
Transitioning from a North Carolina Community College System institution can be both exciting and stressful. The Office of the Registrar's Transfer Guide will help alleviate anxiety you may have about the transfer credit evaluation process and how your credits will apply to your degree.

How does the Transfer Equivalency Process Work?

- ECU will award all potential transfer credit from your previous institutions. There is no limit; however, all students must meet the graduation requirements for ECU which require at least 60 credits (of the required 120) to be completed at ECU.
- The NCCCS and UNC System offices signed the [Comprehensive Articulation Agreement](#), creating an agreement for NCCCS courses approved under the CAA to transfer to UNC System universities.
- The CAA does not specify the subject or number those courses transfer as at the transfer institution.
- At ECU, individual departments determine how their courses match a potential equivalency for courses from other institutions.
- Course equivalencies are based on the subject, number of credit hours, and course description of the incoming courses. For a department to decide a course is a direct equivalent, it must have the same credit hours and cover the same material as the course offered at ECU.
- When you submit your official transcript (s) from your community college, the Office of the Registrar at ECU will complete your Credit Evaluation.
- If a direct equivalency has already been articulated by the department responsible for the course, you will receive specific credit.

For example, ENG 111 transfers as ENGL 1100; whereas, ENG 274 will transfer as ENGL 2XXX as ECU does not offer/teach a direct equivalency of Literature by Women.

- If an equivalency does not already exist for a course you have taken, you will receive credit for the course as "1XXX" or "2XXX."

This does not mean you do not receive transfer credit; it just means an articulated transfer equivalency for that course does not exist at the time of your transfer.

- Once admitted to ECU, you and your advisor will work to petition substitutions for those types of courses to count in certain places within your major.

If you have questions about your Transfer Credit Evaluation (***once it is completed***), please email crediteval@ecu.edu.

What do 1XXX and 2XXX mean?

- 1XXX and 2XXX are generic numbers showing previously taken courses are either at a 1000 or 2000 course level.
- Course levels reflect the increasing difficulty of a course, as well as whether that course is undergraduate, graduate, or doctorate level.

0001-0999 are Remedial Courses*
1000-1999 are Freshman Courses
2000-2999 are Sophomore Courses
3000-3999 are Junior Courses
4000-4999 are Senior Courses

**Remedial courses allow you to build skills to be successful in college-level coursework, but they generally do not count toward your degree/major.*

- **NCCCS transfer courses generally transfer as 1000 or 2000 level courses.**

This is because your major courses are specialized and should be taken at ECU, not at the community college level.

What is General Education?

- General Education allows you to explore a broad range of subjects which will help you become a well-rounded student.
- Most universities require a General Education core or program.
- At ECU, there are 7 competency areas under General Education:
 - Humanities and Fine Arts,
 - Natural Sciences,
 - Social Sciences,
 - Health Promotion and Health-Related Physical Activity,
 - Written Communication,
 - Mathematics, and
 - General Education Elective.
- Every ECU student must complete 40 hours of general education before graduation.
- **Students who complete an AA or AS from a NCCCS institution may have their General Education requirements waived as long as they complete HEA 110 as part of their degree. *If a student does not complete HEA 110 as part of their AA or AS, once they complete the equivalent courses at ECU, they can ask to have their General Education waived.***

Office of the Registrar

Transfer Guide

for NCCCS Transfer Students

- There may be certain courses within the General Education Core that a certain major prefers or requires, these may be prerequisites to apply for a major or
 - a. These are noted as recommendations on ECU's Baccalaureate Degree Plans (BDPs).
 - b. Students who do not complete these recommendations may still transfer to ECU with Junior status, but will need to complete any prerequisite or cognate courses per a major's admission standards.
 - If you decide to transfer without completing your AA or AS degree, pay close attention to the courses you are taking at the community college as you will not qualify for a potential General Education waiver.
 - At the end of this document, you will find the General Education competency areas and examples of courses, including any direct NCCCS transfer equivalencies.
-

What are Attributes?

