340. Practice of translation skills with greater variety of style and subject matter.

5440. Contemporary Issues of the Hispanic World (3) May be repeated for maximum of 6 s.h. with change of topic. P: Consent of dept chair. Selected events, artistic trends, and currents of thought that significantly contribute to life in contemporary Hispanic societies.

5445. Hispanic Cinema (3) May be repeated for maximum of 6 s.h. with change of topic. P: Consent of dept chair. Films as cultural product reflecting social, political, and economic realities. Power to represent, inform, and create. Viewed and discussed by representative directors.

5550. Hispanic Women Writers (3) May be repeated for maximum of 6 s.h. with change of topic. May not be repeated for credit by students in WOST program. P: Consent of dept chair. In-depth study and discussion of representative writings by women in Hispanic countries from variety of genres. Emphasis on relationships between society and origin, content, and form of texts.

5700. Special Topics in Hispanic Studies (3) May be repeated for maximum of 6 s.h. with change of topic. P: Consent of dept chair. Topics relating to language, literature, culture, or civilization of Spain or Latin America.

5940. Advanced Translation II (3) Candidates who successfully complete this course may be allowed to take qualifying exams for award of the Certificate in Spanish Translation. P: SPAN 5340. Continuation of skills practiced in SPAN 4340, 5340 at advanced level. Translation of written texts in variety of styles and different topics, from Spanish into English and vice versa.

SPED: SPECIAL EDUCATION

2000. Introduction to Exceptional Children (2) (F,S,SS) Incidence, causes, education, and rehabilitation of exceptional children.

2100. Introduction to Students with Disabilities in the General Curriculum (4) (S) P: SPED 2000 for SPED majors only; C: SPED 2109 for SPED majors only. Comprehensive survey of students with disabilities receiving services in the general curriculum. Emphasis on characteristics, historical aspects, etiology, identification, theoretical explanations and models, and placement alternatives.

2109. Introductory Practicum with Students with Disabilities in the General Curriculum (2) (S) C: SPED 2100 for special education majors only. Practicum experience in structured and guided observation of students with disabilities in the general curriculum.

2123. Early Experiences for Prospective Teachers (1) (F,S) For prospective teachers. Minimum of 16 hours of directed observations and planned participation in appropriate school environments and 8 hours of seminar class instruction in the teaching area. C: SPED 2000. Introduction to teaching of exceptional children.

2200. Introduction to Students with Disabilities in the Adapted Curriculum (4) (S) P: SPED 2000 for SPED majors only; C: SPED 2209 for SPED majors only. Comprehensive survey of students with disabilities receiving services in the adapted curriculum. Emphasis on characteristics, historical aspects, etiology, identification, theoretical explanations and models, and placement alternatives.

4100. Special Issues and Strategies for Students with Disabilities in the General Curriculum (2)

(F,S) P: Admission to upper division; SPED 3100 and SPED 3109; C: SPED 4300. Comprehensive coverage and application of issues and strategies related to the provision of special education services in the general curriculum. Topics may include: Transition services, secondary and career/vocational programming, self-determination/advocacy skills, paraeducators and volunteers, health issues, and legislative updates.

4200. Special Issues and Strategies for Students with Disabilities in the Adapted Curriculum (3)

(F,S) P: Admission to upper division; SPED 3200 and SPED 3209; C: SPED 4300. Comprehensive coverage and application of issues and strategies related to the provision of special education services in the adapted curriculum. Topics may include: Transition services, secondary and career/vocational programming, self-determination/advocacy skills, paraeducators and volunteers, health issues, and legislative updates.

4300. Practicum in Special Education (2) (F,S) P: Admission to upper division; SPED 3100, 3200 and SPED 3109, 3209; C: SPED 4100, 4200. Minimum of 20 hours of directed observation and planned participation with persons who have disabilities in an appropriate school environment. Must be taken semester prior to internship in special education.

4320. Communication and Collaboration in Special Education (3) (F,S) P: Admission to upper division; SPED 4100, 4200 and SPED 4300; C: SPED 4324. Culturally responsive communication and collaboration with families, community agencies, and other professionals. Focus on skills that provide effective programs and services for students with disabilities.

