*Completion of an associate degree will be confirmed by the community college. If you have questions, please reach out to your community college.

¹Students enrolling at ECU must fulfill the writing across the curriculum requirement prior to graduation. To do so, each student must complete a minimum of four writing intensive (WI) courses, including ENGL 1100 and ENGL 2201; at least one WI course in the major; and any other WI course of the student's choice.

²Students who have successfully completed HEA 110 since the Fall 2016 term will earn ECU credit for both HLTH 1000 (2 hours) and KINE 1000 (1 hour). Students who completed HEA 110 prior to the Fall 2016 term and who have not also taken PED 110 will be responsible for meeting the Health-Related Physical Activity Competency component of the ECU General Education Program to meet degree requirements.

³Transferability of ECU courses at the NCCC level is up to each institution. Contact your NC Community College for further information.

Minimum Credit Hours Required for Graduation: 120

The Bachelor of Science in Design requires a minimum of 120 semester hours. ECU requires a minimum 2.0 overall GPA and a minimum 2.0 major GPA for graduation.

For more information, visit the Department of Technology Systems:

[BS in Design Program](#)

NOTE: Credit will only be awarded for transferable courses for which a grade of C (2.0) or better is earned.

⁴Any course that is transferrable to a NCCCS institution can be chosen. To view the general education core between ECU and the NCCCS, click here: <https://registrar.ecu.edu/wp-content/pv-uploads/sites/166/2022/09/ECU-General-Education-Core.pdf>.

NOTE: Completion of a 3 s.h. Global Diversity (GD) course and a 3 s.h. Domestic Diversity (DD) course are requirements of all ECU degrees. Though not required for transfer, recommended or required courses marked with GD or DD above should satisfy the requirement; students may choose other courses in these recommended areas. These courses can coincide with other General Education or Major courses. A list of all courses approved to meet the Global and Domestic Diversity requirement can be found in the University catalog: <http://catalog.ecu.edu>, click on the "Courses" link.

This plan reflects the degree program's requirements published in the 2022-2023 university catalog. All guides are meant as an example of how a degree can be completed. Course availability, prior credit, course prerequisites, major requirements, and student needs must be considered in developing an individual academic pathway. Students should seek academic advising to determine the best course of study to meet educational goals and degree requirements.