- Attributes are course designations noting the *type* of a course.
- All General Education courses have a *type* related to their competency area.
- General Education courses are marked as

HU for Humanities,
FA for Fine Arts,
SC for Natural Sciences,
SO for Social Sciences,
HL for Health Promotion,
EX for Health-Related Physical Activity,
EN for Written Communication, or
MA for Mathematics.

What are Additional Requirements for Degrees?

- Most baccalaureate programs have additional requirements besides General Education, Major, and Minor fields.
- **Every ECU graduate must complete two, 3-hour diversity courses, one in Domestic Diversity, and one in Global Diversity.**

Courses meeting the diversity requirements will be marked as:

DD for Domestic Diversity or
GD for Global Diversity.

Office of the Registrar
Transfer Guide
for NCCCS Transfer Students

- **Every ECU graduate must complete four writing intensive courses. This requirement includes ENGL 1100 (ENG 111) and ENGL 2201 (ENG 112), as well as one writing intensive course in their major, and an additional course marked as writing intensive.**

Courses meeting the writing intensive requirements will be marked as:

WI for Writing Intensive.

- At the community college, you will complete ENG 111 and 112, which will complete 2 of the 4 Writing Intensives.
- You do not need to worry about the Domestic Diversity, Global Diversity, and Writing Intensive requirements until you transfer to ECU, though some courses in the NCCCS will transfer with those attributes. This is noted under the course options.

Do I have to take a Foreign Language?

- Foreign Language is NOT a General Education requirement.
- Most BA degrees require foreign language through level 4.
- If your major requires language, you should start early to ensure you complete the requirement by the time you graduate.
- ECU offers the following languages:
 - French
 - German
 - Greek
 - Japanese
 - Latin
 - Russian
 - Spanish

You may need a placement test to determine your foreign language placement. Visit www.ecu.edu/foreign for placement test information.

General Education Competency Areas

*Here are the 7 competency areas under General Education:
Humanities and Fine Arts, Natural Sciences, Social Sciences, Health Promotion and Health-Related Physical Activity, Written Communication, Mathematics, and General Education Elective.*

Remember, if you graduate with your Associate in Arts or Associate in Science from your North Carolina Community College, your General Education requirements may be waived if you complete HEA 110 as part of your degree.

Mathematics GE: MA	3 semester hours required At the community college, you may pick MAT 143 or higher to meet this requirement. MAT 171 is generally recommended, but some majors will have a higher requirement. You can view this in the Undergraduate Catalog .
Written Communication GE: EN	ENGL 1100 (ENG 111) and ENGL 2201 (ENG 112) are both required to satisfy the Written Communication competency area.
Health Promotion and Health-Related Physical Activity GE: HL GE: EX	A minimum of three (3) hours are required to graduate. Take <ul style="list-style-type: none"> • HLTH 1000 Health in Modern Society and • KINE 1000 Lifetime Physical Activity or • RCTX 2200 Principles and Practices in Stress Management <p>HEA 110 from the community college will waive this requirement, transferring as both HLTH 1000 & KINE 1000.</p>
Humanities and Fine Arts GE: HU GE: FA	Nine (9) hours of HU and FA combined are required. <ul style="list-style-type: none"> • You must have at least one HU course and one FA course. • The 3rd course can be a HU or FA.
Social Sciences GE: SO	Nine (9) hours are required. <ul style="list-style-type: none"> • You must pick from two different disciplines (subjects). • Note: History is not considered a Social Science at ECU. <p>Click here to go directly to Social Science course options.</p>
Natural Sciences GE: SC	Seven (7) hours of Natural Science courses are required. Some majors require specific courses not on the list. Consult the Undergraduate Catalog, or the BDP for your major, for major specific courses. Click here to go directly to Natural Science course options.
General Education Elective	Pick an additional three (3) hours from a course designated as HU, FA, MA, SC, or SO.

Continue to next page for specific humanities, fine arts, natural science, and social science course options, with their NCCCS equivalents (if available).