4324. Internship in Special Education (10) (F,S) Full-time, semester-long internship. P: Admission to upper division; SPED 3005, 4000. Observation and teaching in assigned special education public school classroom.

4352. Seminar in Mental Retardation (2) P: Admission to upper division; C: SPED 4324. Integration of theory, research, ethics, and legislation related to teaching persons who have mental retardation. Emphasis on effective teaching and reflective thinking skills.

4353. Seminar in Learning Disabilities (2) P: Admission to upper division; C: SPED 4324. Integration of theory, research, ethics, and legislation related to teaching persons who have learning disabilities. Emphasis on effective teaching and reflective thinking skills.

4354. Seminar in Behaviorally Emotionally Handicapped (2) P: Admission to upper division; C: SPED 4324. Integration of theory, research, ethics, and legislation related to teaching persons who have behavior disorders. Emphasis on effective teaching and reflective thinking skills.

5101. Introduction to Exceptional Children (3) Incidence, nature, causes, rehabilitation, and education of exceptional children.

5102. Perspectives in Mental Retardation (3) Incidence, nature, causes, and education of students who have mental retardation.

5301. Tests and Measurements in Special Education (3) P: Consent of instructor. Basic testing theory in terms of exceptional children.

5501, 5502. Minor Problems in Special Education (3,3) (5501:WI) Each may be repeated for maximum of 6 s.h. P: Consent of instructor. Conference, library, or lab work in area of special education.

SYSE: SYSTEMS ENGINEERING

3010. Principles and Methods of Systems Engineering (3) (F) 3 lecture hours per week. P: Consent of instructor. Examines a variety of systems engineering topics. Areas of development include systems engineering foundations, systems engineering methodologies and processes, limitations of systems engineering for complex systems, "ilities" for design of complex systems, human element in systems engineering, complex system transformation, interoperability and system architecture, planning for systems engineering, risk analysis and management, systems engineering capability maturity assessment and development, organization for performing systems engineering, and introduction to system of systems engineering.

3040. Introduction to Dynamic Systems and Controls (3) (S) P: ICEE 3060; MATH 3100. Covers application of mathematical and analytical tools to analyze and design automated control systems for dynamic systems. Topics include block diagrams, transfer functions, stability, time response, frequency domain analysis, and other topics required to design control systems for physical systems.

3060. System Optimization (3) (F) 3 lecture hours per week. P: MATH 2154, 3307. Introduces mathematical tools applied to system optimization, including problem formulation, identification of decision variables and constraints, use of graphical methods, linear programming, concepts of duality, and sensitivity analysis. Applications include transportation, network analysis, project management and other engineering areas.

4000. Integrated Systems Engineering (3) (S) 3 lecture hours per week. P: SYSE 3010. Explores life cycle of systems; generation and analysis of life cycle requirements and development of functional, physical, and operational architectures for the allocation and derivation of component-level requirements for the purpose of specification production. Examines interfaces and development of interface architectures. Introduces and uses software tools for portions of systems engineering cycle.

4010. Human-Machine Systems: Design and Analysis (3) (F) 3 lecture hours per week. P: MATH 3307; SYSE 3010; or consent of instructor. Introduces measurement, evaluation, implementation, communication, equipment, and data for developing and implementing human /machine /environment systems in industrial and consumer contexts. Explores techniques to assess visual, auditory, cognitive, and physical capabilities of individuals. Emphasizes systems approach, with a special interest in the human/machine interface. Explores interaction of environment and individual to enable designers and/or managers to reduce errors, increase productivity, and enhance both safety and comfort, while performing tasks.

4065. Discrete System Simulation (3) (S) P: MATH 3307. Approaches to computer simulation models, with special emphasis on discrete event simulation. Covers model building, data integration, model verification and validation, and applications to engineering and management problems.

THEA: THEATRE ARTS

1000. Introduction to Theatre (3) (F,S,SS) (FC:FA) For non-theatre arts majors. Audience's appreciation of art of playwright, actor, director, and designer. Emphasis on development of western drama and theatrical arts in general.

