

Baccalaureate Degree Plan

NCCCS Associate in Arts *or* Associate in Science
transfer to

East Carolina University, **BS SPEECH AND HEARING SCIENCES**

The Speech and Hearing Sciences, BS emphasizes the normal processes of speech, hearing, and language and allows the student to explore other academic areas of interest. Since the master's degree is the minimum level of preparation for persons seeking professional careers in this field, the BS degree does not qualify the student to work professionally but is designed to prepare the student for graduate studies.

Admission to the university does not assure admission to the program. In order to be considered for admission to the program, the student must

- have a minimum cumulative 3.0 GPA,
- have completed CSDI 2100* with a minimum grade of B (3.0), and
- be interviewed prior to formal admission into the program.

These requirements are generally completed by the end of spring semester of the sophomore year.

As a transfer student, it is important to contact an ECU Academic Advisor, ppacadvising@ecu.edu, as soon as possible.

An example of how to plan your first 2 years of the traditional 4 years of study is included at the end of this document. However, depending on when you transfer and how many recommended courses you take at the community college, it may take longer than 4 years to complete any degree at ECU.

- Other courses to complete an AA or AS are student's choice; no other current department recommendations. Other equivalent courses may be listed in the degree requirements.
- Completion of an approved NCCCS AA or AS waives the General Education requirement. For more information about the waiver, [click here](#).
- For more information about General Education Core Requirements at ECU, and a list of specific course options, click [here](#).
- You do not have to complete all NCCCS equivalents or recommended courses before transferring. However, taking minimal recommendations may prolong your time to degree at ECU.

**CSDI 2100 does not have a direct equivalent at ECU. Students will need to dual-enroll to complete this requirement if seeking to enter the major upon arriving at ECU.*

- Schedule at ECU will depend on courses completed at the community college and semester of entry (fall or spring).
- You should email ppacadvising@ecu.edu as soon as possible for more specialized advising.
- This schedule is dependent on taking full-time course loads; however, it may not be realistic to take a full-time course load if you are working full-time or part-time, are a caregiver, or have other obligations. **Ask your advisor how you can be most successful.**