1010. Introduction to Acting I (3) (F,S,SS) (FC:FA) Acting through use of exercises and improvisational techniques.

1020. Introduction to Acting II (3) (S,SS) P: THEA 1010. Acting through use of exercises, improvisations, and scenes.

1111. Apprentice Level Production (1) (F,S,SS) May be repeated up to three times. P: Consent of instructor. Entry level practicum in various areas of theatre and dance production supervised by faculty.

2001. Stage Scenery I (3) (F,S) (FC:FA) Lectures and mandatory participation in construction and running crews on dept productions. Backstage organization and basic scenery production methods.

2002. Stage Scenery II (3) (S) (FC:FA) Lectures and mandatory participation in construction and running crews on dept productions. P: THEA 2001. Backstage organization and basic scenery production methods.

SUBSTANCE ABUSE POLICY

East Carolina University is dedicated to the pursuit and dissemination of knowledge and, as such, expects all members of the academic community to behave in a manner conducive to that end. The highest standards of personal and professional conduct must be maintained by faculty, staff, and students. Illegal or abusive use of drugs or alcohol, referred to in this policy as substance abuse, by members of the university community adversely affects the mission of the university and is prohibited.

Accordingly, the East Carolina University Board of Trustees adopts the following policy, consistent with The UNC Board of Governors' Policy on Illegal Drugs. The policy is intended to accomplish the following:

- (1) Prevent substance abuse through a strong educational effort;
- (2) Encourage and facilitate the use of counseling services and rehabilitation programs by those members of the academic community who require their assistance in stopping substance abuse; and
- (3) Discipline appropriately those members of the academic community who engage in illegal drug or alcohol-related behaviors.

Educational Efforts to Prevent Substance Abuse

In keeping with its primary mission of education, East Carolina University will conduct a strong educational program aimed at preventing substance abuse and illegal drug or alcohol use. Educational efforts shall be directed toward all members of the academic community and will include information about the incompatibility of the use or sale of illegal substances with the goals of East Carolina University; the health hazards associated with illegal drug or alcohol use; the incompatibility of substance abuse with the maximum achievement of educational, career, and other personal goals; and the potential legal consequences of involvement with illegal drugs or alcohol.

Counseling and Rehabilitation Services to Prevent Substance Abuse

Those faculty, staff, or students who seek assistance with a substance-related problem shall be provided with information about drug counseling and rehabilitation services available through East Carolina University and also through community organizations. Those who voluntarily avail themselves of university services shall be assured that applicable professional standards of confidentiality will be observed.

Disciplinary Actions to Prevent Substance Abuse

Students, faculty members, administrators, and other employees are responsible, as citizens, for knowing about and complying with the provisions of North Carolina law that make it a crime to possess, sell, deliver, or manufacture those drugs designated collectively as "controlled substances" in Article 5 of Chapter 90 of the North Carolina General Statutes. Any member of the university community who violates that law is subject both to prosecution and punishment by the civil authorities and to disciplinary proceedings by the university.

It is expected that East Carolina University students, faculty members, administrators, and other employees who use or possess alcoholic beverages will do so as legally prescribed by the laws of the State of North Carolina, within the regulations of East Carolina University, and in a manner which does not disrupt the lives of others. A person whose conduct is outside these parameters will be subject to the judicial rules and procedures of the university.

It is not double jeopardy for both the civil authorities and the university to proceed against and punish a person for the same specified conduct. The university will initiate its own disciplinary proceedings against a student, faculty member, administrator, or other employee when the alleged conduct is deemed to affect the interests of the university.

Penalties will be imposed by the university in accordance with procedural safeguards applicable to disciplinary actions against students, faculty members, administrators, and other employees, as required by Sections V and VI of Appendix D of the East Carolina University Faculty Manual, by board of governors' policies applicable to the employees exempt from the State Personnel Act, by the East Carolina University Student Judicial System, and by regulations of the State Personnel Commission.

APPENDIX

The penalties to be imposed by the university may range from written warnings with probationary status to expulsions from enrollment and discharges from employment*. However, the following minimum penalties shall be imposed for the particular offenses described.

- (1) Trafficking in Illegal Drugs
 - (a) For the illegal manufacture, sale or delivery, or possession with intent to manufacture, sell or deliver, of any controlled substance identified in Schedule I, NC General Statutes 90-89, or Schedule II, NC General Statutes 90-90 (including, but not limited to, heroin, mescaline, lysergic acid diethylamide, opium, cocaine, amphetamine, methaqualone), any student shall be expelled and any faculty member, administrator, or other employee shall be discharged.
 - (b) For a first offense involving the illegal manufacture, sale, or delivery, or possession with intent to manufacture, sell or deliver, of any controlled substance identified in Schedules III through VI, NC General Statutes 90-91 through 90-94, (including but not limited to, marijuana, pentobarbital, codeine) the minimum penalty shall be suspension from enrollment or from employment for a period of at least one semester or its equivalent. For a second offense, any student shall be expelled and any faculty member, administrator, or other employee shall be discharged.
- (2) Illegal Possession of Drugs
 - (a) For a first offense involving the illegal possession of any controlled substance identified in Schedule I, NC General Statutes 90-89, or Schedule II, NC General Statutes 90-90, the minimum penalty shall be suspension from enrollment or from employment for a period of at least one semester or its equivalent.
 - (b) For a first offense involving the illegal possession of any controlled substance identified in Schedules III through VI, NC General Statutes 90-91 through 90-94, the minimum penalty shall be probation, for a period to be determined on a case-by-case basis. A person on probation must agree to participate in a drug education and counseling program, consent to regular drug testing, and accept such other conditions and restrictions, including a program of community service, as the chancellor or the chancellor's designee deems appropriate. Refusal or failure to abide by the terms of probation shall result in suspension from enrollment or from employment for any unexpired balance of the prescribed period of probation.
 - (c) For second or other subsequent offenses involving the illegal possession of controlled substances, progressively more severe penalties shall be imposed, including expulsion of students and discharge of faculty members, administrators, or other employees.
- (3) Possession and Use of Alcohol
 - (a) For offenses involving the illegal possession, use, sale and/or distribution of alcohol in violation of NC General Statutes 18B-300 & 18B-301 & 302; 18B-1006 (a); or Greenville Ordinance No. 812-1-2, a student will be subjected to a progressive penalty system based on the type of infraction and the circumstances involved. Penalties may be a warning, probation, fine, volunteer community service, and/or removal from the residence system or the university.
 - (b) In certain circumstances, involvement in an alcohol education and/or counseling program may be offered to a student in lieu of being referred to the honor board with a recommendation for suspension. Specifically, a student given this option will be required to participate in a program of assessment, education and counseling; pay a fee of sixty dollars (\$60), and be placed on university probation. A student may participate in this program only once in lieu of disciplinary action.
 - (c) University employees subject to the State Personnel Act may be disciplined in accordance with the rules and regulation for personal misconduct, i.e., final written warning, which may include a three (3) day suspension without pay, or dismissal.

When a student, faculty member, administrator, or other employee has been charged by the university with a violation of policies concerning illegal drugs or alcohol, he or she may be suspended from enrollment or employment before initiation or completion of regular disciplinary proceedings if, assuming the truth of the charges, the chancellor or, in the chancellor's absence, the chancellor's designee concludes that the person's continued presence within the university community would constitute a clear and immediate danger to the health or welfare of other members of the university community; provided, that if such a suspension is imposed, an appropriate hearing of the charges against the suspended person shall be held as promptly as possible thereafter.

In the case of employees, anyone convicted of a criminal drug statute violation occurring in the workplace shall notify the university no later than five days after such a conviction. The university will commence disciplinary action against such an individual within thirty (30) days of notice of the conviction.

Responsibilities Under This Policy

Authority to implement the policy shall reside in the chancellor.

The chancellor shall designate a coordinator of drug and alcohol education who shall, acting under the authority of the chancellor, be responsible for overseeing all actions and programs relating to this policy.

All employees and students shall be responsible for abiding by the provisions of this policy. In the case of employees, adherence with the provisions of the policy shall be a condition of employment.

The chancellor will render an annual report to the board of trustees on the effectiveness of this policy.

Dissemination of This Policy

A copy of this policy shall be given annually to each employee and to all new employees at the beginning of their employment. Each student shall receive a copy and new students shall be given a copy during orientation.

The policy shall be printed on appropriate student documents and posted on official bulletin boards of the university.

Amended October, 1990

The Board of Trustees of East Carolina University

EAST CAROLINA UNIVERSITY AFFIRMATIVE ACTION/EQUAL OPPORTUNITY POLICY

East Carolina University is committed to equality of opportunity and does not discriminate against applicants, students, or employees based on race, religion, color, creed, national origin, sex, age, sexual orientation, or disability.

All employment decisions will be made so as to further the principle of equal employment opportunity. The university will recruit, hire, train, and promote persons in all positions, without regard to race, religion, color, creed, national origin, sex, age, or disability. Consistent with this principle, all promotion decisions will be made using valid requirements and all personnel actions (such as compensation, benefits, transfers, layoffs, return from layoff, university sponsored training, education, tuition assistance, and social and recreational programs) will be administered without regard to race, religion, color, creed, sex, national origin, age, sexual orientation, or disability.

This policy on nondiscrimination and the Affirmative Action Program of East Carolina University are consistent with and pursuant to the guidelines set forth in Executive Order 11246 and its implementing regulations. The Affirmative Action Program implements guidelines set forth under Title VII of the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Age Discrimination In Employment Act of 1976, the Vietnam Veterans Readjustment Assistance Act of 1974 as amended, and the Americans with Disabilities Act of 1992.

The university's policy is consistent with NCGS 126-16: "All State ... agencies ... of North Carolina shall give equal opportunity for employment without regard to race, religion, color, creed, national origin, sex, age, or handicapping condition to all persons qualified, except where specific age, sex, or physical requirements constitute bona fide occupational qualifications necessary to proper and efficient administration. This section with respect to equal opportunity as to age shall be limited to individuals who are at least forty years of age but less than seventy years of age." It is also consistent with The Code of The University of North Carolina, Section 103: "Admission to, employment by, and promotion in The University of North Carolina and all of its constituent institutions shall be on the basis of merit and there shall be no discrimination on the basis of race, color, creed, religion, sex, national origin, age, or disability."

The responsibility for implementation of this plan rests with the chancellor. The vice chancellors, dean of the College of Arts and Sciences, deans of professional schools, departmental chairpersons, and principal administrative directors are responsible for assisting him in implementing these policies. These responsibilities also include coordination of the university's efforts to comply with all applicable aspects of the Americans with Disabilities Act of 1992. They will assure that decisions involving recruitment, selection, appointment, and promotion of faculty and staff at all levels are made in a nondiscriminatory manner and in accordance with the goals of the ECU Affirmative Action Plan.

APPENDIX

The chancellor has also appointed the EEO officer to coordinate all aspects of the Affirmative Action Plan, initiate programs to assist in reaching the goals of the Affirmative Action Plan, maintain a record system, identify problem areas, monitor progress, and assist faculty, staff, and students to resolve problems. These responsibilities also include coordination of the university's efforts to comply with all applicable aspects of the Americans with Disabilities Act of 1992.

Any student of East Carolina University who has a complaint of discrimination should follow the procedure outlined in the student handbook, *The Clue Book*. Current, former, or prospective faculty or staff who have a complaint should follow the procedures outlined in the Faculty Manual or the East Carolina University Business Manual. The EEO officers will provide information to any individual concerning the appropriate grievance procedures.

Copies of the Affirmative Action Plan are available in the Office of Equal Opportunity and via the Internet at www.ecu.edu/eoo.

This Affirmative Action Plan will be evaluated annually and a report prepared by the EEO officer for review by the chancellor. The EEO officer is Taffye Benson Clayton. The associate EEO officers are Damon Davis and LaKesha Alston. The Office of Equal Opportunity and Equity is located in 107 Whichard; telephone 252-328-6804.

NOTICE OF NONDISCRIMINATION

East Carolina University is committed to equality of educational opportunity and does not discriminate against applicants, students, or employees based on race, color, national origin, religion, gender, sexual orientation, age, or disability.

East Carolina University supports the protections available to members of its community under all applicable federal laws, including Titles VI and VII of the Civil Rights Act of 1964; Title IX of the Education Amendments of 1972; Section 799A and 845 of the Public Health Service Act; the Equal Pay Act; the Age Discrimination Act of 1975; the Rehabilitation Act of 1973, as amended by the Rehabilitation Act Amendments of 1974; the Vietnam Era Veteran's Readjustment Assistance Act of 1974; the Americans with Disabilities Act of 1992; and Executive Order 11246, as amended by Executive Order 11375.

In compliance with Section 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act of 1992, accommodations of the disabled extend to student programs, employment practices, elimination of physical barriers, and special assistance to disabled students and employees within the university.

This nondiscrimination policy covers admission, readmission, access to, and treatment and employment in university programs and activities, including, but not limited to, academic admissions, financial aid, any services, and employment.

Any student who believes that he or she has been discriminated against by the university because of his or her race, color, national origin, religion, gender, age, sexual orientation, or disability may speak with the director of the Office of Student Conflict Resolution, Mary Louise Antieau, 201 Whichard Building, East Carolina University. Following that discussion, a student who wishes to file a formal or informal grievance will be directed to the appropriate office. Any member of the university community desiring information or having a complaint or grievance in regard to these provisions should contact the assistant to the chancellor/EEO officer, Taffye Benson Clayton, 107 Whichard, East Carolina University, Greenville, NC 27858-4353; telephone 252-328-6804 or the associate EEO officer.

SEXUAL HARASSMENT PREVENTION PLAN, POLICY, AND GRIEVANCE PROCEDURE FOR COMPLAINTS OF SEXUAL HARASSMENT

Sexual harassment and discrimination are illegal and endanger the environment of tolerance, civility, and mutual respect that must prevail if the university is to fulfill its mission. East Carolina University is committed to providing and promoting an atmosphere in which employees can realize their maximum potential in the work place and students can engage fully in the learning process. Further, amorous relations between a student and a university employee who is responsible for supervising or evaluating the student, or between an employee and the person supervising that employee may derogate the merit principle of supervision and evaluation. This policy is the university's statement of its intent to prohibit sexual harassment and discrimination and to prohibit amorous relations between the university's employees and students, and employees and supervisors, when these relations create a risk of favoritism.

The following constitute sexual harassment: making verbal remarks or committing physical actions that propose to people of either sex that they engage in or tolerate activities of a sexual nature in order to avoid some punishment or to receive some reward; singling out people of either sex and creating or attempting to create a hostile university or working environment.

or otherwise attempting to harm or harming people because of their sex; and continuing verbal or physical conduct of a sexual nature when the person the conduct is directed toward has indicated clearly, by word or action, that this conduct is unwanted.

Sexual discrimination consists of actions that subject employees or students to unequal treatment on the basis of their sex.

It is the responsibility of members of the university community to strive to create an environment free of sexual harassment and discrimination and free of unprofessional bias in the supervision and evaluation of students and employees. It is against the policies of East Carolina University for its employees or students to propose to other employees or students that they engage in or tolerate activities of a sexual nature in order to avoid some punishment or to receive some reward; to create a hostile university or work place environment for an individual or group because of the individual's or the group's sex; to continue verbal or physical conduct of a sexual nature when the employees or students of the university such conduct is directed toward have indicated clearly, by word or action, that such conduct is unwanted; to engage in consensual amorous relationships with students or other university employees whom the employee is or will be supervising or evaluating; and to subject other employees or students to unequal treatment on the basis of their sex.

Complaints brought against East Carolina University students by East Carolina University students, faculty, staff, administrators, or visitors are governed by the grievance procedures presented in *The Clue Book*.

Complaints brought against East Carolina University staff by East Carolina University students, faculty, staff, administrators, or visitors are governed by the grievance procedures stated in the *East Carolina University Business Manual*, Policy Statement 7: Employee Relations in the Human Resources Section.

Complaints brought against East Carolina University faculty members or administrators holding faculty status by East Carolina University students, faculty, staff, administrators, or visitors are governed by the grievance procedures presented in the *East Carolina University Faculty Manual*.

Any person having a complaint of sexual harassment should contact Taffye Benson Clayton, equal employment opportunity officer, 107 Whichard Building; telephone 252-328-6804. The associate EEO officers are Damon Davis and LaKesha Alston, whose offices are located in the Whichard Building, Rooms 204 and 205, telephone 252-328-1957 or 252-328-2737.

RACIAL AND ETHNIC HARASSMENT POLICY

Section I. Rationale

The faculty, staff, administration, and students of East Carolina University maintain that it is important to create an atmosphere in which instances of racial and ethnic harassment are discouraged. Well-publicized policies and procedures such as these will help to create an atmosphere in which individuals who believe that they are the victims of racism or ethnic harassment are assured that their grievances will be dealt with in a timely, confidential, fair, and effective manner. Toward this end, all members of the university community should understand that racial and ethnic harassment violates university policy and will not be condoned. Members of the university community are encouraged to express freely, responsibly, and in an orderly way their opinions and feelings about any problem or complaint of harassment prohibited under these policies. Any act by a university employee or student of reprisal, interference, restraint, penalty, discrimination, coercion, or harassment against a student or an employee for using these policies responsibly interferes with free expression and openness and violates this policy. Accordingly, members of the university community are prohibited from acts of reprisal against those who bring charges or are involved as witnesses or otherwise try to responsibly use this policy.

Section II. Racial and Ethnic Harassment Policy

A. Introduction. Racial and/or ethnic harassment endangers the environment of tolerance, civility, and mutual respect that must prevail if the university is to fulfill its mission. Such harassment will not be condoned by members of the university community. This policy is the university's statement of its intent to protect its educational environment by prohibiting specific forms of racial and/or ethnic harassment. The university recognizes that the free and unfettered interchange of competing views is essential to the institution's educational mission, and that the peoples' right to express opinions is guaranteed by the United States Constitution.

B. Definitions. The following constitute racial and/or ethnic harassment:

- a. Singling out people because of their race or ethnic affiliation and subjecting them to unequal or unfair treatment.
- b. Harming, attempting to harm, or threatening to harm people because of their race and/or ethnic affiliation.

C. Policy. It is the responsibility of members of the university community to strive to create an environment free of racial and/or ethnic harassment.

C-1. It is against the policies of East Carolina University for its employees or students to single out employees or students of the university because of their race or ethnic affiliation and subject them to unequal or unfair treatment.

C-2. It is against the policies of East Carolina University for its employees or students to single out employees or students of the university or visitors to the university because of their race or ethnic affiliation and subject them to conduct which causes severe emotional disturbance.

Section III. Grievances Against East Carolina University Students

Complaints brought against East Carolina University students by East Carolina University students, faculty, staff, administrators, or visitors are governed by the grievance procedures presented in *The Clue Book*.

Section IV. Grievances Against East Carolina University Staff

Complaints brought against East Carolina University staff by East Carolina University students, faculty, staff, administrators, or visitors are governed by the grievance procedures stated in the *East Carolina University Business Manual*, Volume 2, Section VIII.

Section V. Grievances Against East Carolina University Faculty Members or Administrators Holding Faculty Status

Complaints brought against East Carolina University faculty members or administrators holding faculty status by East Carolina University students, faculty, staff, administrators, or visitors ordinarily are governed by the grievance procedures stated in the *East Carolina University Faculty Manual*, Appendix X. However, if a faculty member raises allegations of racial or ethnic harassment or discrimination during a hearing he or she requested before the Due Process Committee, the Reconsideration Committee, or the Faculty Hearing Committee (in accordance with the policies and procedures set forth in the *East Carolina University Faculty Manual*, Appendix D), the relevant committee shall determine the merits and bearing, if any, of the allegations raised by the faculty member on the matter before the committee. Such actions by the Due Process Committee, the Reconsideration Committee, or the Faculty Hearing Committee shall not preclude a faculty member from independently bringing a complaint of racial or ethnic harassment or discrimination in accordance with the grievance procedures stated in the *East Carolina University Faculty Manual*, Appendix X. The outcome of an Appendix X grievance brought by a faculty member against other faculty members or administrators holding faculty status either may be appealed in accordance with the provisions for appeal set forth in section J of Appendix X or may be appealed before the Faculty Affairs Committee in accordance with the policies and procedures set forth in Appendix D of the *East Carolina University Faculty Manual*, but not both.
